City stands 29th in teen vaccination

While 49% of young adults have taken first dose, only 10% are fully vaccinated; experts attribute this to rumour-mongering over side-effects & parents not feeling the need due to online edu

SWAPNIL MISHRA

Though the BMC has managed to vaccinate all beneficiaries older than 18 years against Covid-19, the city is still lagging behind in vaccinating children in the 15-17 age group.

As per state health department data, of the 36 districts, Mumbai ranks 29 in vaccinating adolescents. While 49 per cent of young adults have taken the first dose, only 10 per cent are fully vaccinated.

Civic and health officials have attributed this to rumours mongering on social media due to which parents are afraid to get their children vaccinated. Moreover, most parents believe Covid has started to vanish from the city.

Meanwhile, the civic body believes vaccination numbers will increase in the coming days as they are swiftly generating greater awareness.

Dr Suhas Prabhu, the head of the Paediatric Task Force in Maharashtra, said parents here are still hesitating, thinking that the vaccine has side effects and their children might suffer. "Most of them still prefer online studies due to which their parents do not feel the need."

"However, we cannot compare Mumbai with other districts as still most of the schools have not started. Yet I urge parents to come forward and get their children vaccinated, considering Covid has impacted children during the third wave," he said.

Until February 13, the state average of vaccinating children with the first dose is 56.47 per cent, while only 13.38 per cent have been fully vaccinated across Maharashtra.

A doctor from the civic health department said, "We have been urging parents to come forward but due to rumours circulating on social media, the drive has been impacted. Moreover, there were fewer centres in the early days – only nine were functional – which kept the numbers low.

Meanwhile, cases have reduced so parents believe there is no need of vaccinating their children until it's necessary."

State immunisation officer Dr Sachin Patil said all the districts are doing their best in vaccinating children but still there are a few that have vaccinated less than 50 per cent with the first dose, which includes Mumbai.

He said, "We have asked all district health officers to create more awareness about vaccination drives for children, which will help increase the number of beneficiaries. Moreover, we have also asked for door-to-door vaccination for teens."

Autorickshaw owners ask RTO to stop issuing new permits

Rising parking issues is one of the reasons behind the move

SHASHANK RAO
shashank.rao@fpj.co.in

The auto-rickshaw owners and drivers are feeling threatened by their fraternity. In a recent meeting between the auto-rickshaw union and transport department held recently, the unions had asked the government to stop issuing more permits for autos as it was causing parking issues on the road and resulting in fewer passengers hailing them.

On February 9, the Maharashtra transport department compiled the replies that were raised during their online meeting held on January 27 where one of the points raised by the unions' was that the number of permit holders of auto-rickshaws across Mumbai and Maharashtra has gone up substantially, as anyone is allowed to apply for permits.

At present, there are close to 7-8 lakh auto-rickshaws across the state

"This has led to parking problems for auto rickshaws. And hence the transport department should cease issuing new permits," said the unions during the meeting.

Officials from Regional Transport Offices (RTOs) stated that they have ensured to the unions that they shall assess the question raised by them and necessary action shall be initiated.

At present, there are close to 7-8 lakh auto-rickshaws across the state that is ridden by 15 lakh odd drivers and permit owners.

In Mumbai and its metropolitan region, close to 2.60 lakh auto rickshaws are plying with the majority of them in Mumbai suburbs. Moreover, parking is undoubtedly a major issue for every Mumbaikar who is also stressed by it.

People have been complaining about double parking, illegal parking at market places and near bus stops, parking at No Parking zones or lanes and inadequately used public parking lots started by the BMC.

The unions have also demanded that the revised fines approved and levied by the traffic police and RTOs under Motor Vehicles Act; be restored to the old amount that was prevailing before December 1, 2021.

Apart from this, the issue of increasing prices of CNG from Rs 49.40 to Rs 66, asking banks to defer the interest rates and loan amounts issued to vehicle loans against auto rickshaws. Other issues include providing Rs 10,000 to each driver under 'Covid Relief Fund' instead of approved Rs 1,500 per driver by the state government, setup welfare schemes for auto-rickshaw drivers; among other demands.

