Reports Strong Q1 FY27 With 94% Revenue Growth YoY
Consolidated Order Book at INR 6,040 Mn : 2xFY26 Revenue

"Performance Reflects Strong and Sustained Business Momentum"

27th July 2026, India: Aimtron Electronics Ltd, one of India's fastest-growing ODM-led electronics system design and manufacturing company, today announced its business update for the quarter ended June 30, 2026, highlighting strong revenue growth, a healthy order book, and sustained demand across strategic industry segments

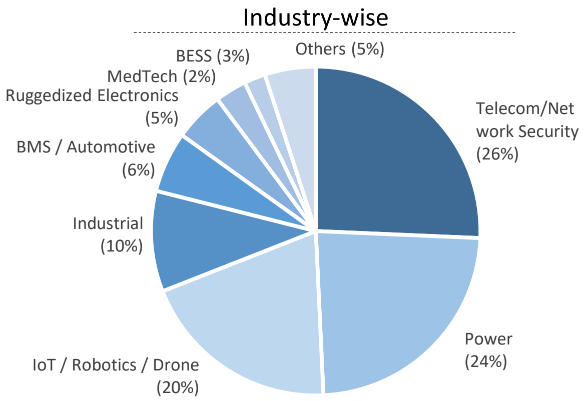
Business Highlights:

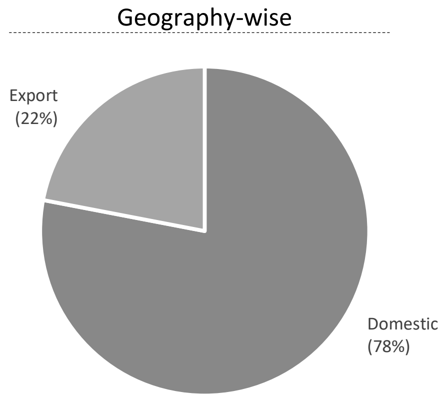
- **Consolidated Revenue** stood at **INR 840.1 Mn in Q1 FY27**, compared to INR 433.0 Mn in Q1 FY26, representing a **94% year-on-year growth**.

- The strong revenue performance during the quarter was **driven by increasing customer demand across multiple high-growth industries**, including **Industrial Electronics, Power & Energy, Ruggedized Electronics, IoT & Robotics, Battery Energy Storage Systems (BESS), Medical Technology (Meditech), Aerospace & Defence**.

Robust Order Book:

- **Consolidated Unexecuted Order Book** as on 30th June 2026 stood at ~**INR 6,040 Mn (*~2.0x of FY26 revenue*)**





- **AIC's unexecuted order book** increased by **~36% YoY** to **USD 9.81 Mn**, reflecting sustained customer demand across international markets.

Commenting on the performance, Mr. Mukesh Jeram Vasani, Chairman & Director said,

"We are pleased to commence FY 2026-27 with strong revenue growth and a healthy order pipeline, reflecting the continued trust of our customers and the strength of our execution capabilities. Our focus on high-value manufacturing, engineering excellence, innovation, and customer-centric solutions continues to reinforce our position as a trusted Electronics System Design and Manufacturing (ESDM) partner.

Looking ahead, we remain optimistic about sustained demand across high-growth sectors such as Aerospace & Defence, Industrial Electronics, Battery Energy Storage Systems (BESS), Meditech, Power & Energy, and IoT & Robotics. Backed by a healthy consolidated order book of approximately Rs 6,040 Mn, expanding manufacturing capabilities, and a strong execution pipeline, Aimtron is well positioned to sustain its growth momentum and create long-term value for all stakeholders."

Outlook:

Aimtron remains optimistic about the business outlook, supported by a strong order pipeline, expanding customer engagements across domestic and international markets, and sustained demand from technology-intensive industries. The Company continues to invest in enhancing manufacturing capabilities, operational efficiencies, and engineering expertise to support long-term profitable growth.

About Aimtron Electronics Limited

Aimtron Electronics Limited is one of India's leading electronics design and manufacturing companies, specializing in Original Design Manufacturing (ODM), IoT solutions, defence electronics, medtech and industrial systems. With a focus on innovation, quality, and customer-centric engineering, Aimtron delivers end-to-end solutions from concept design and prototyping to testing and mass production for clients across global markets.
