The Fairness Opinion has been enclosed as **Annexure 7**.

The recommendation of the Share Entitlement Ratio has been approved by the audit committee and board of directors the Company and the audit committee and the board of directors of MIL. The Valuation Report and Fairness Opinion are enclosed herewith as **Annexure 6** and **Annexure 7** respectively and also available for inspection at the registered office or website of the Company at [www.amararajabatteries.com](http://www.amararajabatteries.com).

(e) **Details of capital restructuring:**

There shall be no capital restructuring of the Companies pursuant to the Scheme.

(f) **Details of debt restructuring:**

There shall be no debt restructuring of the Companies pursuant to the Scheme.

(g) **Rationale and benefits of the Scheme as perceived by the board of directors of the Company:**

**Rationale of the Scheme**

The Company, since its incorporation, has focussed on manufacturing of lead-acid based batteries and had strategically outsourced a few important back-end operations / functions. One such major back-end outsourced operations is manufacturing of plastic components for batteries, including that of plastic containers, jars, covers, small plastic parts, handles etc., to MIL.

MIL is engaged in various businesses such as Plastic Component for Battery Business, manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products, etc. The entire output generated from the Plastic Component for Battery Business is currently sold to the Company.

As the Company acquired substantial market share over a period of time in the lead acid-based battery business, the management of the Company has strategically decided to integrate the Plastic Component for Battery Business of MIL, with its core battery manufacturing operations.

Accordingly, pursuant to the Scheme, the Plastic Component for Battery Business will be demerged into the Company and MIL would continue to run and operate the Retained Business. The Scheme is being proposed with a view to simplify the existing operations between the two companies in order to increase efficiencies.

**The implementation of this Scheme will result in the following benefits:**

The backward integration is expected to enhance the Company's control over the supply and inventory management of its raw materials. This would help with a unified approach on supply chain management and consequent synergies leading to optimization of resource utilisation, reduced operational, logistics, supervisory and overhead / utilities costs, reduce duplication of administrative efforts and better procurement policies and prices, for the Company.

The Company is focussed on its sustainability initiatives and accordingly, is in the process of setting up battery recycling plant. Operations in this new plant are expected to generate plastic scrap which can be used to manufacture new battery containers and covers in the facilities of Demerged Undertaking, thereby stabilising the procurement process and adding further synergies in the combined business.

The proposed demerger is expected to enhance the Company's margins and profitability, which would enhance value for all its stakeholders.

The management of MIL intends to increase its focus on the Retained Business i.e., business of manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products etc. Increased focus would help in improving MIL's performance metrics leading to better value creation and growth of the Retained Business.

(h) **The pre-scheme and post-scheme (indicative) shareholding patterns of the Company and MIL, as applicable, are attached as Annexures 3 and 4, respectively.**

(i) **Details of availability of the documents for obtaining extracts from or making or obtaining copies:**

Copies of the following documents will be available for obtaining extract from or for making or obtaining copies of or for inspection by the Unsecured Creditors of the Company, at the registered office of the Company between 9:00 a.m. to 6:00 p.m. on any day (except Saturday, Sunday and public holidays) upto one day prior to the date of the Meeting. **A. PREAMBLE**

This Scheme of Arrangement (the "Scheme" as more particularly defined hereunder) is presented under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and rules framed thereunder as may be applicable and Section 2(19AA) and other relevant provisions of the Income Tax Act, 1961 as applicable for the Demerger of the Demerged Undertaking (defined hereafter) of Mangal Industries Limited ("MIL" or "**Demerged Company**") into Amara Raja Batteries Limited ("**ARBL**" or "**Resulting Company**") ("**Demerger**"). ARBL and MIL are collectively referred to as "**Companies**" and individually as "**Company**".

This Scheme (as defined hereinafter), inter alia, provides for:

- a) the demerger, transfer and vesting of the Demerged Undertaking (as defined hereinafter) from the Demerged Company to Resulting Company; and
- b) various other matters consequential or otherwise integrally connected therewith.

each in the manner as more particularly described in this Scheme

**B. BACKGROUND**

1. ARBL is a public limited company incorporated on 13<sup>th</sup> February 1985 with Corporate Identification Number: L31402AP1985PLC005305 and having its registered office at Renigunta Cuddapah Road, Karakambadi, Tirupati, Andhra Pradesh 517520. ARBL is into manufacturing of energy storage products for both industrial and automotive applications. The equity shares of ARBL are listed on Stock Exchanges (*as defined below*) in India.
2. MIL is a public limited company incorporated on 09<sup>th</sup> November 1990 with Corporate Identification Number U15122AP1990PLC011932 and having its registered office at Renigunta Cuddapah Road, Karakambadi, Tirupati, Andhra Pradesh 517520. MIL is engaged in various businesses such as Plastic Component for Battery Business (as defined hereinafter), manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products, etc.
3. The Demerged Company is engaged in various businesses through multiple Strategic Business Units ("SBUs") including the Plastic Component for Battery Business (*as defined below*).

Through his Scheme, the Demerged Company seeks to demerge its Plastic Component for Battery Business into the Resulting Company and it would continue to run and operate the Retained Business (*as defined below*). The underlying business rationale and objectives are given below.

**C. RATIONALE**

The Resulting Company, since its incorporation, has focussed on manufacturing of lead-acid based batteries and had strategically outsourced a few important back-end operations / functions. One such major back-end outsourced operations is manufacturing of plastic components for batteries,

including that of plastic containers, jars, covers, small plastic parts, handles etc., to the Demerged Company.

The Demerged Company is engaged in various businesses such as Plastic Component for Battery Business, manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products, etc. The entire output generated from the Plastic Component for Battery Business is currently sold to the Resulting Company.

As the Resulting Company acquired substantial market share over a period of time in the lead acid-based battery business, the management of the Resulting Company has strategically decided to integrate the Plastic Component for Battery Business of the Demerged Company, with its core battery manufacturing operations.

Accordingly, pursuant to the Scheme, the Plastic Component for Battery Business will be demerged into the Resulting Company and the Demerged Company would continue to run and operate the Retained Business. The Scheme is being proposed with a view to simplify the existing operations between the two Companies in order to increase efficiencies.

**The implementation of this Scheme will result in the following benefits:**

The backward integration is expected to enhance the Resulting Company's control over the supply and inventory management of its raw materials. This would help with a unified approach on supply chain management and consequent synergies leading to optimization of resource utilisation, reduced operational, logistics, supervisory and overhead / utilities costs, reduce duplication of administrative efforts and better procurement policies and prices, for the Resulting Company

The Resulting Company is focussed on its sustainability initiatives and accordingly, is in the process of setting up battery recycling plant. Operations in this new plant are expected to generate plastic scrap which can be used to manufacture new battery containers and covers in the facilities of Demerged Undertaking, thereby stabilising the procurement process and adding further synergies in the combined business.

The proposed Demerger is expected to enhance the Resulting Company's margins and profitability, which would enhance value for all its stakeholders.

The management of the Demerged Company intends to increase its focus on the Retained Business i.e., business of manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products etc. Increased focus would help in improving MIL's performance metrics leading to better value creation and growth of the Retained Business.

In view of the aforesaid, the Board of Directors of the Demerged Company and the Resulting Company have considered it desirable and expedient to demerge the Demerged Undertaking of the Demerged Company and vest the same with the Resulting Company. Such demerger is expected to be in the best interest of both Companies, their respective shareholders, creditors, employees and other stakeholders.

**D. PARTS OF THE SCHEME**

The Scheme is divided into following parts:

1. Part I deals with Definitions, Interpretations and Share Capital
2. Part II deals with the Demerger of the Demerged Undertaking (*as defined below*) from Demerged Company into the Resulting Company
3. Part III deals with the general terms and conditions applicable to the Scheme and other matters consequential and integrally connected thereto.

**E. TREATMENT OF THE SCHEME FOR THE PURPOSES OF INCOME-TAX ACT, 1961**

The Scheme has been drawn up in compliance with the conditions relating to 'Demerger' as specified under Section 2(19AA) of the Income Tax Act as a going concern, without any further act or deed, as per the provisions contained herein, together with all its properties, assets, liabilities, rights, benefits and interest therein, subject to existing charges, if any, thereon.

If any of the terms or provisions of the Scheme is / are found or interpreted to be inconsistent with the provisions of Section 2(19AA) of the Income Tax Act at a later date, including resulting from an amendment of Law or for any other reason whatsoever, the provisions of Section 2(19AA) of the Income Tax Act shall prevail and the Scheme shall stand modified to the extent determined necessary to comply with the provisions of Section 2(19AA) of the Income Tax Act. Such modifications will however not affect the other parts of the Scheme.

**F. NO COMPROMISE WITH CREDITORS**

Under the proposed Scheme, there is no compromise proposed to be entered into with the creditors (either secured and/or unsecured) of the Demerged Company and/or the Resulting Company. The liability towards the creditors (either secured and/or unsecured) of the Demerged Company (relating to the Demerged Undertaking) is neither being reduced nor being extinguished but shall be assumed and discharged by the Resulting Company in its ordinary course of business.

status and other benefits or privileges enjoyed, granted by any government body, local authority or by any other person and availed by the Demerged Undertaking, shall vest with, and be available to, the Resulting Company on the same terms and conditions.

- 6.5 The Resulting Company shall enter into and/or issue and/or execute deeds, writings or confirmations or enter into any tripartite agreement, confirmations or novations to which the Demerged Company will, if necessary, also be a party in order to give formal effect to the provisions of this Scheme, if it is so required or if it becomes necessary.

## 7. EMPLOYEES, TRAINEES AND INTERNS

- 7.1 Upon the effectiveness of this Scheme and with effect from the Effective Date, Resulting Company undertakes

- (a) to engage, without any interruption in service, the Transferred Employees on terms and conditions no less favourable than those on which they are engaged by the Demerged Company;
- (b) to continue to abide by any agreement / settlement or arrangement entered into or deemed to have been entered into by the Demerged Company with any of the aforesaid Transferred Employees or any of the Trainees and Interns or union representing the Transferred Employees them prior to the said Demerger;
- (c) that the services of all such Transferred Employees of the Demerged Company prior to the demerger shall be taken into account for the purposes of all existing benefits to which the said Transferred Employees may be eligible, including for the purpose of payment of any retrenchment compensation, gratuity and other retiral / terminal benefits;
- (d) the accumulated balances, if any, standing to the credit of the aforesaid Transferred Employees in the existing provident fund, gratuity fund and superannuation fund of which they are members, as the case may be, will be transferred respectively to such provident fund, gratuity fund and superannuation funds nominated by Resulting company and/or such new provident fund, gratuity fund and superannuation fund to be established in accordance with Applicable Law and caused to be recognized by the Appropriate Authorities, by Resulting Company. Pending the transfer as aforesaid, the provident fund, gratuity fund and superannuation fund dues of the said Transferred Employees would be continued to be deposited in the existing provident fund, gratuity fund and superannuation fund respectively of the Demerged Company;
- (e) Any disciplinary action initiated by the Demerged Company against any Transferred Employee or any of the Trainees and Interns shall have full force, effect and continuity as if it has been initiated by the Resulting Company instead of the Demerged Company;

- 7.2 Services of the Transferred Employees shall be taken into account from the date of their appointment with the Demerged Company, for the purposes of all retirement benefits and all other

Employee Benefits for which they may be eligible. The Resulting Company further agrees that for the purpose of payment of any retrenchment compensation, if any, such past services with the Demerged Company shall also be taken into account. The services of the Employees shall not be treated as having been broken or interrupted for the purpose of provident fund or gratuity or superannuation or other statutory purposes and for all purposes will be reckoned from the date of their appointments with the Demerged Company.

## 8. LEGAL PROCEEDINGS

8.1 Upon coming into effect of this Scheme, all legal or other proceedings (including before any statutory or quasi-judicial authority or tribunal) ("**Proceedings**") by or against the Demerged Company under any statute, pending on the Appointed Date, relating to the Demerged Undertaking, shall be continued and enforced by or against the Resulting Company after the Effective Date, to the extent legally permissible. To the extent such Proceedings cannot be taken over by the Resulting Company, the Proceedings shall be pursued by the Demerged Company as per the instructions of and entirely at the costs and expenses of the Resulting Company. In the event that such liability is incurred, or such claim or demand is made upon the Demerged Company pertaining to the Demerged Undertaking, then the Resulting Company shall reimburse and indemnify the Demerged Company for any payments made in relation to the same. The Demerged Company and the Resulting Company shall take appropriate steps in the respective court or forum of the Proceedings before which they are pending to appropriately substitute the name of the plaintiff, defendant, petitioner, respondent or other in the cause title respectively from that of the Demerged Company to the name of the Resulting Company, on due approval or sanction of such court or forum as appropriate.

8.2 Without prejudice to Clause 8.1 above, the Resulting Company undertakes that it shall at its own cost, file applications with the relevant Appropriate Authorities for changing the name of the party from Demerged Company to the Resulting Company in all legal proceedings by or against the Demerged Company forming part of the Demerged Undertaking existing as on the Effective Date (and including those that relate to the period prior to the Appointed Date) and shall make all necessary filings for such change of name such that the same may be continued, prosecuted, defended and enforced by the Resulting Company instead of the Demerged Company, to the exclusion of the Demerged Company, and the Demerged Company shall extend all assistance in such transfer into the Resulting Company's name, if required by the Resulting Company. It is clarified that the cost and expenses incurred in continuing, prosecuting, defending and enforcing the aforesaid proceedings shall be to the account of the Resulting Company, provided however that this is without prejudice to any indemnity available to the Resulting Company for such costs and expenses.

## 9. TAXES AND TAXATION

9.1 Upon the Scheme becoming effective, each of the Demerged Company and the Resulting Company shall be entitled to file / revise their respective financial statements, its income-tax returns,

withholding tax certificates, withholding tax returns, central goods and services tax, state goods and services tax, integrated goods and services tax, service tax, professional tax or and other statutory returns, if required, and shall have the right to claim refunds, advance tax credits, credits of all taxes paid/ withheld, if any, Tax losses and unabsorbed depreciation, credit of foreign Taxes paid/ withheld etc., if any, pertaining to Demerged Undertaking as may be required consequent to implementation of this Scheme and where necessary to give effect to this Scheme, even if the prescribed time limits for filing for filing or revising such returns have lapsed. The Resulting Company shall have the right to claim refunds, Tax losses and unabsorbed depreciation, Tax credits, set-offs and/or adjustments relating to its income or transactions entered into by it by virtue of this Scheme with effect from Appointed Date. The Taxes or duties paid by, for, or on behalf of the Demerged Undertaking relating to the period on or after the Appointed Date respectively shall be deemed to be the Taxes or duties paid by the Resulting Company and shall be entitled to claim credit or refund for such Taxes or duties.

