Alpex Solar Secures Rs 215.20 Cr Solar Module Supply Order

New Delhi, January 16, 2026: Alpex Solar Ltd (ALPEXSOLAR), a leading manufacturer of high-precision solar PV modules and solar systems today announced that the company has secured a significant commercial order worth Rs 215.20 crore (excluding GST) from a prominent domestic industry player, underscoring the company's growing footprint in India's renewable energy value chain.

The order, awarded by a leading Indian enterprise, involves the supply of high-efficiency solar modules and is scheduled to be executed over a period of six months.

Commenting on the development, **Mr. Ashwani Sehgal, Managing Director, Alpex Solar Ltd.**, said, "This order marks an important milestone for the company and reflects the growing confidence of large industry players in our manufacturing capabilities, product quality and execution strength. It reinforces our commitment to supporting India's clean energy transition through reliable and scalable solar solutions."

The latest order reinforces Alpex Solar's strong order book and aligns with its long-term strategy of expanding manufacturing capacity while strengthening engagement with domestic customers across both utility-scale and commercial solar projects.

Alpex Solar operates multiple manufacturing facilities across Uttar Pradesh and Madhya Pradesh, offering an integrated portfolio that includes solar PV modules, solar cells, EPC solutions, solar pumps, and aluminium frames. The company's current operations in Greater Noida are set to expand with five new manufacturing units across Greater Noida, Kosi-Kotwan in Uttar Pradesh, and Madhya Pradesh. Notably, the Kosi-Kotwan facility is witnessing accelerated construction as part of its ongoing solar cell and module capacity expansion.

About Alpex Solar Ltd. (INE0R4701017)

Founded in 1993 by first-generation entrepreneurs Ashwani Sehgal, Monica Sehgal, and Vipin Sehgal, Alpex Solar is a premier manufacturer of monocrystalline and polycrystalline PV modules, offering a wide portfolio including Topcon, bifacial, mono-PERC, and half-cut solar modules. The company also specializes in EPC solutions for solar energy systems, with a strong foothold in both surface and submersible solar pumps.

Alpex serves as a contract manufacturer for industry giants such as Tata Power and Jakson, and has delivered projects for leading EPC companies like Solarworld, BVG, HAREDA, and PEDDA.

In 2007, Alpex launched a state-of-the-art 150,000 sq. ft. facility in Greater Noida, which now houses its growing manufacturing operations. The company currently employs 400+ professionals and leverages its R&D capabilities and deep sectoral expertise to deliver high-performance, reliable, and innovative solar products.

Alpex Solar was successfully listed on the NSE Emerge platform in February 2024.