'Hosp owner vicariously liable for act of unqualified nurse'

A two-year-old boy died due to a wrong injection when he was about to be discharged

STAFF REPORTER / Mumbai

A sessions court, while denying relief to a 64-year-old doctor who ran a hospital in Govandi, has said that he is 'vicariously' liable for the act of an unqualified minor nurse he employed.

The nurse had given a wrong injection to a two year-old toddler who was about to be discharged, which had led to his death.

Govandi resident Dr Sayyed Ziaullah had claimed pre-arrest bail, stating that he was not present in the hospital when the incident took place and the injection was given by the nurse on duty, hence no liability can be attached to him. Prosecutor Ramesh Siroya had opposed relief to the doctor and told the court that he had not renewed the registration certificate of the hospital and that apart from the nurse who had given the injection, other nurses too were not qualified.

Prosecutor Ramesh Siroya had opposed relief to the doctor and told the court that he had not renewed the registration certificate

Additional Sessions Judge GB Gurao said in his order that the doctor is admittedly the owner of Noor Hospital. It also pointed out that the licence of the hospital given by the civic body had expired on March 31, 2020, and was not renewed.

"It seems that the applicant had employed a minor girl as a nurse and that she was not having any nursing training and course," the court said.

It added that he had not taken proper care and omitted to do a certain act that he should have done.

The order stated that in the incident the toddler aged two years and two months had lost his life due to misapplication of drug by an untrained nurse.

Judge Gurao said that despite correspondence from the investigating officer, the hospital administration did not give information about the doctors and nurses in the hospital. "The offence is serious. Thorough investigation is necessary," the court said, adding that considering the nature of the offence, he is not entitled to anticipatory bail.

Aggregator cabs dial airport officials against illegal drivers for soliciting rides

SHASHANK RAO
shashank.rao@fpj.co.in

In what could be termed as a major safety and security concern, especially for women arriving at Mumbai airport, unscrupulous illegal drivers posing to be part of aggregator cabs are soliciting rides.

This is what Uber and Ola drivers have claimed in a letter written to the Mumbai International Airport Limited (MIAL) and the Mumbai police about a few devious elements who solicit passengers arriving at the airport by inducing them to cancel rides with aggregator cabs.

As per the claims made by these drivers and cab owners, these illegal drivers by some means keep cancelling the rides booked by passengers on their apps. This apparently leads to an increase in demand which then spikes the fares.

Only recently, the aggregator cabs had made a few changes in app functioning

Later, when they find a passenger arriving at the airport, waiting for the aggregator cab, they ask them about the fares at which they had booked the ride and offer lower ones without logging into the app. All this happens inside at the parking and pick-up points at Chhatrapati Shivaji Maharaj International Airport (CSMIA). Meanwhile, the CSMIA and Sahar police did not comment on the issue.

Only recently, the aggregator cabs amended a few changes in app functioning so that the drivers know the destination of passengers booking the ride and the form of payment as well.

As per the letter, "Their vehicles don't have vehicle tracking and GPS, nor fitness certificate and other documents. At times, the drivers don't have a driving license as well. We have provided audio and video clips of instances when genuine drivers and aggregator cab owners tried to intervene and we were threatened and abused by them."

Sources in the aggregator cab unions claim that at times these illegally plying drivers sneak away passengers when they are loading the luggage in the vehicle's boot. "The drivers then ask the passengers to pay airport parking charges, offload them at some distance from the airport and asked to board another T-permit vehicle which is expected to take them till their destination," claims the letter.

When asked about this issue, Uber spokesperson said that safety is paramount at Uber and the firm always works towards enhancing safety for both riders and drivers on the platform.

"A few fraudulent incidents related to some unauthorised people posing as Uber drivers and fleecing customers were brought to our notice recently. We have raised this issue with the airport authorities."

Shetty sisters feed seagulls mid-sea, draw ire of city environmentalists

STAFF REPORTER / Mumbai

A viral video of actor siblings Shilpa and Shamita Shetty from their Valentine's Day outing to Alibaug has angered city environmentalists. Following the video in which the sisters are seen feeding seagulls mid-sea, Pawan Sharma, Wildlife Warden of Thane and a conservationist and founder of Mumbai-based NGO Resqink Association for Wildlife Welfare (RAWW), has written to the forest department and mangrove cell, seeking action.