- 9.2 Any refund, under Tax laws due to the Demerged Company in relation to the Demerged Undertaking consequent to the assessment made on the Demerged Company whether relating to the period before or after the Appointed Date shall also belong to and be received by the Resulting Company upon this Scheme becoming effective.
- 9.3 Without prejudice to the generality of the above, all benefits, incentives, losses, credits to which the Demerged Company is entitled to in terms of Applicable Laws in relation to the Demerged Undertaking, shall be available to and vest in the Resulting Company, upon this Scheme coming into effect.

## 10. CONSIDERATION

- 10.1 Upon the Scheme coming into effect and in consideration of the transfer and vesting of the Demerged Undertaking of Demerged Company with the Resulting Company pursuant to this Scheme and subject to the provisions of this Scheme, the Resulting Company shall, without any further application, act, deed, consent, acts, instrument or deed, issue and allot, on a proportionate basis, to each shareholder of the Demerged Company, whose name is recorded in the register of members as Member including index of beneficial owners maintained by the Demerged Company as on the Record Date, as follows:

*"65 (Sixty Five) equity shares of ARBL of INR 1/- each, fully paid-up for every 74 (Seventy Four) equity shares of MIL of INR 10/- each, fully paid-up" ("Share Entitlement Ratio")*

The equity shares of the Resulting Company to be issued to the shareholders of the Demerged Company in accordance with this clause 10.1 shall be hereinafter referred to as "**New Equity Shares**".

- 10.2 The New Equity Shares to be issued and allotted pursuant to the demerger of the Demerged Undertaking by the Resulting Company under this Scheme shall be subject to the provisions of the

memorandum of association and articles of association of Resulting Company and shall rank *pari passu* in all respects with the then existing equity shares of the Resulting Company as on the Effective Date including with respect to dividend, bonus, right shares, voting rights and other corporate benefits attached to the equity shares of the Resulting Company.

- 10.3 The issue and allotment of the New Equity Shares is an integral part hereof and shall be deemed to have been carried out under the orders passed by the Hon'ble Tribunal without requiring any further act on the part of the Resulting Company or the Demerged Company or their shareholders and as if the procedure laid down under the Act and such other Applicable Law, were duly complied with. Approval of this Scheme by the equity shareholders of the Resulting Company shall be deemed to be the due compliance of the provisions of Sections 42, 62 and other relevant and applicable provisions of the Act and rules made thereunder, along with other relevant provisions of Applicable Laws, for the issue and allotment of the equity shares by the Resulting Company to the members of the Demerged Company as on the Record Date, as provided in this Scheme and shall be carried out under the orders passed by the NCLT without requiring any further act on the part of the Companies or their shareholders.
- 10.4 Subject to Applicable Laws, the New Equity Shares that are to be issued in terms of this Scheme shall be issued in dematerialized form. New Equity shares to be issued by the Resulting Company to the shareholders of the Demerged Company pursuant to Clause 10.1 of this Scheme shall, subject to the receipt of necessary approvals, be listed and/or admitted to trading on the Stock Exchanges, where the shares of the Resulting Company are listed and/or admitted to trading. The Resulting Company shall enter into such arrangements and give such confirmations and/or undertakings as may be necessary in accordance with Applicable Laws for complying with the formalities of the said Stock Exchanges. The New Equity Shares allotted pursuant to the Scheme shall remain frozen in the depositories system till listing / trading permission is given by the designated Stock Exchange. The register of members maintained by the Resulting Company, the relevant depository and registrar and transfer agent in terms of Applicable Laws shall (as deemed necessary by the Board of Directors of the Resulting Company) be updated to reflect the issue of the New Equity Shares in terms of this Scheme. The shareholders of the Demerged Company who hold shares in physical form, should provide the requisite details relating to his/ her/ its account with a depository participant or other confirmations as may be required, to the Resulting Company, prior to the Record Date to enable it to issue the New Equity Shares in dematerialised form only. However, if no such details have been provided to the Resulting Company by the shareholders holding shares in physical share certificates on or before the Record Date, the Resulting Company shall deal with the relevant New Equity Shares in such manner as may be permissible under the Applicable Law, including by way of issuing the corresponding New Equity Shares in dematerialized form to a trustee nominated by the Board of Directors of the Resulting Company ("**Trustee of Resulting Company**") who shall hold such New Equity Shares in trust for the benefit of such shareholder. The New Equity Shares of Resulting Company held by the Trustee of Resulting Company for the benefit of the shareholder shall be transferred to the respective shareholder once such shareholder provides details of his/her/its demat account to the Trustee of Resulting Company, along with such other documents as may be required by the Trustee of Resulting Company. The

respective shareholders shall have all the rights of the shareholders of the Resulting Company, including the right to receive dividend, voting rights and other corporate benefits, pending the transfer of New Equity Shares from the Trustee of Resulting Company. All costs and expenses incurred in this respect shall be borne by the shareholder or the Demerged Company.

- 10.5 Fractional entitlements, if any, shall be consolidated. If such consolidated fractional entitlement exceed 1 (one) share, it shall be allotted in lieu thereof, to a trustee, authorized by the Board of Directors of the Resulting Company in this behalf, who shall hold in trust such New Equity Shares to the extent of consolidated fractional entitlement, on behalf of the shareholders of Demerged Company, with the express understanding that such trustee shall sell such New Equity Shares of the Resulting Company so allotted on the Stock Exchanges, at such time or times and at such price or prices and to such person, as such trustee deems fit, but within a period of 90 (ninety) days from the date of allotment of such New Equity Shares, and shall distribute the net sale proceeds, subject to Tax deductions and other expenses as applicable, to such shareholders of Demerged Company in proportion to their respective fractional entitlements. In case the number of such New Equity Shares to be allotted to the trustee by virtue of consolidation of fractional entitlements is a fraction, it shall be rounded off to the nearest lower integer. In case the number of such New Equity Shares to be allotted to the trustee by virtue of consolidation of fractional entitlements is less than 1 (one), Resulting Company shall not issue fractional shares to such shareholder or to the trustee mentioned above.
- 10.6 In the event of there being any pending share transfers, whether lodged or outstanding, of any shareholder of the Demerged Company, the Board of Directors of the Resulting Company shall be empowered in appropriate cases, prior to or even subsequent to the Record Date, to effectuate such a transfer as if such changes in the registered holder were operative as on the Record Date, in order to remove any difficulties arising to the transferor or transferee of equity shares in the Demerged Company, after the effectiveness of this Scheme.
- 10.7 In the event, any or all of the Parties restructure their share capital by way of share split / consolidation / issue of bonus shares during the pendency of the Scheme, the Share Entitlement Ratio stated in Clause 10.1 above shall be adjusted accordingly, to consider the effect of any such corporate actions undertaken by such Party.
- 10.8 If necessary, the Resulting Company shall before allotment of the New Equity Shares in term of the Scheme, increase, reclassify, and/or restructure its authorized share capital in such manner and by such amount as may be necessary to satisfy its obligation under the provisions of the Scheme in compliance with the applicable provisions of the Act and the Rules thereunder.
- 10.9 The Resulting Company shall enter into such arrangements and give such confirmations and/ or undertakings as may be necessary in accordance with Applicable Law for complying with the formalities of the Stock Exchanges and SEBI Scheme Circular.

11. **ACCOUNTING TREATMENT IN THE BOOKS OF DEMERGED COMPANY**

Upon the effectiveness of this Scheme, in accordance with the applicable Indian Accounting Standards, Act and generally accepted accounting principles in India, the Demerged Company shall provide the following accounting treatment in its books of accounts:

- 11.1 Upon the Scheme coming into effect, with effect from the Appointed Date, the Demerged Company shall transfer the assets and liabilities forming part of the Demerged Undertaking to the Resulting Company at their respective carrying amounts (i.e., book value) at the Appointed Date.
- 11.2 Upon the Scheme coming into effect, solely to meet the requirements prescribed in Appendix A to Ind AS 10 notified under section 133 of the Act, the Demerged Company shall debit the fair value of the Demerged Undertaking to the Other equity and recognise a corresponding liability towards dividend payable (to the extent of distributable profits).
- 11.3 Upon the Scheme coming into effect, with effect from the Appointed Date, solely to meet the requirements prescribed in Appendix A to Ind AS 10 notified under section 133 of the Act the difference between (a) the liability recognised at 11.2 above and (b) the excess of the book value of the assets over the book value of liabilities transferred as per 11.1 above as at the Appointed Date, shall be credited / debited to the statement of Profit & Loss.
- 11.4 It is reiterated that the demerger of the Demerged Undertaking of the Demerged Company into the Resulting Company pursuant to this Scheme shall take place with effect from the Appointed Date and shall be in accordance with the provisions of Section 2(19AA) of the Income Tax Act, 1961.

12. **ACCOUNTING TREATMENT IN THE BOOKS OF RESULTING COMPANY**

Upon this Scheme coming into effect, the Resulting Company shall account for the Demerger in its books of accounts, in accordance with "acquisition method" of accounting principles as laid down in Ind AS-103 "Business Combinations" notified under Section 133 of the Companies Act, 2013, as part of the Companies (Indian Accounting Standards) Rules, 2015, such that:

- 12.1 On the Appointed Date, the Resulting Company shall record the assets (including the intangible assets, meeting the recognition criteria of Ind AS 103) and liabilities of the Demerged Undertaking, transferred to and vested in it pursuant to this Scheme, at their respective fair values;
- 12.2 The Resulting Company shall credit its share capital account in its books of accounts with the aggregate face value of the equity shares issued to shareholders of the Demerged Company as per Clause 10.1 of the Scheme. The excess, if any of the fair value of the equity shares issued as per Clause 10.1 over the said face value of the equity shares issued, shall be credited to securities premium account;

12.3 Pursuant to the Demerger, the inter-company transactions and balances including loans, advances, receivables or payable etc. inter se between the Demerged Undertaking and the Resulting Company, if any, as appearing in the books of the Resulting Company shall stand settled and any resultant gain/loss recognised as per Ind AS 103;

12.4 The difference, if any, between (i) the fair value of the assets and liabilities as recorded under Clause 12.1 above after settlement of pre-existing relationships as per Clause 12.3 above and (ii) the aggregate of share capital and share premium recorded as per Clause 12.2 above, shall be debited or credited to goodwill or capital reserve, respectively in the books of the Resulting Company;

### 13. RETAINED BUSINESS OF DEMERGED COMPANY

13.1 The Retained Business of the Demerged Company and all the assets, properties, rights, liabilities and obligations pertaining thereto, shall continue to belong to and be vested in and be managed by Demerged Company, and Resulting Company shall have no right, claim or obligation in relation to the Retained Business of Demerged Company.

13.2 All Proceedings whether civil or criminal (including before any statutory authority or quasi-judicial authority or tribunal) by or against Demerged Company under any statute, whether relating to the period prior to or after the Appointed Date and whether pending on the Appointed Date or which may be instituted in the future, whether or not in respect of any matter arising before the Effective Date and relating to the Retained Business of Demerged Company (including those relating to any property, right, power or liability, obligation or duty of Demerged Company in respect of the Retained Business of Demerged Company and any income Tax liability) shall be continued and enforced by or against Demerged Company even after the Effective Date.

13.3 Up to and including the Effective Date:

- a. Demerged Company shall carry on and shall be deemed to have been carrying on all business and activities relating to the Retained Business of the Demerged Company for and on its own behalf;
- b. All profits accruing to the Remaining Business or losses arising or incurred to the Remaining Business (including the effect of Taxes, if any, thereon) shall for all purposes, be treated as the profits or losses, as the case may be, of the Demerged Company; and
- c. All assets and properties acquired in relation to Retained Business on and after the Appointed Date shall belong to and continue to remain vested in the Demerged Company.

### 14. INTER-SE TRANSACTIONS

14.1 With effect from the Appointed Date, all inter-party transactions between the Demerged Company (in relation to the Demerged Undertaking) and Resulting Company shall be considered as intra-party transactions for all purposes, from the Appointed Date and on the coming into effect of this Scheme, the same shall stand cancelled without any further act, instrument or deed.

- 14.2 Further, it is clarified that the above clause has no impact whatsoever on any Taxes paid on account of such transactions. The Taxes paid shall be deemed to have been paid by or on behalf of the Resulting Company, as the case may be, and on its own account and therefore, the Resulting Company, as the case may be, will be eligible to claim the credit / refund of the same and is also entitled to revise returns, as may be necessary, to give effect to the same.

15. **SEQUENCING OF EVENTS**

- 15.1 Upon the coming into effect of the Scheme and with effect from the Appointed Date of the Scheme, and subject to the provisions of the Scheme, the following shall be deemed to have occurred, only in the sequence and in the order mentioned hereunder:

- a. filing of certified copies of the order(s) of the Hon'ble Tribunal with the Registrar of Companies by the Demerged Company and the Resulting Company, pursuant to which, the demerger of the Demerged Undertaking from the Demerged Company into and with the Resulting Company, in accordance with this Scheme shall become effective;
- b. issue and allotment of the New Equity Shares of the Resulting Company to the shareholders of the Demerged Company as of the Record Date in accordance with Clause 10.1 of this Scheme.

16. **DIVIDENDS**

With effect from the Appointed Date and up to and including the Effective Date, notwithstanding anything contained herein, the Demerged Company shall be required to obtain a prior approval of the Resulting Company before declaration and distribution of any dividends to its shareholders.

17. **APPLICATION TO THE HON'BLE TRIBUNAL**

The Companies, with all reasonable dispatch, shall make necessary applications / petitions jointly and / or severally before the Hon'ble Tribunal for the sanction of this Scheme under Sections 230 to 232 and other applicable provisions of the Act.

The Companies shall be entitled, pending the effectiveness of the Scheme, to apply to any Appropriate Authority, if required, under any Applicable Law for such consents and approvals which the relevant Company may require to effect the transactions contemplated under the Scheme.

