COVID 19 – BUSINESS UPDATE

While the COVID 19 pandemic is rapidly evolving, Amrutanjan's management continues to monitor the situation closely and take measures to maintain business continuity without compromising the safety of its employees in any way.

We strictly follow the instructions given by the Central as well as the State Governments in this regard from time to time. Our employees have been permitted to work from home ever-since the announcement of lock down. All business reviews and discussions are conducted through video/audio conferencing facilities.

These are unprecedented times. We strongly believe that our zero debt and cash reserves built diligently over time will help us come out of this pandemic with a position of strength.

Also our lower priced SKUs like Rs 2 balm and Rs 22 Sanitary Napkin will see greater acceptance as people value them during these taxing times.

We continue to ensure business continuity and will hit the ground running when the government gives the green light to commence operations.

As always, the Company is actively engaged with various Government Departments & NGO's to help the Society overcome these difficult times through its CSR funding.

We sincerely hope that the current crisis resolves at the earliest and pray for the well being of our stakeholders, distributors and other business partners
