G7 nations devise way to catch Amazon in tax net

G7 finance ministers agreed that governments should get the right to tax at least 20% of profit earned in their country by a multinational, when this profit was over a 10% margin. “We now decided that if a corporation as a whole does not reach the profitability limit, but a large division of it exceeds the G7 thresholds, it must be included,” a source close to the discussions said. “With this, we’re aiming exactly at Amazon,” the source added.

Amazon did not immediately respond to requests to comment.

Without singling out Amazon, a British government source familiar with the negotiations said consideration was being given to how the rules would apply to companies that had different activities and business lines. OECD head of tax Pascal Saint-Amans said that Amazon’s AWS unit would be liable because it had revenues exceeding a threshold of 20 billion euros (\$24.4 billion). “The profits linked to the cloud (business) will thus be shared among countries,” he told France Info television. — **REUTERS**

US Senate passes bill to tackle China tech threat

The equipment includes billion dedicated to chips used by automakers that have seen massive shortages and made significant production cuts.

China’s parliament expressed “strong indignation and resolute opposition” to the bill. It said in a statement that the US bill showed “paranoid

delusion of wanting to be the only winner” and had distorted the original spirit of innovation and competition. “We firmly object to the United States seeing China as an imaginary enemy,” Chinese foreign ministry spokesman Wang Wenbin told reporters in Beijing.

The bill must pass the House of Representatives to be sent to the White House for Biden to sign into law. — **REUTERS**

Jaypee Infra: Mkt value of Yamuna e-way higher than liquidation value: NBCC

“NBCC emphasised that the FMV of Yamuna Expressway is estimated to be higher based on Dun & Bradstreet’s June 2019 traffic study report. It also attributed the high value to development of Jewar international airport, upcoming toy and film city and growing industrial and commercial activity in the surrounding areas. It is of the view that lenders can realise ₹3,500-4,000 crore for their 90% stake in expressway” one of the sources added.

The company pointed out that it will create a separate special purpose vehicle (SPV) for the expressway with settlement of operational liabilities upon approval of its bid, he said

NBCC has offered to transfer 90% equity of the Expressway SPV, including concession rights of Yamuna Expressway and land, to AFCs in its revised bid submitted on June 4. It also offered 1,903 acres of land to institutional financial creditors (IFCs), which includes parcels identified for enforcement of security interest of DFCs total admitted claim of IFCs is ₹9,783 crore.

From the Front Page

“NBCC said IRP’s May 17 letter puts LV of 1,903 acre at ₹3,133 crore. However, land monetisation would fetch a higher value of about 40-50% than the LV, in the range of ₹4,400-4,700 crore, over a period of time. This is due to the Jewar international airport, film city, toy city and various other commercial ventures. The values are based on NBCC’s assessment,” the source added.

Highways being built at brisk pace despite Covid

Of the total construction in the first two months of the current fiscal, the ministry of road transport and highways (MoRTH) built 790 km followed by the National Highways Authority of India (NHAI) (465 km) and National Highways and Infrastructure Development Corporation (215 km).

The NHAI set an ambitious 4,600-km highway construction target for 2021-22. Last fiscal, NHAI constructed a record 4,192 km, up from 3,979 km developed in 2019-20 and 3,380 km in 2018-19. NHAI chairman SS Sandhu recently told *FE* that the authority was confident on achieving the target even as there had been some impact on highway construction lately owing to labour shortage in some sites due to the second Covid wave.

Sources said project awards by NHAI in the current fiscal could be close to 5,000 km and HAM is expected to have the largest share of awards followed by EPC. Build-operate-transfer projects, which are likely to gain momentum will constitute between 5-10% of the award basket. Project awards through the BOT route drew a blank in both 2018-19 and 2019-20.

Highway construction in the country touched an all-time high of 13,298 km in 2020-21 (36.4 km/day). Analysts attributed the record construction to a slew of industry-friendly measures that the government had taken during the pandemic year, including those to ensure better cash flow to the contractors. In a recent report, Crisil said, “Though the second wave of infections has dampened this momentum, it may not have a material bearing on

growth for the current fiscal.”