18. **MODIFICATIONS / AMENDMENTS TO THE SCHEME**

The Companies, through their respective Board of Directors, may make and / or consent to any modifications / amendments to this Scheme or to any conditions or limitations that the Hon'ble Tribunal or any other Appropriate Authority may deem fit to direct or impose or which may otherwise be considered necessary, desirable or appropriate by them or the Board of Directors,

including the withdrawal of this Scheme or part thereof. The Board of Directors of the Companies shall take all such steps as may be necessary, desirable, or proper to resolve any doubts, difficulties or questions, including interpretation of the Scheme, whether by reason of any directive or orders of any other authorities or otherwise howsoever arising out of or under or by virtue of the Scheme and / or any matter concerned or connected therewith. The power of the Boards of Directors to modify / amend the Scheme shall be subject to the approval of the Hon'ble Tribunal and other applicable Appropriate Authority.

**19. CONDUCT OF BUSINESS UNTIL THE SCHEME DURING THE TRANSITION PERIOD**

19.1 With effect from the Appointed Date and up to and including the Effective Date, Demerged Company undertakes to preserve and carry on its business pertaining to the Demerged Undertaking, with reasonable diligence and business prudence and shall not undertake financial commitments or sell, transfer, alienate, charge, mortgage, or Encumber or otherwise deal with or dispose of any undertaking or any part thereof save and except in each case:

- (a) if the same is in its ordinary course of business as carried on by it as on the date of filing this Scheme with the Hon'ble NCLT; or
- (b) if the same is expressly permitted by this Scheme; or
- (c) if the prior written consent of the Resulting Company has been obtained.

19.2 With effect from the Appointed Date and up to and including the Effective Date, Demerged Company shall carry on and be deemed to have carried on all business and activities and shall stand possessed of all the assets, rights, title and interest of the Demerged Undertaking for and on account of, and in trust for Resulting Company.

19.3 With effect from the Appointed Date and up to and including the Effective Date, all profits and cash accruing to or losses arising or incurred (including the effect of Taxes if any thereon), by Demerged Company pertaining to the Demerged Undertaking, shall for all purposes, be treated as the profits and cash, Taxes or losses of the Resulting Company.

19.4 From the date of approval of the said Scheme by the Board of Directors of the Resulting Company and up to and including the Effective Date, the Demerged Company shall not amend its memorandum of association and / or its articles of association, except with the written consent of the Resulting Company.

19.5 The Resulting Company shall be entitled to apply to the Central Government and any other Government, or statutory or regulatory authorities/ agencies/ body concerned as are necessary under any law for such consents, approvals, licenses, registrations and sanctions which Resulting Company may require to carry on the business of the Demerged Undertaking.

**20. SAVING OF CONCLUDED TRANSACTIONS**

The, demerger and vesting of Demerged Undertaking of Demerged Company into Resulting Company, pursuant to this Scheme, shall not affect any transaction or proceedings already concluded or liabilities incurred, or any liabilities discharged by the Demerged Company (relating to the Demerged Undertaking) on or after the Appointed Date till the Effective Date, to the end and intent that the Resulting Company shall accept and adopt all acts, deeds and things made, done and executed by the Demerged Company (relating to the Demerged Undertaking) as acts, deeds and things made, done and executed by or on behalf of the Demerged Company.

**21. SCHEME CONDITIONAL ON APPROVALS / SANCTIONS**

21.1 The Scheme is conditional upon and subject to:

21.1.1 The Demerged Company carrying on the business of Demerged Undertaking in complete compliance with all Applicable Laws;

21.1.2 The Scheme being approved by the majority of public shareholders of the Resulting Company (by way of e-voting) as required under the SEBI Scheme Circular and Applicable Laws. The Scheme shall be acted upon only if the votes cast by the public shareholders in favour of the Scheme are more than the number of votes cast by the public shareholders, against it as required under the SEBI Scheme Circular;

21.1.3 This Scheme being approved by the requisite majority of members and/or secured and/or unsecured creditors (where applicable) of the respective Companies in accordance with the Act and the SEBI Scheme Circular, and as may be directed by the Hon'ble NCLT;

21.1.4 The Stock Exchanges issuing their observation/ no-objection letters and SEBI issuing its comments, if any on the Scheme, as required under Applicable Laws;

21.1.5 Sanction of the Scheme by the jurisdictional Hon'ble NCLT in terms of Section 230 to Section 232 and other relevant provisions of the Act;

21.1.6 The certified/authenticated copies of the order of the Hon'ble NCLT sanctioning the scheme being filed with the jurisdictional ROCs by the Demerged Company and Resulting Company.

**22. EFFECT OF NON-RECEIPT OF APPROVALS**

22.1 In the event of any of the said sanctions and approvals referred to in Clause 21 are not being obtained and/or the Demerged Company has materially violated any law in relation to the Demerged Undertaking and/ or the Scheme not being sanctioned by the Hon'ble NCLT or such other Appropriate Authority, if any, this Scheme shall stand revoked, cancelled and be of no effect, no rights and liabilities shall accrue to or be incurred by the respective Companies or their shareholders or creditors or employees or any other person, save and except in respect of any act or deed done prior thereto as is contemplated hereunder or as to any rights and/ or liabilities which might have arisen or accrued pursuant thereto and which shall be governed and be preserved or worked out as is specifically provided in the Scheme or as may otherwise arise in law and agreed between the

respective parties to this Scheme. In the event of non-receipt of approvals, each Party shall bear and pay its respective costs, charges and expenses for and or in connection with the Scheme unless otherwise mutually agreed. The Companies, if required, may file appropriate proceedings before the Hon'ble NCLT and other Appropriate Authorities in relation to such revocation or cancellation. Provided however, that the Companies may, by mutual consent of their Board of Directors, defer the termination of this Scheme until such period as they may deem fit.

- 22.2 Without prejudice to the generality of the aforesaid clause, the Companies (jointly and not severally) shall be at liberty to withdraw this Scheme at any time as may be mutually agreed by the respective Board of Directors of the Companies prior to the date on which this Scheme comes into effect.

23. **COSTS**

All costs, charges, levies and expenses of the Companies, in relation to or in connection with or incidental to this Scheme or the implementation thereof shall be borne and paid for by the Parties in the following manner:

- a) Stamp duties in relation to adjudication of the order issued by Hon'ble NCLT and issuance of New Equity Shares shall be borne by the Resulting Company.
- b) All other costs shall be borne equally by the Demerged Company and Resulting Company.

24. **PROPERTY IN TRUST AND ASSET REFUNDS**

- 24.1 Notwithstanding anything contained in this Scheme, on or after Effective Date, until any property, asset, license, approval, permission, contract, agreement and rights and benefits arising therefrom pertaining to the Demerged Undertaking are transferred, vested, recorded, effected and/ or perfected, in the records of any Appropriate Authority, regulatory bodies or otherwise, in favour of the Resulting Company, the Demerged Company will continue to hold the property and/or the asset, license, permission, approval, contract or agreement and rights and benefits arising therefrom, as the case may be, in trust for and on behalf of the Resulting Company, as the case may be.
- 24.2 If any part of the Demerged Undertaking is not transferred to the Resulting Company on the Effective date pursuant to this Scheme, the Demerged Company shall take such actions as may be reasonably required to ensure that such part of the Demerged Undertaking is transferred to the Resulting Company promptly and for no further consideration. The Resulting Company shall bear all costs and expenses as may be incurred by the Demerged Company, provided such costs and expenses are incurred with prior written consent of the Resulting Company, for giving effect to this Clause.
- 24.3 If the Demerged Company realizes any amounts after the Effective Date that pertain to the Demerged Undertaking, it shall immediately make payment of such amounts to the Resulting Company. It is clarified that all receivables relating to the Demerged Undertaking, for the period

prior to the Effective Date, but received after the Effective Date, relate to the Demerged Undertaking and shall be paid to the Resulting Company for no additional consideration.

**25. SEVERABILITY**

25.1 If any part of this Scheme is found to be unworkable for any reason whatsoever, the same shall not, subject to the decision of the Resulting Company, affect the validity or implementation of the other parts and/or provisions of this Scheme.

25.2 In the event of any inconsistency between any of the terms and conditions of any earlier arrangement amongst the Companies and their respective shareholders and/or creditors, and the terms and conditions of this Scheme, the latter shall prevail.

**26. REMOVAL OF DIFFICULTIES**

26.1 The Companies, through mutual consent and acting through their respective Board of Directors, jointly and as mutually agreed in writing may give such directions (acting jointly) and agree to take steps, as may be necessary, desirable or proper, to resolve all doubts, difficulties or questions arising under this Scheme, whether by reason of any orders of Hon'ble NCLT or of any directive or orders of any Appropriate Authority, under or by virtue of this Scheme in relation to the arrangement contemplated in this Scheme and/ or matters concerning or connected therewith or in regard to and of the meaning or interpretation of this Scheme or implementation thereof or in any manner whatsoever connected therewith, or to review the position relating to the satisfaction of various conditions of this Scheme and if necessary, to waive any of those to the extent permissible under Applicable Law; and do all such acts, deeds and things as may be necessary, desirable or expedient for carrying the Scheme into effect.

**27. BINDING EFFECT**

Upon the Scheme becoming effective, the same shall be binding on all the Companies, Appropriate Authority and all concerned parties without any further act, deed, matter or thing.

**REPORT OF THE BOARD OF DIRECTORS OF AMARA RAJA BATTERIES LIMITED UNDER SECTION 232(2)(C) OF THE COMPANIES ACT, 2013 IN THE MEETING HELD ON MONDAY, SEPTEMBER 26, 2022 AT TERMINAL A, 1-18/1/AMR/NR, NANAKRAMGUDA, GACHIBOWLI, HYDERABAD - 500 032 EXPLAINING THE EFFECT OF THE SCHEME OF ARRANGEMENT ON EQUITY SHAREHOLDERS, KEY MANAGERIAL PERSONNEL, PROMOTERS AND NON-PROMOTER SHAREHOLDERS**

The Board of Directors (“**Board**”) of Amara Raja Batteries Limited (“**ARBL**” or “**Company**”) at its board meeting held on September 26, 2022 has approved the Scheme of Arrangement amongst Mangal Industries Limited (“**MIL**” or the “**Demerged Company**”) and Amara Raja Batteries Limited (“**ARBL**” or the “**Resulting Company**”) and their respective shareholders and creditors (“**Scheme**”) pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013, the rules and regulations made thereunder (including any statutory modifications or re-enactments thereof for the time being in force) (“**Companies Act**” or the “**Act**”) and other applicable laws including the master circular issued by the Securities and Exchange Board of India (“**SEBI**”) Master Circular No. SEBI/HO/CFD/DIL I /CIR/P/2021/0000000665 dated 23 November 2021 (as amended from time to time) (“**SEBI Scheme Circular**”). The Scheme is subject to requisite approval(s) of the jurisdictional Hon’ble National Company Law Tribunal, Securities and Exchange Board of India, stock exchanges and other regulatory authorities.

The Scheme provides for the demerger of the Plastic Component for Battery Business (Demerged Undertaking) of the Demerged Company (as defined in the scheme) on a ‘going concern basis’ to the Company and in consideration, the consequent issuance of equity shares of the Company to all the equity shareholders of Demerged Company in accordance with the Share Entitlement Ratio (as defined below) (“**Demerger**”).

While deliberating on the Scheme, the Board of Directors of the Company had, *inter-alia*, considered the following:

- (a) Draft Scheme duly initialled by the Company Secretary of the Company for the purpose of identification.
- (b) The Report of the Audit Committee dated September 26, 2022, recommending the draft Scheme.
- (c) The Report of the Committee of Independent Directors dated September 26, 2022 recommending the draft Scheme.
- (d) Valuation Report dated September 26, 2022 (“**Valuation Report**”) issued jointly by Mr. Niranjan Kumar, Registered Valuer – Securities or Financial Assets (Registered Valuer Registration No. IBBI/RV/06/2018/10137) and Bansi S. Mehta Valuers LLP, Registered Valuer – Securities or Financial Assets (Registered Valuer Registration No. IBBI/RV-E/06/2022/172), describing, *inter-alia*, the methodologies adopted by them in arriving at the recommended Share Entitlement Ratio (as defined below) and setting out its detailed computation for the proposed Scheme.

- (i) Financial, Tax and Legal Due Diligence Reports.

After considering the documents referred above, the Board of Directors of the Company approved the Scheme.

#### **Rationale of the Scheme**

The Resulting Company, since its incorporation, has focussed on manufacturing of lead-acid based batteries and had strategically outsourced a few important back-end operations / functions. One such major back-end outsourced operations is manufacturing of plastic components for batteries, including that of plastic containers, jars, covers, small plastic parts, handles etc., to the Demerged Company.

The Demerged Company is engaged in various businesses such as Plastic Component for Battery Business, manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products, etc. The entire output generated from the Plastic Component for Battery Business is currently sold to the Resulting Company.

As the Resulting Company acquired substantial market share over a period of time in the lead acid-based battery business, the management of the Resulting Company has strategically decided to integrate the Plastic Component for Battery Business of the Demerged Company, with its core battery manufacturing operations.

Accordingly, pursuant to the Scheme, the Plastic Component for Battery Business will be demerged into the Resulting Company and the Demerged Company would continue to run and operate the Retained Business. The Scheme is being proposed with a view to simplify the existing operations between the two companies in order to increase efficiencies.

#### **The implementation of this Scheme will result in the following benefits:**

The backward integration is expected to enhance the Resulting Company’s control over the supply and inventory management of its raw materials. This would help with a unified approach on supply

chain management and consequent synergies leading to optimization of resource utilisation, reduced operational, logistics, supervisory and overhead / utilities costs, reduce duplication of administrative efforts and better procurement policies and prices, for the Resulting Company.

The Resulting Company is focussed on its sustainability initiatives and accordingly, is in the process of setting up battery recycling plant. Operations in this new plant are expected to generate plastic scrap which can be used to manufacture new battery containers and covers in the facilities of Demerged Undertaking, thereby stabilising the procurement process and adding further synergies in the combined business.

The proposed demerger is expected to enhance the Resulting Company's margins and profitability, which would enhance value for all its stakeholders.

The management of the Demerged Company intends to increase its focus on the Retained Business i.e., business of manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products etc. Increased focus would help in improving MIL's performance metrics leading to better value creation and growth of the Retained Business.

