3. **BRIEF SUMMARY OF THE VALUATION AS PER VALUATION REPORT AS AT THE END OF THE HALF-YEAR:**

A. Background and Scope

The Trust appointed Mr. S Sundararaman (IBBI Registration No. IBBI/RV/06/2018/10238) as the Valuer of the Trust to undertake the enterprise valuation of the project SPVs as per the requirements of SEBI InvIT Regulations.

B. Valuation Methodology Adopted

Considering the nature of the business, the SPVs have been valued using Discounted Cash Flow ("DCF") Method under Income Approach. Under the DCF Method, the Free Cash Flow to Firm ("FCFF") has been used for the purpose of valuation of each of the SPVs. Further, the value of the SPVs would be reflected in its future earnings potential of the SPVs.

C. Valuation Summary as on Valuation Date – September 30, 2026

(₹ In Million)

Name of SPVs	WACC	Fair Enterprise Value	Fair Adjusted Enterprise Value
Dodaballapur Hoskote Highways Limited	7.34%	4,923.37	5,251.06
Repallewada Highways Limited	7.21%	5,187.15	5,349.88
Dhrol Bhadra Highways Limited	7.58%	4,445.40	4,871.85
Narenpur Purnea Highways Limited	7.21%	8,912.85	9,129.58
Viluppuram Highways Limited	7.41%	5,520.11	5,522.91
Bangalore Malur Highways Limited	7.19%	6,048.99	6,428.94
Malur Bangarpet Highways Limited	7.24%	6,596.72	6,946.69
Total		**41,634.59**	**43,500.91**

D. Valuation Conclusion:

The enterprise value of the Project SPVs of the Trust is as above, as on Valuation Date i.e. September 30, 2026.

The Valuation Report forms part of this Half-Yearly Report and is enclosed as **Annexure I** and can also be viewed on the Trust's website at www.anantamhighways.com.

4. **ANY INFORMATION OR REPORT PERTAINING TO THE SPECIFIC SECTOR OR SUB-SECTOR THAT MAY BE RELEVANT FOR AN INVESTOR TO INVEST IN UNITS OF THE INVIT:** Nil

5. DETAILS OF CHANGES DURING THE HALF YEAR ENDED SEPTEMBER 30, 2026 PERTAINING TO

a. Addition and divestment of assets including the identity of the buyers or sellers, purchase or sale prices and brief details of valuation for such transactions

During the half year ended September 30, 2026, there was no investment or divestment of assets.

Further, the Board of Directors on July 03, 2026 approved 100% acquisition of the following entities under Right of First Offer Agreement ("ROFO Agreements"), in one or more of tranches, at a consideration of up to ₹ 1893.72 crores, subject to finalisation and execution of definitive documents, approval of Unitholders and other regulatory authorities as applicable and other conditions, as applicable:

a. Bethamangala Expressway Private Limited ("BEPL");
b. DAK Package -I Expressway Private Limited ("DPEPL");
c. Katra Expressway Private Limited ("KEPL");
d. Poondiyankuppam Highways Limited ("PHL");
e. Bangarupalem Gudipala Highways Limited ("BGHL");
f. Raipur-Visakhapatnam-CG-2 Highways Limited ("RVHL");
g. Mehgama Hansdiha Highways Limited ("MHHL");

(SPVs mentioned above in point a to g are collectively referred as "**ROFO SPVs**")

The Board also approved the acquisition of above assets under tranche 1, via preferential issue. The above acquisition of ROFO Assets and the preferential issue were also approved by the Unitholders of the Trust on July 27, 2026.

Further, the Board of Directors, at its meeting held on October 22, 2026, based on review of the implementation timelines and transaction structure for the proposed acquisition of identified assets from its ROFO pipeline, the Trust has decided to defer the proposed preferential allotment of units to the Sponsor and the related assets acquisitions. The said intimation was disclosed to the stock exchanges and is also available on the Trust's website: www.anantamhighways.com.

b. Valuation of Assets and NAV (As per the valuation reports)

Please refer summary of valuation in this report as given under point 3 of this report.

Pursuant to the provisions of Regulation 10(21) of the SEBI InvIT Regulations, the NAV of the Trust was computed based on the valuation done by the Valuer and the same has been submitted with BSE Limited and National Stock Exchange of India Limited on

October 22, 2026 and is also available on the website of the Trust at www.anantamhighway.com.

The Net Asset Value of Trust as on September 30, 2026 is as follows:

(₹ In Million, unless stated otherwise)

Sr.no.	Particulars	Fair Value
1	Total Assets	43,019.64
2	Total Liabilities	18,616.03
3	Net Assets (A-B)	24,403.61
6	No. of Units	21,75,00,000
7	**NAV per unit (C/D)**	**112.20**

c. Borrowings or repayment of borrowings (standalone and consolidated)

(₹ In millions)

Particulars	For half year ended September 30, 2026	
	Standalone	Consolidated
Opening Balance as on April 01, 2026	21,047.86	21,047.86
Loans availed during the half year	0	0
Loans repaid during the half year	2,527	2,527
Less: Other Adjustments	0	0
Closing Balance as on September 30, 2026	18,520.86	18,520.86

Note : *The above borrowings excludes unamortised borrowing cost of ₹ 33.72 millions as on September 30, 2026*

d. Credit Rating

As on September 30, 2026, the credit rating obtained by the Trust were as follows:

India Ratings & Research

Sr. No.	Instrument Description	Size of Issue (INR Million)	Rating/Outlook	Rating Action	Rating Rationale
1.	Proposed Bank Loan Facilities*	INR 24,000	Provisional IND AAA/Stable	Assigned	https://anantamhighways.com/wp-content/uploads/2026/06/AHT_Credit_Rating_Intimation_29052026.pdf

1. **Involving the Trust and its Associates**

   Nil

2. **Involving Project SPVs of the Trust**

   Outstanding Civil Litigation involving Project SPVs- Nil

   Regulatory Proceedings involving Project SPVs

   Claims

   Dhrol Bhadra Highways Limited ("DBHL")

   i. DBHL, as per the concession agreement is entitled to receive completion cost remaining to be paid as biannual instalments during the operation period of 15 years commencing from the COD. The 1st instalment of annuity payments shall be due and

payable within 15 days of the 180th day of COD and the remaining instalments shall be due and payable within 15 days of completion of each of the successive six months. As such the 3rd annuity payment was due on March 24, 2025. Accordingly, DBHL submitted its annuity no. 3 payment request. The completion cost comes to ₹ 10860.00 million considering the descoped value of ₹ 149.20 million accorded vide letter dated December 10, 2024 and revised bid project cost come to ₹ 8670.80 million. After deducting the amount paid in the construction period the balance completion cost comes to ₹ 6471.30 million. Further, recently, the NHAI has forwarded the GST audit report for Signature/Acceptance of DBHL for according 'in principle' approval of NHAI. As per audit report, the impact of GST Change in Law on annuity comes to 9.2%. DBHL has given its acceptance vide letter dated February 5, 2025. Accordingly, the GST on annuities due till date is reconciled. In view of these points, DBHL submitted their claim of 3rd annuity, interest on reducing balance of completion cost and O&M payment amounting to ₹ 671.84 million. Apart from this DBHL also submitted that NHAI is yet to release bonus amount of ₹ 33.76 million. NHAI, vide its letter da ted April 1, 2025 released ₹ 500.97 million towards release of 3rd annuity as against ₹ 543.29 million recommended by the IE vide letter dated March 13, 2025. The independent engineer, vide letter dated April 16, 2025 recommended a revision of bid project cost amounting to ₹7813.20 million and bonus on early completion amounting to ₹ 30.42 million. IE vide letter dated June 20, 2025 reviewed/examined the claim of DBHL submitted vide letter dated May 22, 2025 in relation to differences in annuity payments, O&M payments and Bonus payment amounting to ₹ 162.32 million. The independent engineer also stated that the annuity payment as recommended under letter dated March 13, 2025 is reiterated to be in compliance with the concession agreement. The Authority, vide its communication dated 19.02.2026, sought certain clarifications from the Independent Engineer (IE) regarding the payment of Bonus. In response, the IE submitted its clarification on 23.03.2026 and recommended the payment of Bonus. Subsequently, the Concessionaire, in response to the Authority's observations, submitted its comments/clarifications on 30.03.2026. The matter is presently under consideration of the Authority and is awaiting its decision. This matter is still pending.

ii. DBHL vide letter dated April 10, 2024, submitted its invoice for release of bonus of ₹ 34.34 million. The independent engineer reviewed the same and recommended for release of an amount of ₹ 25.78 million vide letter dated July 2, 2024. Upon perusal of the independent engineer's recommendation, it is found that in its recommendation independent engineer has restricted the BPC to 90.20% against the head provisional completion which resulted in reduction of bonus amount. Further, while ascertaining the bonus amount, the reduction in scope is also considered by independent engineer for a n amount of ₹ 142.44 million which was revised by DBHL to ₹ 137.190 million recently and is yet to be approved by NHAI. Therefore, the independent engineer was requested to recommend the payment of bonus of ₹ 34.34 million. The Authority, vide its communication dated 19.02.2026, sought certain clarifications from the Independent Engineer (IE) regarding the payment of Bonus. In response, the IE submitted its clarification on 23.03.2026 and recommended the payment of Bonus. Subsequently, the Concessionaire, in response to the Authority's observations, submitted its comments/clarifications on

30.03.2026. The matter is presently under consideration of the Authority and is awaiting its decision. This matter is still pending.

Bangalore-Malur Highways Limited ("BMHL")

i. BMHL, in relation to payment of compensation to the landowners for shifting of EHT lines beyond PROW on behalf of NHAI, has claimed compensation from NHAI. BMHL vide letter dated September 17, 2022, conveyed the details of additional land to be acquired for shifting of EHT lines for making the land compensation and commencing the shifting works of EHT towe₹ NHAI vide letter dated December 12, 2022, requested the District Commissioner, Bangalore Rural and Kolar respectively to determine the compensation. Subsequently, NHAI vide letter dated June 8, 2023 communicated the site inspection report held on June 5, 2023. BMHL vide letter dated September 28, 2023 requested for reimbursement of the land compensation paid by BMHL along with the agreement with the land owner. NHAI vide letter dated January 17, 2024 determined the land compensation and requested BMHL to make the payment to the land owners which would get reimbursed pursuant to which, BMHL made a payment amounting to ₹ 14.57 million for land compensation and land corridor compensation by entering the agreement with the land owne₹ BMHL by letter dated July 29, 2024 intimated NHAI about the payment of the amount and requested for the reimbursement. BMHL vide letter dated March 4, 2025 requested NHAI for the reimbursement of the amount of ₹ 14.57 million along with damaged due to delayed payment amounting to ₹ 1 million. As of June 25, 2025, BMHL has received payment of ₹ 9.68 million from NHAI and is a waiting receipt of the balance amount. The matter is currently pending.

ii. BMHL, has made claims regarding the cost estimate in relation to the provision of additional work or services which are not included in the scope of the project a s per the BMHL Concession Agreement ("**Change of Scope**" or "**COS**") for monthly drone video recording a long with capturing ortho images. BMHL vide letter dated April 27, 2022 informed the Independent Engineer that the NHAI vide policy circulars dated June 10, 2021, October 10, 2021 and November 3, 2021, mandated drone video recording and submission of the same on monthly basis and capturing ortho images during construction period which would constitute a COS and submitted a cost estimate to the Independent Engineer of ₹ 1.44 million. The Independent Engineer vide letter dated October 7, 2023, requested BMHL to submit revised COS proposal. On November 6, 2023, BMHL submitted its compliance to the Independent Engineer and requested the Independent Engineer to provide recommendation for the same to NHAI. The Independent Engineer, vide letter dated December 2, 2023, recommended a cost estimate of ₹ 1.52 million including GST to NHAI. NHAI vide letter dated July 3, 2024 approved the COS proposal for mandatory drone video recording for ₹ 0.97 million. BMHL is yet to receive the amount. The matter is currently pending.

iii. BMHL vide letter dated July 15, 2026, requested issuance of the Completion Certificate under Clause 14.2. Following NHAI letters dated July 16, 2026 and September 2, 2026, a joint site inspection was held, and the status of punch list works was updated on September 21, 2026. The present IE (O&M) vide letter dated

September 25, 2026, recommended in-principle approval for processing a reduction in scope for Package-I, with a preliminary civil-cost implication of ₹ 33.20 crore .BMHL vide letter dated October 3, 2026, objected to the recommendation. As the recommendation was not withdrawn, BMHL vide letter dated October 17, 2026, issued a Notice of Dispute under Article 38, Clause 38.1.1 of the BMHL Concession Agreement, with a copy to the Chairman, NHAI. BMHL also include the dispute regarding non-reimbursement of land compensation for shifting of EHT lines beyond the PROW

Malur-Bangarpet Highways Limited ("MBHL")

i. MBHL, in relation to payment of compensation to the landowners for shifting of EHT lines beyond PROW on behalf of NHAI, has claimed compensation from NHAI. MBHL vide letter dated October 21, 2022, conveyed the details of additional land to be acquired for shifting of EHT lines for making the land compensation and commencing the shifting works of EHT tower NHAI vide letter dated December 12, 2022, requested the District Commissioner, Kolar to determine the compensation. Subsequently, NHAI vide letter dated June 8, 2023 communicated the site inspection report held on June 5, 2023. BMHL vide letter dated September 29, 2023 requested for reimbursement of the land compensation paid by MBHL along with the agreement with the land owner. NHAI vide letter dated January 17, 2024 determined the land compensation and requested MBHL to make the payment to the land owners which would get reimbursed pursuant to which, MBHL made a payment amounting to ₹ 4.12 million for land compensation and land corridor compensation by entering the agreement with the land owne₹ MBHL by letter dated July 29, 2024 intimated NHAI about the payment of the amount and requested for the reimbursement. MBHL vide letter dated March 4, 2025 requested NHAI for the reimbursement of the amount of ₹ 4.12 million along with damages due to delayed payment amounting to ₹ 0.61 million. The matter is currently pending.

ii. MBHL, has made claims regarding the cost estimate in relation to the provision of additional work or services which are not included in the scope of the project as per the MBHL Concession Agreement ("**Change of Scope**" or "**COS**") for monthly drone video recording a long with capturing ortho images. On November 7, 2023, MBHL informed the Independent Engineer that the NHAI vide policy circulars dated June 10, 2021, and November 3, 2021, which mandated drone video recording and submission of the same on monthly basis during construction period and bi-annually during O&M period will constitute a COS. MBHL also informed that NHAI vide policy circular dated October 11, 2021, which mandated capturing ortho images of the project for approximately 10% (ten percent) of the project length will also constitute a COS and submitted a cost estimate of ₹ 1.49 million. The Independent Engineer vide letter da ted January 30, 2024 recommended a cost estimate of ₹ 1.57 million including GST to NHAI. NHAI vide letter dated July 3, 2024 to MBHL approved the COS proposal for mandatory drone recording for an amount of ₹ 0.97 million excluding GST. The amount is yet to be received, and the matter is pending.

iii. MBHL vide letter dated July 15, 2026, requested issuance of the Completion Certificate under Clause 14.2. Following NHAI letters dated July 16, 2026 and

September 2, 2026, a joint site inspection was held, and the status of punch list works was updated on September 21, 2026. The present IE (O&M) vide letter dated September 25, 2026, recommended in-principle approval for processing a reduction in scope for Package-II, with a combined preliminary financial implication of ₹ 62.59 crore. Since the IE's recommendation is not as per Concession Agreement, MBHL submitted his objection vide letter No. 1546 dated 03.10.2026. As the recommendation was not withdrawn, MBHL vide letter dated October 19, 2026, issued a Notice of Dispute under Article 38, Clause 38.1.1 of the MBHL Concession Agreement to the Independent Engineer, with copies to the Regional Officer and Project Director, NHAI. MBHL also includes the dispute regarding non-reimbursement of land compensation for shifting of five EHT crossings beyond the PROW.

Dodaballapur-Hoskote Highways limited ("DHHL")

i. DHHL, in relation to release of balance payment of additional GST at the rate of 5.36% as per NHAI Circular 3.3.27/2022 dated December 23, 2022 withheld, has raised a claim to receive the balance pending amount of ₹ 10.15 million. DHHL vide letter dated July 28, 2023 had submitted the claim for RA Bill 06 COS 01. The Independent Engineer recommended the bill to NHAI and subsequently the payment was made to DHHL. However, the payment was made at an applicable GST rate of 12% instead of 18% thereby withholding an amount of ₹ 20.68 million GST applicable due to change in law. Consequently DHHL, vide letter dated October 31, 2023 filled the GST and the corresponding documents as certified by the statutory auditor requesting for the withheld amount of ₹ 20.68 million. However, NHAI released a payment of ₹ 10.55 million only. NHAI vide letter dated December 5, 2023 stated that the actual GST filled by DHHL is ₹ 10.55 million which has been reimbursed. DHHL vide letter dated August 1, 2024 clarified that NHAI considered only outward taxable supplies as per GST 3B. However credit notes with GST aggregating to ₹ 10.15 million adjusted in the section 9B- credit/debut notes (registered)- CDNR of the GST R1 and full GST due on COS-01 RA bill-06 i.e. ₹ 20.68 million was deposited with NHAI. Basis this DHHL raised a claim to receive the balance pending amount of ₹ 10.15 million. The matter is currently pending.

ii. Completion certificate issued vide IE's letter no 54740 dt 30.09.2026 with effect from 08.09.2026. Authority vide its Letter No. 2252 dated 05.09.2026 and the subsequent Independent Engineer (IE) Letter No. 831 dated 09.09.2026, wherein the Authority has unilaterally approved a Reduction in Scope (RIS) amounting to Rs. 25.29 Crore under Clause 16.6 of the Concession Agreement for the Boundary Wall. The Concessionaire categorically denies and showed its disagreement on this proposed negative financial adjustment vide its letter no 1423 dt 03.10.2026. Further, the concessionaire is ready with the proposal for submission of Notice of Dispute under Articles 38.1 and 38.2 of the Concession Agreement regarding Unilateral Reduction in Scope (RIS) of ₹25.29 Crore, Arbitrary Withholding of Annuity Payments, and Non-Certification of Executed Boundary Wall Works.

Reppallewada Highways Limited ("RHL")

i. RHL in relation to the second instalment of annuity payment which was due on October 17, 2024, as per the Concession Agreement, has submitted a claim amounting to ₹ 940.70 million vide its letter da ted September 16, 2024. NHAI vide its Policy Circular 3.3.27 dated 23rd December 2022 has introduced the applicability of the GST on the annuities and clarified that the payment of the GST on annuities shall be made as per the annexure-IV provided in the Circular. Pursuant to the Circular, RHL submitted a letter dated March 6, 2024 as per which the GST calculation as per the Circular ought to be is 15.17%. During the payment of the 1st annuity NHAI had made inappropriate payment by not considering the amount of work done in de link stretches and also withheld a n amount of ₹ 92.30 million for the rea son of dela y in a chieving the milestones a s per a settlement agreement between RHL and NHAI ("**Settlement Agreement**"). In response, RHL vide its letter dated September 9, 2024 has requested to release the balance amount of annuity and interest along with the withheld amount as per the provisions of its Concession Agreement, as cumulative payment of second instalment of annuity payment but the payment of the same is awaited. As per the peer review of GST audit report of GST claim dated March 20, 2025 the GST impact % was calculated at 10.66% as per the peer review as against the 15.17% as calculated by the concessionaire. Vide its mail dated March 26, 2025 RHL accepted the GST financial impact of 10.66% (₹ 853.80 million) This matter is currently pending.

ii. RHL vide its letter dated September 9, 2024, submitted a claim for release of damages withheld and balance interest on 1st annuity due to inappropriate method adopted by the independent engineer during annuity calculation, because of which RHL was not being paid the amount of works executed in the de link stretches up to the date of provisional competition certificate of the project from the appointed date. Further, due to such inappropriate calculation, RHL was not getting the interest on the amount invest ed in the de link stretches at the time of PCC. Additionally, NHAI during the payment of the 1st annuity had withheld the earlier released damages amount of ₹ 92.30 million. RHL ha d already submitted the balance works programme up to April 30, 2024 instead of December 31, 2023 by clearly briefing the delays that occurred in the completion of the balance works which were not revealed and not expected at the time of the execution of the Settlement Agreement. Despite these odds RHL had completed the entire length of project highway by March 30, 2024 and placed the highway commercially operational. Therefore, RHL requested to release the balance amount of 235.70 million. This matter is still pending.

Villupuram Highways Limited ("VHL")

i. In regard to VHL, on July 20, 2023, NHAI directed that the descoping of way side amenities, as per NHAI's policy circular no. 18.79 dated July 05, 2023, from the scope of work of the VHL Concession Agreement. NHAI further directed VHL to submit a cost estimate for the descoping of wayside amenities. VHL, vide letter dated August 04, 2023, submitted a cost estimate of ₹ 41.81 million. On August 21, 2023, the Independent Engineer recommended a cost estimate of ₹ 40.84 million and a revised bid project cost of ₹ 10,089.16 million. Thereafter, the project director, NHAI, vide

letter dated October 26, 2023, recommended a cost estimate of ₹ 41.27 million and a revised bid project cost of ₹ 10,088.72 million. The Independent Engineer pursuant to its letter dated March 27, 2024, to NHAI, has informed NHAI that it has verified the details of de -scoping as submitted by VHL and has submitted the detailed estimate of de-scoping. Vide letter dated November 22, 2024 NHAI communicated the in-principal approval for ₹ 207.22 million. This matter is still pending.

ii. VHL vide letter dated September 10, 2024 has submitted an application for claim of first annuity, interest on reducing balance completion cost and O&M payments amounting to ₹ 588.20 million. On request of the Independent Engineer, VHL vide its letter dated October 11, 2024 has resubmitted the revised application amounting to ₹ 581.52 million by considering the works done up to the provisional completion certificate i.e. April 4, 2024 as per the Settlement Agreement dated November 10, 2023. Subsequently, the Independent Engineer vide letter dated October 15, 2024 recommend the first annuity proposal amounting to ₹ 58.79 crores for further payment. NHAI vide its letter dated October 18, 2024 addressed to the Independent Engineer, marking VHL, requesting the Independent Engineer to work out the annuity proposal only for 27.25 km (provisional completion certificate length out of 29 km) by duly considering points in relation to finalisation of descope, penalty for non-completion of Punchlist items, as set out in the Concession Agreement, and poor maintenance of the project highway. The Independent Engineer vide letter dated October 28, 2024 recommended first annuity, interest on reducing balance completion cost and O&M payments amounting to ₹ 489.74 million. Subsequently, the Project Director vide letter dated October 29, 2024 recommended the first annuity amounting to ₹ 405.22 million to NHAI. VHL vide its letter dated November 30, 2024 has submitted comments on the first annuity payment made by NHAI in relation non-consideration of the amount of work done in the de-link stretches during calculation of bid project cost and non-consideration of price escalation on the O&M payment and has requested NHAI for the remaining amount of ₹ 118.24 million in the first annuity payment. This matter is still pending.

iii. Since the Authority has failed to provide the requisite ROW at various location and due to the reasons not attributable to the concessionaire, for non-execution of certain works, VHL (Viluppuram Highways Limited) has submitted the request for reduction in scope proposal for the incomplete works under Clause 16.6 of the Concession Agreement. The total cost of reduced scope is ₹ 3.04 crore, and the revised Bid Project Cost is ₹ 1,009.96 crore. VHL submitted that the works could not be completed solely because the Authority failed to provide hindrance-free Right of Way. Under Clause 10.3.4, the de-scope was required to be instructed by 10.12.2025 (Appointed Date + 180 days), but the Authority kept the works in abeyance as delinked Punch List items instead.