During April-May of the current fiscal, project awards, however, declined to 663 km from 747 km awarded a year ago. The NH length has increased 50% from 91,287 km, as of April 2014, to 1,37,625 km, as on March 20, 2021. Average annual project awards during FY15 to FY21 were up 85% against FY10-FY14 period. During 2020-21, 10,467-km highway project was awarded, up from 8,948 km a year earlier.

NOTES TO FINANCIAL RESULTS:

- The above audited financial results as reviewed by Audit Committee have been approved at the meeting of the Board of Directors held on 9th June, 2021. The same has been audited by the Statutory Auditors of the Company who have expressed an unmodified opinion thereon.
- During the year, the Company has sold its entire holding of 48.80% in Meghalaya Power Limited and as a result, Meghalaya Power Limited ceased to be an associate and hence, consolidation of accounts is not applicable.
- The Company is primarily engaged in the manufacture and sale of ferro silicon. There are no separate reportable segments as per Ind AS 108, “Operating Segments”.
- The Review petition filed by the Company against the Supreme Court Judgment dated 22.04.2020 in the matter of Union of India -vs- M/s V.V.F. Limited has been rejected by the Supreme Court vide its order dated 21.01.2021. As the said order reached its’ finality, the Company has refunded 50% of differential Excise duty amounting to ₹ 859.38 Lakhs which was received by the company in previous years, and for which the demand letter was issued by the Department. The Company has also reversed the balance refund amounting to ₹ 859.85 Lakhs which was shown as receivable and recognized as income in previous years. Refund/Reversal on account of both amounting to ₹ 1,719.63 Lakhs has been shown as Exceptional Item in the Statement of Profit and Loss Account for the current financial year.
- The Company has taken into account the likely effect that may result from COVID-19 in the preparation of these financial Statements. The Company believes that pandemic is unlikely to impact on the recoverability of the carrying value of its assets as at 31st March, 2021. Looking at the present situation of pandemic, the extent to which the same will impact Company’s future financial results is currently uncertain and will depend on further developments .
- The figures for the quarter ended 31st March 2021 and 31st March 2020 are arrived at as difference between audited figures in respect of the full financial year and the unaudited published figures upto nine months of the relevant financial year which were subjected to Limited Review.
- Figures of the previous period have been regrouped and reclassified to confirm to the classification of current period, wherever necessary.
- The above is an extract of the detailed format of Quarterly Financial results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Notes :

- The above results were reviewed by the Audit Committee and approved by the Board of Directors in their respective meetings held on June 7, 2021 and June 8, 2021
- The above is an extract of the detailed format of Quarterly and Yearly Financial Results filed with the stock Exchanges under regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015. The Full format of the Financial Results for the Quarter and Year ended March 31, 2021 are available on the Stock Exchange websites: www.bseindia.com / www.nseindia.com; and Company’s website: www.titagarh.in
- During the year, the Company revisited its operating segment and segregated the “Wagons and Coaches” segment into “Freight Rolling Stock” and “Passenger Rolling Stock”. The reason for such segregation is to provide additional information to Chief Operating Decision Maker (“CODM”) in order to enable them to benchmark and set the performance targets for both the businesses in line with the industry norms and the CODM believes that the margin drivers for both the business would be different going forward considering the demand, growing competition, changes in the tendering conditions, scope of supplies etc. Accordingly, in accordance with Ind AS 108 - Segment Reporting, Operating segments based on the Company’s products have been identified by the CODM as “Freight Rolling Stock”, “Passenger Rolling Stock”, “Shipbuilding” and “Others”. Segment “Others” consists of miscellaneous items like specialised equipment’s for Defence, Bridge Girders, Tractors etc. which comprises of less than 10% revenue on individual basis. In view of the aforesaid change, “Wagons & Coaches” and “Specialised equipments & Bridges” are no longer reportable segment. Accordingly, all comparative figures have been restated for comparability purpose in keeping with said standard.
- Exceptional item represents net gain on transfer of investment arising due to reorganisation of the investment in subsidiaries made by the Company within the group.
- The figures for last quarter are the balancing figures between audited figures in respect of the full financial year ended March 31, 2021 and the published year to date figures upto December 31, 2020, being the date of end of the third quarter of the financial year ended March 31, 2021 which were subject to limited review, other than applicable regrouping / reclassification as set out in note 3 and 6.
- Figures for previous periods have been regrouped/restated to conform to the classification of the current period, wherever necessary.