In view of the aforesaid, the Board of Directors of the Demerged Company and the Resulting Company have considered it desirable and expedient to demerge the Demerged Undertaking of the Demerged Company and vest the same with the Resulting Company. Such demerger is expected to be in the best interest of both companies, their respective shareholders, creditors, employees and other stakeholders

As per Section 232(2)(c) of the Companies Act, 2013, a report adopted by the Board of Directors of the Company explaining the effect of the Scheme on each class of shareholders, Key Managerial Personnel ("KMP"), promoters and non-promoter shareholders of the Company, laying out in particular, the Share Entitlement Ratio, specifying any special valuation difficulties, if any, is required to be circulated to the members or class of members or creditors or class of creditors, as the case may be, for the meeting of the members or class of members or creditors or class of creditors, as the case may be, along with the notice convening such meeting.

Accordingly, as per Section 232(2)(c) of the Companies Act, 2013, the Board of Directors of the Company in its meeting held on September 26, 2022 took on record the following impact of the Scheme on various stakeholders:

**(a) Shareholders (promoter and non-promoter shareholders):**

There is only one class of shareholders, i.e., equity shareholders in the Company, which includes the promoter as well as non-promoter shareholders of the Company. Upon the Scheme being effective and in consideration for the Demerger, the Company will issue and allot equity shares to the shareholders of the Demerged Company, whose name is recorded in the register of members on the Record Date in the following manner:

*"65 (Sixty Five) equity shares of ARBL of INR 1/- each, fully paid-up for every 74 (Seventy Four) equity shares of MIL of INR 10/- each, fully paid-up" ("**Share Entitlement Ratio**")*

The registered valuers appointed to determine the recommended Share Entitlement Ratio have not expressed any difficulty in the valuation process.

The Fairness Opinion issued by Kotak Mahindra Capital Company Limited also does not indicate any valuation difficulties and has confirmed the fairness of the Share Entitlement Ratio.

The registered valuers have considered the Asset Approach Method, the Income Approach Method and the Market Approach Method, to arrive at the recommended Share Entitlement Ratio for the Scheme.

However, considering the nature of the transactions contemplated in the Scheme, the registered valuers are of the opinion that Asset Approach Method is of limited relevance and have based their valuation on Income Approach & Market Approach Methods.

The recommendation of the Share Entitlement Ratio has been certified as being fair and has been approved by the Board of the Company, the Audit Committee of the Company and the Committee of Independent Directors of the Company.

The equity shares so issued and allotted as provided above shall be subject to the provisions of the Memorandum and Articles of Association of the Company and shall rank pari-passu in all respects with the then existing equity shares of the Company including in respect of dividend, bonus, right shares, voting rights and other corporate benefits attached to the shares, if any, that may be declared by the Company on or after the Effective Date.

- Based on the shareholding pattern of the Company as on June 30, 2022, the Pre-Scheme and Post-Scheme shareholding of the Company based on the Share Entitlement Ratio shall be as under:

Category	Pre-Scheme		Post-Scheme	
	No. of shares	% Shareholding	No. of shares	% Shareholding
Promoter and Promoter Group	4,79,32,452	28.06	6,01,45,316	32.86
Public	12,28,80,048	71.94	12,28,80,048	67.14
<b>Total</b>	<b>17,08,12,500</b>	<b>100.00</b>	<b>18,30,25,364</b>	<b>100.00</b>

Given the rationale of the Scheme above, there will be no adverse effect of the said Scheme on the equity shareholders, (including promoter and non-promoter shareholders) of the Company.

#### (b) Key Managerial Personnel (KMP)

The KMPs of the Company shall continue as key managerial personnel of the Company after effectiveness of the Scheme.

Therefore, the Board, at its meeting held on 26<sup>th</sup> September 2022, after due deliberations and due consideration of all the terms of the draft Scheme, Valuation Report, Fairness Opinion and the specific points mentioned above, concluded and resolved, that the Scheme of Arrangement would be in the best interest of the Company and its shareholders (including promoter and non-promoter shareholders), key managerial personnel and other stakeholders.

**REPORT OF THE BOARD OF DIRECTORS OF MANGAL INDUSTRIES LIMITED UNDER SECTION 232(2)(C) OF THE COMPANIES ACT, 2013 IN THE MEETING HELD ON MONDAY, SEPTEMBER 26, 2022 AT TERMINAL A, 1-18/1/AMR/NR, NANAKRAMGUDA, GACHIBOWLI, HYDERABAD -500 032 EXPLAINING THE EFFECT OF THE SCHEME OF ARRANGEMENT ON EQUITY SHAREHOLDERS, KEY MANAGERIAL PERSONNEL, PROMOTERS AND NON-PROMOTER SHAREHOLDERS**

The Board of Directors ("**Board**") of Mangal Industries Limited ("**MIL**" or "**Company**") at its board meeting held on September 26, 2022 has approved the Scheme of Arrangement amongst Mangal Industries Limited ("**MIL**" or the "**Demerged Company**") and Amara Raja Batteries Limited ("**ARBL**" or the "**Resulting Company**") and their respective shareholders and creditors ("**Scheme**") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013, the rules and regulations made thereunder (including any statutory modifications or re-enactments thereof for the time being in force) ("**Companies Act**" or the "**Act**") and other applicable laws including the master circular issued by the Securities and Exchange Board of India ("**SEBI**") Master Circular No. SEBI/HO/CFD/DIL1/CIR/P/2021/000000665 dated 23 November 2021 (as amended from time to time) ("**SEBI Scheme Circular**"). The Scheme is subject to requisite approval(s) of the jurisdictional Hon'ble National Company Law Tribunal, Securities and Exchange Board of India, stock exchanges and other regulatory authorities.

The Scheme provides for the demerger of the Plastic Component for Battery Business (Demerged Undertaking) of the Company (*as defined in the scheme*) on a 'going concern basis' to the Resulting Company and in consideration, the consequent issuance of equity shares of the Resulting Company to all the shareholders of the Company in accordance with the Share Entitlement Ratio (*as defined below*) ("**Demerger**").

While deliberating on the Scheme, the Board of Directors of the Company had, *inter-alia*, considered the following:

- (a) Draft Scheme duly initialled by the Chief Financial Officer / Company Secretary of the Company for the purpose of identification.
- (b) Valuation Report dated September 26, 2022 ("**Valuation Report**") issued jointly by Mr. Niranjan Kumar, Registered Valuer – Securities or Financial Assets (Registered Valuer Registration No. IBBI/RV/06/2018/10137) and Banshi S. **OBJECT OF THE ISSUE – Not applicable as MIL is not offering securities/equity shares through an initial public offer to the public at large, pursuant to the Scheme.**

#### DETAILS OF THE SCHEME

**Brief particulars of the Scheme are as follows:**

- (a) This Scheme of Arrangement (the "Scheme" as more particularly defined hereunder) is presented under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and rules framed thereunder as may be applicable and Section 2(19AA) and other relevant provisions of the Income Tax Act, 1961 as applicable for the Demerger of the Plastic Component for Battery Business of Mangal Industries Limited into Amara Raja Batteries Limited ("Demerger").  
Plastic Component of Battery Business includes the business of manufacturing plastic components for batteries such as containers, jars, covers, small plastic parts, handles etc;

- (b) This Scheme, *inter alia*, provides for:
- i. the demerger, transfer and vesting of the Demerged Undertaking (as defined in the Scheme) from the MIL to ARBL; and
  - ii. various other matters consequential or otherwise integrally connected therewith.
- each in the manner as more particularly described in this Scheme.
- (c) Upon the Scheme becoming effective and upon the demerger of the Demerged Undertaking from MIL to ARBL, as per the terms of the Scheme, ARBL shall allot such number of shares to the shareholders of MIL as on the Record Date (as defined in the Scheme) in the following manner:
- 65 (Sixty Five) equity shares of ARBL of INR 1/- each, fully paid-up for every 74 (Seventy Four) equity shares of MIL of INR 10/- each, fully paid-up" ("Share Entitlement Ratio")*
- (d) The equity shares of ARBL to be allotted through the Scheme are proposed to be listed on BSE and National Stock Exchange, post effectiveness of the Scheme.
- (e) The Scheme is subject to the approvals and sanctions as mentioned in the Scheme.

**Rationale:**

ARBL, since its incorporation, has focussed on manufacturing of lead-acid based batteries and had strategically outsourced a few important back-end operations / functions. One such major back-end outsourced operations is manufacturing of plastic components for batteries, including that of plastic containers, jars, covers, small plastic parts, handles etc., to MIL.

MIL is engaged in various businesses such as Plastic Component for Battery Business, manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products, etc. The entire output generated from the Plastic Component for Battery Business is currently sold to ARBL.

As ARBL acquired substantial market share over a period of time in the lead acid-based battery business, the management of ARBL has strategically decided to integrate the Plastic Component for Battery Business of MIL, with its core battery manufacturing operations.

Accordingly, pursuant to the Scheme, the Plastic Component for Battery Business will be demerged into ARBL and MIL would continue to run and operate the Retained Business (as defined in the Scheme). The Scheme is being proposed with a view to simplify the existing operations between the two companies in order to increase efficiencies.

**The implementation of this Scheme will result in the following benefits:**

The backward integration is expected to enhance ARBL's control over the supply and inventory management of its raw materials. This would help with a unified approach on supply chain management and consequent synergies leading to optimization of resource utilisation, reduced operational, logistics, supervisory and overhead / utilities costs, reduce duplication of administrative efforts and better procurement policies and prices, for ARBL.

ARBL is focussed on its sustainability initiatives and accordingly, is in the process of setting up battery recycling plant. Operations in this new plant are expected to generate plastic scrap which can be used to manufacture new battery containers and covers in the facilities of Demerged Undertaking, thereby stabilising the procurement process and adding further synergies in the combined business.

The management of MIL intends to increase its focus on the Retained Business i.e., business of manufacturing of auto components (including fasteners, plastics, copper inserts / connectors and others), metal fabrication, storage solution, lead bushes and trading of various products etc. Increased focus would help in improving MIL's performance metrics leading to better value creation and growth of the Retained Business.

#### INTERNAL RISK FACTORS

The below mentioned are the key risk factors identified by the Company:

1. Company is subject to costs, risks and uncertainties, including those associated with laws and regulations in jurisdictions in which it operates, tariffs and trade relations. Breach of applicable laws and regulations, including those related to environmental, health and safety regulations could adversely affect the business, operations and reputation of the Company. New or changed laws, regulations and standards may lack specificity and are subject to varying interpretations. Their application in practice may evolve over time, as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs of compliance as a result of ongoing revisions to such corporate governance standards.

2. Any disruption of the operations of the manufacturing, design, engineering and other facilities of the Company, could materially and adversely affect the business, financial condition and results of operations of the Company.
3. If the Company is unable to anticipate, identify, understand and respond timely to rapidly evolving technological and market trends and preferences and develop new products to meet the customers' demands and to adapt to major changes and shifts in the automotive market, business operations of the Company may be materially adversely affected.
4. The Company relies on the skill and experience of its management team and other key personnel and the loss of any of these team members or the inability to attract and retain qualified personnel could have a material adverse effect on its business operations.
5. The Company's reliance on third parties for certain aspects of its business, including contract labour/ job work, transportation and logistics exposes the Company to certain risks.
6. The Company extends significant credit terms to its customers and are subject to counterparty credit risk. Any deterioration in such customers' financial position and their ability to pay or the Company's inability to extend credit in line with market practice may adversely impact the Company's profitability.
7. The Company do not have firm commitment of long-term supply agreements with its customers. If the customers choose not to source their requirements from the Company, there may be a material adverse effect on the business and results of operations.
8. The Company's insurance coverage may not adequately protect the Company against all material hazards and the policies do not cover all risks.
9. There are certain outstanding legal proceedings involving the Company. Any failure to defend these proceedings successfully may have an adverse effect on the financial conditions of the Company, business, reputation and result of ongoing operations.

Dear Sir/ Madam,

**SUB: Addendum to the Report dated September 26, 2022 on recommendation of share entitlement ratio for the proposed demerger of 'Plastic Component for Battery Business' of Mangal Industries Limited ("Demerged Undertaking") into Amara Raja Batteries Limited ("ARBL") ("the Report")**

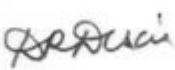

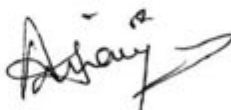

We note that in the Report, in Annexure 1A detailing the Approach to Valuation by BSM in the table for computation of Fair equity share entitlement ratio for Demerger of Demerged Undertaking of MIL into ARBL on page 14 there has been a typo error.

In row 5 of the said table, the nomenclature 'Relative Valuer per Share of (i) and (ii)[a]' should be read as 'Relative Valuer per Share (Average of (i), (ii) and (iii)) [a]'

The aforesaid does not have any effect on our recommended share entitlement ratio vide the Report.

This letter should be read in conjunction with our report and the limitations mentioned therein.

Any terms not defined in this letter shall derive their meaning from our Report.

**Sub: Recommendation of share entitlement ratio for the proposed demerger of 'Plastic Component for Battery Business' ("Demerged Undertaking") of Mangal Industries Limited ("MIL") into Amara Raja Batteries Limited ("ARBL")**

Dear Sir / Madam,

We refer to the engagement letter (s) whereby, Bansi S. Mehta Valuers LLP (hereinafter referred to as "BSM") has been appointed on September 13, 2022 and Niranjan Kumar (hereinafter referred to as "NK") has been appointed on June 18, 2022 by Amara Raja Batteries Limited (hereinafter referred to as "ARBL") and Mangal Industries Limited (hereinafter referred to as "MIL"), to recommend share entitlement ratio for the proposed demerger of 'Plastic Component for Battery Business' ('Demerged Undertaking') of MIL into ARBL on a going concern basis ("Proposed Demerger"), as more particularly provided for in the Draft Scheme of Arrangement ("Scheme").

ARBL and MIL are hereinafter jointly referred to as "the Companies" or "the Clients" and individually referred to as "Company", as the context may require.

ARBL and Demerged Undertaking shall hereinafter together be referred to as "Valuation Subjects".

BSM and NK are hereinafter jointly referred to as "Valuers" or "We" or "Us" in this report.

The share entitlement ratio for this Report refers to the number of equity shares of ARBL, which would be issued to the equity shareholders of MIL pursuant to the Proposed Demerger.