Narenpur-Purnea Highways Limited ("NPHL")

i. NHAI had requested the NPHL to provide details of the completed and actual quantity of firewood/timber for verification by an independent engineer, and additional financial implications incorporating the firewood quantity as certified by the forest department (without 40% deduction) and revised transportation cost, for

the consideration of NHAI. NHAI and NPHL were at consensus regarding the total quantity of the fuelwood. However, while according to the approval of the estimate of the Tree felling/translocation works, NHAI reduced the total quantity of the fuelwood by 40% by considering the voids in the stack which is against trade practice. Upon NPHL's request, NHAI requested clarification on fuel wood quantity and reduction of 40% fuelwood quantity from the Forest Department. The Forest Department vide its letter dated January 16, 2024 mentioned that all quantities of fuelwood are duly verified form the department after proper void deduction and there is no scope for further deduction of fuelwood quantity by 40%. Therefore, the deduction of 40% fuelwood in the estimate provided by NHAI stands null and void. NPHL vide its letter dated March 7, 2024 submitted RA Bill 03 along with withheld 40% fuelwood amounting to ₹ 19.47 million. However, upon Independent Engineer's request, NPHL vide its letter dated May 1, 2024 resubmitted the RA Bill 03 along with a comparison of details of the quantities approved by NHAI and the additional 40% firewood quantities. NPHL vide its letter submitted additional financial implication vide its letter dated September 19, 2024 and requested the Independent Engineer to review the same. The Independent Engineer vide its letter dated September 25, 2024 recommended to NHAI for its approval an estimate of tree felling work with additional financial implication amounting to ₹ 24.41 million. Additionally, NPHL vide its letter November 22, 2024 requested NHAI to expedite the approval and release the payment against RA Bill 03. NHAI, vide its letter dated March 11, 2025 approved the revised estimate for tree felling and its translocation amounting to ₹ 80.57 million. NPHL vide its letter dated April 2, 2025 submitted the revised estimate amounting to ₹ 41.61 million. The Independent Engineer vide its letter dated April 8, 2025 recommended and forwarded the payment of RA Bill 03 amounting to ₹ 37.62 million. The Authority on 03.06.2025 has released an amount of ₹ 15.71 million against the tree cutting as payment. NPHL vide its letter dated 09.09.2025 requested for release of Balance ₹ 23.14 million against tree cutting, the Authority is yet to release the payment. This matter is still pending.

ii. In relation to release of first annuity payment NPHL submitted a proposal for descoping of miscellaneous works vide its letter dated July 16, 2024 amounting ₹ 268.42 million. Further, due to non -handing over of the encumbrance free land, NPHL submitted descope proposal of balance punch list items. Subsequently, the Independent Engineer vide its letter dated August 23, 2024 recommended the descope proposal of balance of punch list items amounting to ₹ 71.23 million. The Independent Engineer, vide its letter dated October 07, 2024 revised the Bid Project Cost to ₹ 18,469.62 million. Basis the aforementioned letter, the Independent Engineer stated that the corrected completion cost of NPHL comes to ₹ 21,858.80 million. NHAI has already paid ₹ 8,839.22 million towards the achievement of the Payment Milestones. Hence, the Completion Cost remaining to be paid to the Concessionaire after deducting the amount already paid by the Authority during the Construction period amounting to be ₹ 13,01,9.58 million. NHAI vide its letter dated October 23, 2024 remitted the annuity payment, however, NPHL vide its letter dated November 22, 2024 requested for the O&M payment to be released. As per the memorandum of payment included in the letter dated March 30, 2025, NHAI declared ₹ 39.41 million payable in relation to the O&M payment which was received by NPHL as on April 1, 2025. NHAI vide letter dated April 7, 2025 remitted ₹ 1021.54

million towards 2nd annuity. O&M payment was release with the second Annuity. No payment regarding Annuity 02 pending.

iii. NPHL has made certain claims against NHAI in relation to (i) amount withheld due to submission of proof of deposition of royalty by NHAI against utilized quantity of mineral from milestones payments and seigniorage fees amounting to approximately ₹ 67.07 million; out of which ₹28.7 Crore, withheld against proof of royalty payment, has been released. The remaining ₹38.4 Crore is being withheld towards seigniorage fee. (ii) release of payment against construction of small vehicular underpass under change of scope amounting to approximately ₹ 19.86 million; (iii) submission of change of scope for underpass and construction of service road amounting to approximately ₹ 2.14 million; and (iv) release of payment on GST impact of 9.19% on first annuity payment amounting to approximately ₹ 25.12 million. NPHL has also made a claim against NTPC Farakka with NHAI vide their letter dated July 31, 2024, for balance payment in relation to fly ash transportation for an amount aggregating to ₹ 478.58 million along with interest thereupon aggregating to ₹ 161.84 million and GST aggregating to ₹ 18.67 million. NPHL vide letter dated August 2, 2025 reiterated the request for release of payment in relation to the claim against NTPC Farakka. NHAI, vide letter dated August 12, 2025, remitted ₹ 28.24 million towards royalty payments. GST impact amount is released with second Annuity Payment and NHAI has released an amount of ₹ 61.98 million on 13.06.2026 against reimbursement of GST against transportation from NTPC Farakka.

17. RISK FACTORS

1. The Trust has operating history of less than two year, which will make it difficult to accurately assess our future growth prospects.

2. The acquisition by the Trust of the Project SPVs or any other asset from third parties in the future, was subject to certain risks, which may result in damages and losses. We may not be able to recover losses arising from the acquisition of such Project SPVs from the above-mentioned parties under relevant contractual arrangements.

3. The Project SPVs may be subject to penalties and claims from the concessioning authorities and third parties during the course of operations of the Projects and may not be able to recover all operational losses from the Project Manager and/ or other contractors providing operations and maintenance services to the Projects.

4. The business and financial performance of the Trust, the operations of the projects and any future projects that the Trust may acquire, are significantly dependent on the policies

of, and relationships with, various government entities in India and could be affected if there are adverse changes in such policies or relationships.

5. Our failure and inability to identify and acquire new infrastructure assets that generate comparable revenue, profits or cash flows may have an adverse effect on our business, financial condition, cash flows and results of operations and our ability to make distributions.

6. The Valuation Report by S. Sundararaman (the "Valuer") is not an opinion on the commercial merits nor is it an opinion, express or implied, as to the future trading price of Units or the financial condition of the Trust, and the valuation of the Project SPVs contained in such Valuation Report may not be indicative of the true value of the Project SPVs.

7. The flexibility of the Trust and the Project SPVs to utilise available funds may be restricted by the escrow arrangements they are required to maintain under the concession agreements.

8. Our revenues from our Project SPVs are dependent on receiving consistent annuity income and interest on annuity income from NHAI.

9. We may be subject to inflation/deflation and interest rate risks.

10. Failure to comply with and changes in, safety, health and environmental laws and regulations in India may adversely affect the business, prospects, financial condition and results of operations of the Project SPVs.

11. Our operating expenses are dependent on the routine and periodic major maintenance obligations contained in the O&M agreement and are subject to fluctuations.

12. The operation and maintenance costs of our projects may increase due to factors beyond our control.

13. The Project SPVs have entered into concession agreements which contain certain onerous provisions and any failure to comply with such concession agreements could result in adverse consequences including penalties and the substitution of the concessionaire. The Project SPVs may incur additional costs due to change in law/ change in scope under the Concession Agreements. NHAI may not compensate the respective Project SPVs in a timely manner or at all which may have material adverse effect on our financial conditions, results of operations and cash flows.

14. The concession agreements may be terminated prematurely under certain circumstances.

15. Our Sponsor is required to maintain certain filings with respective statutory authorities. Any delay in payment of statutory dues or non-payment of statutory dues by the Sponsor may attract financial penalties from the respective authorities on the Sponsor.

16. The Project SPVs have a limited period to operate the Projects as the concession periods granted to the Project SPVs are fixed.

17. The Project SPVs, which are responsible for the operation and maintenance of the Projects under the respective concession agreements, may be directed by the relevant concessioning authority to undertake, and the Project SPVs will be obliged to perform, additional construction work.

18. The Project SPVs depend on the O&M Contractors to operate and maintain the Projects. Any delay, default or unsatisfactory performance by the O&M Contractors could adversely affect the Project SPVs' ability to effectively operate or maintain the Projects.

19. The ability of the Trust to make or maintain consistency in distributions to Unitholders depends on the financial performance of the Project SPVs and their profitability.

20. An inability to obtain, renew or maintain the required statutory and regulatory permits and approvals or to comply with the applicable laws may have an adverse effect on the business of the Project SPVs.

21. The Project SPV's financing agreements entail interest at variable rates, and any increase in interest rates may adversely affect our results of operations, financial condition and cash flows. Further, the Project SPVs are subject to restrictive covenants under their financing agreements that could limit our flexibility in managing our business or to use cash or other assets.

22. We may face limitations and risks associated with debt financing, refinancing and restrictions on investment, which may adversely affect our operations and our ability to make distributions to Unitholders.

23. Lower than expected returns on our investment in our Projects may adversely affect our financial results.

24. Failure of insurance policies to provide adequate protection against all possible risks. There can be no assurance that all risks associated with the Project SPVs are adequately insured against.

25. The cost of repairing and refurbishing existing equipment for operating, maintaining and monitoring the Projects could be significant and could adversely affect the results of operations, cash flows and financial condition of the Project SPVs.

26. The cost of implementing new technologies for monitoring our Projects could materially and adversely affect our business, financial condition and results of operations.

27. The Project SPVs and the various projects undertaken by them may be subject to legal or regulatory action and the Trust may be required to incur substantial expenses in defending any such actions and there is no assurance that the Project SPVs will be successful in defending such actions.

28. The Trust, Sponsor, Investment Manager, Project Manager and/or their respective associates, the Project SPVs, Sponsor Group and the Trustee are or may in the future, from time to time, be involved in legal proceedings, which if determined against such parties, may have an adverse effect on the reputation, business and results of operations of the Trust.

29. The Trust does not own the trademark "Anantam Highways Trust" and the associated logo to be used by it for its business and its ability to use the trademark may be impaired.

30. The Investment Manager and the Sponsor do not own the trademark "Alpha Alternatives" and the associated logo to be used by it for their business and its ability to use the trademark may be impaired.

31. The Project SPVs may be held liable for the payment of wages to the contract labourers engaged indirectly in the operations of the Trust.

32. The results of operations of the Project SPVs could be adversely affected by strikes, work stoppages or increased wage demands by the employees of the Project SPV, O&M Contractors or other sub - contractors.

33. We have entered into material related party transactions and may continue to do so in the future, which may potentially involve conflict of interests with the Unitholders.

34. The actual performance of the Trust is subject to significant business, regulatory, and tax risks, uncertainties and contingencies that could cause actual results to differ materially from the forward - looking statements in this Annual Report.

35. It may be difficult for the Trust to dispose of its non-performing assets, if any.

36. We have received credit ratings from credit rating agencies. A negative or lower rating may adversely affect our ability to raise additional financing, and the interest rates and other terms at which such additional financing is available. This in turn could in turn materially and adversely affect our business, prospects, financial condition, results of operations and cash flows

RISKS RELATING TO OUR ORGANISATION AND STRUCTURE

37. The Sponsor and its associates may be engaged in various other businesses. we cannot ensure that any impact on the various other businesses of the Sponsor and its associates will not have a detrimental impact on the functioning of the InvIT.

38. The Trust must maintain certain investment ratios which may pose additional risks.

39. We depend on the Investment Manager, the Project Manager and the Trustee to manage our business and assets, and our financial condition, results of operations and cash flows and our ability to make distributions may be harmed if the Investment Manager, Project Manager or the Trustee fail to perform satisfactorily. The rights of the Trust and the rights

of the Unitholders to recover claims against the Project Manager, the Investment Manager or the Trustee may be limited.

40. Our success depends in large part upon the Investment Manager and Project Manager, the management and personnel that they employ, and their ability to attract and retain such persons.

41. The Investment Manager has limited experience in investment management activities for an InvIT and may not be able to successfully implement its investment strategy for and Investment Objectives of the Trust or to manage the Trust's growth effectively.

42. We will depend on certain directors and key employees of the Investment Manager, the Project Manager and the Project SPVs, and such entities may be unable to retain such personnel or to replace them with similarly qualified personnel, which could have a material, adverse effect on the business, financial condition, cash flows, results of operations and prospects of the Trust and the Project SPVs.

43. DBL and its affiliates and the Sponsor Group members may be able to exercise significant influence over activities of the Trust on which Unitholders are entitled to vote. DBL's and our Sponsor Group members interests may be different from Unitholders.

44. The Investment Manager is required to comply with certain ongoing reporting and management obligations in relation to the Trust. We cannot assure you that the Investment Manager will be able to comply with such requirements.

45. The Trust may be dissolved, and the proceeds from the dissolution thereof may be less than the amount invested by the Unitholders.

46. As a shareholder of the Project SPVs, the Trust's rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of the Project SPVs.

47. Information and the other rights of Unitholders under Indian law may differ from such rights available to equity shareholders of an Indian company or under the laws of other jurisdictions.

48. Parties to the Trust are required to satisfy the eligibility conditions specified under Regulation 4 of the InvIT Regulations on an ongoing basis. We may not be able to ensure such ongoing compliance by the Sponsor, Sponsor Group, the Investment Manager, the Project Manager and the Trustee, which could result in the cancellation of the registration of the Trust .

49. We are governed by the provisions of, amongst others, the InvIT Regulations and the Securities Contracts (Regulation) Act, 1956 ("SCRA"), the implementation and interpretation of which, is evolving. The evolving regulatory framework governing infrastructure investment trusts in India may have a material adverse effect on the ability of certain categories of investors to invest in the Units, our business, financial condition and results of operations and our ability to make distributions to the Unitholders.

50. The reporting requirements and other obligations of infrastructure investment trusts under SEBI InvIT Regulations are still evolving. Accordingly, the level of ongoing disclosures made to, and the protection granted to our Unitholders may be more limited than those made to or available to shareholders of a company that has listed its equity shares upon a recognised stock exchanges in India.

51. It may be difficult for the Unitholders to remove the Trustee or the Investment Manager.

52. Unitholders will have no vote in the election or removal of Directors in the Investment Manager and will be able to remove the Investment Manager and Trustee only pursuant to a majority resolution.

RISKS RELATING TO INDIA

53. Our results may be adversely affected by future unforeseen events, such as adverse weather conditions, natural disasters, terrorist attacks or threats, future epidemics or pandemics or other catastrophic events.

54. We are exposed to risks associated with the road sector in India.

55. Our performance and growth are dependent on the factors affecting the Indian economy.

56. Changing laws, rules and regulations, including changes in legislation or the rules relating to tax regimes, legal uncertainties and the political situation in India may adversely affect our business, financial condition, results of operations and ability to make distributions to our Unitholders.

57. We may be exposed to variations in foreign exchange rates. Fluctuations in the exchange rate of the Indian Rupee with respect to the U.S. Dollar or other currencies could affect the foreign currency equivalent of the value of the Units and any distributions.

58. A decline in India's foreign exchange reserves may reduce liquidity and increase interest rates in India, which could have an adverse impact on us.

59. Social, economic and political conditions and natural disasters could have a negative effect on our business.

60. Any downgrading of India's debt rating by rating agencies could have a negative impact on our business.

61. Financial instability in other countries may cause increased volatility in Indian financial markets.

62. If inflation rises in India, increased costs may result in a decline in profits.

63. Significant differences exist between Ind AS and other accounting principles, such as IFRS, Indian GAAP and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

64. Unitholders may not be able to enforce a judgment of a foreign court against the Trust or the Investment Manager.

65. We may be affected by competition law in India and any adverse application or interpretation of the Competition Act, 2002 ("Competition Act") could adversely affect our business .

RISKS RELATING TO TAXATION

66. Changes in legislation or the rules relating to tax regimes could materially and adversely affect our business, prospects and results of operations.

67. Investors may be subject to Indian taxes arising out of capital gains on the sale of Units and on any dividend or interest component of any returns from the Units.

68. Tax laws are subject to changes and differing interpretations, which may adversely affect our operations.

69. The Trust and the Project SPVs may be subject to certain tax related risks under the provisions of the IT Act.

70. The income of the Trust in relation to which pass through status is not granted under the IT Act may be chargeable to Indian taxes.

RISKS RELATING TO THE UNITS

71. The sale or possible sale of a substantial number of Units by the Sponsor or Sponsor Group (if applicable) in the public market following the end of its lock-in requirement as prescribed under the InvIT Regulations could adversely affect the price of the Units.

72. Under Indian law, foreign investors are subject to restrictions that limit their ability to transfer or redeem Units, which may adversely impact the trading price of the Units.

73. The Units of the Trust are listed on BSE and NSE and the listing of the Units on the Stock Exchanges may not result in an active or liquid market for the Units.

74. Market and economic conditions may affect the market price and demand for the Units.

75. There is no assurance that our Units will remain listed on the stock exchanges.

76. Any future issuance of Units by us may dilute investors' Unitholding. The sale or possible sale of a substantial number of Units by the Sponsor, Sponsor Group or another significant Unitholder could adversely affect the price of the Units.

77. Rights of Unitholders under Indian law may be more limited than under the laws of other jurisdictions.

Independent Auditor's Review Report on the Unaudited Standalone Interim Financial Information of the Anantam Highways Trust for the quarter and half year ended 30th September 2026 Pursuant to the Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended

The Board of Directors of

Alpha Alternatives Fund-Infra Advisors Private Limited ("AAFIAPL") (as Investment Manager of Anantam Highways Trust)

1. We have reviewed the accompanying statement of unaudited standalone interim financial information of Anantam Highways Trust ("the Trust"), which comprises unaudited Statement of Profit and Loss (Including other comprehensive income) for the quarter and half year ended 30th September, 2026, explanatory notes thereto and the additional disclosures as required in Chapter 4 of Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated 11th July, 2025 ("SEBI Master Circular") (together referred to as the 'Statement') attached herewith, being submitted by Alpha Alternatives Fund-Infra Advisors Private Limited ("Investment Manager") pursuant to the requirements of Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended ("SEBI Regulations"), read with the SEBI Master Circular.

2. This Statement, which is the responsibility of the Investment Manager and has been approved by the Board of Directors of the Investment Manager, has been prepared in accordance with recognition and measurement principles laid down in Indian Accounting Standards 34 "Interim Financial Reporting" (Ind AS 34), as prescribed under Section 133 of the Companies Act, 2013 ("the Act") as amended read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with SEBI Master Circular and additional disclosures included in the Statement is in accordance with SEBI Master Circular. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of Investment Manager personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted and procedures performed as above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India has not disclosed the information required to be disclosed in

Note:

i. In October 2025, the Trust has made an Initial Public offer of 40,000,000 Ordinary Units at a price of Rs. 100 per Ordinary Unit (the "Offer Price"), aggregating to Rs. 4,000 million (the "Offer"). The Offer has been fully subscribed. Issue expenses of Rs 121.66 million incurred in connection with issue of units .

ii. The distributions made by AHT to its unitholders are based on the Net Distributable Cash Flows (NDCF) of AHT under the InvIT Regulations and hence part of the same includes repayment of capital as well.

Alpha Alternatives Fund-Infra Advisors Private Limited ★ Mumbai

Anantam Highways Trust
SEBI Registration Number- IN/InvIT/24-25/0031
Standalone financial information for the quarter and half year ended September, 30 2026
(All amounts in ₹ million, unless otherwise stated)

1 The unaudited standalone financial information comprises the unaudited standalone statement of profit and loss, explanatory notes thereto and the additional disclosures, as required in Chapter 4 of SEBI Master Circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated July 11, 2025. as amended, including any guidelines and circulars issued thereunder ("SEBI Circulars") of Anantam Highways Trust ("Trust") for the quarter and half year ended September 30, 2026 ("Standalone financial information" or "statement") which have been reviewed by the Audit Committee and approved by the Board of Directors of Alpha Alternatives Fund Infra Advisors Private Limited ('Investment Manager of the Trust') at their meeting held on October 22, 2026.

2 The standalone financial information has been prepared in accordance with the recognition and measurement principles prescribed under Indian Accounting Standard 34 - Interim Financial Reporting (Ind AS 34) read with rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") (as amended) and other accounting principles generally accepted in India to the extent not inconsistent with SEBI (InvIT) Regulations, 2014 as amended and relevant SEBI Circulars except presentation of "Unit Capital as "Equity" instead of compound financial instruments under Ind AS 32- Financial Instruments: Presentation (Refer note 6). However, it is not a complete or condensed set of financial statements under Ind AS 34 since it does not include various disclosures required by Ind AS 34 as the requirement of preparing financial information is primarily governed by InvIT Regulations.

The standalone financial results for the quarter ended September 30, 2026 and September 30, 2025 are balancing figures of unaudited standalone financial results for the half year ended September 30, 2026 and September 30, 2025 and unaudited standalone financial results for the quarter ended June 30, 2026 and June 30, 2025 respectively.

The Trust's standalone financial information has been prepared using the same accounting policies as those used to prepare its standalone financial statements for the year ended March 31 , 2026.

3 During the year ended March 31, 2026 the Trust has made an Initial Public offer of 40,000,000 Ordinary Units at a price of Rs. 100 per Ordinary Unit (the "Offer Price"), aggregating to Rs.4,000 million (the "Offer"). The Offer has been fully subscribed. Further, the Trust got listed on the recognised Stock Exchanges (BSE & NSE) in India on October 16, 2025. The proceeds from the fresh issue (net of unit issue expenses) have been utilized for providing loans to the Project Special Purpose Vehicle ('SPV's') for repayment of loans availed by the Project SPV's.

