MOTHER DIARY FINALISED AJOONI AS ITS APPROVED SUPPLIER

Mother Dairy has finalized to purchase Ajooni (Brand) Cattle feed from Ajooni Biotech Limited for supply of its product to its milk collection centers located across the states of Rajasthan and Western U P.

Ajooni Biotech Limited is a pioneer in the field of Animal Health Care products and approval of its products by Mother Diary is on the basis of its quality and other good manufacturing practices adopted by the company. It is a validation of products quality basis manufactured by Ajooni Biotech Limited.

Mother Dairy over the last many years has created a market leadership position for itself in the branded milk segment in Delhi & NCR through a robust network of its booth and retail channels. It has also expanded its reach to other regions in North, South, East and West with its offering of Milk and Milk products pegging it among the few companies to own such a vast channel of distribution in India.

Brand Mother Dairy sources a significant part of its requirement of liquid milk from dairy cooperatives and village level farmer centric organizations. The Company is committed to uphold institutional structures that empower milk producers and farmers through processes that are equitable. A significant portion of its income is ploughed back into the value chain to support and maintain the system.
