Press Release
For Immediate dissemination

Amara Raja Energy & Mobility reports 16% growth in revenue over previous year in Q4 FY26;

Board recommends a final dividend of ₹ 5.2 per share

Hyderabad/Tirupati, 25 May 2026: Amara Raja Energy and Mobility Limited (ARE&M), a comprehensive solutions provider in the Energy & Mobility space, (BSE: 500008 & NSE Code: ARE&M) today, reported profit before tax of **Rs. 1,307 Cr** for the financial year 2025-26.

The Revenue for FY26 stood at **Rs. 13,549 Cr** as compared to **Rs. 12,405 Cr** during FY25. The Earnings per Share (EPS) for FY26 was at **Rs. 53.02**. The Company reported revenue of **Rs. 3,460 Cr** and profit before tax (PBT) of **Rs. 433 Cr** for the Q4 of FY26.

For the quarter and year ended March 31, 2026.

Rs. in crores

Particulars	Quarter ended			Year ended	
	March 31,	Dec-31	March 31,	March 31,	March 31,
	2026	2025	2025	2026	2025
Revenue from operations	3,460	3,351	2,974	13,549	12,405
Profit before Tax	433	207	224	1,307	1,299

Amara Raja Energy & Mobility Ltd delivered a resilient performance during the last financial year amid a dynamic external environment. While volatility in raw material prices impacted margins in the Lead Acid Battery business, the Company continued to strengthen its growth trajectory, led by the rapid scale-up of its new energy business, which recorded an impressive 60% increase in revenue over the previous year.

Speaking on the results, **Mr. Harshavardhana Gourineni, Executive Director – Automotive and Industrial**, said, “In FY26, our automotive business delivered strong performance, led by OEM growth of over 20% and supported by steady momentum in the aftermarket. Our home energy business posted especially strong growth, while lithium solutions for the telecom segment continued their steady expansion. Although geopolitical developments in key Middle East markets created certain challenges, we continued to demonstrate resilience and adaptability. As a leader in the low-voltage battery segment, we remain focused on strengthening our market position through innovation, new product introductions, and enhanced customer offerings.

Mr. Vikramadithya Gourineni, Executive Director – New Energy Business, said, “Our Giga Corridor infrastructure is shaping up well. Both the R&D centre and qualification plant are under commissioning and will be operational in the next month, marking our first significant milestone for Amara Raja's Made In India cells. This will substantially accelerate our research and engineering efforts as we begin supplying commercial samples to customers in advance of our first gigafactory. We are also constructing a Battery Energy Storage Systems (BESS) plant in an accelerated manner, which is targeted to be operational by Q4. The first 2 GWh of cell manufacturing remains on track for June 2027.”

Mr. Jayadev Galla, Chairman and Managing Director, said, “Amara Raja has recorded consistent performance over the past year, underpinned by our strong leadership in the lead-acid battery business and the growing momentum of our new energy initiatives. Despite evolving geopolitical dynamics and rapid technological shifts, our focus on strategic diversification into new products and chemistries has positioned us strongly for the future. Energy storage is fundamental to India’s growth journey, and we are steadily strengthening our capabilities to emerge as the country’s leading cell-to-grid player.”

About Amara Raja Energy & Mobility Limited

Amara Raja Energy & Mobility Limited (ARE&M) encompasses a diverse range of solutions and products, which includes energy storage solutions, Lithium-ion cell manufacturing, wide range of EV chargers, Li-ion battery pack assembly, automotive and industrial lubricants, and exploration of new chemistries, among others. ARE&M is also one of the largest manufacturers of energy storage products for both industrial and automotive applications in India. Amara Raja is the preferred supplier to major telecom service providers, telecom equipment manufacturers, the UPS sector (OEM & Replacement), Indian Railways, and the Power, Oil & Gas industry segments. Amara Raja’s industrial battery brands comprise of PowerStack®, AmaronVolt® and Quanta®. The company also manufactures India’s leading automotive battery brands Amaron® and Powerzone, which are distributed through a large pan-India sales & service retail network. The company supplies automotive batteries under OE relationships to Ashok Leyland, Honda, Hyundai, Mahindra & Mahindra, Maruti Suzuki, and Tata Motors amongst others. Amara Raja’s Industrial and Automotive Batteries are exported to over 50 countries around the world.