On October 10, 2025 (on the date of closing under the Share Purchase Agreements ("SPA")), the Trust has acquired the entire equity shareholding of each of the following SPVs from the respective shareholders pursuant to the SPAs in exchange of 177,500,000 Ordinary Units of Rs. 100 each amounting to Rs. 17,750 million.

Sr. No.	Name of the SPVs
1	Bangalore Malur Highways Limited (BMHL)
2	Dhrol Bhadra Highways Limited (DBHL)
3	Dodaballapur Hoskote Highways Limited (DHHL)
4	Malur Bangarpet Highways Limited (MBHL)
5	Narenpur Purnea Highways Limited (NPHL)
6	Repallewada Highways Limited (RHL)
7	Villupurram Highways Limited (VHL)

4 Investment manager fee has been considered based on the Investment Management Agreement dated July 25, 2024 and amended Investment Management Agreement dated August 1, 2025 and August 29, 2025. The Management Fee will be up to :
(i) 2.01% of gross revenue payable at the end of every financial quarter, as defined in the Investment Management Agreement, of all the Project SPVs;
(ii) A one time fee of 0.5% of the enterprise value of assets acquired by the Trust other than (a) the Project SPVs and (b) any assets that are acquired by the Trust from Dilip Buildcon Limited. Such fee is payable after completion of acquisition of the asset by the Trust.

Alpha Alternatives Fund-Infra Advisors Private Limited ★ Mumbai

5 The details of declaration & payment of distribution for the quarter and half year ended September 30 , 2026 is given as under:

Date of declaration	August 11, 2026	May 19, 2026
Distribution in the form of :		
- Interest (₹ Per unit)	1.1508	0.4141
- Dividend (₹ Per unit)	1.3464	2.0828
- Other income (₹ Per unit)	0.0028	0.0031
Distribution (₹ Per unit)	2.5000	2.5000
Distribution amount (₹ in Million)	543.75	543.75
Date of payment	August 19, 2026	May 27, 2026

The Board of Directors of the Investment Manager approved a distribution of Rs 2.75 per unit for the quarter ended September 30, 2026 to be paid within five working days from the record date.

Date of declaration	October 22, 2026
Distribution in the form of :	
- Interest (₹ Per unit)	0.6082
- Dividend (₹ Per unit)	0.3494
- Other income (₹ Per unit)	0.0030
- Capital repayment (₹ Per unit)	1.7894
Distribution amount (₹ Per unit)	2.7500

6 The Investment Manager assesses the carrying value of investments in subsidiaries for impairment on a periodic basis. Based on valuation conducted by Independent External Valuation expert, the management has assessed and concluded that the recoverable value of investments in certain subsidiaries is less than their carrying value. The recoverable amount of the investments in subsidiaries has been computed based on value-in-use calculations for the underlying projects (based on a discounted cash flow model). The valuation exercise considers various factors, including cash flow projections comprising annuity, interest on annuity, future operating income and costs, as well as interest rates, discount rates, risk premiums for market conditions, etc. Based on the above assessment, the Investment Manager has recorded impairment of investments in these standalone financial results, representing the difference between the carrying value and recoverable value, amounting to ₹448.64 million for the quarter and half year ended September 30, 2026 (June 30, 2026 : Rs Nil, September 30, 2025: Rs Nil and March 31, 2026 : Rs Nil).

7 The Trust has received final credit ratings of "IND AAA/Stable" from India Ratings as on May 29, 2026 and "ICRA AAA/Stable" from ICRA Limited as on May 29, 2026.

8 Under the provisions of the InvIT Regulations, the Trust is required to distribute to unitholders not less than 90% of the Net Distributable Cash Flows of the Trust for each financial year. Accordingly, Unit Capital contains a contractual obligation of the Trust to pay cash to its Unitholders. Hence, in accordance with Ind AS 32 - Financial Instruments: Presentation. the Unit Capital contains a liability element which should be classified and treated accordingly. However, para 3.3.6 of Chapter 3 and para 4.2.3(a) of Chapter 4 of the SEBI Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated July 11, 2025, (as amended time to time) issued under the InvIT Regulations. requires the Unit Capital in entirety to be presented/classified as "Equity", which is at variance from the requirements of Ind AS 32. In order to comply with the aforesaid SEBI requirements, the Trust has presented Unit Capital as Equity in this standalone financial information. Consistent with Unit Capital being classified as equity, any distributions to unitholders are also being presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of Investment Manager.

9 Non-Applicability of Certain Disclosures

As per the SEBI Master Circular for Infrastructure Investment Trusts (InvITs) dated July 11, 2025, certain financial disclosures are required to be presented by listed InvITs. However, given that the Trust's acquisition of SPVs and listing both occurred in October 2025, these disclosures were not applicable for the period ended September 30, 2025 as detailed below:

Net Distributable Cash Flows (NDCF)

The Trust had not commenced commercial operations or received any cash inflows from its SPVs prior to listing. Since NDCF is computed based on actual cash receipts and expenses at the Trust level, there were no distributable cash flows to be reported for the period from April 01, 2025 to September 30, 2025.

As the InvIT did not have any issued unit capital as at September 30, 2025, and had incurred expenses primarily towards the establishment and setup of the InvIT, the disclosure of Earnings per Unit (EPU) is not applicable for the given periods.

Anantam Highways Trust
SEBI Registration Number- IN/InvIT/24-25/0031
Standalone financial information for the quarter and half year ended September, 30 2026

Independent Auditor's Review Report on Unaudited Consolidated Interim Financial Information of Anantam Highways Trust for the quarter and half year ended 30th September, 2026, Pursuant to the Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended

The Board of Directors of

Alpha Alternatives Fund-Infra Advisors Private Limited ("AAFIAPL") (as Investment Manager of Anantam Highways Trust)

Introduction

1) We have reviewed the accompanying statement of unaudited consolidated interim financial information of Anantam Highways Trust ("the Trust") and its subsidiaries (the Trust and its subsidiaries together referred to as "the Group") which comprises unaudited consolidated Statement of Profit and Loss (Including other comprehensive income) for the quarter and half year ended 30th September, 2026, explanatory notes thereto and the additional disclosures as required in Chapter 4 of Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated 11th July, 2025 ("SEBI Master Circular") (together referred to as the 'Statement') being submitted by Alpha Alternatives Fund-Infra Advisors Private Limited ("Investment Manager") pursuant to the requirements of Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended ("SEBI Regulations"), read with the SEBI Master Circular.

2) This Statement, which is the responsibility of the Investment Manager of the Trust and has been approved by the Board of Directors of the Investment Manager of the Trust, has been prepared in accordance with recognition and measurement principles laid down in Indian Accounting Standards 34 "Interim Financial Reporting" (Ind AS 34), as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with relevant rules issued thereunder, other accounting principles generally accepted in India and in compliance with the SEBI Master Circular and additional disclosures included in the Statement is in accordance with SEBI Master Circular. Our responsibility is to express a conclusion on the Statement based on our review.

Scope of Review

3) We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by The Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of Investment Manager personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

   We also performed the procedures in accordance with regulation 13(2)(e) of the SEBI Regulations, to the extent applicable.

4) The Statement includes the results of the entities as mentioned in the Annexure 'A' to this Report.

Conclusion

5) Based on our review conducted and procedure performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 ("the act") and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 23 of the SEBI Regulations as amended, read with the SEBI Master Circular, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Other Matter

6) We did not review the unaudited interim financial information and other disclosures of two subsidiaries included in the consolidated unaudited interim financial information, whose interim financial information reflect total revenues of Rs.1,225.52 millions, total net profit / (loss) after taxes of Rs. 153.96 millions and total comprehensive income of Rs. 153.96 millions for the half year ended 30th September, 2026, as considered in the Statement.

These interim financial information has been reviewed by other auditor whose reports have been furnished to us by the investment manager and our conclusion on the information, in so far as it relates to the amounts and disclosure included in respect of these subsidiaries, is based solely on the reports of other auditor and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the statement is not modified in respect of the above matters.

Alpha Alternatives Fund-Infra Advisors Private Limited ★ Mumbai

Anantam Highways Trust
SEBI Registration Number- IN/InvIT/24-25/0031
Consolidated financial information for the quarter and half year ended September 30, 2026
(All amounts in ₹ million, unless otherwise stated)

1 The consolidated unaudited financial information comprises of the Consolidated Unaudited Statement of Assets and Liabilities, Consolidated Unaudited Statement of Profit and Loss, Consolidated Unaudited Statement of Changes in Unitholders' Equity, Consolidated Unaudited Statement of Cash Flows, Consolidated Unaudited Statement of Net Assets at Fair Value, Consolidated Unaudited Statement of Total Returns at Fair Value, Statement of Net Distributable Cash Flows of the Trust and its subsidiaries, explanatory notes thereto and the additional disclosures, as required in Chapter 4 of SEBI Master Circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated July 11, 2025. as amended, including any guidelines and circulars issued thereunder ("SEBI Circulars") of Anantam Highways Trust ("Trust") for the quarter and half year ended September 30, 2026 ("Consolidated financial information" or "statement") which have been reviewed by the Audit Committee and approved by the Board of Directors of Alpha Alternatives Fund Infra Advisors Private Limited ('Investment Manager of the Trust') at their meeting held on October 22, 2026.

2 The consolidated financial information has been prepared in accordance with the recognition and measurement principles prescribed under Indian Accounting Standard 34 - Interim Financial Reporting (Ind AS 34) read with rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") (as amended) and other accounting principles generally accepted in India to the extent not inconsistent with SEBI (InvIT) Regulations, 2014 as amended and relevant SEBI Circulars except presentation of "Unit Capital as "Equity" instead of compound financial instruments under Ind AS 32- Financial Instruments: Presentation (Refer note 8). However, it is not a complete or condensed set of financial statements under Ind AS 34 since it does not include various disclosures required by Ind AS 34 as the requirement of preparing financial information is primarily governed by InvIT Regulations.

The consolidated financial results for the quarter ended September 30, 2026 and September 30, 2025 are balancing figures of unaudited consolidated financial results for the half year ended September 30, 2026 and September 30, 2025 and unaudited consolidated financial results for the quarter ended June 30, 2026 and June 30, 2025 respectively.

The Trust's consolidated financial information has been prepared using the same accounting policies as those used to prepare its consolidated financial statements for the year ended March 31, 2026.

3 During the FY 2025-26, in October 2025, the Trust has made an Initial Public offer of 40,000,000 Ordinary Units at a price of Rs. 100 per Ordinary Unit (the "Offer Price"), aggregating to Rs. 4,000 million (the "Offer"). The Offer has been fully subscribed. Further, the Trust got listed on the recognised Stock Exchanges (BSE & NSE) in India on 16 October 2025. The proceeds from the fresh issue (net of unit issue expenses) have been utilized for providing loans to the Project SPV's for repayment of loans availed by the Project Special Purpose Vehicle (SPV's).

On October 10, 2025 (on the date of closing under the Share Purchase Agreements ("SPA")), the Trust, acting through the Trustee, has acquired the entire equity shareholding of each of the following SPV's from the respective shareholders pursuant to the SPA's in exchange of 177,500,000 Ordinary Units of Rs. 100 each amounting to Rs. 17,750 million.

Sr. No.	Name of the SPV's
1	Bangalore Malur Highways Limited (BMHL)
2	Dhrol Bhadra Highways Limited (DBHL)
3	Dodaballapur Hoskote Highways Limited (DHHL)
4	Malur Bangarpet Highways Limited (MBHL)
5	Narenpur Purnea Highways Limited (NPHL)
6	Repallewada Highways Limited (RHL)
7	Vilupurram Highways Limited (VHL)

4 Pursuant to the approval of Board of Directors of the Investment Manager, the Trust has appointed Anantam Highways Project Manager Private Limited as Project Manager for all Project SPVs. As per the Project Implementation and Management Agreement dated September 19, 2025 entered into amongst the Trustee, the Project Manager, the Investment Manager and the relevant Project SPVs, read together with the O&M agency appointment letters dated September 20, 2025., the Project Manager is entitled to fees at 0.87% of gross revenue of each SPV per annum plus Goods and Services Tax at rate as applicable.

5 Investment manager fee has been considered based on the Investment Management Agreement dated July 25, 2024 and amended Investment Management Agreement dated August 1, 2025 and August 29, 2025. The Management Fee will be up to :
(i) 2.01% of gross revenue payable at the end of every financial quarter, as defined in the Investment Management Agreement, of all the Project SPVs;
(ii) A one time fee of 0.5% of the enterprise value of assets acquired by the Trust other than (a) the Project SPVs and (b) any assets that are acquired by the Trust from Dilip Buildcon Limited. Such fee is payable after completion of acquisition of the asset by the Trust.

6 The details of declaration & payment of distribution for the quarter and half year ended September 30 , 2026 is given as under:

Date of declaration	August 11, 2026	May 19, 2026
Distribution in the form of :		
- Interest (₹ Per unit)	1.1508	0.4141
- Dividend (₹ Per unit)	1.3464	2.0828
- Other income (₹ Per unit)	0.0028	0.0031
Distribution (₹ Per unit)	2.5000	2.5000
Distribution amount (₹ in Million)	543.75	543.75
Date of payment	August 19, 2026	May 27, 2026

The Board of Directors of the Investment Manager approved a distribution of Rs 2.75 per unit for the quarter ended September 30, 2026 to be paid within five working days from the record date.

Date of declaration	October 22, 2026
Distribution in the form of :	
- Interest (₹ Per unit)	0.6082
- Dividend (₹ Per unit)	0.3494
- Other income (₹ Per unit)	0.0030
- Capital repayment (₹ Per unit)	1.7894
Distribution amount (₹ Per unit)	2.7500

7 The Trust has received final credit ratings of "IND AAA/Stable" from India Ratings as on May 29, 2026 and "ICRA AAA/Stable" from ICRA Limited as on May 29, 2026.

8 Under the provisions of the InvIT Regulations, the Trust is required to distribute to unitholders not less than 90% of the Net Distributable Cash Flows of the Trust for each financial year. Accordingly, Unit Capital contains a contractual obligation of the Trust to pay cash to its Unitholders. Hence, in accordance with Ind AS 32 - Financial Instruments: Presentation. the Unit Capital contains a liability element which should be classified and treated accordingly. However, para 3.3.6 of Chapter 3 and para 4.2.3(a) of Chapter 4 of the SEBI Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated July 11, 2025, (as amended time to time) issued under the InvIT Regulations. requires the Unit Capital in entirety to be presented/classified as "Equity", which is at variance from the requirements of Ind AS 32. In order to comply with the aforesaid SEBI requirements, the Trust has presented Unit Capital as Equity in this standalone financial information. Consistent with Unit Capital being classified as equity, any distributions to unitholders are also being presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of Investment Manager.

9 Non-Applicability of Certain Disclosures

As per the SEBI Master Circular for Infrastructure Investment Trusts (InvITs) dated July 11, 2025, certain financial disclosures are required to be presented by listed InvITs. However, given that the Trust's acquisition of SPVs and listing both occurred in October 2025, these disclosures were not applicable for the period ended September 30, 2025 as detailed below:

Net Distributable Cash Flows (NDCF)

The Trust had not commenced commercial operations or received any cash inflows from its SPVs prior to listing. Since NDCF is computed based on actual cash receipts and expenses at the Trust level, there were no distributable cash flows to be reported for the period from April 01, 2025 to September 30, 2025.

As the InvIT did not have any issued unit capital as at September 30, 2025, and had incurred expenses primarily towards the establishment and setup of the InvIT, the disclosure of Earnings per Unit (EPU) is not applicable for the given periods.

Note:

i. The reserves set aside primarily represent amounts earmarked by the SPV to meet identified obligations, including the payment of project management expenses, other contractual obligations and statutory dues together with the Debt Service Reserve account and interest and principal repayment mandated under the loan agreement, originally executed between the Trust and the external lender, to which the Project SPVs are parties , for borrowings undertaken by Trust as of September 30, 2026. (net of reversal for previous year).

ii. In accordance with the SEBI circular no. Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated 11 July 2025, 90% distribution under regulation 18(6) needs to be computed by taking together the 10% retention done at SPV level. Accordingly, the SPV has ensured the same. During the quarter ended June 30, 2026, the SPV has distributed Rs. 9.83 million of retention done for the earlier periods at SPV level.

(-) any reserve required to be created under the terms of, or pursuant to the obligations arising in accordance with, any: (i) loan agreement entered with banks / financial institution from whom the Trust or any of its SPVs/ HoldCos have availed debt, or (ii) terms and conditions, covenants or any other stipulations applicable to debt securities issued by the Trust or any of its SPVs/ HoldCos, or (iii) terms and conditions, covenants or any other stipulations applicable to external commercial borrowings availed by the Trust or any of its SPVs/ HoldCos, or (iv) agreement pursuant to which the SPV/ HoldCo operates or owns the infrastructure asset, or generates revenue or cashflows from such asset (such as, concession agreement, transmission services agreement, power purchase agreement, lease agreement, and any other agreement of a like nature, by whatever name called); or (v) statutory, judicial, regulatory, or governmental stipulations; (refer note i)	8.61	27.14	-	35.75	-	(81.99)
(-) any capital expenditure on existing assets owned / leased by the SPV or Holdco, to the extent not funded by debt / equity or from reserves created in the earlier years	-	-	-	-	-	-
Net Distributable Cash Flows	**70.00**	**654.78**	**-**	**724.78**	**-**	**676.64**
Add : Retention of the earlier period (refer note ii)	-	-	-	-	-	-
NDCF available for Distribution at SPV level	**70.00**	**654.78**	**-**	**724.78**	**-**	**676.64**

Note:

i. The reserves set aside primarily represent amounts earmarked by the SPV to meet identified obligations, including the payment of project management expenses, other contractual obligations and statutory dues together with the Debt Service Reserve account and interest and principal repayment mandated under the loan agreement, originally executed between the Trust and the external lender, to which the Project SPVs are parties , for borrowings undertaken by Trust as of September 30, 2026. (net of reversal for previous year).

ii. In accordance with the SEBI circular no. Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2025/102 dated 11 July 2025, 90% distribution under regulation 18(6) needs to be computed by taking together the 10% retention done at SPV level. Accordingly, the SPV has ensured the same.

12 **Statement of Contingent liabilities and commitment**

a. **Contingent liabilities**
The Trust Group has following contingent liabilities as on:

Sr. No	Particulars	Half year ended		Year ended
		September 30, 2026	September 30, 2025	March 31, 2026
		Unaudited	Unaudited (Refer note 9)	Audited
i.	In respect of direct tax matters disputed by SPV/SPVs	80.57	-	42.76
ii.	In respect of indirect tax matters disputed by SPV/SPVs	74.06	-	2,210.60

The Management of the Group assesses all material claims in the nature of demands and the show cause notices ("SCNs"), relating to Income tax and Indirect taxes. The relevant SPV/SPVs are contesting the aforesaid notices /order before various authorities and are confident that the matters will be decided in favour of the SPVs and ultimately no liability is likely to devolve on the respective SPV/SPVs.

b. **Commitments**
The Trust group has no outstanding commitment as at September 30, 2026 (March 31, 2026 : Nil, September 30, 2025: Nil).

13 Statement of deviation(s) or variation(s) for the quarter and half year ended September 30, 2026
There has been no deviation or variation in the utilization of the proceeds from the Initial Public Offer. The proceeds have been utilized in accordance with the objects stated in the Offer Document dated October 13, 2025.

14 Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the Trust. The Trust is engaged in setting up, operating, and managing of toll road assets in India. Based on the guiding principles given in Ind AS 108 Operating Segment, all the activities of the Trust fall within a single operating segment. Further, the entire operations of the Trust are only in India and hence, disclosure of secondary/geographical segment information does not arise. Therefore, there are no separate reportable business segments as per Ind AS 108.

15 Investors can view the Consolidated Financial Information of the Trust on the Trust's website (www.anantamhighways.com) and on the website of BSE Limited (www.bseindia.com) and National Stock Exchange of India Limited (www.nseindia.com).

Sub: Independent Fair Enterprise Valuation as per SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended ("the SEBI InvIT Regulations")

Dear Sir(s)/ Madam(s),

I, Mr. S. Sundararaman ("Registered Valuer" or "RV" or "I" or "My" or "Me") bearing IBBI registration number IBBI/RV/06/2018/10238, have been appointed vide letter dated 22nd September 2026 (EL Ref. No.: RV/SSR/26-27/S/01) as an independent valuer, as defined under Regulation 2(zzf) of the SEBI InvIT Regulations, by Alpha Alternatives Fund – Infra Advisors Private Ltd ("AAFL" or "the Investment Manager") acting as the investment manager for Anantam Highways Trust ("the Trust" or "the InvIT"), an infrastructure investment trust, registered with the Securities Exchange Board of India ("SEBI") with effect from 19th August 2024, bearing registration number IN/InvIT/24-25/0031 and Axis Trustee Services Limited ("the Trustee") acting on behalf of the Trust for the purpose of the fair enterprise valuation of the special purpose vehicles (defined below and hereinafter together referred as "the SPVs") of the Trust as per the requirements of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended from time to time ("SEBI InvIT Regulations").

The Trust operates and maintains the following special purpose vehicles which are to be valued as per Regulation 21 read with Chapter V of the SEBI InvIT Regulations:

Sr. No.	Name of the SPV	Abbreviation	Asset Type
1	Bangalore Malur Highways Limited	BMHL	HAM
2	Dhrol Bhadra Highways Limited	DBHL	HAM
3	Dodaballapur Hoskote Highways Limited	DHHL	HAM
4	Viluppuram Highways Limited	VHL	HAM
5	Malur Bangarpet Highways Limited	MBHL	HAM
6	Narenpur Purnea Highways Limited	NPHL	HAM
7	Repallewada Highways Limited	RHL	HAM

*(Hereinafter all the seven companies mentioned above are together referred to as "**the SPVs**")*

These SPVs were acquired by the Trust and are to be valued as per Regulation 21 contained in the Chapter V of the SEBI InvIT Regulations.

As per Regulation 21(5) of Chapter V of the SEBI InvIT Regulations:

"A half yearly valuation of the assets of the InvIT shall be conducted by the valuer as at the end of the half-year ending September 30th for a publicly offered InvIT for incorporating any key changes in the previous six months and such half yearly valuation report shall be submitted by the investment manager to the designated stock exchange(s) along with the quarterly financial results for the quarter ending September 30th."

