24 July 2014

Alstom T&D India Limited announces Q1, 2014-15 results

Alstom T&D India Limited announced its financial results on July 23, 2014, for the first quarter ended June 2014, following approval by the company's Board of Directors.

- Sales increased to 6.7 BINR, up 19.9% over last year Q1
- Operating profit increased by 43.4% to 572 MINR (8.5%) from 399 MINR (7.1%) in Q1 last year
- Backlog remains healthy at 66 BINR increasing by 4.6% from June last year

The main orders won by the company were from Central and State Utilities such as Power Grid, Bihar State Power Transmission Company Limited (BSPTCL) and Himachal Pradesh Power Transmission Corporation Limited (HPPTCL). These orders were in the domain of Air-Insulated and Gas-Insulated Substations.

During the quarter, the company also commissioned some important projects which included 400 kV reactor bays for Power Grid's Aurangabad, Khandwa, and Gwalior substations, 220/132/33 kV AIS substation at Vishrampur for Chhattisgarh State Power Transmission Company Limited (CSPTCL) to name a few.

Commenting on the results, Mr Rathin Basu, Managing Director, Alstom T&D India said: *"Through consistent effort, the company has succeeded in improving sales and adding to the healthy backlog, despite the challenging market conditions. With the increasing focus on infrastructure and power sector, as spelt out in the Budget, we are hopeful that the market will improve in the coming fiscal FY 15-16. As a leader in the industry, Alstom T&D India is fully geared up to meet the requirements of the growing and evolving energy needs of the country."*

About Alstom

Alstom is a global leader in the world of power generation, power transmission and rail infrastructure and sets the benchmark for innovative and environmentally friendly technologies. Alstom builds the fastest train and the highest capacity automated metro in the world, provides turnkey integrated power plant solutions and associated services for a wide variety of energy sources, including hydro, nuclear, gas, coal and wind, and it offers a wide range of solutions for power transmission, with a focus on smart grids. The Group employs 93,000 people in around 100 countries. It had sales of over €20 billion and booked €21.5 billion in orders in 2013/14.

Alstom T&D India (globally known as Alstom Grid), is a market leader in the Indian power transmission sector. It has over 100 years of expertise in building the transmission infrastructure for the country. Alstom has a strong portfolio of products, solutions and services, comprising the entire range of transmission equipment up to Extra and Ultra High Voltages (765 kV and beyond) including air-insulated switchgear (AIS) and locally manufactured power transformers and gas-insulated switchgear (GIS). It also provides power electronics solutions (HVDC, FACTS) to create super highways and offers highly advanced power management Smart Grid solutions for transmission and distribution including renewable energies integration. With over 3,500 employees and eight world class manufacturing units, Alstom T&D India is future ready to support the rapidly evolving transmission sector in India.
