UPDATE (WTO)
Preserve And Reform The Wto For Free And Fair Global Trade

India has stressed the need to preserve and reform the World Trade Organization (WTO) to ensure a free, fair and inclusive global trading system amid rising protectionism, unilateral trade measures and growing trade barriers. At the G20 Trade Ministers' Meeting in Milwaukee on September 30–October 1, 2026, Commerce and Industry Minister Piyush Goyal emphasised the importance of a rules-based multilateral trading system and called for addressing trade distortions through WTO-compliant measures. The BRICS Summit in New Delhi on September 12–13, 2026, also reaffirmed support for WTO reform, highlighting transparency, non-discrimination and special provisions for developing and least-developed countries. India's proposed priorities include restoring an effective dispute settlement mechanism, reforming agricultural subsidies, securing a permanent solution on public stockholding for food security and framing balanced rules for industrial subsidies. India could also build coalitions with developing nations and engage major economies to advance consensus-based reforms. With its BRICS Presidency, India is positioned to facilitate dialogue between developed and developing countries. A reformed WTO would help strengthen global trade stability, predictability and equitable participation.

Western Railway is undertaking the demolition of the remaining 94 structures at Garib Nagar, Bandra (East), following the rehabilitation of all eligible Project Affected Persons (PAPs). The structures were retained during the demolition drive in May 2026 to facilitate rehabilitation.