In a letter to the Additional Principal Chief Conservator of Forests and the head of Mangroves Cell, Virendra Tiwari and other officials, Sharma has sought action against the sisters. Sharma said, "Seagulls gain their muscles by eating fish, worms and other insects, which completes their protein intake. Fried and artificial food fed to them by onlookers acts adversely on their health and also leads to indigestion."

Despite repeated calls and messages to the representatives of Shilpa and Shamita Shetty, they declined to comment on the issue. Sharma said, "Many people follow celebrities. The videos of the two actresses feeding seagulls might motivate many to do the same. Hence videos and pictures should be removed from social media. I have sought action against this, so it will be a lesson for others and will discourage them from doing so."

Many morning walkers at Marine Drive, Dadar and Mahim Chowpatty have been seen feeding fried food, gathiya, puffed rice and chips to seagulls, the migratory birds visiting the city from October till March. This trend has led to birders and environmentalists asking the state Mangrove Cell to take immediate action.

Environmentalists believe that feeding fried snacks, in the long run, will not only affect their health but also have an adverse effect on their migratory pattern. These birds flock to the beaches at Dadar and Mahim, Marine Drive and Gateway of India every year. The Mangrove Cell has also deployed personnel to stop/restrict people from feeding the birds on these spots.

Tiwari said, "We have been creating a lot of awareness on this issue. However, how do we keep a vigil on people feeding the birds mid-sea? We are still educating the guides, boat handlers and ferry operators to stop people from feeding these birds. We will look into the complaint."

Bombay Natural History Society (BNHS), a pan-India wildlife research organisation, has also been saying that artificial feeding is altering the migratory behaviour of these birds. BNHS experts have claimed that the digestive sys-

Ants found crawling on body of TB patient in Maha govt hospital

AGENCIES / Pune

Relatives of a 22-year-old man, who died of TB at a state-run hospital in Solapur city in Maharashtra, on Tuesday claimed that ants were found crawling all over his body in the hospital ward.

A senior hospital official said that prima facie ants were crawling on the bed of the patient as per nurses. An inquiry has been ordered into the incident.

The deceased, Rakesh More, was admitted to the government-run hospital as he was suffering from disseminated tuberculosis on February 8. He died on Sunday afternoon.

"Hospital authorities called us around 3 PM on Sunday and informed us about Rakesh More's death. When our relatives went to the hospital ward there were no ants on his body, but by 4.30 PM, when our family members reached the ward to receive the body, they found that there were ants all over his body," the aunt of the deceased claimed.

She alleged that ants were on the eyes of the deceased and also all over his body. "When my son-in-law informed about ants to the nurse, she told him to move the body from the ward as there were other patients admitted there."

प्रभागाच्या सीमांकनाचा अंतिम निर्णय राज्य निवडणूक आयोगाचा

मुंबई हायकोर्टाचे स्पष्टीकरण

प्रतिनिधी/मुंबई

महापालिका प्रभागांच्या सीमांकना संदर्भात कोणताही अंतिम निर्णय घेण्याचा अधिकार हा केवळ निवडणूक आयोगालाच आहे, असा दावा राज्य निवडणूक आयोगाने हायकोर्टात केला.तसेच आयोगाकडे पुरेसे मनुष्यबळ नसल्याने राज्य अधिकाऱ्यांना निवडणुकीच्या उद्देशाने प्रतिनिधी म्हणून नियुक्त करण्यात येते, असल्याचेही आयोगाने स्पष्ट केले. याची न्यायमूर्ती ए.ए. सय्यद आणि न्यायमूर्ती अभस अहूजा यांच्या खंडपीठाने दखल घेत मुंबई महापालिकेच्या प्रारुप फेररचनेच्या अधिसुचनेच्या वैधतेला आव्हान देणाऱ्या जनहित याचिकेचा निर्णय राखून ठेवला.