### SCOPE AND PURPOSE OF THIS REPORT

**Amara Raja Batteries Limited ('ARBL' or 'Resulting Company')** was incorporated on 13 February 1985 and is engaged in the business of manufacturing energy storage products for both industrial and automotive applications in India. The Company's products are supplied to customer groups viz., Telecom, Railways, Power Control, Solar and UPS under Industrial Battery business, and to Automobile OEMs, Replacement Market and Private Label Customers under Automotive Battery business. The Company's products are exported to various countries in the Indian Ocean Rim. The Company also provides installation, commissioning and maintenance services. The leading automotive and industrial battery brands of the Company are Amaron, PowerZone, Power Stack, AmaronVolt and Quanta. The equity shares of the Company are listed on the BSE Limited and the National Stock Exchange of India Limited.

**Mangal Industries Limited ('MIL')** was incorporated on 09 November 1990 and is engaged in various businesses such as Plastic Component for Battery Business; business of manufacturing of auto components (including fasteners, plastics, copper inserts/ connectors and others), metal fabrication, storage solution, lead bushes and trading of various products etc.. The equity shares of MIL are not listed on any stock exchange.

Demerged Undertaking of MIL means Plastic Component for Battery Business which includes the business of manufacturing plastic components for batteries such as containers, covers, handles etc. The aforesaid business shall include manufacturing facilities located at Karakambadi and manufacturing facilities located at Anara Raja Growth Corridor (ARGC) and plant and machinery of Petamitta Unit.

We understand that the Management of the Companies (hereinafter referred to as "the Management") are contemplating a scheme of arrangement, wherein they intend to demerge the Demerged Undertaking of MIL into ARBL in accordance with the provisions of Sections 230 to 232 of the Companies Act, 2013 or any statutory modifications, re-enactment or amendments thereof for the time being in force ("the Act") read with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016 ("the Rules"), as amended from time to time and all other applicable provisions, if any, of the Act and any other applicable law for the time being in force including the applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the circulars issued therein, in each case, as amended from time to time, and in a manner provided in the Draft Scheme of Arrangement ("the Scheme").

We understand that as a consideration for the Proposed Demerger, equity shares of ARBL would be issued to equity shareholders of MIL.

In this connection, ARBL and MIL have appointed BSM and NK to submit a joint report recommending the share entitlement ratio to Audit Committee / Board of Directors / any other committee formulated by the respective Companies for the Proposed Demerger (hereinafter referred to as "Report").

We would like to emphasize that certain terms of the Proposed Demerger are stated in our report, however the detailed terms of the Proposed Demerger shall be more fully described and explained in the Scheme document to be submitted with relevant authorities in relation to the Proposed Demerger. Accordingly, the description of the terms and certain other information contained herein is qualified in its entirety by reference to the underlying Scheme.

We understand that the appointed date for the Proposed Demerger shall be 01 April 2022 as defined in the Scheme or such other date as the competent authority may direct or approve.

For the purpose of this report, we have considered the Valuation Date as 25 September 2022.

The scope of our services is to conduct a relative (and not absolute) valuation exercise as at the Valuation Date to determine the equity value of Valuation Subjects and then arrive at the share entitlement ratio using internationally accepted valuation methodologies as may be applicable to Valuation Subjects and report on the same in accordance with generally accepted professional standards including ICAI Valuation Standards 2018 issued by the Institute of Chartered Accountants of India.

The Valuers have worked independently in their analysis. The Valuers have independently arrived at different values per share of the Valuation Subjects. However, to arrive at the consensus on the share entitlement ratio for the Proposed Demerger, appropriate minor adjustments, rounding-off has been done in the values arrived at by the Valuers.

We have been provided with the limited reviewed standalone/ consolidated statement of profit and loss of ARBL for three months period ended June 30, 2022 and June 30, 2021; unaudited standalone/ consolidated balance sheet of ARBL as at June 30, 2022; financial statements of Demerged Undertaking of MIL for financial year ended March 31, 2022 and three months period ended June 30, 2022 as certified by the Auditor; and audited accounts for MIL for the quarter ended June 30, 2022. We have taken into consideration the

Recommendation of share entitlement ratio for the Proposed Demerger of Demerged Undertaking of MIL into ARBL

current market parameters in our analysis and have made adjustments for additional facts made known to us till the date of our Report. The Management has informed us that there are no unusual/abnormal events in the Companies materially impacting their operating/ financial performance after June 30, 2022, until the Report Date. It may be noted that ARBL had declared dividend of INR 0.50 per share with the Record Date of July 28, 2022. Further, we have been informed by the Company that to the best of their knowledge, material information regarding the business of each of the Valuation Subjects has been disclosed to us.

We have relied on the above while arriving at share entitlement ratio for the Proposed Demerger.

We have been informed that:

- i) There would not be any capital variation in the Companies till the Scheme becomes effective, without approval of the shareholders and other relevant authorities.
- ii) Till the Scheme becomes effective, neither of the Companies would declare any substantial dividends having materially different yields as compared to the past few years.
- iii) There would be no significant variation between the draft scheme and final scheme approved and submitted with the relevant authorities.

We have been informed that, in the event either of the Companies restructure their equity share capital by way of share split/ consolidation/ issue of bonus shares/ merger/ demerger/ reduction of share capital before the Scheme becomes effective, the issue of shares pursuant to the share entitlement ratio recommended in this Report shall be adjusted accordingly to take into account the effect of any such corporate actions.

This Report is our deliverable for the above engagement.

This Report is subject to the scope, assumptions, qualifications, exclusions, limitations and disclaimers detailed hereinafter. As such, the Report is to be read in totality and not in parts and in conjunction with the relevant documents referred to therein.

#### SOURCES OF INFORMATION

In connection with this exercise, we have received/ obtained the following information about the Valuation Subjects from the Management of the respective Company:

- Annual Reports for the year ended 31 March 2022 and earlier years for ARBL and MIL.
- Financial statements for financial year ended March 31, 2022 and three months period ended June 30, 2022 for Demerged Undertaking of MIL certified by the Auditor.
- Audited financial statements of MIL for the quarter ended June 30, 2022.
- Limited reviewed unaudited standalone/ consolidated statement of profit and loss of ARBL for three months period ended June 30, 2021 and June 30, 2022.
- Unaudited standalone/ consolidated balance sheet of ARBL as on June 30, 2022.
- Shareholding pattern of ARBL as at 30 June 2022 and of MIL as at report date.
- Financial Projections of ARBL and Demerged Undertaking for the financial year to end on March 31, 2023 to 2027.
- Draft Scheme of Arrangement between the Companies pursuant to which Proposed Demerger is to be undertaken;
- Discussions with the Management to obtain requisite explanation and clarification of data provided, to inter-alia understand their perception of historical and expected future performance of ARBL and Demerged Undertaking.
- Information available in public domain and databases such as S&P Capital IQ, NSE, BSE etc.

- Other relevant information and documents for the purpose of this engagement.

During the discussions with the Management, we have also obtained explanations, information and representations, which we believed were reasonably necessary and relevant for our exercise. Besides the above information and documents, there may be other information provided by the Companies which may not have been perused by us in any detail, if not considered relevant for the defined scope. The Clients have been provided with the opportunity to review the draft report (excluding the recommended share entitlement ratio) as part of our standard practice to make sure that factual inaccuracy/omissions are avoided in our Report.

ARBL has informed us that Kotak Mahindra Capital Company Limited ("KMCC") has been appointed by ARBL to provide fairness opinion on the share entitlement ratio for the purpose of the Proposed Demerger. Further, at the request of ARBL we have had discussions with KMCC in respect of our respective valuation analysis.

### PROCEDURES ADOPTED

In connection with this exercise, we have adopted the following procedures to carry out the valuation:

- Requested and received financial and qualitative information.
- Used data available in public domain related to ARBL/ Demerged Undertaking and their peers.
- Discussions (physical/ over call) with the Management to:
  - Understand the business and fundamental factors that affect its earning-generating capability including strengths, weaknesses, opportunity and threats analysis and historical financial performance.
  - Enquire about the historical financial performance, current state of affairs, business plans, and the future performance estimates.
- Identification of suitable comparable companies in discussion with the Management.
- Undertook Industry Analysis:
  - Research publicly available market data including economic factors and industry trends that may impact the valuation.
  - Analysis of key trends and valuation multiples of comparable companies using proprietary databases subscribed by us or our network firms.
- Obtained and analysed market prices, volume data and other relevant information for ARBL.
- Obtained and analysed data of peers available in public domain, as deemed relevant by us for the purpose of the present exercise.
- Reviewed the financial projections provided by the Management for ARBL and Demerged Undertaking including understanding basis of preparation and the underlying assumptions;
- Selection of appropriate internationally accepted valuation methodology/ (ics), after deliberations and consideration to the sector in which the Valuation Subjects operate and analysis of their business operations.
- Arrived at the equity value of the Valuation Subjects in order to determine share entitlement ratio for the Proposed Demerger

**SCOPE LIMITATIONS, ASSUMPTIONS, QUALIFICATIONS, EXCLUSIONS AND DISCLAIMERS**

This Report is subject to the limitations detailed in respective engagement letters. As such, the Report is to be read in totality, and not in parts, in conjunction with the relevant documents referred to herein and in the context of the purpose for which it is made.

This Report, its contents and the results herein are specific to (i) the purpose of valuation agreed as per the terms of our engagement; (ii) the date of this Report ("Report Date"); (iii) limited reviewed unaudited standalone/ consolidated statement of profit and loss of ARBL for three months period ended June 30, 2021 and June 30, 2022; and unaudited standalone/ consolidated balance sheet of ARBL as on June 30, 2022; (iv) financial statements for financial year ended March 31, 2022 and three months period ended June 30, 2022 of Demerged Undertaking of MIL as certified by the auditor; (v) Financial projections as provided by the Management for ARBL and Demerged Undertaking and the assumptions underlying the financial projections;; (vi) accuracy of the information available in public domain with respect to the comparable companies identified including financial information; (vii) market price reflecting the fair value of the underlying equity shares of ARBL; and data detailed in the Section- Sources of Information.

Valuation analysis and results are specific to the purpose of valuation and as per the agreed terms of the respective engagements. It may not be valid for any other purpose or as of any other date. Also, it may not be valid if done on behalf of any other entity.

A valuation of this nature is necessarily based on the prevailing stock market, financial, economic and other conditions in general and industry trends in particular as in effect on and the information made available to us as of, the date hereof. This Report is issued on the understanding that the Management has drawn our attention to all the matters, which they are aware of concerning the financial position of the Companies and any other matter, which may have an impact on our opinion, on the share entitlement ratio for the Proposed Demerger. Events occurring after the date hereof may affect this Report and the assumptions used in preparing it, and we do not assume any obligation to update, revise or reaffirm this Report.

The recommendation rendered in this Report only represent our recommendation based upon information furnished by the Companies and gathered from public domain (and analysis thereon) and the said recommendation shall be considered to be in the nature of non-binding advice. Our recommendation should not be used for advising anybody to take buy or sell decision, for which specific opinion needs to be taken from expert advisors.

The decision to carry out the Scheme (including consideration thereof) lies entirely with the Management/ Board of Directors of the respective Company and the work, and the findings shall not constitute recommendation as to whether or not the Management / the Board of Directors of the Company should carry out the Scheme.

In the course of the valuation, we were provided with both written and verbal information, including market, financial and operating data. In accordance with the terms of our respective engagements, we have carried out relevant analysis and evaluations through discussions, calculations and such other means, as may be applicable and available. We have assumed and relied upon, without independently verifying (i) the accuracy of the information that was publicly available, sourced from subscribed databases; and (ii) the accuracy of information made available to us by the Companies; both of which formed a substantial basis for this Report. While information obtained from the public domain or external sources have not been verified for

authenticity, accuracy or completeness, we have obtained information, as far as possible, from sources generally considered to be reliable. We assume no responsibility for such information. Our valuation does not constitute an audit or review in accordance with the auditing standards applicable in India, accounting / financial / commercial / legal / tax / environmental due diligence or forensic/ investigation services and does not include verification or validation work. In accordance with the terms of our engagement / appointment letters and in accordance with the customary approach adopted in valuation exercises, we have not audited, reviewed, certified, carried out a due diligence, or otherwise investigated the historical financials/ financial information or individual assets or liabilities, provided to us regarding the Companies / subsidiary / associates / joint ventures / investee companies, if any. Accordingly, we do not express an opinion or offer any form of assurance regarding the truth and fairness of the financial position as indicated in such historical financials / financial statements. Also, with respect to explanations and information sought from the Companies, we have been given to understand by the Companies that they have not omitted any relevant and material factors and that they have checked the relevance or materiality of any specific information to the present exercise with us in case of any doubt. Our conclusion is based on the assumptions and information given by / on behalf of the Companies. The Management has indicated to us that they have understood that any omissions, inaccuracies or misstatements may materially affect our valuation analysis / results.

It may herein be noted that the projections are responsibility of the Management. Our scope of work does not enable us to accept responsibility for the accuracy and completeness of the information provided to us. We have, therefore, not performed any audit, or examination of any of the historical or prospective information used and therefore, we do not express any opinion with regard to the same.

The Report assumes that the Companies comply fully with relevant laws and regulations applicable in all its areas of operations unless otherwise stated, and that the Companies will be managed in a competent and responsible manner. This Report has given no consideration to matters of a legal nature, including issues of legal title and compliance with local laws, and litigation and other contingent liabilities that are not disclosed in the audited / unaudited balance sheets of the Companies / subsidiary / associates / joint ventures / investee companies, if any. No investigation of Companies' (or their investee companies) claim to title of assets has been made for the purpose of this Report and Companies' (or their investee companies) claim to such rights has been assumed to be valid. No consideration has been given to liens or encumbrances against the assets, beyond the loans disclosed in the accounts. Therefore, no responsibility is assumed for matters of a legal nature. Our conclusion of value assumes that the assets and liabilities of the Valuation Subjects, reflected in their respective latest balance sheets remain intact as of the Report Date.

This Report has been prepared for the purposes stated herein and should not be relied upon for any other purpose. Clients are the only authorized user of this Report and is restricted for the purpose indicated in the engagement letter. This restriction does not preclude the Clients from providing a copy of the report to third-party advisors whose review would be consistent with the intended use. We do not take any responsibility for the unauthorized use of this report. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the Clients or Companies, their directors, employees or agents. The Report should not be copied or reproduced without obtaining our prior written approval for any purpose other than the purpose for which it is prepared.

