Amrutanjan Health Care Commissions New Sanitary Napkin Manufacturing Facility at Seetharampur Village, Telangana

Amrutanjan Health Care Limited has commissioned its new **Greenfield Sanitary Napkin Manufacturing Facility** at **Seetharampur Village, Shabad Mandal, Rangareddy District, Telangana**, approximately 45 km from Hyderabad. Commissioned recently, the ₹150 crore investment marks a major milestone in the company's manufacturing journey and strengthens its commitment to delivering high-quality feminine hygiene products under the **Comfy** brand.

Spread across **10 acres** with a **1.4 lakh sq. ft.** built-up area, the facility is Amrutanjan's **fifth manufacturing plant** and has been strategically located to leverage Hyderabad's strong industrial ecosystem, excellent road connectivity, skilled workforce and efficient access to key markets across India. The project also contributes to the economic development of the surrounding rural communities by creating sustainable employment opportunities.

Designed as a **state-of-the-art manufacturing facility**, the plant features **two fully automated high-speed production lines from Japan**, (we can increase the capacity on need based) **among India's fastest sanitary napkin manufacturing facilities**. With a planned annual production capacity of **700 million sanitary napkins**, the plant combines advanced automation, precision manufacturing and robust quality systems to ensure consistent product quality and operational excellence.

Amrutanjan Health Care Limited

The facility is expected to generate **200 direct** and **150 indirect employment opportunities**, supporting local talent while strengthening the regional manufacturing ecosystem.

Sustainability has been integrated into the plant's design through **rainwater harvesting, an on-site Sewage Treatment Plant (STP), waste recycling systems, and energy-efficient LED lighting**. The company also plans to incorporate **solar power** in future, reinforcing its long-term commitment to responsible manufacturing.

This investment reflects Amrutanjan Healthcare Limited's vision of building future-ready manufacturing capabilities enabling **"Make in India"** initiative. By combining advanced technology, large-scale production capacity, sustainable practices and local employment generation, the Telangana facility is well positioned to meet the growing demand for quality feminine hygiene products and strengthen Amrutanjan's leadership in the sector.