राज्य निवडणूक आयोगाकडून मुंबई महानगर पालिकेच्या आयुक्तांना कायद्यातील तरतूदींप्रमाणे आवश्यक अधिकार बहाल केलेले नाहीत. त्यातच आगामी महापालिका निवडणुकीसाठी मुंबईतील प्रभागांच्या संख्येत वाढ करून २२७ वरून २३६ करण्यात आली. त्यामध्ये मुंबई शहर आणि पूर्व-पश्चिम उपनगरात प्रत्येकी तीन प्रभागात वाढ करण्यात आली. त्यानुसार महापालिका आयुक्त इक्बाल चहल यांनी प्रभागांची प्रारुप फेररचना आणि त्यासंबंधित बदलांविषयीची अधिसुचना १ फेब्रुवारी रोजी प्रसिद्ध करून नागरिकांच्या त्यासंदर्भात १४ फेब्रुवारीपर्यंत हरकती आणि सुचना मागविल्या. आयुक्तांची प्रभागाची फेररचना अवैध असल्याचा दावा करत भाजपचे नेते राजहंस सिंह आणि मनसेचे सागर देवरे यांनी हायकोर्टात ॲड. व्ही. शुक्ला यांच्यामार्फत जनहित याचिका दाखल केल्या आहेत. त्यावर मंगळवारी खंडपीठासमोर सुनावणी झाली. यावेळी , निवडणूक आयोगाकडे ८० कर्मचारी अपेक्षित असताना सध्या ५७ कर्मचारी कार्यरत असल्यामुळे राज्य निवडणूक आयोगाकडून पालिका आयुक्तांना अधिकार बहाल करण्यात आल्याची माहिती आयोगाकडून ॲड. सचिन शेट्टे यांनी खंडपीठाला दिली.

जेव्हा, असे अधिकार राज्य अधिकाऱ्यांना दिले जातात तेव्हा ते एसईसीचे प्रतिनिधी म्हणून काम करतात, त्यानंतर हे अधिकारी आयोगाला उत्तरदायी असतात, असे ही ॲड.शेट्टे यांनी स्पष्ट केले. तसेच मुंबईतील प्रभागांच्या सीमांकनाबाबत १४ फेब्रुवारीपर्यंत हरकती व सूचना मागविण्यात आल्या असून ८१६ पत्रे प्राप्त झाली आहेत. प्राप्त झालेल्या हरकती आणि सूचनांवर सुनावणी घेण्यासाठी वित्त विभागाचे अतिरिक्त मुख्य सचिव मनोज सौनिक यांना नियुक्त करण्यात आले आहे.

कुत्र्याचा छळ; अखेर गुन्हा दाखल

मुंबई : भाईंदर येथे अनेक दिवसांपासून सोसायटीच्या जिन्याखाली भटक्या कुत्र्याला अनेक दिवस कोंडून ठेवल्याने या कुत्र्याची तब्बेत ढासळली. त्यामुळे या कुत्र्याचा छळ झाल्याचा आरोप करत प्राणी संघटनांनी आवाज उठवला. या प्रकरणी भाईंदरमधील एका रहिवासी संकुलातील चौघा जणांविरोधात पोलिसांकडून गुन्हा दाखल करण्यात आला. भाईंदर येथील बद्रिनाथ को-ऑप एचएसजी सोसायटीमध्ये तीन भटके कुत्रे आणि काही मांजरी आहेत. संकुलातील अभिनेत्री तथा प्राणिमित्र संध्या गेमवत-मेहता अनेक वर्षांपासून काळजी घेत आहेत. अलीकडेच शेरू नावाचा कुत्रा सुमारे तीन वर्षे योग्य वेंटिलेशन आणि प्रकाशाशिवाय जिन्याच्या खाली छोट्या ठिकाणी कोंडून होता. त्यामुळे कुत्रा आजारी पडून दुबळा झाला. इंदिरा पेट्स क्लिनिक ॲण्ड केअर सेंटरचे डॉ. राजेश रोही यांनी कुत्र्याची तपासणी केली. त्यांनी दिलेल्या अहवालानुसार कुत्र्याचे गेल्या ४ महिन्यांपासून वजन कमी होत आहे. लोकांकडून छळ केल्याचा संशय असून त्याच्या शेपटीवर काही जखमादेखील आढळल्याचे नमूद केले आहे.