(5A) If the consolidated borrowings and deferred payments of an InvIT, in terms of regulation 20 of these regulations, exceeds forty nine per cent.; a quarterly valuation of the assets of InvIT shall be conducted by the valuer as at the end of the quarters ending June, September and December for incorporating any key changes from the previous quarter and such quarterly valuation report shall be submitted by the investment manager to the designated stock exchange(s) along with the quarterly financial results of the corresponding quarter:

Provided that InvIT shall not be required to submit the quarterly valuation report for the quarter ending on September 30th if such InvIT has submitted half yearly valuation in terms of sub-regulation (5) of this regulation as at the end of half year ending September 30th."

I understand from the Investment Manager that Net Debt to AUM of Anantam Highway Trust as at 31st March 2026 was 42.44% which does not exceed the limit of forty-nine percent, the Investment Manager and the Trustee intends to undertake the fair enterprise valuation of the SPVs as on 30th September 2026 ("Valuation Date") for incorporating any key changes from the period ended 31st March 2026 till 30th September 2026. I am enclosing the Report providing opinion on the fair enterprise value of the SPVs on a going concern basis as at 30th September 2026 (Valuation Date").

As represented to me by the Investment Manager, the valuation report as at 30th June 2026, dated 10th August 2026, was prepared solely for the Investment Manager's internal assessment. Accordingly, for the purpose of comparative analysis in the current valuation report as at 30 September 2026, the Investment Manager has requested that the valuation as at 31st March 2026, prepared pursuant to the applicable SEBI InvIT Regulations, be considered as the preceding valuation in this report. This comparison is in accordance with the regulatory / statutory / advisory disclosure requirements.

Enterprise Value ("**EV**") is described as the total value of the equity in a business plus the value of its debt and debt related liabilities, minus any Cash and Cash Equivalents to meet those liabilities. The attached Report details the valuation methodologies used, calculations performed and the conclusion reached with respect to this valuation.

I was further requested by the Investment Manager to provide the adjusted enterprise value of the SPVs as at 30th September 2026, where the adjusted enterprise value ("**Adjusted EV**") is derived as EV as defined above plus Cash and Cash Equivalents of the SPVs as at 30th September 2026.

I have relied on explanations and information provided by the Investment Manager. Although, I have reviewed such data for consistency, those are not independently investigated or otherwise verified. My team and I have no present or planned future interest in the Trust, the SPVs or the Investment Manager except to the extent of this appointment as an independent valuer and the fee for this Valuation Report ("**Report**") which is not contingent upon the values reported herein. The valuation analysis should not be construed as investment advice, specifically, I do not express any opinion on the suitability or otherwise of entering into any financial or other transaction with the Trust.

The analysis must be considered as a whole. Selecting portions of any analysis or the factors that are considered in this Report, without considering all factors and analysis together could create a misleading view of the process underlying the valuation conclusions. The preparation of a valuation is a complex process and is not necessarily susceptible to partial analysis or summary description. Any attempt to do so could lead to undue emphasis on any particular factor or analysis.

The information provided to me by the Investment Manager in relation to the SPVs included but not limited to historical financial statements, forecasts/projections, other statements and assumptions about future matters like forward-looking financial information prepared by the Investment Manager. The forecasts and projections as supplied to me are based upon assumptions about events and circumstances which are yet to occur.

By nature, valuation is based on estimates and it includes the risks and uncertainties relating to the events occurring in the future. Accordingly, the actual figures in future may differ from these estimates and may have a significant impact on the valuation of the SPVs.

I have not tested individual assumptions or attempted to substantiate the veracity or integrity of such assumptions in relation to the forward-looking financial information, however, I have made sufficient enquiry to satisfy myself that such information has been prepared on a reasonable basis.

Notwithstanding anything above, I cannot provide any assurance that the forward-looking financial information will be representative of the results which will actually be achieved during the cash flow forecast period.

The valuation provided by me and the valuation conclusion are included herein and the Report complies with the SEBI InvIT Regulations and guidelines, circular or notification issued by SEBI thereunder.

Please note that all comments in the Report must be read in conjunction with the caveats to the Report, which are contained in Section 11 of this Report. This letter, the Report and the summary of valuation included herein can be provided to Trust's advisors and may be made available for the inspection to the public and with the SEBI, the stock exchanges and any other regulatory and supervisory authority, as may be required.

I draw your attention to the limitation of liability clauses in Section 11 of this Report.

This letter should be read in conjunction with the attached Report.

Yours faithfully,

S. Sundararaman

1. Executive Summary

The Trust

Anantam Highways Trust **("the Trust" or "InvIT")** was established on 24th July 2024 as an irrevocable trust pursuant to the trust deed under the provisions of the Indian Trusts Act, 1882. The Trust is registered as an Indian infrastructure investment trust with the Securities and Exchange Board of India ("**SEBI**"), pursuant to the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended from time to time, with effect from 19th August 2024, bearing registration number IN/InvIT/24-25/0031. The Trust has acquired the SPVs and would be responsible for holding the SPVs in trust and for the benefit of the unitholders, undertaking the activities and other duties specified as per the SEBI InvIT Regulations.

Anantam Highways Trust is an infrastructure investment trust established to acquire, manage and invest infrastructure assets across sectors and/or securities of companies engaged in the infrastructure sector. The Trust currently owns a portfolio of 7 HAM road assets.

Axis Trustee Services Limited ("**the Trustee**") has been appointed as the Trustee of the Trust.

The units of the Trust are listed on the National Stock Exchange of India Limited and BSE Limited since 16th October 2025.

The InvIT currently involves owning, operating & maintaining a portfolio of 7 road projects (7 HAM Projects) in the states of Gujarat, Tamil Nadu, Bihar, Telangana & Karnataka.

The unit holding pattern of the Trust as on 30th September 2026 is as follows:

Sr No	Particulars	No. of Units	%
1	Sponsor & sponsor group	8,16,49,861	37.54%
2	Mutual Funds	50,72,436	2.33%
3	Insurance Companies	85,49,527	3.93%
4	Foreign Portfolio Investors	1,20,000	0.06%
5	Alternative Investment Fund	4,65,973	0.21%
6	Non-institutional investors	12,16,42,203	55.93%
	Total Outstanding Units	**21,75,00,000**	**100.00%**

The Sponsor

Alpha Alternatives Fund Advisors LLP ("**the Sponsor**" or "**AAFAL**") is the Sponsor of the Trust. The Sponsor is a limited liability partnership incorporated in India under the Limited Liability Partnership Act, 2008.

The Sponsor was incorporated as a multi-asset class multi strategy asset management entity that creates investment solutions across various asset-classes, such as, infrastructure, credit, real estate, equities, commodities, and fixed income.

The Sponsor is registered as an investment advisor, portfolio manager and investment manager to alternative investment funds with SEBI. The Sponsor provides fund and asset management services to its clients and makes investment in various companies engaged in, amongst others, the infrastructure sector. The Sponsor as an investment manager makes investments through the funds managed by it and has evaluated and invested in various infrastructure sub-sectors which fall under the Harmonized Master List of Infrastructure sub-sectors issued by the Ministry of Finance (Department of Economic Affairs) (Policy and Planning Unit), by way of a notification dated 11th October 2022 (the "Harmonized List").

The Sponsor has set up an alternative investment fund in accordance with the provisions of the Securities and Exchange Board of India (Alternative Investment Funds) Regulations, 2012 ("AIF") focused on the road infrastructure sector, namely, Build India Infrastructure Fund (a Category II AIF), a scheme of Alpha Alternatives Special Situations Fund. The scheme has received approval from SEBI on 24th June 2024.

Shareholding of the Sponsor as on 30th September 2026 is as under:

Sr. No.	Particulars	No. of Shares	%
1	Alpha Alternatives Holdings Private Limited	84,99,50,000	99.99

Scope and Purpose of Valuation

The SPVs under consideration are valued at Enterprise Value and Adjusted Enterprise Value of the following:

Sr. No.	Name of the SPV	Abbreviation	Asset Type
1	Bangalore Malur Highways Limited	BMHL	HAM
2	Dhrol Bhadra Highways Limited	DBHL	HAM
3	Dodaballapur Hoskote Highways Limited	DHHL	HAM
4	Viluppuram Highways Limited	VHL	HAM
5	Malur Bangarpet Highways Limited	MBHL	HAM
6	Narenpur Purnea Highways Limited	NPHL	HAM
7	Repallewada Highways Limited	RHL	HAM

(Together referred to as "**the SPVs**")

Purpose of Valuation

As per Regulation 21(5) of Chapter V of the SEBI InvIT Regulations:

"A half yearly valuation of the assets of the InvIT shall be conducted by the valuer as at the end of the half-year ending September 30th for a publicly offered InvIT for incorporating any key changes in the previous six months and such half yearly valuation report shall be submitted by the investment manager to the designated stock exchange(s) along with the quarterly financial results for the quarter ending September 30th."

(5A) If the consolidated borrowings and deferred payments of an InvIT, in terms of regulation 20 of these regulations, exceeds forty nine per cent.; a quarterly valuation of the assets of InvIT shall be conducted by the valuer as at the end of the quarters ending June, September and December for incorporating any key changes from the previous quarter and such quarterly valuation report shall be submitted by the investment manager to the designated stock exchange(s) along with the quarterly financial results of the corresponding quarter:

Provided that InvIT shall not be required to submit the quarterly valuation report for the quarter ending on September 30th if such InvIT has submitted half yearly valuation in terms of sub-regulation (5) of this regulation as at the end of half year ending September 30th."

I understand from the Investment Manager that Net Debt to AUM of Anantam Highway Trust as at 31st March 2026 was 42.44% which does not exceed the limit of forty-nine percent, the Investment Manager and the Trustee intends to undertake the fair enterprise valuation of the SPVs as on 30th September 2026 ("Valuation Date") for incorporating any key changes from the period ended 31st March 2026 till 30th September 2026. I am enclosing the Report providing opinion on the fair enterprise value of the SPVs on a going concern basis as at 30th September 2026 (Valuation Date").

In this regard, the Investment Manager has appointed me, S. Sundararaman ("**Registered Valuer**" or "**RV**" or "**I**" or "**My**" or "**Me**") bearing IBBI registration number IBBI/RV/06/2018/10238 to undertake fair valuation of the SPVs at the enterprise level as per the extant provisions of the SEBI InvIT Regulations as on 30th September 2026 issued by SEBI. Enterprise Value ("**EV**") is described as the total value of the equity in a business plus the value of its debt and debt related liabilities, minus any Cash and Cash Equivalents to meet those liabilities.

Further, on the request of the Investment Manager, I have calculated Adjusted Enterprise Value of the SPVs which is derived as the EV as defined above plus Cash and Cash Equivalents of the SPVs as at the Valuation Date.

I declare that:

- I am competent to undertake the financial valuation in terms of the SEBI InvIT Regulations;
- I am not an associate of the Sponsor(s) or Investment Manager or Trustee and I have not less than five years of experience in valuation of infrastructure assets;
- I am independent and have prepared the Report on a fair and unbiased basis;
- I have valued the SPVs based on the valuation standards as specified / applicable as per SEBI InvIT Regulations.

This Report covers all the disclosures required as per the SEBI InvIT Regulations and the Valuation of the SPVs is impartial, true and fair and in compliance with the SEBI InvIT Regulations.

(Please refer appendix 7 for further information about myself)

Scope of Valuation

i. Financial Asset to be Valued

The RV has been mandated by the Investment Manager to arrive at the Enterprise Value ("EV") of the SPVs. Enterprise Value is described as the total value of the equity in a business plus the value of its debt and debt related liabilities, minus any Cash and Cash Equivalents to meet those liabilities.

Further, on the request of the Investment Manager, I have calculated Adjusted Enterprise Value of the SPVs which is derived as the EV as defined above plus Cash and Cash Equivalents of the SPVs as at the valuation date.

ii. Valuation Base

Valuation Base means the indication of the type of value being used in an engagement. In the present case, I have determined the fair value of the SPVs at the enterprise level. Fair Value Bases defined as under:

Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the valuation date. It is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. Fair value or Market value is usually synonymous to each other except in certain circumstances where characteristics of an asset translate into a special asset value for the party(ies) involved.

iii. Valuation Date

Valuation Date is the specific date at which the value of the assets to be valued gets estimated or measured. Valuation is time specific and can change with the passage of time due to changes in the condition of the asset to be valued. Accordingly, valuation of an asset as at a particular date can be different from other date(s).

The Valuation Date considered for the fair enterprise valuation of the SPVs is 30th September 2026 ("**Valuation Date**"). The attached Report is drawn up by reference to accounting and financial information as on 30th September 2026. The RV is not aware of any other events having occurred since 30th September 2026 till date of this Report ("**Report Date**") which he deems to be significant for his valuation analysis, except for any events disclosed by the Investment Manager during the valuation exercise.

iv. Premise of Value

Premise of Value refers to the conditions and circumstances how an asset is deployed. In the present case, RV has determined the fair enterprise value of the SPVs on a Going Concern Value defined as under:

Going Concern Value

Going Concern value is the value of a business enterprise that is expected to continue to operate in the future. The intangible elements of going concern value result from factors such as having a trained work force, an operational plant, necessary licenses, systems, and procedures in place etc.

Summary of Valuation

I have assessed the fair enterprise value of each of the SPVs on a stand-alone basis by using the Discounted Cash Flow ("**DCF**") method under the income approach. Following table summarizes my explaination on the usage or non usage of different valuation methods:

Valuation Approach	Valuation Methodology	Used	Explanation
Cost Approach	Net Asset Value	No	NAV does not capture the future earning potential of the business. Hence NAV method is considered only for background reference.
Income Approach	Discounted Cash Flow	Yes	The revenue of all the SPVs is mainly derived from the annuity fees that are typically pre-determined with the relevant government authority and cannot be modified to reflect prevailing circumstances, other than annual adjustments to account for inflation and interest rate changes as applicable, as specified in the concession agreements. Accordingly, since all the SPVs are generating income based on pre-determined agreements / mechanism and since the Investment Manager has provided me the financial projections for the balance tenor of the concession agreements, DCF Method under the income approach has been considered as the appropriate method for the present valuation exercise.
Market Approach	Market Price	No	The equity shares of the SPVs are not listed on any recognized stock exchange in India. Hence, I was unable to apply the market price method.
	Comparable Companies	No	In the absence of any exactly comparable listed companies with characteristics and parameters similar to that of the SPVs, I am unable to consider this method for the current valuation.
	Comparable Transactions	No	In the absence of adequate details about the Comparable Transactions, I was unable to apply the CTM method.

Under the DCF Method, the Free Cash Flow to Firm ("**FCFF**") has been used for the purpose of valuation of each of the SPVs. In order to arrive at the fair EV of the individual SPVs under the DCF Method, I have relied on Provisional financial statements as at 30th September 2026 prepared in accordance with the Indian Accounting Standards (Ind AS) and the financial projections of the respective SPVs prepared by the Investment Manager as at the Valuation Date based on their best judgement.

The discount rate considered for the respective SPVs for the purpose of this valuation exercise is based on the Weighted Average Cost of Capital ("**WACC**") for each of the SPVs. As all the SPVs under considerations have executed projects under the HAM model, the operating rights of the underlying assets shall be transferred back to the appointing authority after the expiry of the concession period. At the end of the agreed concession period, the operating rights in relation to the roads and the obligation to maintain the road revert to the government entity that granted the concession by the SPVs. Accordingly, terminal period value i.e. value on account of cash flows to be generated after the expiry of concession period has not been considered.

Based on the methodology and assumptions discussed further, RV has arrived at the fair enterprise value of the SPVs as on the Valuation Date:

INR Mn

Sr. No.	SPVs	Approximate Projection Period (Balance Concession Period)***	WACC	Fair EV*	Fair Adjusted EV**
1	BMHL	~12 Years 7 Months	7.19%	6,049	6,429
2	DBHL	~12 Years	7.58%	4,445	4,872
3	DHHL	~11 Years 10 Months	7.34%	4,923	5,251
4	VHL	~12 Years 6 Months	7.41%	5,520	5,523
5	MBHL	~12 Years 7 Months	7.24%	6,597	6,947
6	NPHL	~12 Years 6 Months	7.21%	8,913	9,130
7	RHL	~12 Years 1 Month	7.21%	5,187	5,350
	Total			**41,635**	**43,500**

** Enterprise Value ("**EV**") is described as the total value of the equity in a business plus the value of its debt and debt related liabilities, minus any Cash and Cash Equivalents to meet those liabilities.*

*** Further, on the request of the Investment Manager, I have calculated Adjusted Enterprise Value of the SPVs which is derived as the EV as defined above plus Cash and Cash equivalents of the SPVs as at the Valuation Date.*
(Refer Appendix 1 & 2 for the detailed workings)

**** The balance life of the SPVs has been calculated using the concession end dates (Refer Appendix 1 for the detailed workings)*

The fair EV of the SPVs is estimated using DCF method. The valuation requires Investment Manager to make certain assumptions about the model inputs including forecast cash flows, discount rate, and credit risk.

Further to above, considering that present Valuation exercise is based on estimates of future financial performance or opinions, which represent reasonable expectations at a particular point of time, but such information, estimates or opinions are not offered as predictions or as assurances that a particular level of income or profit will be achieved, a particular event will occur or that a particular price will be offered or accepted. Actual results achieved during the period covered by the prospective financial analysis will vary from these estimates and the variations may be material. Accordingly, a quantitative sensitivity analysis is considered on the following unobservable inputs:

a. WACC by increasing / decreasing it by 0.5%
b. WACC by increasing / decreasing it by 1.0%
c. Total Expenses by increasing / decreasing it by 20%

1. Fair Enterprise Valuation Range based on

KEY CHANGES IN THE QUARTER ENDED 30th SEPTEMBER 2026:

ROFO Assets - Transaction Status

The Investment Manager had proposed the acquisition of the following seven SPVs: -

Sr No.	Name of the SPV
1	Poondiyankuppam Highways Limited (PHL)
2	Bangarupalem Gudipala Highways Limited (BGHL)
3	Raipur-Visakhapatnam-CG-2 Highways Limited (RVHL)
4	Mehgama Hansdiha Highways Limited (MHHL)
5	Bethamangala Expressway Private Limited (BEPL)
6	DAK Package -I Expressway Private Limited (DEPPL)
7	Katra Expressway Private Limited (KEPL)

Hereafter the above 7 SPVs are referred to as the "ROFO Assets".

In this regard, I had issued an Independent Fair Enterprise Valuation Report dated 18th May 2026, expressing my opinion on the Fair Enterprise Value as at 31st March 2026. Further, the report was presented to the Board at its meeting held on 19th May 2026 where the proposed acquisition was approved but subject to finalization and execution of definitive documents, approval of the unitholders and other applicable regulatory authorities, along with other applicable conditions.

As of the report date, as informed by the Investment Manager, the Proposed Acquisition has received approval from the unitholders and is in progress; however, the acquisition has not been completed as at the Valuation Date.

Following is the Enterprise Value of all the SPVs during the previous Valuations:

INR Mn

SPVs	Acquisition Date	Dec-24	Jun-25	Mar-26	Sep-26
BMHL	11-Oct-25	7,508	7,193	6,573	6,049
DBHL	11-Oct-25	5,808	5,576	4,694	4,445

NPHL	11-Oct-25	10,793	10,284	8,508	8,913
RHL	11-Oct-25	6,519	6,038	5,544	5,187
Total		**52,582**	**50,223**	**43,827**	**41,635**

<< This Space is intentionally left blank>>

2. Procedures adopted for current valuation exercise

I have performed the valuation analysis, to the extent applicable, in accordance with ICAI Valuation Standards 2018 ("**IVS**") issued by the Institute of Chartered Accountants of India.

In connection with this analysis, I have adopted the following procedures to carry out the valuation analysis:

i. Requested and received financial and qualitative information relating to the SPVs;

ii. Obtained and analyzed data available in public domain, as considered relevant by me;

iii. Discussions with the Investment Manager on:

- Understanding of the business of the SPVs – business and fundamental factors that affect its earning-generating capacity including strengths, weaknesses, opportunities and threats analysis and historical and expected financial performance;

iv. Undertook industry analysis:

- Research publicly available market data including economic factors and industry trends that may impact the valuation;
- Analysis of key trends and valuation multiples of comparable companies/comparable transactions, if any, using proprietary databases subscribed by me;

v. Analysis of other publicly available information;

vi. Selection of valuation approach and valuation methodology/(ies), in accordance with IVS, as considered appropriate and relevant by me;

vii. Conducted physical site visit of the road stretch of the SPVs;

viii. Determination of fair value of the EV of the SPVs on a going concern basis till the end of the concession period as at the Valuation Date and determination of fair value of the Adjusted EV of the SPVs on a going concern basis till the end of the concession period as at the Valuation Date on request of the Investment Manager.

3. Overview of the InvIT and SPVs

3.1. InvIT / Anantam Highway Trust ("the Trust")

Anantam Highways Trust **("the Trust" or "InvIT")** was established on 24th July 2024 as an irrevocable trust pursuant to the trust deed under the provisions of the Indian Trusts Act, 1882. The Trust is registered as an Indian infrastructure investment trust with the Securities and Exchange Board of India ("**SEBI**"), pursuant to the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended from time to time, with effect from 19th August 2024, bearing registration number IN/InvIT/24-25/0031. The Trust has proposed to acquire the SPVs and would be responsible for holding the SPVs in trust and for the benefit of the unitholders, undertaking the activities and other duties specified as per the SEBI InvIT Regulations.

Anantam Highways Trust is an infrastructure investment trust established to acquire, manage and invest in a portfolio of infrastructure assets across sectors and/or securities of companies engaged in the infrastructure sector.

Axis Trustee Services Limited ("**the Trustee**") has been appointed as the Trustee of the Trust.

The units of the Trust are listed on the National Stock Exchange of India Limited and BSE Limited since 16th October 2025.