We accept no responsibility or any direct or indirect liability towards any third party including but not limited to any person, who may have been provided a copy of this Report for intended use in connection with the Scheme and hence, no party other than the Client shall have any recourse to us in relation to this engagement. In no event, we shall be liable for any loss, damage, cost or expense arising in any way from any acts carried out by the Companies referred herein or any person connected thereto.

We have not carried out any physical verification of the assets and liabilities of the Valuation Subjects and take no responsibility for the identification of such assets and liabilities.

This Report does not look into the business/ commercial reasons behind the Proposed Demerger nor the likely benefits arising out of it. Similarly, it does not address the relative merits of the Proposed Demerger as

compared with any other alternative business transaction, or other alternatives, or whether or not such alternatives could be achieved or are available. This report is restricted to recommendation of share entitlement ratio for the Proposed Demerger only.

We must emphasize that realization of forecasted free cash flow or the realizability of the assets at the values considered in our analysis will be dependent on the continuing validity of assumptions on which they are based. Our analysis therefore, will not, and cannot be directed to providing any assurance about the achievability of the final projections. Since the financial forecasts relate to the future, actual results are likely to be different from the projected results because events and circumstances do not occur as expected, and the differences could be material. To the extent that our conclusions are based on the forecasts, we express no opinion on achievability of those forecasts. The fact that we have considered the projections in this valuation exercise should not be construed or taken as our being associated with or a party to such projections.

Certain terms of the Proposed Demerger are stated in our report, however the detailed terms of the Proposed Demerger shall be more fully described and explained in the Scheme document to be submitted with relevant authorities in relation to the Proposed Demerger. Accordingly, the description of the terms and certain other information contained herein is qualified in its entirety by reference to the underlying Scheme.

The valuation analysis and results thereof for recommendation under this Report are governed by concept of materiality.

The fee for the engagement is not contingent upon the results reported.

We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions of or advice given by any other to the Companies. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the Companies, their directors, employees or agents.

It is understood that this analysis does not represent a fairness opinion. This report is not a substitute for the third party's own due diligence/ appraisal/ enquiries/ independent advice that the third party should undertake for his purpose.

This Report is subject to the laws of India.

Neither the Report nor its contents may be referred to or quoted in any registration statement, prospectus, offering memorandum, annual report, loan agreement or other agreement or document given to third parties, other than in connection with the purpose of determining the share entitlement ratio for the Proposed Demerger and relevant filings with regulatory authorities in this regard, without our prior written consent.

In addition, this Report does not in any manner address the price at which equity share of ARBL shall trade following announcement of the Proposed Demerger and we express no opinion or recommendation as to how the shareholders of either of the Companies should vote at any shareholders' meeting(s) to be held in connection with the Proposed Demerger. Our report and opinion/ valuation analysis contained herein is not to be construed as advice relating to investing in, purchasing, selling or otherwise dealing in securities. The Valuers will owe the responsibility only to the Board of Directors of ARBL and MIL.

#### Disclosure of Registered Valuers' Interest or Conflict, if any and other affirmative statements

We do not have any financial interest in the Clients, nor do we have any conflict of interest in carrying out this valuation, as of the date of the engagement letter till the Report Date. We further state that we are not related to the Company or their promoters, if any or their director or their relatives. Further, the information provided by the Management have been appropriately reviewed in carrying out the valuation.

### APPROACH FOR RECOMMENDATION OF SHARE ENTITLEMENT RATIO

The Scheme contemplates demerger of Demerged Undertaking of MIL into ARBL. Arriving at the share entitlement ratio for the Proposed Demerger of Demerged Undertaking into ARBL would require determining the relative value of equity shares of ARBL and Demerged Undertaking. These values are to be determined independently, but on a relative basis for the Valuation Subjects, without considering the effect of the Proposed Demerger.

Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for Proposed Demerger and our reasonable judgment, in an independent and bona fide manner.

The Valuation Approach adopted by BSM and NK is given in Annexure 1A and 1B respectively (Annexure 1A and 1B together referred to as Annexures).

### BASIS OF FAIR EQUITY SHARE ENTITLEMENT RATIO

The basis of the demerger of Demerged Undertaking of MIL into ARBL would have to be determined after taking into consideration all the factors and methods mentioned hereinabove. Though different values have been arrived at under each of the approaches/ methods as mentioned in the Annexures, for the purposes of recommending the share entitlement ratio for Proposed Demerger, it is necessary to arrive at a final value for each Valuation Subject. It is however important to note that in doing so, we are not attempting to arrive at the absolute equity values of the Valuation Subjects, but at their relative values to facilitate the determination of the share entitlement ratio. For this purpose, it is necessary to give appropriate weights to the values arrived at under each approaches/ methods applied for the present valuation exercise.

The share entitlement ratio has been arrived at on the basis of a relative equity valuation of Valuation Subjects based on the various approaches/ methods explained in the Annexures and various qualitative factors relevant to each company and the business dynamics and growth potentials of the businesses of the Valuation Subjects, having regard to information base, key underlying assumptions and limitations.

While we have provided our recommendation of the share entitlement ratio based on the information available to us and within the scope and constraints of our engagement, others may have a different opinion as to the share entitlement ratio. The final responsibility for the determination of the share entitlement ratio at which the Proposed Demerger shall take place will be with the Board of Directors of the respective Companies, who should take into account other factors such as their own assessment of the Proposed Demerger and input of other advisors.

We have independently applied approaches / methods discussed in the Annexures, as considered appropriate, and arrived at the relative value per share of the Valuation Subjects for determination of share entitlement ratio for the Proposed Demerger. To arrive at the consensus on the share entitlement ratio for the Proposed Demerger, suitable minor adjustments / rounding off have been done.

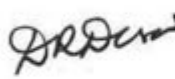

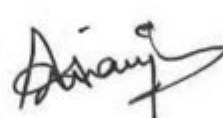

In the light of the above, and on a consideration of all the relevant factors and circumstances as discussed and outlined hereinabove, we recommend the following share entitlement ratio for the Proposed Demerger:

To the equity shareholders of MIL

**65 (Sixty-Five) equity shares of ARBL of INR 1/- each, fully paid-up for every 74 (Seventy-Four) equity shares of MIL of INR 10/- each, fully paid-up.**

It should be noted that we have not examined any other matter including economic rationale for the Proposed Demerger per se or accounting, legal or tax matters involved in the Proposed Demerger.

**Annexure IA- Approach to Valuation – BSM**

It is universally recognized that valuation is not an exact science and that estimating values necessarily involves selecting a method or approach that is suitable for the purpose.

For the purpose of arriving at valuation of the Valuation Subjects, we have considered the valuation base as 'Fair Value'. Our valuation, and this report, is based on the premise of 'going concern value'. Any change in the valuation base, or the premise could have significant impact on our valuation exercise, and therefore, this Report.

It may be noted that the Institute of Chartered Accountants of India (ICAI) on June 10, 2018, has issued the ICAI Valuation Standards ("IVS") effective for all the valuation reports issued on or after July 1, 2018. IVS are mandatory for a valuation done under the Companies Act, 2013, and recommendatory for valuation carried out under other statutes/ requirements. We have given due cognizance to the same in carrying out the valuation exercise.

IVS 301 on Business Valuations deals with valuation of a business or business ownership interest (i.e., it includes valuation of equity shares).

IVS 301 specifies that generally, the following three approaches are used for valuation of business/business ownership interest:

1. Market approach
2. Income approach
3. Cost approach

Each of the above approaches are discussed in the following paragraphs.

**1. Market Approach**

Market approach is a valuation approach that uses prices and other relevant information generated by market transactions involving identical or comparable (i.e., similar) assets, liabilities or a group of assets and liabilities. The common methodologies under the Market Approach are as under.

**a) Market Price Method:**

This method involves determining the market price of an entity based on its traded price on the stock exchange over a reasonable period of time.

Equity shares of ARBL are listed on NSE and BSE and are frequently traded. We have determined the market price of shares of ARBL based on the pricing formula mentioned under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations").

Equity shares of MIL are not listed on NSE and BSE. Hence, Market Price method has not been used to determine the value per share attributable to the Demerging Undertaking of MIL.

**b) Comparable Companies Multiple Method (“CCM”)**

This method involves valuing an asset based on market multiple of comparable companies as related to earnings, assets etc.

We have valued ARBL and the Demerged Undertaking of MIL by applying Enterprise Value to Earnings before Interest Depreciation Tax and Amortisation (EBITDA) multiple and Price to Earnings Multiple to the EBITDA and the Profit After Tax (PAT), respectively, for the trailing twelve months ended June 30, 2022.

**2. Income Approach**

Income approach is a valuation approach that converts maintainable future amounts (e.g., cash flows or income and expenses) to a single current (i.e., discounted, or capitalised) amount. An approach based on earnings is relevant in case of companies generating a steady stream of income.

We have used this approach for valuation of shares of ARBL and value per share attributed to Demerged Undertaking for which forecasts were made available to us by the Management of Valuation Subjects.

- *Estimating future free cash flows:*

Free cash flows are the cash flows expected to be generated by the company that are available to the providers of the company’s capital – both debt and equity.

- *Appropriate discount rate to be applied to cash flows i.e., the cost of capital:*

This discount rate, which is applied to the free cash flows, should reflect the opportunity cost to all the capital providers (namely shareholders and creditors), weighted by their relative contribution to the total capital of the company. The opportunity cost to the capital provider equals the rate of return the capital provider expects to earn on other investments of equivalent risk.

**3. Cost Approach:**

It is a valuation approach that reflects the amount that would be required currently to replace the service capacity of an asset (often referred to as current replacement cost). IVS 301 on Business Valuations and IVS 103 on Valuation Approaches and Methods specify that common methodologies for Cost Approach are Replacement Cost Method and Reproduction Cost Method. These methods involve determining the value of the asset based on the cost that will have to be incurred to recreate/replicate the asset with substantially the same utility as that of the asset under valuation.

In a going concern scenario earning power of a business, as reflected under the Earnings based and Market approaches, is of greater importance, with the values arrived at on the net assets basis being of limited relevance.

The replacement cost method assumes that a participant would pay no more for the asset than the cost that would be incurred to replace the asset with a substitute of comparable utility or functionality.

ARBL is a leading player in the battery manufacturing space. The Demerged Undertaking supplies components to ARBL. The Valuation Subjects have garnered substantial reputation leading to higher future prospects. Cost Approach based on the net asset value of a company would not capture the future

outlook and the growth potential of the Valuation Subjects. Therefore, we have not used cost approach to determine the value of Valuation Subjects.

**Fair Valuation:**

We have arrived at the fair value of equity shares of ARBL by applying equal weights to the value derived under CCM, Market Price Method and DCF Method and the fair value of Demerged Undertaking of MIL by applying equal weights to the value derived under CCM and DCF Method.

The value for CCM is derived under market approach based on average of Price to Earnings Multiple Method and Enterprise Value to EBITDA Multiple Method.

Attention may also be drawn to Regulation 158 of the ICDR Regulations which specifies that preferential issue of equity shares to shareholders of an unlisted entity pursuant to a National Company Law Tribunal approved scheme shall conform with the pricing provisions of preferential issue specified under Regulation 164 of the said regulations. Further, it may be noted that Regulation 164 specifies the base price for issue of shares on a preferential basis. In the Proposed Demerger, Demerged Undertaking of MIL, (MIL being an unlisted entity) is demerging into ARBL, a listed entity. We have therefore, given due cognizance to the base price derived using the formula prescribed under ICDR Regulations for determining the price used for the share entitlement ratio for Proposed Demerger.

Recommendation of share entitlement ratio for the Proposed Demerger of Demerged Undertaking of MIL into ARBL

The computation of fair equity share entitlement ratio for Demerger of Demerged Undertaking of MIL into ARBL by BSM is tabulated below:

Valuation Approach	ARBL (A)		Demerged Undertaking of MIL (B)	
	Value per Share (INR)	Weight	Value per Share (INR)	Weight
Market Price Method (i)	526.1	33.3%	NA	NA <sup>#</sup>
Comparable Companies Multiple Method (ii)	534.0	33.3%	475.1	50%
Income Approach – Discounted Cash Flow Method (iii)	594.3	33.3%	492.9	50%
Cost Approach *	NA	NA	NA	NA
Relative Value per Share of (i) and (ii) [a]	551.4		484.0	
Price per share based on ICDR Regulations [b]	526.1		NA	
Relative Value per share to be considered for Swap Ratio [ Max of [a] and [b]]	551.4		484.0	
<b>Fair Equity Share Entitlement Ratio (A:B) (Rounded)</b>	<b>65:74</b>			

NA- Not Adopted

<sup>#</sup>Market Price Method is not applicable to the Demerged Undertaking as the equity shares of MIL are not listed.

\* We have not considered it appropriate to determine the value under Cost Approach as the net asset value would not capture the future outlook and the growth potential of the Valuation Subjects.

**Annexure 1B- Approach to Valuation – NK****Basis and Premise of Valuation**

Valuation of the equity shares of ARBL and Demerged Undertaking as at the report date is carried out in accordance with ICAI Valuation Standards ("ICAI VS"), considering 'fair value' base and 'going concern value' premise. Any change in the valuation base, or the valuation premise could have a significant impact on the valuation outcome of the Companies.

**Basis of Valuation**

It means the indication of the type of value being used in an engagement. Fair Value as per ICAI VS is defined as under:

"Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the valuation date."

**Premise of Value**

Premise of Value refers to the conditions and circumstances how an asset is deployed. Valuation of the Companies is carried out on a Going Concern Value premise which is defined under ICAI VS as under:

"Going concern value is the value of a business enterprise that is expected to continue to operate in the future. The intangible elements of going concern value result from factors such as having a trained work force, an operational plant, the necessary licenses, systems, and procedures in place, etc."

It should be understood that the valuation of any company or business or its assets is inherently subjective and is subject to uncertainties and contingencies, all of which are difficult to predict and are beyond our control. In performing our analysis, we made numerous assumptions with respect to the industry performance and general business and economic conditions, many of which are beyond the control of the company.

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although, different values may exist for different purpose, it cannot be too strongly emphasized that valuers can only arrive at one value for one purpose. Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for transactions of similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of a similar nature.

