Amara Raja Energy & Mobility reports 21 % growth in revenue over previous year in Q1 FY27

Tirupati, 10 August 2026: Amara Raja Energy and Mobility Limited (ARE&M), a comprehensive solutions provider in the Energy & Mobility space, (BSE: 500008 & NSE Code: ARE&M) today, reported profit before tax of **Rs. 272 Cr** for Q1 2026-27. Revenue for Q1 FY27 stood at **Rs. 4,041 Cr** as compared to **Rs. 3,350 Cr** during Q1 FY26.

For the quarter and year ended June 30, 2026.

Rs. in crores

Particulars	Quarter ended		
	June 30, 2026	March 31, 2026	June 30, 2025
Revenue from operations	4,041	3,460	3,350
Profit before exceptional items and tax	272	252	261

Speaking on the results, **Mr. Harshavardhana Gourineni, Executive Director-Automotive and Industrial, said,** “We have begun FY27 on a strong note, with broad-based growth across all segments. The Automotive domestic business revenue grew over 20% year-on-year on the back of healthy OEM demand and double-digit growth in the aftermarket. Home Energy grew over 30% year-on-year, supported by a strong summer season, while the Industrial Battery business sustained momentum with UPS segment recording double digit revenue growth.
Our international business continued to face headwinds from geopolitical uncertainty and shifting global trade dynamics, and we are actively recalibrating our market and channel mix to build a more resilient export franchise."

Mr. Vikramadithya Gourineni, Executive Director - New Energy Business informed, "Strong growth in the stationary storage segment drove our volume performance during the quarter. We are steadily transforming into a fully integrated new energy company, with capabilities now spanning the entire value chain-from advanced cells and battery packs to chargers, power conversion technologies and energy storage systems; creating a strong platform for long-term growth."

Mr. Jayadev Galla, Chairman and Managing Director said, "Our Q1 performance demonstrates the strength of our diversified business portfolio and the resilience of our operating model. As India accelerates its transition towards a more energy-secure and self-reliant future, we continue to invest with conviction in technologies and capabilities that will define the next phase of growth. The commissioning of our Customer Qualification Plant and the steady progress of our Battery Energy Storage Systems facility and Giga Factory reinforce our commitment to building a globally competitive energy and mobility enterprise while creating sustained value for all our stakeholders."