Following is the table of the Trust as on the Valuation date displaying the amount of debt outstanding in the SPVs provided by the Trust:

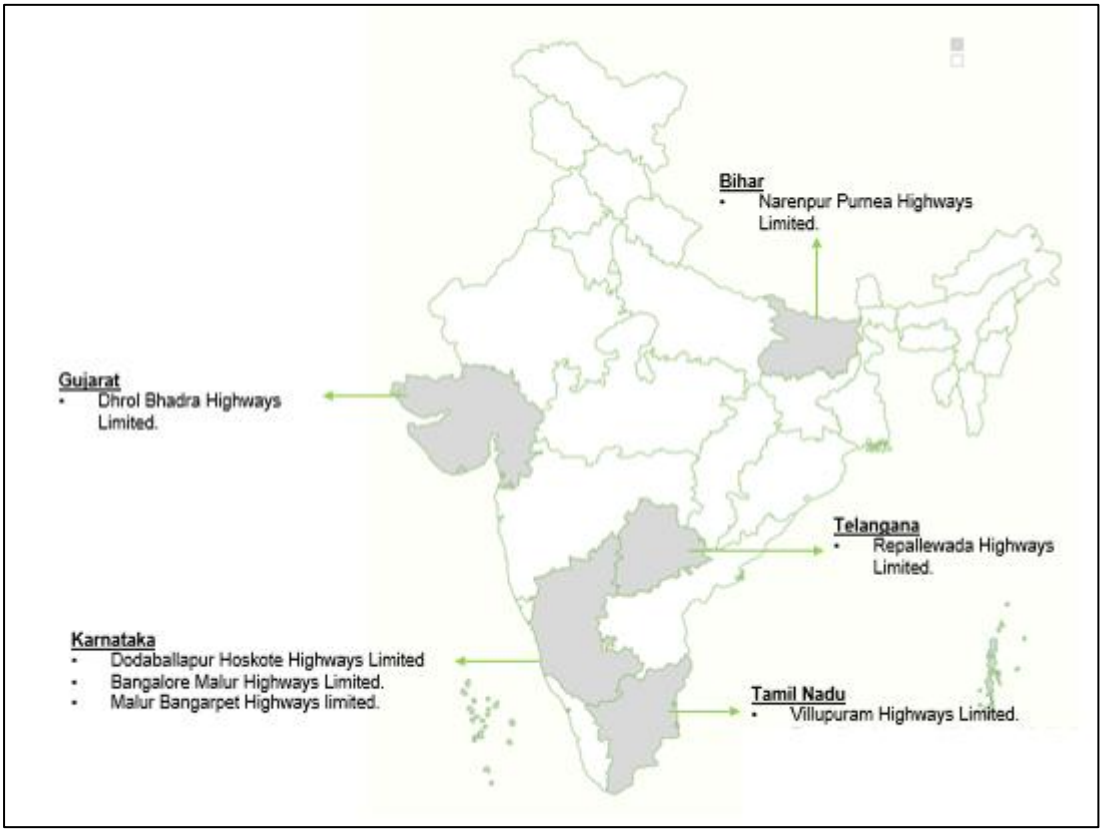

INR Mn

Sr. No	SPV	Name	Equity Stake of the Trust	Trust's Equity Stake at Cost	Amount of Outstanding debt payable by the SPVs to the Trust**
1	BMHL	Bangalore Malur Highways Limited	100%*	2,964	3,317
2	DBHL	Dhrol Bhadra Highways Limited	100%*	1,555	3,418
3	DHHL	Dodaballapur Hoskote Highways Limited	100%*	1,710	3,541
4	VHL	Viluppuram Highways Limited	100%*	1,251	4,039
5	MBHL	Malur Bangarpet Highways Limited	100%*	3,308	3,776
6	NPHL	Narenpur Purnea Highways Limited	100%*	4,875	3,402
7	RHL	Repallewada Highways Limited	100%*	2,087	2,942

** Anantam Highways Trust holds 100% effective ownership in all SPVs, with a 99.98% direct stake and the remaining negligible interest held by its nominee.*

***The amount of outstanding debt payable by the SPVs to the Trust as on the Valuation Date.*

Following is a map of India showing the area covered by the SPVs of the Trust:

3.2. Background of the SPVs

i. Bangalore Malur Highways Limited ("BMHL")

- BMHL was incorporated on 24th March 2022 as a private limited company under the Companies Act, 2013 pursuant to certificate of incorporation issued by the Registrar of Companies, Central Registration Centre. The registered office of BMHL is located at 33rd Floor, Sunshine Tower, Senapati Bapat Marg, Dadar West, Delisle Road, Mumbai, Mumbai- 400013, Maharashtra, India.
- The Project Stretch (Bangalore – Malur Section) starts from Bangalore (Hoskote) i.e., Design Ch. (-) 0+700 and terminates at Malur in Kolar District i.e., Design Ch. 26+400.
- The Bangalore Malur Highways Limited ("BMHL") Project, a four lane highway with an aggregate length of 27.100 kms, comprising from km 0.000 to km 26.400 (along with 0.700 km approach towards NH 207 with interchange on NH4 at start point) of Bangalore to Malur section of Bangalore Chennai Expressway on Hybrid Annuity Mode under Bharatmala Pariyojna, in the state of Karnataka (Phase-I Package-I), operated by NHAI.
- The project falls in the State of Karnataka for Rehabilitation and Up-gradation to 4-lane with paved shoulders configuration of Bangalore – Malur Section of NH-207.
- The map below illustrates the location of the Project and the corridor it covers:

Source: Investment Manager

- Summary of project details of BMHL are as follows:

Parameters	Details
Lane Kms	108.4 Kms
Nos. of Lanes	4
NH / SH	NH-207
State Covered	Karnataka
Area (Start and End)	Bangalore - Malur
Bid Project Cost	INR 11,600 Mn
LOA Date	4th March 2021
Appointed Date	15th September 2021
Name of EPC Contractor	Dilip Buildcon Limited
Model	HAM
Project Type	DBOT
Concession Granted by	NHAI
PCOD	15th May 2024
COD	Pending
Nos. of Annuities	30
Construction Period	730 days from Appointed date
Operational Period	15 years from COD

Source: Investment Manager

- The salient features of the project are as follows:

Sr. No.	Salient Features	As per Site
1	Total Length of the Project Highway	27.1 Km
2	Total length of Service Roads	2 52 Km
3	Widening	0 Km
4	New Alignment including bypass	0 Km
5	Approaches to underpasses	0 Km
6	No of Tunnel	0 Nos.
7	Total length of Slip Roads	0 Km
8	Toll Plaza	2 Nos.
9	Bus Bays / Bus Shelters	0 Nos.
10	Truck Lay Bays	0 Nos.
11	No of Rest Areas	0 Nos.
12	Major Junction	0 Nos.
13	Minor Junctions	0 Nos.
14	No of Vehicular underpasses	16 Nos.
15	No of Light Vehicular underpass	6 Nos.
16	Vehicle overpass	3 Nos.
17	No of Subways	0 Nos.
18	Elevated Structure	0 Nos.
19	No of Flyovers	0 Nos.
20	Pedestrian/Cattle Underpass	0 No.
21	ROB	0 Nos.
22	Major Bridges	4 Nos.
23	Minor Bridges for Main Carriageway	12 Nos.
24	Box/Slab Culverts	49 Nos.
25	Pipe Culverts	1 Nos.

vii. Repallewada Highway Limited ("RHL")

- RHL was incorporated on 24th March 2022 as a limited company under the Companies Act, 2013 pursuant to certificate of incorporation issued by the Registrar of Companies, Central Registration Centre. The registered office of RHL is located at 33rd Floor, Sunshine Tower, Senapati Bapat Marg, Dadar West, Delisle Road, Mumbai, Mumbai- 400013, Maharashtra, India.
- RHL is a stretch of road in Telangana State i.e the Four laning of the Repallewada to Telangana/Maharashtra Border section of NH-363 from km 42.00 to km 94.60 (between the existing Km 288+510 to Km 342+000) in Telangana /Maharashtra Border through Public Private Partnership (PPP) on the Hybrid Annuity Mode.
- The project section of NH-363, spanning a total length of 52.602Km, connects the districts of Mancherial and Asifabad at Rapallewada and ends at the Border of Telangana and Maharashtra on HyderabadKarimnagar-Chanda road in the state of Telangana and terminates at Wankidi.
- The Project Highway connects connects Mandamarri, Bellampalli, Tandur, Rebbana, Asifabad and terminating at Wankidi in the state of Telangana/Maharashtra. It serves movement of army vehicles to the border area and also a number of remote villages are also provided connectivity by this road. The total length of the project corridor is 212.107 km (existing length).
- The map below illustrates the location of the Project and the corridor it covers

Source: Investment Manager

- Summary of project details of RHL are as follows:

Parameters	Details
Lane Kms	210.40
Nos. of Lanes	4
NH / SH	NH 363
State Covered	Telangana
Area (Start and End)	Repallewada – Telengana/Maharashtra Border
Bid Project Cost	INR 11,160 Mn
LOA Date	14th September 2020
Appointed Date	1st March 2021
Name of EPC Contractor	Dilip Buildcon Limited
Model	HAM
Project Type	DBOT
Concession Granted by	NHAI
COD/PCOD	20th October 2023
COD	5th June 2024
Nos. of Annuities	30
Construction Period	730 days from Appointed date
Operational Period	15 years from COD

Source: Investment Manager

- The salient features of the project are as follows:

Sr. No.	Salient Features	As per Site
1	Total Length of the Project Highway	52.602 Km
2	Total length of Service Roads	25.536 Km
3	Widening	0 Km
4	No of bypass	1 No
5	LVUP	5 Nos
6	VUP	4 Nos
7	Toll Plaza	1 No.
8	Bus Bays / Bus Shelters	6 Nos.
9	Truck Lay Bays	2 Nos.
10	No of Rest Areas	1 No.
11	Major Junction	8 Nos.
12	Minor Junctions	27 Nos.
13	No of Vehicular underpasses	4 Nos.
14	Vehicle overpass	0 Nos.
15	No of Subways	0 Nos.
16	Elevated Structure	0 Nos.
17	Syphon pipe culverts	0 Nos.
18	Pedestrian/Cattle Underpass	0 Nos.
19	Foot Over Bridge	0 Nos.
20	ROB	0 Nos.
21	Major Bridges	2 Nos.
22	Minor Bridges	23 Nos.
23	Box/Slab Culverts	49 Nos.
24	Pipe Culverts	34 Nos.

5. Overview of the Industry

5.1 Introduction of Indian Infrastructure Industry

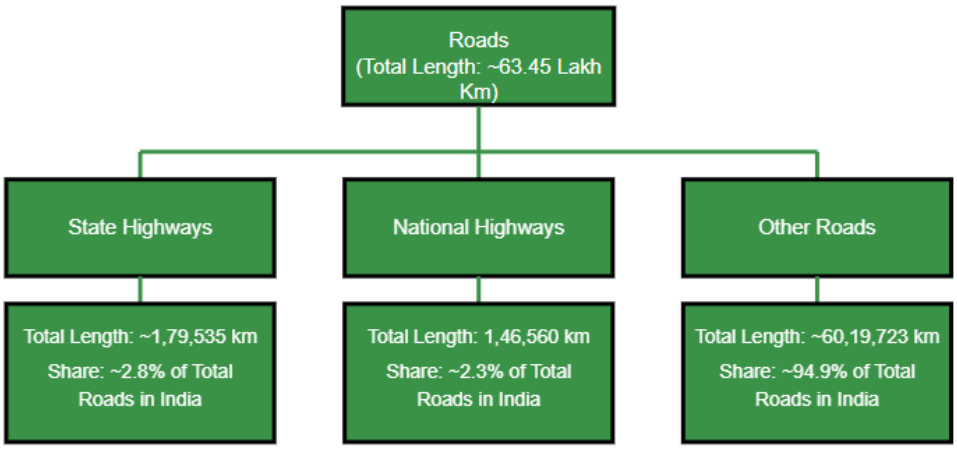

As India strives towards becoming a developed economy, the transport sector plays a crucial role. In the 2026-27 Budget, the capital expenditure allocation is set at Rs 12.2 lakh crore.

During the Financial Year 2025–26, the National Highways Authority of India constructed 5,313 km of National Highways, exceeding its target of 4,640 km. Capital expenditure for highway development reached ₹2,44,362 crore, surpassing the government budgetary support target of ₹2,38,384 crore. This included both government budgetary support and NHAI's own funds, with the differential amount of ₹5,978 crore met through NHAI's internal resources. Compared to the previous year, while capital expenditure was marginally lower than FY 2024–25's record ₹2,50,000 crore, it continued to reflect sustained high-level infrastructure investment by the government. Additionally, the Union Budget maintained strong support for state-led infrastructure expansion through long-term capital assistance and reform-linked incentives, reinforcing India's commitment to transport-driven economic development.

5.2 Road Network in India

5.2.1 As of March 2026, India is the second-largest road network in the world, with National Highways extending over 146,195 km and serving as the country's primary arterial routes. To further strengthen and expand this network, the Government has launched several major initiatives, including the Bharatmala Pariyojana (along with NHDP), the Special Accelerated Road Development Programme for the Northeastern Region (SARDP-NE), the Left Wing Extremism (LWE) road development projects such as the Vijayawada-Ranchi Road, and Externally Aided Projects (EAP).

Over 64.5% of all goods in the country are transported through roads, while 90% of the total passenger traffic uses road network to commute.

Source: MoRTH/ PIB as on 31/03/2025

NHs constitute around 2 per cent of the total road network in the country but carry about 40% of the road traffic. The density of India's highway network at 1.94 km of roads per square kilometre of land – is similar to that of the France (1.98) and much greater than China's (0.54) or USA's (0.68).

National Highway (NH) network increased by ~61% from 91,287 km in 2014 to 1,46,560 km currently.

Following table provides the construction of Km per day for NH:

Year	Construction (per year)	Project Awarded (in km)	Construction (in km/day)
2015-16	6061	6397	16.6
2016-17	8231	4335	22.6
2017-18	9829	7400	26.9
2018-19	10855	6000	29.7
2019-20	10237	8948	28.1
2020-21	13327	10467	36.5
2021-22	10457	12731	28.6
2022-23	10331	7497	28.3
2023-24	12349	8,581	33.83
2024-25	10421	3100	28.6
2025-26	10660	7538	29.2

Source: PIB Year End Review, April 2026

5.3 Key Statistics

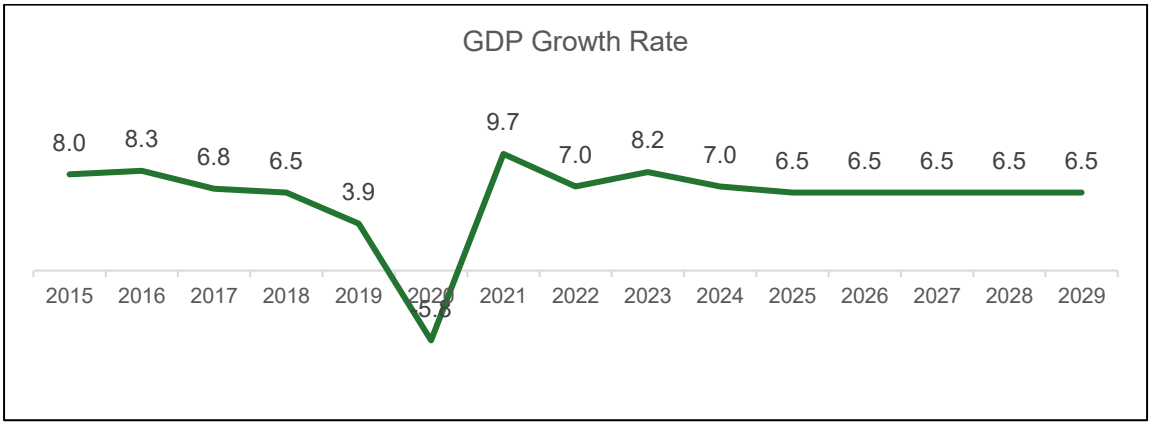

- The Ministry of Road Transport and Highways (MoRTH) remains the apex authority responsible for policy, planning, development, and maintenance of India's road transport and National Highway infrastructure, while the National Highways Authority of India continues as the principal autonomous implementation agency for flagship programs such as NHDP, Bharatmala Pariyojana, expressway development, and monetization initiatives.
- In the Union Budget FY 2026–27, allocation for roads and highways increased to approximately ₹3.10 lakh crore, up from ₹2.87 lakh crore in FY 2025–26, reaffirming infrastructure as a central pillar of India's economic development strategy.
- India currently possesses the world's second-largest road network, with the National Highway network expanding by approximately 61% from 91,287 km in 2014 to 1,46,560 km by late 2025/early 2026. This sustained growth underscores the country's aggressive infrastructure expansion over the last decade.
- Operational access-controlled High-Speed Corridors and Expressways have expanded exponentially from only 93 km in 2014 to 3,052 km currently, representing growth of over 3,180%, significantly strengthening long-distance logistics and mobility.
- The length of 4-lane and above National Highways has more than doubled from 18,371 km in 2014 to 43,512 km currently, reflecting enhanced quality and capacity of the highway network.
- During FY 2024–25, NHAI constructed 5,614 km of highways and achieved record capital expenditure of ₹2.5 lakh crore. In FY 2025–26, despite slower sector-wide execution, NHAI still exceeded its target by constructing 5,313 km against the target of 4,640 km.
- National Highway construction across India reached approximately 10,660 km in FY 2024–25 at an average pace of 29.2 km/day, nearly three times the construction speed recorded in 2007–08.
- Bharatmala Pariyojana Phase I remains India's flagship road infrastructure program, with 34,800 km initially approved. As of November 2025, 26,425 km had been awarded and approximately 21,597 km completed, with a total capital outlay exceeding ₹8.53 lakh crore.
- Under Bharatmala, major initiatives include economic corridors, feeder roads, border connectivity, coastal roads, expressways, and port connectivity projects, significantly improving trade competitiveness and logistics efficiency.
- MoRTH's Vision 2047 for National Highways aims to ensure all citizens are within 100–150 km of high-speed corridors, reduce logistics costs as a percentage of GDP, improve passenger amenities, and position India among the top 10 G20 countries in highway density.
- NHAI's asset monetization strategy has become a major financing pillar, with cumulative monetization receipts exceeding ₹1.52 lakh crore by November 2025 through Toll-Operate-Transfer (TOT), InvITs, and securitization models. In FY 2025–26 alone, NHAI monetized approximately ₹28,307 crore.

- Foreign Direct Investment (FDI) in construction development and infrastructure has remained robust, with cumulative inflows exceeding US$33 billion, supported by the government's 100% FDI policy for the roads sector.
- Strategic logistics development includes 35 planned Multimodal Logistics Parks, expanded port connectivity corridors, Gati Shakti integration, and major projects such as the Delhi–Mumbai Expressway and Amritsar–Jamnagar Corridor.
- Policy reforms such as revised BOT concession agreements, mandatory 90% land acquisition before project awards, digital approval systems, GST reduction on construction equipment, and private sector-friendly financing structures have significantly improved investor confidence and execution efficiency.
- Technology-led modernization efforts include Rajmargyatra, FASTag ecosystem expansion, knowledge-sharing platforms, digital tourist permits, and vehicle scrappage programs, all aimed at improving operational efficiency, road safety, and sustainability.
- Road safety remains a strategic priority, with blackspot rectification, cashless treatment schemes for accident victims, and sustainability measures increasingly integrated into highway development frameworks.
- Overall, India's roads and highways sector remains among the world's fastest-growing infrastructure segments, driven by sustained government investment, strong private participation, digital transformation, and long-term strategic planning, positioning the country's transport ecosystem as a major enabler of future economic growth.

5.4 Economic and Financial Outlook

GDP Growth

India's real GDP growth in FY27 is expected to be between 6.8 and 7.2%. The industrial sector is estimated to grow by 6.3 per cent in FY26. Strong growth rates in construction activities and electricity, gas, water supply and other utility services are expected to support industrial expansion.

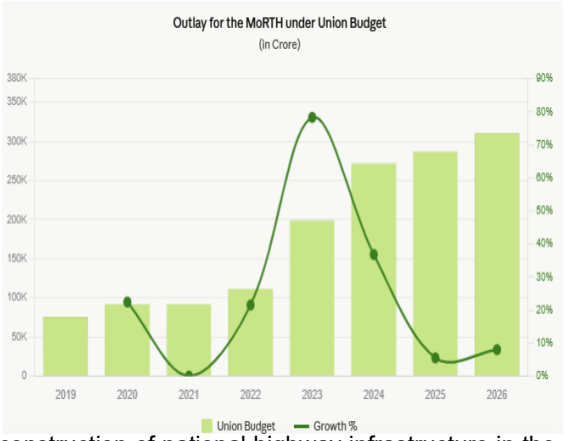

Source: IMF

Government Spending

The Ministry of Road Transport and Highways (MoRTH) has been allocated Rs 3.10 lakh crore under Budget 2026-27, which accounts for approximately 6% of total central expenditure. This is an increase of about 8% compared to the Rs 2.87 lakh crore provided in the previous financial year.

The budgetary allocation for the National Highways Authority of India (NHAI) now stands at Rs 1.87 lakh crore, an annual increase of around 10% from Rs 1.70 lakh crore (RE) — accounting for nearly 60% of the total ministry allocations.

NHAI spent a record-breaking Rs 2,50,000 crore on the construction of national highway infrastructure in the fiscal year 2024-25. This was the highest capital expenditure ever recorded, representing a 21% increase from the previous year's Rs 2,07,000 crore in FY 2023-24.

Financing & Capital Structure Government Spending

Public Financing - Funding from government sources includes budgetary allocations, which are financed from taxes, cesses, or dedicated road funds. Publicly funded projects are usually given to contractors under various contract models such as the Engineering Procurement Construction (EPC).

Private Financing - Under private financing, the private developer builds a road, and in return has the right to collect toll for a specified period of time. The developer is responsible for the maintenance of roads during this period.

5.5 Implementation of important projects and expressways:

Bharatmala Pariyojana (Phase I): India's flagship highway development program remains the largest umbrella initiative focused on optimizing freight and passenger movement through Economic Corridors, Inter-Corridors, Feeder Routes, Border Roads, Coastal Connectivity, and Greenfield Expressways. Initially approved for 34,800 km with an estimated outlay of ₹5.35 lakh crore, the total projected investment has now expanded beyond ₹8.5 lakh crore due to revised project costs and expanded implementation. As of late FY 2025–26, approximately 26,425 km have been awarded and over 21,500 km have been completed. Key components include Economic Corridors (9,000 km), Inter-Corridors (6,000 km), National Corridor Efficiency projects (5,000 km), Border and International Connectivity roads (2,000 km), Coastal and Port Connectivity roads (2,000 km), and Expressways.

Project Execution Models: Under Bharatmala, project implementation continues through a diversified funding structure with approximately 60% under Hybrid Annuity Mode (HAM), 10% under BOT (Toll), and 30% under EPC mode, ensuring balanced private and public participation.

Char Dham Mahamarg Vikas Pariyojana: This strategic all-weather connectivity project covering 889 km aims to improve access to the pilgrimage destinations of Badrinath, Kedarnath, Gangotri, and Yamunotri, with project costs now estimated at over ₹12,000 crore. Significant progress has been achieved, with several stretches nearing completion.

Delhi Peripheral Expressways: The Eastern Peripheral Expressway and Western Peripheral Expressway continue to play a major role in decongesting Delhi-NCR traffic by diverting freight movement away from central urban corridors.