The following are commonly used and accepted methods for determining the value of the equity shares of a company:

1. Market Approach:
  - a) Market Price method
  - b) Comparable Companies Market Multiple method
2. Income Approach – Discounted Cash Flow method
3. Asset Approach – Net Asset Value method

We have considered the following commonly used and accepted methods for determining the equity value of ARBL and Demerged Undertaking for the purpose of recommending share entitlement ratio for the Proposed Demerger, to the extent relevant and applicable.

The Valuation Approach adopted by NK is given on subsequent pages:

## 1. Market Approach

### a) Market Price Method

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the shares as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market.

*In the present case, equity shares of ARBL are listed on NSE and BSE, they are widely held, regularly and frequently traded with reasonable volumes on both the exchanges. We have therefore used the market price approach to value the equity shares of ARBL.*

*In the present case, we are valuing the Demerged Undertaking of MIL which does not have an independent quoted market price hence we have not used this method to arrive at the fair value of Demerged Undertaking of MIL.*

*Since in the subject case equity shares of a listed company i.e., ARBL would be issued to the shareholders of unlisted company i.e., MIL, the minimum price at which shares are to be issued is prescribed under Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2018 issued vide notification No. SEBI/LAD-NRO/GN/2018/31 dated 11 September 2018 and as amended from time to time. The regulation reads as under:*

*The price of equity shares to be issued shall be determined by Regulation 164. The relevant extract of the regulations is:*

#### **Regulation 164 (Pricing of frequently traded shares)**

*(1) If the equity shares of the issuer have been listed on a recognized stock exchange for a period of ninety trading days or more as on the relevant date, the price of the equity shares to be allotted pursuant to the preferential issue shall be not less than higher of the following:*

- (a) the 90 trading days volume weighted average price of the related equity shares quoted on the recognized stock exchange preceding the relevant date or*
- (b) the 10 trading days volume weighted average prices of the related equity shares quoted on a recognized stock exchange preceding the relevant date.*

*The relevant date for the purpose of computing the price of the equity shares of ARBL has been considered to be the date of the board meeting of ARBL approving the Scheme in accordance with the SEBI Circulars relating to schemes of arrangement. We have therefore considered the prices up to a day prior to the relevant date i.e., price up to 25 September 2022, to ensure that the price of ARBL shares being considered for the exchange are not less than the minimum price arrived under the above formula prescribed under Regulation 164.*

### b) Comparable Companies Multiples ('CCM') Method/ Comparable Transactions Multiples ('CTM') Method

Under CCM, the value of shares/ business of a company is determined based on market multiples of publicly traded comparable companies. This valuation is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. CCM applies multiples derived from similar or 'comparable' publicly traded companies. Although no two companies are entirely alike, the companies selected as comparable companies should be engaged in the same or a similar

line of business as the subject company. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

*Based on our analysis and discussion with the Management, we understand that there are broad comparable listed companies which operate in a similar line of business and have similar financial/ operating metrics as that of ARBL and Demerged Undertaking, we have therefore used CCM method to determine the equity value of ARBL and Demerged Undertaking.*

*We have accordingly considered the trading multiples of comparable companies to arrive at equity value of ARBL and Demerged Undertaking.*

Under CTM, the value of shares/ business of a company is determined based on market multiples of publicly disclosed transactions in the similar space as that of the subject company. Multiples are generally based on data from recent transactions in a comparable sector, but with appropriate adjustment after consideration has been given to the specific characteristics of the business being valued.

*Based on our analysis and discussion with the Management, we understand that there are no recent comparable transactions, data of which is available in public domain, involving companies of similar nature and having similar operating/ financial metrics as that of ARBL and Demerged Undertaking, we have therefore not used CTM to determine the equity value of ARBL and Demerged Undertaking.*

## 2. Income Approach – Discounted Cash Flow Method ('DCF')

DCF method values a business based upon the available cash flow a prudent investor would expect the subject business to generate over a given period of time. This method is used to determine the present value of a business on a going concern assumption and recognizes the time value of money by discounting the free cash flows for the explicit forecast period and the terminal value at an appropriate discount factor. Free cash flows are the cash flows expected to be generated by the company that are available for distribution to both the owners of and lenders to the business. The terminal value represents the total value of the available cash flow for all periods subsequent to the forecast period. The terminal value of the business at the end of the forecast period is estimated and discounted to its equivalent present value and added to the present value of the explicit forecast period cash flow to estimate the value of the business.

The projected free cash flows are discounted by the Weighted Cost of Capital (WACC) to arrive at the enterprise value. The WACC represents the returns required by the investors of both debt and equity weighed to their relative funding in the entity.

*ARBL and Demerged Undertaking of MIL are profit making and generate surplus cash, going forward as well, both are expected to make profits and generate surplus cash, we have therefore used DCF Method to determine the equity value of ARBL and Demerged Undertaking.*

## 3. Asset Approach - Net Asset Value Method ('NAV')

The asset-based value analysis technique is based on the value of the underlying net assets of the business, either on a book value basis or realizable value basis or replacement cost basis. This methodology is likely to be appropriate for business which derives value mainly from the underlying value of its assets rather than its earnings. This value analysis approach may also be used in case where the firm is to be liquidated i.e., it does not meet the "going concern" criteria or in case where the assets base dominates earnings capability. It is also used where the main strength of the business is its asset backing rather than its capacity or potential to earn profits.

*ARBL and Demerged Undertaking presently operate as going concern and would continue to do so for the foreseeable future and NAV Method does not value the future profit generating ability of the business, we have therefore not used this method to determine the equity value of ARBL and Demerged Undertaking.*

Recommendation of share entitlement ratio for the Proposed Demerger of Demerged Undertaking of MIL into ARBL

The computation of share entitlement ratio for demerger of Demerged Undertaking into ARBL by NK is set out below:

Valuation approach	ARBL (A) Resulting Company		Demerged Undertaking of MIL (B) Demerged Company	
	Value per share (INR)	Weights (%)	Value per share (INR)	Weights (%)
Market Approach				
-Market Price Method	526.1	33.3%	NA*	0.0%
-Comparable Companies Multiple (CCM) Method	547.2	33.3%	475.9	50.0%
Income Approach - Discounted Cash Flows (DCF) Method	605.4	33.3%	507.2	50.0%
Asset Approach - Net Asset Value (NAV) Method	NA <sup>#</sup>	0.0%	NA <sup>#</sup>	0.0%
<b>Relative value per share</b>	<b>559.6</b>	<b>(A)</b>	<b>491.6</b>	<b>(B)</b>
<b>Share entitlement ratio (Rounded Off) (B/A)</b>				<b>0.88</b>
<b>Recommended share entitlement ratio: (For every 74 equity shares)</b>				<b>65.0</b>

NA: Not Adopted

\* The Demerged Undertaking does not have an independent quoted market price, we have therefore not considered the market price method to determine the value of Demerged Undertaking.

# ARBL and the Demerged Undertaking presently operate as going concern and would continue to do so for the foreseeable future and NAV Method does not value the future profit generating ability of the business, we have therefore not used this method to determine the equity value of ARBL and Demerged Undertaking.

Our scope is restricted to providing an Opinion on the Share Entitlement Ratio as prescribed by Mr. Niranjan Kumar (Registered Valuer – Securities or Financial Assets) ("**Valuer 1**") and Bansi S. Mehta Valuers LLP (Registered Valuers) ("**Valuer 2**") in their joint valuation report dated September 26, 2022. (Valuer 1 and Valuer 2 collectively referred to as the "**Valuers**")

In arriving at our Opinion, we have reviewed (i) the joint valuation report dated September 26, 2022 issued by Valuers and (ii) the draft of the Scheme received by us and (iii) the historical financials and future projections, business information of ARBL, the Demerged Undertaking and listed stock price data of ARBL. We have also reviewed certain publicly available information which the Company has confirmed as being reasonable for the purposes of providing our fairness opinion, and have also taken into account such other matters as we deemed necessary including our assessment of general economic, market and monetary conditions. .

We have also assumed that the final Scheme will be substantially the same as the scheme discussed with and reviewed by us and that there will no material changes between the draft shared with us and the final approved scheme. Any such material changes will require us to reevaluate our opinion herein.

In addition to above, we have had discussions with members of the management of ARBL and MIL on the past and current business operations of the concerned businesses, their future prospects and operations, and have received management representation letter from ARBL dated September 26, 2022.

Further, we have had discussions with Valuers on such matters which we believed were necessary or appropriate for the purpose of issuing this Opinion.

We assume no responsibility for the legal, tax, accounting or structuring matters including, but not limited to, legal or title concerns. Title to all subject business assets is assumed good and marketable and we would urge ARBL and MIL to carry out an independent assessment of the same prior to entering into any transaction, after giving due weightage to the results of such assessment. We have further assumed that the Proposed Transaction would be carried out in compliance with applicable laws, rules and regulations.

In giving our Opinion, we have assumed and relied upon, without independent verification, the accuracy and completeness of all information supplied or otherwise made available to us either in oral or written form, discussed with or reviewed by or for us, or publicly available. We have been given to understand that all information that was relevant for the purpose of our exercise was disclosed to us. With respect to information and data relating to ARBL and MIL provided to or otherwise reviewed by or discussed with us, we have been advised by the respective managements of ARBL and MIL, and we have assumed and relied upon such advice, that such information and data were reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of ARBL and MIL as to the potential strategic implications and operational benefits anticipated to result from the Demerger and the other matters covered thereby. We have not conducted any evaluation or appraisal of any assets or liabilities of ARBL or Demerged Undertaking nor have we evaluated the solvency or fair value of ARBL or Demerged Undertaking, under any laws relating to bankruptcy, insolvency or similar matters. In addition, we have not assumed any obligation to conduct any physical inspection of the properties or facilities of ARBL or Demerged Undertaking.

Our Opinion does not factor overall economic environment risk and other risks and is purely based on the information and representations provided to us. We have not assumed the risk of any material adverse change having an impact on the businesses of ARBL, Demerged Undertaking in arriving at our final Opinion. A multitude of factors including, but not limited to, changes in demand, competition, technology, the effect of COVID 19 in India and globally, any geo-political risks, wars, insurrections and any macroeconomic conditions in India and globally can cause actual events, performance or results to differ significantly from the financial projections.

Our Opinion does not address, and we have not assessed, any matters (including any existing or potential contingent liabilities and any ongoing or threatened litigation, including taxation proceedings) which may have an impact, adverse or otherwise, on the business, operations or prospects of ARBL, MIL or their affiliates or any underlying assumptions, forecasts or views of the management of ARBL or MIL. We have relied upon and not independently verified or validated, nor do we express any opinion on, the financial, market, and technical data provided to or obtained by us or the management's views on the future businesses, operations and prospects or any underlying assumptions for the same.

We have assumed, with your consent, that the Demerger will be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary regulatory or third party approvals (including approvals of all classes of shareholders and creditors of ARBL and MIL and their respective affiliates, as applicable), consents and releases for the Demerger, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on ARBL, MIL or the contemplated benefits of the Demerger. We have further assumed that such approvals, consents and releases will be duly obtained as required pursuant to applicable laws and contractual obligations, without any delays. Representatives of ARBL have advised us, and we further have assumed, that the final terms of the Scheme will not vary from those set forth in the Draft Scheme reviewed by us. Further, we have assumed that there will not be any adverse rulings or proceedings whatsoever (whether of any court, regulatory body or otherwise) arising out of or in relation to the Demerger as contemplated by the Scheme.

Our Opinion does not address, and we have not assessed, any legal, regulatory, taxation or accounting matters. We have also assumed that all aspects of the Demerger and any other transaction contemplated in the Draft Scheme would be in compliance with applicable laws and regulations; and we have issued this Opinion on the understanding that we would not in any manner verify, or be responsible for ensuring, such compliance. Without prejudice to the generality of the foregoing, we express no opinion and have assumed that the Demerger will not trigger obligations to make open offers under the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, and accordingly we have not considered the consequences or impact on ARBL or MIL, if any such open offers are mandated, and we have also assumed that the Demerger will not result in any adverse effect on ARBL, MIL or their respective businesses, whether under tax or other laws or under the terms of any license or approval. We also have assumed, with your consent, that the Demerger will be treated as a tax-free reorganization for Indian income tax purposes.

Our Opinion is restricted to the fairness, from a financial point of view, of the Share Entitlement Ratio, as determined by the Valuers pursuant to their valuation exercise, and we express no view as to the fairness (financial or otherwise) to the holders of any other class of securities or creditors of ARBL, MIL or any of their affiliates. Our Opinion also does not address any matters otherwise than as expressly stated herein, including but not limited to matters such as corporate governance, shareholder rights or any other equitable considerations. We are not providing you with any

investment advice or recommendations in connection with the Demerger including any advice (from an investment perspective) on the suitability of the Demerger (whether structured as any single transaction or a series of transactions) or any trading strategy or any other structuring options or approach involving ARBL and MIL. Further, ARBL will remain solely responsible for the commercial assumptions on which the Opinion provided by us is based and for its decision to proceed with the Demerger. Further, our opinion does not take into account any corporate actions of any of ARBL and MIL after the date hereof, including payment of dividends. We have not made or been provided with an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of ARBL, MIL or their respective affiliates. We express no opinion as to the solvency or fair value of ARBL or MIL under any laws, or otherwise, or the realizable value of the properties or assets of ARBL MIL or their respective affiliates.

A valuation estimate for any transaction does not necessarily suggest that a market exists for the transaction. We have not made any physical inspection of the properties or assets of ARBL, MIL or their respective affiliates. We were not requested to, and we did not, participate in the negotiation or structuring of the Demerger, nor were we requested to, and we did not, solicit third party indications of interest in the possible acquisition of all or a part of MIL. We express no view as to, and our Opinion does not address, the underlying business decision of ARBL to effect the Demerger, the relative merits of the Demerger as compared to any alternative business strategies that might exist for ARBL or the effect of any other transaction in which ARBL might engage. We also express no view as to, and our Opinion does not address, the fairness (financial or otherwise) of the amount or nature or any other aspect of any compensation to any officers, directors or employees of any parties to the Demerger, or any class of such persons, relative to the Share Entitlement Ratio. We express herein no view or opinion as to any terms or other aspects of the Demerger or the Scheme (other than the Share Entitlement Ratio, as determined by Valuers pursuant to their valuation exercise, to the extent expressly specified herein). Our Opinion is necessarily based upon information available to us, and financial, stock market and other conditions and circumstances existing, as of the date hereof.

