Commenting on results, Mr. Naresh Patel, Executive Chairman & Managing Director, Acutaas Chemicals Limited, said: *“We delivered strong revenue of ₹4,369 million, representing 42.7% year-on-year growth. The performance was led by the continued momentum in our Pharmaceutical Intermediates business, which was offset by softer performance in the Specialty Chemicals segment.*

A significant milestone during the quarter was the inauguration of our South Korea manufacturing facility ahead of schedule. The facility is equipped to produce high-purity chemicals used in photoresists, semiconductor packaging materials, etching materials and other semiconductor applications, positioning us to capitalize on opportunities in the fast-growing semiconductor ecosystem.

Improved revenue visibility and robust order pipeline gives me confidence to revise our FY27 revenue growth guidance upward from 25% to around 30%. We are also raising our EBITDA margin guidance to 38-40% range.”