Bengaluru–Vijayawada Economic Corridor (NH-544G): Key sections of this access-controlled Greenfield corridor are under implementation to strengthen South India's logistics and industrial connectivity, particularly in Karnataka and Andhra Pradesh.

Setu Bharatam Programme: This initiative continues to eliminate railway level crossings on National Highways through the construction of over 174 Road Over Bridges (ROBs) and Road Under Bridges (RUBs), improving safety and traffic flow.

Major Economic Corridors and Strategic Highway Projects:

- The Delhi–Mumbai Expressway (1,350 km), one of India's largest expressway projects, is nearing phased completion.

- The Amritsar–Jamnagar Economic Corridor (1,257 km) remains a major strategic freight corridor.
- The Mumbai–Kanyakumari Corridor, Kerala highway upgrades (₹65,000 crore), and West Bengal corridor projects (₹25,000 crore) are under active development.
- The Cabinet has also approved 8 major National High-Speed Corridor projects spanning 936 km at an investment of over ₹50,655 crore.

Wayside Amenities (WSAs): As of March 2026, over 501 WSAs have been awarded across National Highways and Expressways, with more than 100 operational and over 700 expected by FY 2028–29, significantly improving highway user convenience.

National Highway Awards and Construction: During FY 2025–26, over 7,500 km of highway projects were awarded, while overall NH construction remained above 10,000 km annually, reinforcing strong project momentum.

Budgetary Support:

- In Union Budget FY 2025–26, MoRTH received ₹2.87 lakh crore allocation.
- In Union Budget FY 2026–27, this increased further to approximately ₹3.10 lakh crore.

Asset Monetization & Private Investment: NHAI's monetization through TOT, InvIT, and securitization models has crossed ₹1.5 lakh crore cumulatively, generating substantial capital for future road development while strengthening private participation.

Logistics & Multimodal Integration: MoRTH's broader strategy includes the development of 35 Multimodal Logistics Parks, expanded port connectivity, Gati Shakti integration, and expressway-led industrial growth, significantly reducing logistics costs and boosting national competitiveness.

5.6 Opportunities in road development & maintenance in India

India has joined the league of 15 of global alliance which will work towards the ethical use of smart city technologies

The Government aims to construct 65,000 kms of national highways at a cost of Rs. 53.5 lakh Mn (US$ 741.51 billion).

Road building in India is second least expensive in Asia.

5.7 Asset Monetisation

TOT Model – Under this model, the right of collection of user fee (toll) in respect of selected operational highways constructed through public funding are assigned through a concession agreement as a result of bidding for a specified period of 15-30 years to the Concessionaire against upfront payment of a lump-sum amount quoted to the Government/NHAI. During the concession period, the responsibility for operations and maintenance of the road assets rests with the Concessionaire.

InVIT Model – NHAI has set up an InvIT under the SEBI InvIT Regulations, 2014 which is a pooled investment vehicle that issues units to investors, while having three entities for management of the Trust – Trustee, Investment Manager and Project Manager. The three entities have defined roles and responsibilities under the SEBI Regulations.

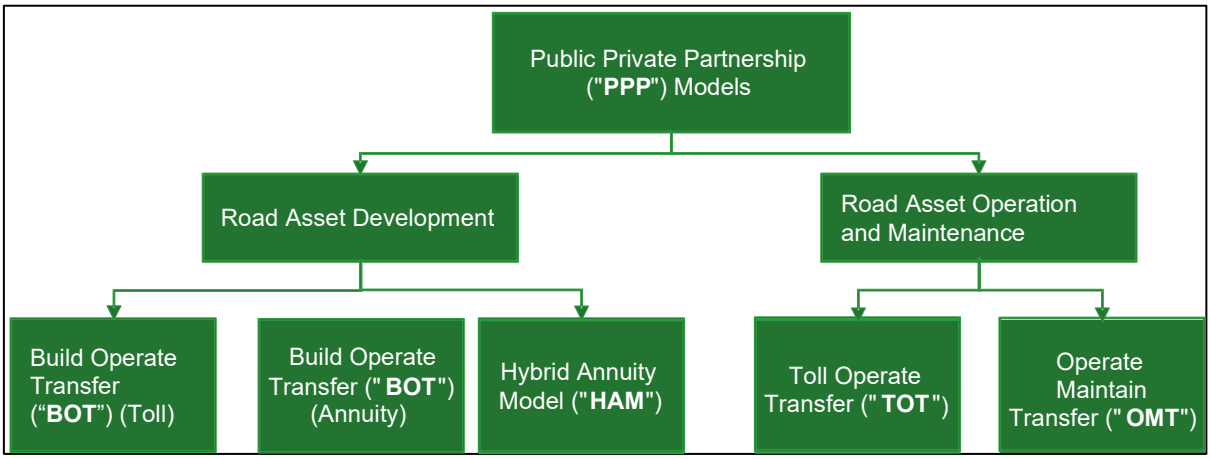

Securitization through SPVs Model – A SPV/DME (100% owned by NHAI), has been created by bundling road assets under consideration and securitizing the future user fee from the road assets. NHAI will collect tolls, maintain the road assets and periodically transfer payments to the SPV sufficient for servicing debt obligations at the SPV level. About Rs.3,70,000 Mn has already been raised through this method (DME- Delhi Mumbai Expressway) by NHAI so far.

5.8 Utility Corridors

Working towards development of around 10,000 km of Optic Fibre Cables (OFC) infrastructure across the country by FY2024-25, National Highways Logistics Management Limited (NHLML), a fully owned Company of NHAI, is implementing the network of Digital Highways by developing integrated utility corridors along the National Highways to develop OFC infrastructure. Around 1,367 km on Delhi – Mumbai Expressway and 512 km on Hyderabad - Bangalore Corridor have been identified for the Digital Highway Development.

5.9 Public Private Partnership ("PPP") Models of road development and maintenance in India

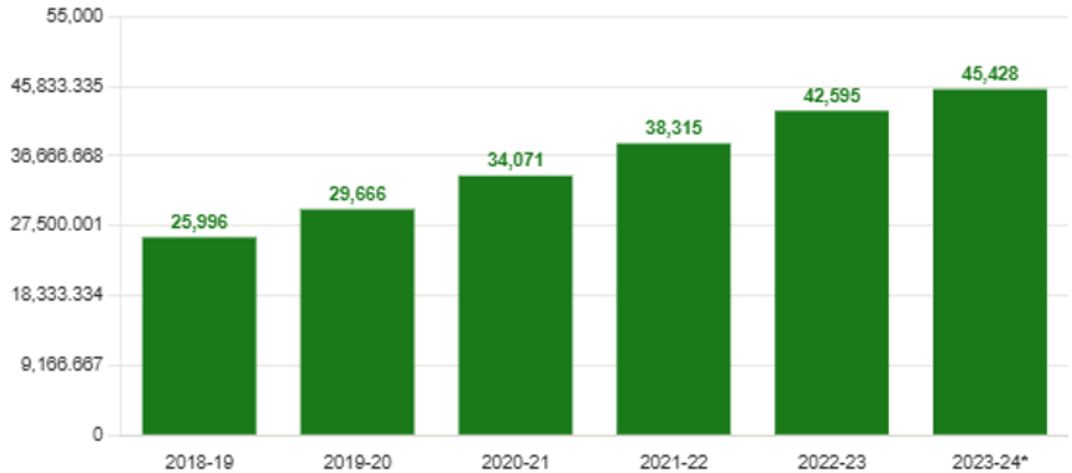

India has a well-developed framework for Public-Private-Partnerships (PPP) in the highway sector. PPP has been a major contributor to the success story of the roads and highway sector in India. With the emergence of private players over the last decade, the road construction market has become fragmented and competitive. Players bidding for projects also vary in terms of size. PPP modes have been used in India for both development and operation & maintenance of road assets.

5.10 Road Asset Development Models

- **BOT Toll**

In a BOT toll project, the concessionaire is responsible for designing, building, financing, operating, maintaining, tolling and transferring the project to the relevant authority at the end of the concession period. The concession period is project specific but is usually for 20-25 years. In BOT Toll model, the concessionaire earns revenue primarily in the form of toll revenue which in turns depends on the traffic on the road stretch. Toll rates are regulated by the government through rules.

* 2023-24 figure is partial-year (as of Nov 2023), the last officially published data point in this series. FY2024-25 and FY2025-26 figures for this specific metric have not been published by NHAI/MoRTH.

- **BOT Annuity**

  Similar to a BOT Toll projects, is BOT Annuity project, the concessionaire is responsible for designing, building, financing, operating, maintaining, tolling and transferring the project to the relevant authority at the end of the concession period. However, in these projects, the right to collect toll on road stretch lies with the government. The concessionaire earns revenue in the form of pre-determined semi-annual annuity payments.

- **HAM**

  Similar to a BOT projects, in HAM project, the concessionaire is responsible for designing, building, financing, operating, maintaining and transferring the project to the relevant authority at the end of the concession period. However, in these projects, the right to collect toll on road stretch lies with the government. The construction period for HAM projects is project specific and a fixed operation period of 15 years.

5.11 Major Events of 2025

- Union Budget FY 2025–26: The Government of India allocated approximately ₹2.87 lakh crore to the Ministry of Road Transport & Highways, while overall national capital expenditure was raised to ₹11.21 lakh crore, reaffirming transport infrastructure as a strategic economic growth driver.
- National Highway Construction Target: MoRTH set an ambitious target of constructing 10,000 km of National Highways during FY 2025–26, including around 5,800 km of high-speed corridors.
- Record Highway Expansion: During FY 2024–25 (reported through 2025), NHAI constructed 5,614 km of National Highways, surpassing its annual target, while overall highway construction remained above 10,000 km nationwide.
- Bharatmala Pariyojana Progress: By 2025, over 26,000 km of projects had been awarded under Bharatmala Phase I, with more than 21,000 km completed, including several strategic economic corridors, greenfield expressways, border roads, and port connectivity projects.
- Delhi–Mumbai Expressway: Major stretches of the 1,350 km Delhi–Mumbai Expressway became operational, significantly improving freight movement, passenger travel, and industrial connectivity across multiple states.
- Amritsar–Jamnagar Economic Corridor: Progress accelerated on this major economic corridor, strengthening strategic and industrial logistics connectivity across northern and western India.
- National High-Speed Corridor Expansion: The Union Cabinet approved 8 major National High-Speed Corridor projects spanning 936 km at a cost exceeding ₹50,655 crore.
- Wayside Amenities (WSAs): By March 2025, the government had awarded over 501 Wayside Amenities across National Highways and Expressways, with more than 94 operational, aimed at improving highway user services and logistics support.
- Multimodal Logistics Parks: Development of 35 Multimodal Logistics Parks under Bharatmala continued, enhancing integrated freight movement and reducing logistics costs.
- Asset Monetization: NHAI's monetization through Toll-Operate-Transfer (TOT), InvITs, and securitization models continued strongly, generating substantial capital for new infrastructure development and reducing fiscal burden.
- FASTag & Digital Highway Modernization: FASTag adoption reached near-universal levels, while initiatives such as the Rajmargyatra app, digital permits, and electronic tolling systems further modernized India's road transport ecosystem.
- Road Safety Measures: Government intensified blackspot rectification programs, expanded vehicle scrappage facilities, and introduced schemes for cashless treatment of road accident victims.
- Strategic State-Level Highway Projects: Major highway expansions and inaugurations were undertaken across states including Kerala, Karnataka, Uttar Pradesh, Gujarat, Andhra Pradesh, Odisha, and West Bengal, focusing on expressways, bypasses, logistics corridors, and industrial linkages.
- Private Sector Participation: Revised BOT and HAM frameworks, improved concession agreements, and mandatory 90% land acquisition prior to project awards enhanced investor confidence and accelerated project execution.
- Vision 2047 Roadmap: MoRTH advanced its long-term National Highway Master Plan focused on universal high-speed corridor access, reduced logistics costs, enhanced passenger amenities, and global competitiveness.
- Tourism & Connectivity Boost: Strategic projects such as airport connectivity corridors, pilgrimage routes, ropeways, and coastal highway expansions were accelerated to improve tourism, regional development, and interstate mobility.

5.12 Growth Drivers

Robust Demand:

In the period from April 2025 to March 2026 (FY 2025–26), India's automotive industry recorded strong growth across all major vehicle segments. Domestic sales of passenger vehicles reached a record 46,43,439 units, reflecting continued consumer demand and expansion in the personal mobility market. Commercial vehicle sales stood at 10,79,871 units, supported by robust infrastructure activity, logistics demand, and economic expansion. Three-wheeler sales increased to 8,36,231 units, driven by rising urban mobility and last-mile transportation needs. Meanwhile, two-wheeler sales surged to 2,17,05,974 units, maintaining their dominance as the largest segment of India's automobile industry. These figures highlight broad-based growth across the automotive sector, supported by improving rural demand, rising disposable incomes, infrastructure development, and strong market confidenceIncreasing Investment:

Under the Union Budget 2025-26, the government has allocated Rs. 2,87,333.3 crore (US$ 33.07 billion) to the Ministry of Road Transport and Highways, reflecting a modest increase of 2.41% compared to the FY25.

Policy Support:

Infrastructure development remains one of the most critical drivers of India's long-term economic growth, with robust financing mechanisms essential for timely and sustainable execution of large-scale projects. The National Bank for Financing Infrastructure and Development continues to play a transformative role as India's premier development finance institution by providing long-term capital, advisory services, technology integration, and project analytics to accelerate infrastructure expansion. As India advances toward its developed economy vision and broader Viksit Bharat 2047 goals, infrastructure investment is expected to maintain annual growth of approximately 8–10%, supported by rising public capex and increasing private participation. In FY 2026–27, India's public capital expenditure reached a record ₹12.2 lakh crore, while NaBFID significantly expanded its financing footprint, with cumulative sanctions exceeding ₹2.03 lakh crore by March 2025 and plans to sanction over ₹1.2 lakh crore in FY26 alone. NaBFID's outstanding asset base is projected to nearly double to over ₹1.15 lakh crore by March 2026, with major funding concentrated in transport, logistics, energy, and sustainable infrastructure sectors. Through strategic partnerships with domestic and global institutions, innovative financing models, and climate-focused infrastructure funding, NaBFID is emerging as a key enabler of India's infrastructure transformation, helping bridge long-term financing gaps while supporting the nation's ambition of becoming a US$5 trillion+ economy in the coming years.

5.13 Challenges & Issues in the Sector

Land Acquisition Delays & Cost:

Land acquisition remains a major challenge for India's infrastructure sector, with costs rising significantly due to higher compensation requirements under the RFCTLARR Act, 2013. Compared to earlier years, land acquisition expenses for highway projects have increased by over 30–40%, substantially raising overall project costs. Delays in key pre-construction activities such as land acquisition, rehabilitation, and utility relocation continue to impact project timelines, as the process involves multiple regulatory stages, stakeholders, and approvals. To address these bottlenecks, the government has strengthened approval mechanisms and expanded digital platforms like BhoomiRashi to improve transparency and speed, though land acquisition remains one of the largest execution risks in road infrastructure development.

Regulatory Approvals & Disputes:

- Road projects require multiple approvals such as environmental, forest, railway, and utility clearances, which often delay execution timelines.
- Delays in approvals can lead to cost overruns due to inflation, financing costs, and extended construction periods.
- Contractual disputes between contractors, concessionaires, and government authorities over land, payments, or project scope can create significant financial liabilities.
- Arbitration and litigation remain major challenges in the sector, impacting project efficiency and capital utilization.

- Government reforms, revised concession agreements, and digital monitoring systems are being implemented to improve approvals and reduce disputes.

Operational Issues:

- Uncertainty of toll revenue collection and variation of collected toll revenue compared to projected levels as Actual traffic is much less than the anticipated traffic.
- Often unforeseen weather conditions require unplanned O&M, over and above the routine and periodic maintenance activities. This results in enhanced O&M expenses. The increase in O&M costs is also affecting the project returns.

Financing road construction projects:

- In the case of toll motorways, the challenge of financing construction projects is different but still remains. Traditionally, the construction of toll motorways is a profitable investment but in the times of recession, funding may be rare or nonexistent.
- Powerful national economies may be able to efficiently tackle the problem but weaker economies can hardly find the financing sources for road construction projects.

Climate Change:

- The road sector is vulnerable to climate change impacts. Climate change and extreme weather events pose a significant challenge to the safety, reliability, effectiveness and sustainability of road transportation systems. Tsunami waves, wildfires, floods and hurricanes constitute a big risk for passengers, vehicles and goods, as well as for the integrity of the transport infrastructure.
- Since reliable road transport is an essential driver of economic growth and social wellbeing worldwide, national road authorities and motorway operators must adapt the infrastructure to climate change and increase the resilience of road transport to extreme weather

Economy and cost effectiveness:

- Among all transport modes, road transport occupies a significant place in short- and medium distance travel operations. However, the unit cost of transportation (per ton × km), compared with other modes of transport, remains high and is getting higher and cost ineffective as the travel distance increases.
- Road transport cost comprises direct costs (fuel, capital depreciation, maintenance, motorway tolls, ferry fares and wages) and external costs (noise, congestion, infrastructure damages, health and environmental issues).

a. Recent Initiatives by Government

i. BhoomiRashi Portal: Digitized land acquisition platform that has significantly reduced notification and approval timelines from months to a few weeks, improving transparency and accelerating project execution.

ii. Central Road and Infrastructure Fund (CRIF): Continues to be a major funding source for road development through fuel cess collections, supporting National Highways, State Highways, rural roads, and multimodal infrastructure projects. Annual allocations remain above ₹3.5 lakh crore.

iii. National Bank for Financing Infrastructure and Development (NaBFID): Emerging as a key long-term infrastructure financier, with cumulative sanctions exceeding ₹2 lakh crore for transport, logistics, and strategic infrastructure projects.

iv. FASTag & Digital Tolling: Nationwide electronic toll collection is now near-universal, improving toll efficiency, reducing congestion, and supporting asset monetization. Tolling network has expanded significantly alongside highway growth.

v. Revival of Stalled Projects: Government continues to support delayed projects through concession extensions, capital support, and policy reforms to improve project completion rates.

vi. Rural Road Development (PMGSY): PMGSY-IV aims to connect 25,000 additional habitations with over 62,500 km of roads by 2028–29, with an investment exceeding ₹70,000 crore.

vii. Road Safety Reforms: New regulations focus on blackspot rectification, vehicle scrappage, driver fatigue monitoring, safer commercial transport operations, and research-driven highway safety improvements.

viii. Private & Global Funding: Increased participation from NIIF, sovereign funds, World Bank, AIIB, ADB, JICA, and international institutions continues to strengthen financing for expressways, logistics corridors, and green highway projects.

ix. International Collaboration: India is expanding global partnerships for technology transfer, sustainable road development, and climate-resilient infrastructure.
Private Sector Participation: HAM, BOT, InvITs, TOT monetization, and infrastructure investment platforms continue to attract private capital and reduce fiscal pressure on government-led infrastructure expansion.

b. Outlook

i. Development and maintenance of road infrastructure is a key Government priority; the sector has received strong budgetary support over the years. During the past years, the standardized processes for Public Private Partnership & public funded projects and a clear policy framework relating to bidding and tolling have also been developed.

ii. The PM GatiShakti National Master Plan has made notable progress in improving infrastructure planning across India. The initiative now hosts 57 Central Ministries/Departments and 36 States/Union Territories on a common geospatial platform, with over 1,700 data layers integrated to support synchronised infrastructure development. A total of 293 infrastructure projects worth ₹13,59,000 crore (US$ 155 billion) have been reviewed by the institutionalised Network Planning Group (NPG), which ensures better coordination across departments. These major initiatives will raise productivity, and accelerate economic growth and sustainable development.

iii. The highway sector in India has been at the forefront of performance and innovation. Under the Vision 2047 plan, the Government of India aims to further expand the National Highway network to 2 lakh km and increase the number of Access-Controlled Expressways to provide world-class infrastructure for the Amrit Kaal. India has a well-developed framework for Public-Private-Partnerships (PPP) in the highway sector.

iv. According to the Economist Intelligence Unit's Infrascope report, among the 19 Asian countries ranked, India ranked first in overall investment and business climate. The Hybrid Annuity Model (HAM) has balanced risk appropriately between private and public partners and boosted PPP activity in the sector. In line with Union Budget 2025-26, MoRTH has identified a PPP project pipeline of 13,400 km, with an estimated cost of ₹8.3 lakh crore, to be developed over the next three years.

v. The Government has increased public capital expenditure to ₹12.2 lakh crore for FY 2026–27, reinforcing the infrastructure-led growth strategy that has defined recent budgets. Budget 2025-26, core to the vision of Viksit Bharat @ 2047, allocated ₹11.21 lakh crore for the infrastructure sector.

6. Valuation Methodology and Approach

The present valuation exercise is being undertaken in order to derive the fair EV of the SPVs.

The valuation exercise involves selecting a method suitable for the purpose of valuation, by exercise of judgment by the valuers, based on the facts and circumstances as applicable to the business of the company to be valued.

There are three generally accepted approaches to valuation:

(a) "Cost" approach
(b) "Market" approach
(c) "Income" approach

6.1. Cost Approach

The cost approach values the underlying assets of the business to determine the business value. This valuation method carries more weight with respect to holding companies than operating companies. Also, cost value approaches are more relevant to the extent that a significant portion of the assets are of a nature that could be liquidated readily if so desired.

Net Asset Value ("NAV") Method

The NAV Method under Cost Approach considers the assets and liabilities, including intangible assets and contingent liabilities. The Net Assets, after reducing the dues to the preference shareholders, if any, represent the value of a company.

The NAV Method is appropriate in a case where the main strength of the business is its asset backing rather than its capacity or potential to earn profits. This valuation approach is also used in cases where the firm is to be liquidated, i.e. it does not meet the "Going Concern" criteria.

As an indicator of the total value of the entity, the NAV method has the disadvantage of only considering the status of the business at one point in time.

Additionally, NAV does not properly take into account the earning capacity of the business or any intangible assets that have no historical cost. In many aspects, NAV represents the minimum benchmark value of an operating business.

6.2. Market Approach

Under the Market approach, the valuation is based on the market value of the company in case of listed companies, and comparable companies' trading or transaction multiples for unlisted companies. The Market approach generally reflects the investors' perception about the true worth of the company.

Comparable Companies Multiples ("CCM") Method

The value is determined on the basis of multiples derived from valuations of comparable companies, as manifest in the stock market valuations of listed companies. This valuation is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

Comparable Transactions Multiples ("CTM") Method

Under the CTM Method, the value is determined on the basis of multiples derived from valuations of similar transactions in the industry. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances. Few of such multiples are EV/Earnings before Interest, Taxes, Depreciation & Amortization ("**EBITDA**") multiple and EV/Revenue multiple.