Our Opinion does not constitute a recommendation to any shareholder or creditor of ARBL or MIL as to how such shareholder or creditor should vote on the Proposed Transaction or any matter related thereto. In addition, this Opinion does not address the fairness to, or any other consideration, to the creditors or other constituencies of ARBL. We are not expressing any opinion herein as to the prices at which the equity shares of ARBL will trade following the announcement or consummation of the proposed transaction or as to the prices at which the equity shares of ARBL may be transacted.

ARBL has executed the engagement letter (the "EL") in relation to our services in connection with the delivery of this Opinion and for providing certain financial advisory services to ARBL in connection with the Transaction. We will receive fees from ARBL for these services under the EL.

We or our affiliates in the past five years may have provided, and currently maybe providing, services to ARBL and/ or MIL and/ or their affiliates unrelated to the Proposed Transaction for which we or such affiliates have received and expect to receive compensation, including, without limitation as lenders and creditors to ARBL.

In the ordinary course of business, we and our affiliates may actively trade or hold securities of companies that may be the subject matter of this transaction for our own account or for the account of our customers and, accordingly, may at any time hold long or short position in such securities. In addition, we and our affiliates maintain relationships with ARBL and its respective affiliates.

This Opinion is provided solely for the benefit of the Board of Directors of ARBL and is for the purpose of submission to the Stock Exchanges under the SEBI Master Circular No. SEBI/HO/CFD/DIL1/CIR/P/2021/0000000665 dated November 23, 2021, and shall not confer rights or remedies upon, any shareholder of ARBL, MIL or any other person including any company involved in the Scheme other than the members of the Board of Directors of ARBL and shall not be used for any other purpose. This Opinion may not be used or relied upon by nor is it issued for the benefit of any third party for any purpose whatsoever or disclosed, referred to or communicated by you (in whole or in part) except with our prior written consent in each instance. Provided however, this opinion may only be disclosed as may be required under any applicable law in India and may be kept open for inspection by shareholders of ARBL, but we take no responsibility or liability for or arising out of any such disclosure. We specifically disclaim any responsibility to any third party to whom this Opinion may be shown or who may acquire a copy of this Opinion.

The laws of India govern all matters arising out of or relating to this Opinion (including, without limitation, its interpretation, construction, performance, and enforcement).

With respect to any suit, action or any other proceedings relating to this Opinion, the courts of competent jurisdiction at India shall have exclusive jurisdiction.

On the basis of and subject to the foregoing, our work as merchant bankers, our work as described above, and other factors that we deem relevant, it is our view that, as of the date hereof, the proposed Share Entitlement Ratio prescribed by Valuers, in their joint valuation report dated September 26, 2022, is fair and reasonable from a financial point of view.

Yours faithfully,

### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
Mangal Industries Limited

Report on the Audit of the Financial Statements for 9 months ended 31<sup>st</sup> December, 2022

#### Opinion

We have audited the accompanying financial statements of **Mangal Industries Limited** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> December, 2022, Statement of Profit and Loss (including Other Comprehensive Income), Cash Flow Statement, Statement of Changes in Equity for 9 months period ended 31<sup>st</sup> December, 2022 and a summary of significant accounting policies.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> December, 2022, its profit, total comprehensive income, its cash flows and the changes in equity for 9 months period ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the recognition and measurement principles laid down in Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error,

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditors' Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's Internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Mangal Industries Limited**

**Notes to the financial statements for the Period 9 Months ended 31st December 2022**

(All amounts in ₹ lakhs, except for share data or as otherwise stated)

**1 Corporate information**

Mangal Industries Limited is a public limited company domiciled in India and incorporated under the provisions of the Companies Act applicable in India. The registered office of the company is located at Renigunta kadapa Road, Karakambadi, Tirupathi, Andhra Pradesh - 517520.

The Company is principally engaged in the business of Manufacture of Battery containers & covers, Manufacture of other fabricated metal products, Warehousing/ storage Racking and Custom Fabrication, Auto Components and Toolworks.

**2 Significant accounting policies**

**2.1 Basis of Preparation**

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments),
- employee defined benefit assets/liability recognized as the net total of the fair value of plan assets, and actuarial losses/gains, and the present value of defined benefit obligation.

The financial statements are presented in INR and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

**2.2 Summary of significant accounting policies**

**a. Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

**b. Fair value measurement**

The Company measures financial instruments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the Management present the valuation results to the Audit Committee. This includes a discussion of the major assumptions used in the valuations.

**Mangal Industries Limited**  
**Notes to the financial statements for the Period 9 Months ended 31st December 2022**  
(All amounts in ₹ lakhs, except for share data or as otherwise stated)

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions (note 27)
- Quantitative disclosures of fair value measurement hierarchy (note 34)
- Financial instruments (including those carried at amortised cost) (note 33)

**c. Foreign Currency Transaction**

The Company's financial statements are presented in INR, which is also the company's functional currency.

**Transactions and balances**

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

**d. Revenue recognition**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

**Sale of goods**

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, which is generally when the title passes to the customer, either upon shipment or upon receipt of goods by the customer. Revenue from the sale of goods is measured at the transaction price which is the consideration received or receivable, net of returns, taxes and applicable trade discounts and allowances. Revenue includes shipping and handling costs billed to the customer.

**Rendering of services**

Revenue from sale of service is recognised as the performance obligations are satisfied in accordance with the agreement/agreements with the customer.

**Contract balances**

**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (n) for details of measurement.

**Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract. Such contract liabilities are disclosed as Advances from customer in the Balance sheet.

**e. Taxes**

**Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

## **Mangal Industries Limited**

### **Notes to the financial statements for the Period 9 Months ended 31st December 2022**

(All amounts in ₹ lakhs, except for share data or as otherwise stated)

#### **Deferred tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### **Minimum Alternate Tax (MAT)**

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the concerned company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

#### **f. Property, plant and equipment**

Capital work in progress is stated at cost, net of accumulated impairment loss, if any. Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Depreciation on all Property, Plant and equipment has been provided under straight line method as per the useful lives as specified in Schedule II of Companies Act, 2013, except in case of some of the assets in which case the life of the assets has been assessed by management taking into the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, maintenance support etc.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

#### **g. Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

**Mangal Industries Limited**

**Notes to the financial statements for the Period 9 Months ended 31st December 2022**

(All amounts in ₹ lakhs, except for share data or as otherwise stated)

**h. Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

**i. Leases**

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether, (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

**j. Inventories**

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials, Consumables and spares : cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: cost includes all direct cost and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.
- Traded goods: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

**k. Impairment of non-financial assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

**Mangal Industries Limited**

**Notes to the financial statements for the Period 9 Months ended 31st December 2022**

(All amounts in ₹ lakhs, except for share data or as otherwise stated)

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss. For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Goodwill is tested for impairment annually as at each reporting date and when circumstances indicate that the carrying value may be impaired.

**l. Provisions, Contingent liabilities and Contingent Asset**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liability is disclosed for (i) Possible obligation which will be confirm only by future events not wholly within the control of the company or (ii) Present obligation arising from past event where it is not probable that an outflow of resources will be required to settle the obligation for a reliable estimate of the amount of the obligation cannot be made. The company does not recognise contingent liabilities but the same are disclosed in notes.

**m. Retirement and other employee benefits**

Retirement benefit in the form of provident fund is a defined contribution scheme. Company's contribution to Employee's Provident Fund and Employee's State Insurance are made under a defined contribution plan and are accounted at actual cost in the year of accrual. Provident Fund contribution are made to the Government administered Provident Fund towards which the company has no further obligation beyond its monthly contribution.

Company's contribution to superannuation fund in respect of employees who are members are made under a defined contribution plan, being administered by Life Insurance Corporation of India and are recognised in the Statement of Profit and Loss Account at actual cost in the year in which employees have rendered service.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Short term compensated absences are provided for based on estimates. The Company treats accumulated leave, as a long-term employee benefit for measurement purposes. Such accumulated leaves are provided for based on an actuarial valuation using the projected unit credit method at the period-end/ year-end.

(All amounts in ₹ lakhs, except for share data or as otherwise stated)

**n. Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial assets**

**i. Initial recognition and measurement**

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section (d) Revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

**ii. Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

**iii. Debt instruments at amortised cost**

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

**iv. Debt instrument at FVTOCI**

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

**v. Debt instrument at FVTPL**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

The Company has not designated any debt instrument as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

**vi. Equity investments**

All equity investments within the scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

**vii. Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset.

When the Company has transferred its rights to receive cash flows from an asset it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

**Impairment of financial assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance. The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- i) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

**Financial liabilities**

**i. Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

**ii. Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

**Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. There are no such liabilities held for trading or designated by the Company.

**Mangal Industries Limited**

**Notes to the financial statements for the Period 9 Months ended 31st December 2022**

(All amounts in ₹ lakhs, except for share data or as otherwise stated)

**Loans and borrowings**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**o. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

**p. Cash dividend**

The Company recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

**q. Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holder by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

**INDEPENDENT AUDITORS' REVIEW REPORT ON REVIEW OF INTERIM  
STANDALONE FINANCIAL RESULTS**

**TO THE BOARD OF DIRECTORS OF  
AMARA RAJA BATTERIES LIMITED**

1. We have reviewed the accompanying Standalone Unaudited Financial Results of **Amara Raja Batteries Limited** ("the Company"), for the quarter and nine months ended December 31, 2022 ("Results") included in the accompanying Statement of Unaudited Standalone and Consolidated Financial Results for the quarter and nine months ended December 31, 2022 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. The Results included in the Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, have been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Results included in the Statement, based on our review.
3. We conducted our review of the Results included in the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the Results included in the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

**INDEPENDENT AUDITORS' REVIEW REPORT ON REVIEW OF INTERIM  
CONSOLIDATED FINANCIAL RESULTS**

**TO THE BOARD OF DIRECTORS OF  
AMARA RAJA BATTERIES LIMITED**

1. We have reviewed the accompanying Consolidated Unaudited Financial Results of **Amara Raja Batteries Limited** ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), for the quarter and nine months ended December 31, 2022 ("Consolidated Results") included in the accompanying Statement of Unaudited Standalone and Consolidated Financial Results for the quarter and nine months ended December 31, 2022 ("the Statement"), being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. The Consolidated Results included in the Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, have been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Consolidated Results included in the Statement based on our review.
3. We conducted our review of the Consolidated Results included in the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Consolidated Results included in the Statement includes the results of the following entities:
  - (a) Amara Raja Batteries Limited; India (Parent)
  - (b) Amara Raja Batteries Middle East (FZE); U.A.E. [wholly-owned subsidiary of (a) above]
  - (c) Amara Raja Circular Solutions Private Limited; India [wholly-owned subsidiary of (a) above]
  - (d) Amara Raja Advanced Cell Technologies Private Limited; India [wholly-owned subsidiary of (a) above]

5. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the Consolidated Results included in the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. The Consolidated Results includes the interim financial information of three wholly-owned subsidiaries which have not been reviewed by their auditors, whose interim financial information reflects total revenue of ₹ 2.50 crores and ₹ 6.65 crores for the quarter and nine months ended December 31, 2022 respectively, total loss after tax of ₹ 0.90 crores and ₹ 1.35 crores for the quarter and nine months ended December 31, 2022 respectively, and total comprehensive loss of ₹ 0.90 crores and ₹ 1.35 crores for the quarter and nine months ended December 31, 2022 respectively, as considered in the Consolidated Results included in the Statement. According to the information and explanations given to us by the Management, these interim financial information / financial results are not material to the Group.

Our conclusion on the Consolidated Results included in the Statement is not modified in respect of our reliance on the interim financial information / financial results certified by the Management.

The responsibility for the preparation of the draft Scheme and its compliance with the relevant laws and regulations, including the Companies (Indian Accounting Standards) Rules, 2015, notified under Section 133 of the Companies Act, 2013, as applicable, read with the rules made there under and other generally accepted accounting principles in India as aforesaid, is that of the Board of Directors of the Companies involved. This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the Scheme and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances.

**Auditor's responsibility**

4. Our responsibility is only to examine and report whether the proposed accounting treatment in the books of the Resulting Company referred to in Clause 12 of the draft Scheme referred to above comply with the applicable Accounting Standards notified under Section 133 of the Companies Act, 2013, as applicable, read with the rules made there under, and Other Generally Accepted Accounting Principles in India, as applicable and did not include examination of compliance with other relevant provisions of the Companies Act, 2013 and applicable laws and regulations. Nothing contained in this revised Certificate, nor anything said or done in the course of, or in connection with the services that are subject to this revised Certificate, will extend any duty of care that we may have in our capacity of the statutory auditors of any financial statements of the Company. Further, our examination did not extend to any other parts and aspects of a legal or proprietary nature in the aforesaid draft Scheme.
5. We carried out our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016), issued by the Institute of Chartered Accountants of India (ICAI) in so far as applicable for the purpose of this revised certificate. This Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by (ICAI).
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

**Opinion**

7. The draft Scheme has been approved by the Board of Directors of the Company in its meeting held on September 26, 2022. The appointed date for the purpose of this draft scheme is April 1, 2022 or such other date as may be mutually agreed by the Board of Directors of the Companies and conveyed in writing to the National Company Law Tribunal in writing. The said appointed date mentioned in the draft scheme may precede the acquisition date as per Ind AS 103.
8. Based on our examination and according to the information and explanations given to us and considering the appointed date as referred to in paragraph 7 above, we confirm that the proposed accounting treatment contained in Clause 12 of the draft Scheme is in compliance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with circulars issued thereunder and all the applicable Indian Accounting Standards notified under the Companies Act, 2013 and other generally accepted accounting principles in India, as applicable.

**Restriction on use**

9. This revised Certificate is issued at the request of the Company pursuant to the requirements of applicable circulars issued under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, proviso to sub section 7 of Section 230 of the Companies Act, 2013 and to address the observations received by the Company from BSE Limited with respect to the Opinion not being in accordance with the checklist format which requires the statutory auditors to also confirm the compliance of the Draft Scheme with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, for onward submission to the National Company Law Tribunal, BSE Limited and National Stock Exchange of India Limited with respect to the Draft Scheme. This revised Certificate should not be used for any other purpose without our prior written consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this revised Certificate is shown or into whose hands it may come without our prior consent in writing.