Market Price Method

Under this method, the market price of an equity share of the company as quoted on a recognized stock exchange is normally considered as the fair value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded. The market value generally reflects the investors' perception about the true worth of the company.

6.3. Income Approach

The income approach is widely used for valuation under "Going Concern" basis. It focuses on the income generated by the company in the past as well as its future earning capability. The Discounted Cash Flow Method under the income approach seeks to arrive at a valuation based on the strength of future cash flows.

DCF Method

Under DCF Method value of a company can be assessed using the Free Cash Flow to Firm (**"FCFF"**) or Free Cash Flow to Equity Method ("**FCFE**"). Under the DCF method, the business is valued by discounting its free cash flows for the explicit forecast period and the perpetuity value thereafter. The free cash flows represent the cash available for distribution to both, the owners and creditors of the business. The free cash flows in the explicit period and those in perpetuity are discounted by the WACC. The WACC, based on an optimal vis-à-vis actual capital structure, is an appropriate rate of discount to calculate the present value of future cash flows as it considers equity-debt risk by incorporating debt-equity ratio of the firm.

The perpetuity (terminal) value is calculated based on the business' potential for further growth beyond the explicit forecast period. The "Constant Growth Model" is applied, which implies an expected constant level of growth for perpetuity in the cash flows over the last year of the forecast period.

The discounting factor (rate of discounting the future cash flows) reflects not only the time value of money, but also the risk associated with the business' future operations. The EV (aggregate of the present value of explicit period and terminal period cash flows) so derived, is further reduced by the value of debt, if any, (net of Cash and Cash Equivalents) to arrive at value to the owners of the business.

6.4. Conclusion on Valuation Approach

It is pertinent to note that the valuation of any company or its assets is inherently imprecise and is subject to certain uncertainties and contingencies, all of which are difficult to predict and are beyond my control. In performing my analysis, I have made numerous assumptions with respect to industry performance and general business and economic conditions, many of which are beyond the control of the SPVs. In addition, this valuation will fluctuate with changes in prevailing market conditions, and prospects, financial and otherwise, of the SPVs, and other factors which generally influence the valuation of companies and their assets.

<<This space is intentionally left blank>>

6.5. Cost Approach

In the present case, the SPVs operate and maintain the project facilities in accordance with the terms and conditions under the relevant concession agreement(s). During the concession period, the SPVs operate and maintain their respective road assets and earn revenues through annuity payment that are pre-determined as per the respective concession agreement. In such scenario, the true worth of the business is reflected in its future earning capacity rather than the cost of the project. Accordingly, I have not considered the cost approach for the current valuation exercise.

6.6. Market Approach

• Comparable Company Method ("CCM")

The present valuation exercise is to undertake fair EV of the SPVs engaged in the road infrastructure projects for a predetermined tenure. Further, the tariff revenue and expenses are very specific to the SPVs depending on the nature of their geographical location, stage of project, terms of profitability. In the absence of any exactly comparable listed companies with characteristics and parameters similar to that of the SPVs, I have not considered CCM method in the present case.

• Comparable Transactions Method ("CTM")

In the absence of adequate details about the Independent Comparable Transactions, I was unable to apply the CTM method as a measure of valuation. Currently, the equity shares of the SPVs are not listed on any recognized stock exchange of India. Hence, I was unable to apply market price method.

6.7. Income Approach

Each of the SPVs operates under a DBOT based concession agreement with NHAI.

Currently, The revenue of the SPVs is based on tenure, annuity payments, operations and other factors that are unique to each of the SPVs.

The revenue of the SPVs is based on tenure, annuity payments, operations and other factors that are unique to each of the SPVs. The revenue of the SPVs is mainly derived from the annuity payments (annuity fees), interest income on balance annuity payments (which is linked to bank rate) and O&M payments (adjusted for inflation), that is defined under respective Concession Agreement for operation period.

The annuity amounts are typically pre-determined with the relevant government authority (NHAI in this case) and cannot be modified to reflect prevailing circumstances. Interest on balance annuity payments are linked to bank rate, which is changed by RBI based on prevailing market conditions. The rights in relation to the underlying assets of all the SPVs shall be transferred after the expiry of the Concession Period. Accordingly, since all the SPVs are generating income based on pre-determined agreements / mechanism and since the Investment Manager has provided me with the financial projections of the SPVs for the balance tenor of the concession agreements, DCF Method under the income approach has been considered as the appropriate method for the present valuation exercise.

In the present exercise, my objective is to determine the Fair Enterprise Value of the SPVs as per the DCF Method. EV is described as the total value of the equity in a business plus the value of its debt and debt related liabilities, minus any cash or cash equivalents to meet those liabilities. Accordingly, in the present case, I have considered it appropriate to consider cash flows at FCFF (Free Cash Flow to Firm) level i.e., cash flows that are available to all the providers of capital (Unitholders). Therefore, cash flows required to service lenders and preference shareholders such as interest, dividend, repayment of principal amount and even additional fund raising are not considered in the calculation of FCFF.

While carrying out this engagement, I have relied extensively on the information made available to me by the Investment Manager. I have considered projected financial statement of the SPVs as provided by the Investment Manager. I have not tested individual assumptions or attempted to substantiate the veracity or integrity of such assumptions in relation to the forward-looking financial information, however, I have made sufficient enquiries to satisfy myself that such information has been prepared on a reasonable basis. Notwithstanding anything above, I cannot provide any assurance that the forward-looking financial information will be representative of the results which will actually be achieved during the cash flow forecast period.

Following are the major steps I have considered in order to arrive at the EV of the SPVs as per the DCF Method:

1. Determination of Free Cash Flows to Firm which included:
   a) Obtaining the financial projections to determine the cash flows expected to be generated by the SPVs from the Investment Manager;
   b) Analyzed the projections and its underlying assumptions to assess the reasonableness of the cash flows;
2. Determination of the discount rate;
3. Applying the discount rate to arrive at the present value of the cash flows.

<< This space is intentionally left blank >>

7. Valuation of the SPVs

7.1. The key conclusions of the projections provided to me by the Investment Manager are:

- **Revenue cash flows**

The Operating revenue cash flow for the SPVs can be divided into two segments:

Payment from NHAI during the Construction Period:

As per the concession agreement, each SPV was eligible to receive 40% of the Bid Project Cost of the respective SPVs, adjusted for the price index multiple, in 5/10 equal installments during the construction period.

I have been represented by the Investment Manager that all the SPVs have received the agreed portion of the inflation adjusted bid project cost (of 40%) as per their respective concession agreement. Hence, no further cash flow receipts are attributable towards this segment of cash flows.

Payment by NHAI during the Operation Period: Accordingly, the revenue of the SPVs would mainly consists of the following receipts:

a. **Annuity payments**:The remaining 60% of the Bid Project Cost, adjusted for the price index multiple, to be paid in pursuance of the respective concession agreements (i.e. the Balance Completion Cost) is eligible to be received by the respective SPVs by way of specified biannual installments as mentioned in their respective concession agreement for the balance period of operations.

b. **Interest**: As per the concession agreements, all the SPVs except BMHL, MBHL and VHL are entitled to receive interest on reducing Balance Completion Cost equal to applicable Bank Rate (as decided by the Monetary Policy Committee and published by the Reserve Bank of India) + 3.00% spread and the SPVs BMHL, MBHL and VHL are entitled to receive interest equal to MCLR (average of top 5 commercial banks) + 1.25% spread. Such interest is due and payable along with each of the biannual installments as mentioned above.

Quarter	Bank Rate	Notes
Q3 FY2023–24	6.75%	No change during this quarter.
Q4 FY2023–24	6.75%	No change during this quarter.
Q1 FY2024–25	6.75%	No change during this quarter.
Q2 FY2024–25	6.75%	No change during this quarter.
Q3 FY2024–25	6.75%	No change during this quarter.
Q4 FY2024–25	6.50%	Reduced by 25 basis points on February 7, 2025.
Q1 FY2025-26	6.25%	Reduced by 25 basis points on April 9, 2025.
Q1 FY2025-26	5.75%	Reduced by 50 basis points on June 6, 2025.
Q2 FY2025-26	5.75%	No change during this quarter.
Q3 FY2025-26	5.50%	Reduced by 25 basis points on Dec 5, 2025.
Q4 FY2025-26	5.50%	No change during this quarter.
Q1 FY2026-27	5.50%	No change during this quarter.
Q2 FY2026-27	5.50%	No change during this quarter.
Q3 FY2026-27	5.75%	Increased by 25 basis points on October 7, 2026

The above table represents the Bank Rate for the past 3 years. As of the valuation date, the prevailing Bank Rate was 5.50%. However, as on the report date, the bank rate has been revised to 5.75%. Accordingly, a Bank Rate of 5.75% has been applied to all annuities in the projected period.

Quarter	MCLR	Notes
Q3 FY2025-26	8.67%	Reduced by 20 basis points. (8.87% in Q2 FY2025-26)
Q4 FY2025-26	8.60%	Reduced by 7 basis points.
Q1 FY2026-27	8.57%	Reduced by 3 basis points.
Q2 FY2026-27	8.61%	Increased by 4 basis points.

The above table represents the MCLR Rate for the past 4 quarters. As of the valuation date, the prevailing MCLR Rate is 8.61%.

Sr. No.	SPV	Annuities received till valuation date	Balance annuities to be received	Bank rate or MCLR	Bank Rate/MCLR considered	Interest Rate Considered
1	BMHL	4	26	MCLR	8.61%	9.86%
2	DBHL	6	24	Bank rate	5.75%	8.75%
3	DHHL	6	24	Bank rate	5.75%	8.75%
4	VHL	4	26	MCLR	8.61%	9.86%
5	MBHL	4	26	MCLR	8.61%	9.86%
6	NPHL	5	25	Bank Rate	5.75%	8.75%
7	RHL	5	25	Bank rate	5.75%	8.75%

c. **Operation and Maintenance Revenue**: In lieu of O&M expenses to be incurred by SPVs, SPVs are eligible for certain O&M income (as defined in the respective concession agreement) at each biannual installment date, duly adjusted for an appropriate inflation rate.

*(Refer **Appendix 1** for detailed revenue breakup)*

Operating and Maintenance Expenses:

Since all the SPVs are operational on the Valuation Date, following are the major costs incurred by the SPVs:

Operation and Maintenance Costs (Routine) ("O&M Costs")

These are routine costs incurred every year. These costs are related to the normal wear and tear of the road and hence involve repairing the patches damaged mainly due to heavy traffic movement. O&M Costs also include staff salaries, project management fees, professional fees, insurance, security expenses, electricity, etc. The primary purpose of these expenses is to maintain the road as per the specifications mentioned in the respective concession agreement. SPV is generally responsible for carrying out operation and maintenance activities at its road during its concession period. The following table shows the broad breakup of O&M Cost for FY 28, which is used in our valuation:

INR Mn

Sr No	SPVs	O&M Expense	PM Expense	CSR Expense	Total
1	BMHL	87	10	5	**102**
2	DBHL	95	7	-	**102**
3	DHHL	97	9	6	**111**
4	VHL	107	8	-	**115**
5	MBHL	92	10	8	**110**
6	NPHL	160	14	7	**181**
7	RHL	98	9	4	**111**

The Investment Manager has escalated these costs by approximately ~4% for all the SPVs.The Investment Manager has provided the estimated O&M costs for the projected period and I have corroborated the said expenses based on the Technical Due Diligence ("TDD") reports prepared by Ruky Projects Pvt Ltd as provided to me by the Investment Manager. Given the technical nature of this study, I have relied on the experts report for these costs.

- **Estimating the Major Maintenance and Repairs Costs ("MMR Costs"):**

Major maintenance expenses will be incurred on a periodic basis. These are the costs incurred to bring the road assets back to its earlier condition or keep the road assets in its normal condition as per the concession agreement terms. These expenses are primarily related to the construction or re-laying of the top layer of the road. Accordingly, such costs include considerable amounts of materials and labour.

The Investment Manager has provided the estimated MM costs for the projected period and I have corroborated the said expenses based on the Technical Due Diligence ("TDD") reports prepared by Ruky Projects Pvt Ltd as provided to me by the Investment Manager. (**Refer Appendix 6**).

- **Capital Expenditure ("Capex"):**

As represented by the Investment Manager, regarding the maintenance Capex, there is no balance Capex in any of the SPVs.

- **Direct Taxes**:

  As per the discussions with the Investment Manager, the revised applicable tax rates, including the applicable surcharge and cess, under the Income Tax Act, 2025 have been considered for the projected period of all SPVs. I have relied on the representation of the Investment Manager for the projected tax outflow for the projected period.

- **Working Capital:**

  The Investment Manager has provided projected financial information on biannual basis for all the SPVs. The biannual period are based on the annuity dates of the respective SPV. The amount of O&M expenses payable to Project Manager and O&M Contractor by the SPVs on the basis of its O&M Agreements is also due and payable on the basis of the annuity amount and date on which annuities are received. Hence, for all the SPV where annuity payments are material component of revenue, there are no receivables and payables estimated to be outstanding at their respective annuity dates during the biannually prepared projected period. Other working capital items outstanding as at the Valuation Date mainly represents the advance income tax, GST input tax (and cash) credit, prepaid expenses, etc.

  The Investment Manager has provided projected Working Capital information for all the SPVs. I have relied on the same.

- **GST Claim:**

  The Investment Manager has informed us that due to the changes in extant provision of the Goods & Services Tax ("GST") laws, the SPVs are eligible to receive GST claim from NHAI which are as follows:

i. **On Annuity:** As per the clarification notification of Ministry of Road Transport & Highways as on 27th August 2021 vis-à-vis Ministry of Finance circular dated 17th June 2021, SPVs are eligible to claim reimbursement of GST on annuity, considering change in law, after adjusting GST input credit lying with the SPVs.

ii. **On Interest on Annuity:** As per the Ministry of Finance circular dated 17th June 2021, GST will be applicable on annuity (deferred payments) paid for construction of roads i.e. annuity plus interest, additionally Ministry of Road Transport & Highways issued clarification dated 17th June 2021 that the SPVs will be eligible to claim reimbursement of GST on interest.

iii. **Change in GST rates:** Ministry of Finance vide notification no. 03/2022 dated 13th July 2022, increased the GST rates applicable on road construction services from 12% to 18%. As per the clarification of Ministry of Road Transport & Highways dated 20th September 2022, the above increase in GST rates are eligible for reimbursement from NHAI as it is considered as change in law (i.e. change of rate).

- **Terminal Period Cashflows:**

  At the end of the agreed concession period, the rights in relation to the underlying assets, its operations and the obligation to maintain the road reverts to the government authority that granted the concession. Hence, SPVs are not expected to generate cash flow after the expiry of their respective concession agreements.

  Accordingly, I found it appropriate not to consider terminal period value, which represents the present value at the end of explicit forecast period of all subsequent cash flows to the end of the life of the asset or into perpetuity if the asset has an indefinite life, in this valuation exercise.

7.2. Calculation of Weighted Average Cost of Capital for the SPVs

- **Cost of Equity:**

  Cost of Equity (CoE) is a discounting factor to calculate the returns expected by the equity holders depending on the perceived level of risk associated with the business and the industry in which the business operates.

  For this purpose, I have used the Capital Asset Pricing Model (CAPM), which is a commonly used model to determine the appropriate cost of equity for the SPVs.

  K(e) = Rf + [ERP* Beta] + CSRP

  Wherein:
  K(e) = cost of equity
  Rf = risk free rate
  ERP = Equity Risk Premium
  Beta = a measure of the sensitivity of assets to returns of the overall market
  CSRP = Company Specific Risk Premium (In general, an additional company-specific risk premium will be added to the cost of equity calculated pursuant to CAPM).
  For valuation exercise, I have arrived at adjusted cost of equity of the SPVs based on the above calculation *(**Refer Appendix 2** for detailed workings)*.

- **Risk Free Rate:**

The Risk-Free Rate has been determined with reference to the Zero-Coupon Yield Curve ("ZCYC") for Government of India securities, as published by the Clearing Corporation of India Limited (CCIL), as of the Valuation Date.

The chart below sets out the daily movement of the 10-year ZCYC rate over the period April 2026 to September 2026:

For the valuation as of 30 September 2026, the spot 10-year ZCYC yield of 7.20% has been adopted as the Risk-Free Rate.

As evident from the chart, ZCYC rates fluctuated during April and May 2026, followed by a declining trend until June. Thereafter, yields exhibited an upward trend from July through September 2026.

For comparison, the previous valuation as of 31 March 2026 considered a normalized Risk-Free Rate of 6.90% (trailing three-month average), as heightened volatility towards the latter part of the quarter had resulted in a divergence between the spot and average yields. The normalization in March was adopted to mitigate the impact of short-term market fluctuations and avoid undue sensitivity arising from reliance on a single-day observation.

The movement in ZCYC rates during the six months ended 30 September 2026 was less volatile vis-à-vis the six months ended 31 March 2026. During July to September 2026 yields have moved in an upward direction over three months, and the valuation-date yield therefore reflects prevailing market conditions rather than short-term fluctuation. In our view, the spot yield appropriately reflects the underlying risk-free rate as of the valuation date.

- **Equity Risk Premium ("ERP"):**

  The Equity Risk Premium (ERP) is a measure of the additional return that investors require for investing in equity markets over risk-free assets, such as government bonds. It is typically estimated by comparing historical realized returns on equity with the risk-free rate, often represented by 10-year government securities. For my estimation of the ERP for India, I have analyzed rolling historical returns of the Nifty 50 Index over 10-year, 15-year, and 20-year periods, covering data from 2005 to 2026. As of 30th September 2026, the calculated ERP based on these rolling return periods stands at 6.22%, 6.50% and 7.87% for the 10-year, 15-year and 20-year periods respectively. These figures indicate variability in ERP over different investment horizons, but collectively they suggest a range around 6% to 8%. Considering the historical trends, variability across periods, and long-term expectations, an equity risk premium of 7% for India continues to be an appropriate and reasonable assumption. For comparison, the previous valuation as of March 2026 used an Equity Risk Premium of 7.00%.

- **Beta:**

  Beta is a measure of the sensitivity of a company's stock price to the movements of the overall market index. In the present case, I find it appropriate to consider the beta of companies in similar business/ industry to that of the SPVs for an appropriate period.

  For the valuation of the SPVs, I find it appropriate to consider the beta of PG InvIT and IRB InvIT fund for an appropriate period. The beta so arrived, is further adjusted based on the factors of mentioned SPVs like completion of projects, revenue certainty, past collection trend, lack of execution uncertainty, etc. to arrive at the adjusted unlevered beta appropriate to the SPVs.

  I have further unlevered the beta of such companies based on market debt-equity of the respective company using the following formula:
  Unlevered Beta = Levered Beta / [1 + (Debt / Equity) *(1-T)]

  Further I have re-levered it based on debt-equity at 70:30 based on the industry Debt: Equity ratio of HAM based projects using the following formula:
  Re-levered Beta = Unlevered Beta * [1 + (Debt / Equity) *(1-T)]

  Accordingly, as per above, I have arrived at re-levered betas of the SPVs.

  *(Refer **Appendix 3** for detailed workings)*

- **Debt – Equity Ratio:**

  I have considered the target debt-equity ratio as per the industry standards. I have considered the industry bench mark since the cost of capital is a forward looking measure and captures the cost of raising new funds to buy the asset at any valuation date (not the current actually deployed). Specifically, such benchmark is required to consider the nature of the asset class, and the comparative facts from the industry to arrive at the correct assumption.

  Given the risk profile of HAM projects, and considering the leverage at 70-80% of the total project cost based on a rating agencies report available in public domain, and further considering the InvIT Regulations allowing in general upto 70% leverage in assets where AAA rating has been obtained, a debt-to-equity ratio of 70% for HAM asset was found to be appropriate. For comparison, the previous valuation as of March 2026 used a Debt-Equity Ratio of 70%.

- **Company Specific Risk Premium ("CSRP"):**

  As the risk inherent in achieving the future cash flows. In the present case, considering the counter-party risk for Discount Rate is the return expected by a market participant from a particular investment and shall reflect not only the time value of money but also the risk inherent in the asset being valued as well certain SPVs, considering the length of the explicit period for the SPVs, and basis my discussion with Investment Manager, I found it appropriate to 0% CSRP for the SPVs. For comparison, the previous valuation as of March 2026 used a CSRP of 0%.

- **Cost of Debt:**

  The calculation of Cost of Debt post-tax can be defined as follows:
  K(d) = K(d) pre-tax * (1 - T)

  Wherein:
  K(d) = Cost of debt
  T = tax rate as applicable

  For valuation exercise, pre-tax cost of debt has been considered as 7.73%. For comparison, in the previous valuation exercise as on March 2026, Cost of Debt of 7.50% was considered.

- **Weighted Average Cost of Capital (WACC):**

  The discount rate, or the WACC, is the weighted average of the expected return on equity and the cost of debt. The weight of each factor is determined based on the company's optimal capital structure.

  Formula for calculation of WACC:
  WACC = [K(d) * Debt /(Debt + Equity)] + [K(e) * (1 - Debt /(Debt + Equity))]

  Accordingly, as per above, I have arrived the WACC for the explicit period of the SPVs (Refer **Appendix 2** for detailed workings). For comparison, the previous valuation as of March 2026 is shown in the below table.

Particulars	31-Mar-26	30-Sep-26
BMHL	7.14%	7.19%
DBHL	7.52%	7.58%
DHHL	7.31%	7.34%
VHL	7.37%	7.41%
MBHL	7.18%	7.24%
NPHL	7.21%	7.21%
RHL	7.21%	7.21%

- **Cash Accrual Factor (CAF) and Discounting Factor**

  Discounted cash flow require to forecast cash flows in future and discount them to the present in order to arrive at present value of the asset as on Valuation Date. To discount back the projections we use the Cash Accrual Factor ("CAF"). The Cash Accrual Factor refers to the duration between the Valuation date and the point at which each cash flow is expected to accrue.

  In case of HAM Projects, the annuities are received bi-annually at a predetermined date and the concession agreement provides that the annuities would be realized within 15 days from the annuity date. As represented by the Investment Manager, I have taken 5 days of collection for the purpose of this valuation exercise.Hence we have considered the annuity realizations date for the purpose of determination of the CAF Accordingly, the cash flows during each year of the projected period are discounted back from the respective annuity realization to Valuation Date.

  Discounted cash flow is equal to sum of the cash flow in each period divided by discounting factor, where the discounting factor is determined by raising one plus discount rate (WACC) to the power of the CAF.

  $DCF = [CF_1 / (1+r)^{CAF1}] + [CF_2 / (1+r)^{CAF2}] + ... + [CF_n /(1+r)^{CAFn}]$

  Where,

  CF = Cash Flows,

  CAF = Cash accrual factor for particular period

  R = Discount Rate (i.e. WACC)

8. Valuation Conclusion

The current valuation has been carried out based on the discussed valuation methodology explained herein earlier. Further, various qualitative factors, the business dynamics and growth potential of the business, having regard to information base, management perceptions, key underlying assumptions and limitations were given due consideration.

I have been represented by the Investment Manager that there is no potential devolvement on account of the contingent liability as of valuation date; hence no impact has been factored in to arrive at fair EV of the SPVs.

Based on the above analysis, the fair EV and Adjusted Enterprise Value as on the Valuation Date of the SPVs is as mentioned below:

INR Mn

Sr. No.	SPVs	Approximate Projection Period (Balance Concession Period)	WACC	Fair EV*	Fair Adjusted EV**
1	BMHL	~12 Years 7 Months	7.19%	6,049	6,429
2	DBHL	~12 Years	7.58%	4,445	4,872
3	DHHL	~11 Years 10 Months	7.34%	4,923	5,251
4	VHL	~12 Years 6 Months	7.41%	5,520	5,523
5	MBHL	~12 Years 7 Months	7.24%	6,597	6,947
6	NPHL	~12 Years 6 Months	7.21%	8,913	9,130
7	RHL	~12 Years 1 Months	7.21%	5,187	5,350
	Total			**41,635**	**43,500**

(Refer Appendix 1 for detailed workings)

** Enterprise Value ("**EV**") is described as the total value of the equity in a business plus the value of its debt and debt related liabilities, minus any Cash and Cash Equivalents to meet those liabilities.*

*** Adjusted Enterprise Value of the SPVs is derived as the EV as defined above plus Cash and Cash Equivalents of the SPVs as at the Valuation Date.*

The fair EV of the SPVs is estimated using DCF method. The valuation requires Investment Manager to make certain assumptions about the model inputs including forecast cash flows, discount rate, and credit risk.

Valuation is based on estimates of future financial performance or opinions, which represent reasonable expectations at a particular point of time, but such information, estimates or opinions are not offered as predictions or as assurances that a particular level of income or profit will be achieved, a particular event will occur or that a particular price will be offered or accepted. Actual results achieved during the period covered by the prospective financial analysis will vary from these estimates and the variations may be material.

Accordingly, I have conducted a quantitative sensitivity analysis on certain model inputs, the results of which are as indicated below:

a. WACC by increasing / decreasing it by 0.5%
b. WACC by increasing / decreasing it by 1.0%
c. Total Expenses by increasing / decreasing it by 20%

The detailed results of the above sensitivity analysis are presented in **Section 1 – Summary of Valuation**, for reference and further consideration.

9. Additional Procedures to be complied with in accordance with InvIT regulations

Scope of Work

The Schedule V of the SEBI InvIT Regulations prescribes the minimum set of mandatory disclosures to be made in the valuation report. In this reference, the minimum disclosures in valuation report may include following information as well, so as to provide the investors with the adequate information about the valuation and other aspects of the underlying assets of the InvIT.

The additional set of disclosures, as prescribed under Schedule V of InvIT Regulations, to be made in the valuation report of the SPVs are as follows:

	Schedule V of the SEBI InvIT Regulations	Reference In Report
i.	Details of the project including whether the transaction is a related party transaction	Section 9.1 (A)
ii.	Latest pictures of the project	Section 9.1 (B)
iii.	the existing use of the project	Section 3.2 – Background of the SPVs
iv.	the nature of the interest the InvIT holds or proposes to hold in the project, percentage of interest of the InvIT in the project	Section 3- Amount of outstanding debt payable by the SPVs to the trust Section 4 – Structure of the Trust for percentage of equity interest
v.	Date of inspection and Date of Valuation	Same as Point (ii) as mentioned above and Section 1- Executive Summary
vi.	Qualifications and assumptions	Section 7 – Valuation of the SPVs (Key Assumptions)
vii.	Methods used for valuation	Section 6 – Valuation Methodology
viii.	Valuation standards adopted	Section 2 – Procedures adopted for Valuation
ix.	Extent of valuer's investigations and nature and source of data to be relied upon	Section 10 – Sources of information
x.	Purchase price of the project by the InvIT (for existing projects of the InvIT)	Section 9.1 (A)
xi.	Valuation of the project in the previous 3 years; (for existing projects of the InvIT)	Section 1- Executive Summary
xii.	Detailed valuation of the project as calculated by the valuer;	Appendix 1,2,3
xiii.	List of one-time sanctions/approvals which are obtained or pending;	Section 9.1 (C)
xiv.	List of up to date/overdue periodic clearances;	Section 9.1 (D)
xv.	Statement of assets	Section 9.1 (E)
xvi.	Estimates of already carried as well as proposed major repairs and improvements along with estimated time of completion;	Section 9.1 (F)
xvii.	Revenue pendencies including local authority taxes associated with InvIT asset and compounding charges, if any;	Section 9.1 (G)
xviii.	On-going material litigations including tax disputes in relation to the assets, if any;	Section 9.1 (H)
xix.	Vulnerability to natural or induced hazards that may not have been covered in town planning/ building control.	Section 9.1 (I)

9.1. Analysis of Additional Set of Disclosures for the SPVs

A. Purchase Price of the SPVs by the InvIT

As informed by the Investment manager, following are the purchase price of the SPVs of the InvIT against which units of Anantam Highways Trust for an equal amount have been allotted to DBL and others, under the respective Share Purchase Agreements for 100% Equity for all the SPVs.

Sr. No	SPVs	Purchase Price (INR Mn)	Acquisition Date	Seller	Whether a Related party of Trust at Acquisition date*
1	BMHL	2,964	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes
2	DBHL	1,555	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes
3	DHHL	1,710	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes
4	VHL	1,251	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes
5	MBHL	3,308	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes
6	NPHL	4,875	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes
7	RHL	2,087	09-Oct-25	Dilip Buildcon Group and Alpha Alternatives Group	Yes

**AHT has acquired 100% effective ownership in all SPVs from DBL and others, with a 99.98% direct stake and the remaining negligible interest held by its nominee.*

B. Latest Pictures of the Project:

The details relating to the respective projects along with relevant pictures are disclosed in the background of each SPVs (Refer section 3.2).

C. List of one-time sanctions/approvals which are obtained or pending:

As informed by the investment manager, there are no pending government sanctions/ approvals for the SPVs as on 30th September 2026 other than Completion Certificate approval for DHHL. The list of sanctions/ approvals obtained by the SPVs till 30th September 2026 as provided in Appendix 4.1 to Appendix 4.7.

D. List of up to date/ overdue periodic clearances:

The Investment Manager has confirmed that the SPVs are required to periodically update the CLRA licences which is updated as on each valuation date.

E. Statement of assets included:

The details of assets of the SPVs as per the Provisional Financial statements as at 30th September 2026 are as mentioned below:-

INR Mn

SPVs	Net Fixed Assets	Non-Current Assets	Current Assets
BMHL	3	4,176	502
DBHL	1	3,795	860
DHHL	-	4,031	602
VHL	9	4,048	796
MBHL	3	4,677	562
NPHL	1	5,887	1,095
RHL	2	3,800	600
Total	**18**	**30,413**	**5,018**

F. Estimates of already carried as well as proposed major repairs and improvements along with estimated time of completion:

I have been informed that maintenance is regularly carried out by SPVs in order to maintain the working condition of the assets. *(Refer Appendix 6 for detailed workings)*

G. Revenue pendencies including local authority taxes associated with InvIT asset and compounding charges, if any:

Investment Manager has informed me that there are no material dues including local authority taxes (such as Municipal Tax, Property Tax, etc.) pending to be payable to the government authorities with respect to the SPVs (InvIT assets).

H. On-going material litigations including tax disputes in relation to the assets, if any

As informed by the Investment Manager, as 30th September 2026, there are no ongoing material litigations except those shown in Appendix 5. Further, the Investment Manager has informed us that majority of the tax litigations are low to medium risk and accordingly no material outflow is expected against the litigations, hence no impact has been factored on the valuation of the SPVs.

I. Vulnerability to natural or induced hazards that may not have been covered in town planning/ building control:

Investment Manager has confirmed to me that there are no natural or induced hazards which may impact town planning/ building control, that have not been considered.

Other Matters:

There are no other material matters to report except those specifically disclosed above in this Valuation Report.

<<This space is intentionally left blank>>

10. Sources of Information

For the purpose of undertaking this valuation exercise, I have relied on the following sources of information provided by the Investment Manager:

i. Provisional Financial Statements of all SPVs for the period ended 30th September 2026;
ii. Audited Financial Statements of all SPVs for Financial Year ("FY") ended 31st March 2026;
iii. Special Purpose Combined Financial Statement for all SPVs for period ended 30th June 2025;
iv. Projected financial information for the remaining project life for each of the SPVs;
v. Technical Due Diligence ("TDD") reports prepared by Ruky Projects Pvt Ltd for all SPVs, for projected MMR and O&M costs;
vi. Details of projected Major Maintenance & Repairs (MMR) Expenditure and Capital Expenditure (Capex);
vii. Signed O&M contracts for projected MMR and O&M Costs;
viii. Details of Written Down Value ("WDV") as on 30th September 2026;
ix. Details of brought forward losses (as per Income Tax Act) of the SPVs as at 30th September 2026;
x. Concession Agreement of each of the SPVs with their respective concessioning authority;
xi. List of licenses / approvals, details of tax litigations, civil proceeding and arbitrations of the SPVs;
xii. Shareholding pattern as on Valuation Date of the SPVs and other entities mentioned in this Report;
xiii. Management Representation Letter by the Investment Manager dated 15th October 2026;
xiv. Relevant data and information about the SPVs provided by the Investment Manager either in written or oral form or in the form of soft copy;
xv. Information provided by leading database sources, market research reports and other published data.

The information provided to me by the Investment Manager in relation to the SPVs included but not limited to historical financial statements, forecasts/projections, other statements and assumptions about future matters like forward-looking financial information prepared by the Investment Manager. The forecasts and projections as supplied to me are based upon assumptions about events and circumstances which are yet to occur.

For the purpose of Calculation of Raw beta, we have sourced the data from S&P Capital IQ.

I have not tested individual assumptions or attempted to substantiate the veracity or integrity of such assumptions in relation to the forward-looking financial information, however, I have made sufficient enquiries to satisfy myself that such information has been prepared on a reasonable basis.

Notwithstanding anything above, I cannot provide any assurance that the forward looking financial information will be representative of the results which will actually be achieved during the cash flow forecast period.

<<This space is intentionally left blank>>

11. Exclusions and Limitations

i. My Report is subject to the limitations detailed hereinafter. This Report is to be read in totality, and not in parts, in conjunction with the relevant documents referred to herein.

ii. Valuation analysis and results are specific to the purpose of valuation and is not intended to represent value at any time other than the valuation date of 30th September 2026 ("Valuation Date") mentioned in the Report and as per agreed terms of my engagement. It may not be valid for any other purpose or as at any other date. Also, it may not be valid if done on behalf of any other entity.

iii. This Report, its contents and the results are specific to (i) the purpose of valuation agreed as per the terms of my engagements; (ii) the Valuation Date and (iii) are based on the financial information of the SPVs till 30th September 2026. The Investment Manager has represented that the business activities of the SPVs have been carried out in normal and ordinary course between 30th September 2026 and the Report Date and that no material changes have occurred in the operations and financial position between 30th September 2026 and the Report date, except for any events disclosed by the Investment Manager during the valuation exercise.

iv. The scope of my assignment did not involve me performing audit tests for the purpose of expressing an opinion on the fairness or accuracy of any financial or analytical information that was provided and used by me during the course of my work. The assignment did not involve me to conduct the financial or technical feasibility study. I have not done any independent technical valuation or appraisal or due diligence of the assets or liabilities of the SPVs or any of other entity mentioned in this Report and have considered them at the value as disclosed by the SPVs in their regulatory filings or in submissions, oral or written, made to me.

v. In addition, I do not take any responsibility for any changes in the information used by me to arrive at my conclusion as set out here in which may occur subsequent to the date of my Report or by virtue of fact that the details provided to me are incorrect or inaccurate.

vi. I have assumed and relied upon the truth, accuracy and completeness of the information, data and financial terms provided to me or used by me; I have assumed that the same are not misleading and do not assume or accept any liability or responsibility for any independent verification of such information or any independent technical valuation or appraisal of any of the assets, operations or liabilities of the SPVs or any other entity mentioned in the Report. Nothing has come to my knowledge to indicate that the material provided to me was misstated or incorrect or would not afford reasonable grounds upon which to base my Report.

vii. This Report is intended for the sole use in connection with the purpose as set out above. It can however be relied upon and disclosed in connection with any statutory and regulatory filing in connection with the provision of SEBI InvIT Regulations. However, I will not accept any responsibility to any other party to whom this Report may be shown or who may acquire a copy of the Report, without my written consent.

viii. It is clarified that this Report is not a fairness opinion under any of the stock exchange/ listing regulations. In case of any third party having access to this Report, please note this Report is not a substitute for the third party's own due diligence/ appraisal/ enquiries/ independent advice that the third party should undertake for his purpose.

ix. Further, this Report is necessarily based on financial, economic, monetary, market and other conditions as in effect on, and the information made available to me or used by me up to, the date hereof. Subsequent developments in the aforementioned conditions may affect this Report and the assumptions made in preparing this Report and I shall not be obliged to update, revise or reaffirm this Report if information provided to me changes.

x. This Report is based on the information received from the sources as mentioned in Section 10 of this Report and discussions with the Investment Manager. I have assumed that no information has been withheld that could have influenced the purpose of my Report.

xi. Valuation is not a precise science and the conclusions arrived at in many cases may be subjective and dependent on the exercise of individual judgment. There is, therefore, no indisputable single value. I have arrived at an indicative EV based on my analysis. While I have provided an assessment of the value based on an analysis of information available to me and within the scope of my engagement, others may place a different value on this business.

xii. Any discrepancies in any table / appendix between the total and the sums of the amounts listed are due to rounding-off.

xiii. Valuation is based on estimates of future financial performance or opinions, which represent reasonable expectations at a particular point of time, but such information, estimates or opinions are not offered as predictions or as assurances that a particular level of income or profit will be achieved, a particular event will occur or that a particular price will be offered or accepted. Actual results achieved during the period covered by the prospective financial analysis will vary from these estimates and the variations may be material.

xiv. I do not carry out any validation procedures or due diligence with respect to the information provided/extracted or carry out any verification of the assets or comment on the achievability and reasonableness of the assumptions underlying the financial forecasts, save for satisfying ourselves to the extent possible that they are consistent with other information provided to me in the course of this engagement.

xv. My conclusion assumes that the assets and liabilities of the SPVs, reflected in their respective latest balance sheets remain intact as of the Report date.

xvi. Whilst all reasonable care has been taken to ensure that the factual statements in the Report are accurate, neither myself, nor any of my associates, officers or employees shall in any way be liable or responsible either directly or indirectly for the contents stated herein. Accordingly, I make no representation or warranty, express or implied, in respect of the completeness, authenticity or accuracy of such factual statements. I expressly disclaim any and all liabilities, which may arise based upon the information used in this Report. I am not liable to any third party in relation to the issue of this Report.

xvii. The scope of my work has been limited both in terms of the areas of the business & operations which I have reviewed and the extent to which I have reviewed them. There may be matters, other than those noted in this Report, which might be relevant in the context of the transaction and which a wider scope might uncover.

xviii. For the present valuation exercise, I have also relied on information available in public domain; however the accuracy and timelines of the same has not been independently verified by me.

xix. In the particular circumstances of this case, my liability (in contract or under any statute or otherwise) for any economic loss or damage arising out of or in connection with this engagement, however the loss or damage caused, shall be limited to the amount of fees actually received by me from the Investment Manager, as laid out in the engagement letter for such valuation work.

xx. In rendering this Report, I have not provided any legal, regulatory, tax, accounting or actuarial advice or opinion and accordingly I do not assume any responsibility or liability in respect thereof.

xxi. This Report does not address the relative merits of investing in InvIT as compared with any other alternative business transaction, or other alternatives, or whether or not such alternatives could be achieved or are available.

xxii. I am not an advisor with respect to legal, tax and regulatory matters for the transaction occured. No investigation of the SPVs' claim to title of assets has been made for the purpose of this Report and the SPVs' claim to such rights have been assumed to be valid. No consideration has been given to liens or encumbrances against the assets, beyond the loans disclosed in the accounts. Therefore, no responsibility is assumed for matters of a legal nature.

xxiii. I have no present or planned future interest in the Trustee, Investment Manager or the SPVs and the fee for this Report is not contingent upon the values reported herein. My valuation analysis should not be construed as investment advice; specifically, I do not express any opinion on the suitability or otherwise of entering into any financial or other transaction with the Investment Manager or SPVs.

xxiv. I have submitted the draft valuation report to the Trust and Investment Manager for confirmation of accuracy of the factual data used in my analysis and to prevent any error or inaccuracy in this Report.

Limitation of Liabilities

It is agreed that, having regard to the RV's interest in limiting the personal liability and exposure to litigation of its personnel, the Sponsor, the Settlor, the Investment Manager and the Trust will not bring any claim in respect of any damage against any of RV personally.

In no circumstances RV shall be responsible for any consequential, special, direct, indirect, punitive or incidental loss, damages or expenses (including loss of profits, data, business, opportunity cost, goodwill or indemnification) in connection with the performance of the services whether such damages are based on breach of contract, tort, strict liability, breach of warranty, negligence, or otherwise, even if the Investment Manager had contemplated and communicated to RV the likelihood of such damages. Any decision to act upon the deliverables (including this Report) is to be made by the Investment Manager and no communication by RV should be treated as an invitation or inducement to engage the Investment Manager to act upon the deliverable(s).

It is clarified that the Investment Manager will be solely responsible for any delays, additional costs, or other liabilities caused by or associated with any deficiencies in their responsibilities, misrepresentations, incorrect and incomplete information including information provided to determine the assumptions.

RV will not be liable if any loss arises due to the provision of false, misleading or incomplete information or documentation by the Investment Manager.

Further, this Report is necessarily based on financial, economic, monetary, market and other conditions as in effect on, and the information made available to me or used by me up to, the date hereof. Subsequent developments in the aforementioned conditions may affect this Report and the assumptions made in preparing this Report and I shall not be obliged to update, revise or reaffirm this Report if information provided to me changes.

Note No	Remarks
Note 1	Risk free rate has been considered based on zero coupon yield curve as at 30th September 2026 of Government Securities having maturity period of 10 years, as quoted on CCIL's website. (Refer Section 7.2 for the detailed note)
Note 2	Based on historical realized returns on equity investments over a risk-free rate represented by 10 years government bonds, a 7% equity risk premium is considered appropriate for India. (Refer Section 7.2 for the detailed note)
Note 3	Beta has been considered based on the beta of companies operating in the similar kind of business in India. (Refer Section 7.2 for the detailed note)
Note 4	Base Ke = Rf + (β x ERP)
Note 5	Risk Premium/ Discount Specific to the SPVs
Note 6	Adjusted Ke = Rf + (β x ERP) + CSRP
Note 7	As per Management Representation Letter (Refer Section 7.2 for the detailed note)
Note 8	Average tax rate for the life of the SPVs have been considered
Note 9	Effective cost of debt. Kd = Pretax Kd * (1-Effective Tax Rate)
Note 10	The debt - equity ratio computed as [D/(D+E)] is considered as 70% as per industry standard.
Note 11	WACC = [Ke*(1-D/(D+E))]+[Kd*(1-t)*(D/(D+E))]

Appendix 3 – Computation of Unlevered and Relevered Beta

A. Calculation of Unlevered Beta

Unlevered Beta = Levered Beta/ [1+ (Debt/Equity)*(1-T)]

Particulars	Raw Beta	Debt to Market Capitalization	Effective Tax Rate (%)	Unlevered Beta
PowerGrid Infrastructure Investment Trust	0.12	2%	28.60%	0.12
IRB InvIT Fund	0.30	38%	28.60%	0.24
Average				**0.18**

B. Calculation of Relevered Beta

Re-Levered Beta = Unlevered Beta* [1+ (Debt/Equity)*(1-T)]

Particulars	Unlevered Beta	Debt Equity Ratio	Effective Tax Rate of SPV	Relevered Beta
BMHL	0.18	2.33	25.86%	0.48
DBHL	0.18	2.33	19.62%	0.51
DHHL	0.18	2.33	23.41%	0.49
VHL	0.18	2.33	22.25%	0.50
MBHL	0.18	2.33	24.94%	0.49
NPHL	0.18	2.33	25.42%	0.48
RHL	0.18	2.33	25.45%	0.48

Source: Information provided by S&P Capital IQ, database sources, market research, other published data and internal workings

Justification of Companies used for calculation of Beta for SPVs:

The following companies are integral players in the Indian infrastructure sector and contributes significantly to the development, operation and maintenance of infrastructure project. Their strong market presence, diversified portfolios and cosistent involvement in the key infrastructure projects make them relevant for the computation of beta of HAM SPV in the context of road business valuation.

1. **IRB InvIT Fund**

The IRB InvIT Fund is a dedicated infrastructure trust that manages toll road assets across India, with a portfolio comprising six operational highway projects. Its focused strategy within the transportation infrastructure sector and operational maturity positions it as a relevant peer in the broader infrastructure trust landscape. Structurally, IRB InvIT shares several characteristics with Anantam Highways Trust both are SEBI-registered InvITs with stable, income generating infrastructure assets and long-term cash flow visibility. These similarities make IRB InvIT a reasonable comparable for evaluating Anantam Highways Trust, particularly in the context of computing beta for valuation purposes. Moreover, like Anantam Highways Trust, IRB InvIT is currently operating and generating cash flows from completed assets, thereby offering a realistic proxy for risk-return dynamics in the infrastructure domain. Both entities offer annuity-like cash flows, similar investor profiles, and comparable regulatory frameworks. For these reasons, IRB InvIT is considered an appropriate peer for beta estimation in the valuation analysis of Anantam Highways Trust.

2. **PG InvIT**

PowerGrid InvIT (PG InvIT) primarily owns and operates high-voltage power transmission lines, which form a critical component of India's electricity infrastructure. The trust earns regulated revenues through long-term, fixed-fee contracts with utilities, offering predictable and stable cash flows over extended periods. Anantam Highways Trust, while operating in a different sector Roads Sector shares key structural and financial characteristics with PG InvIT. Both entities are SEBI-registered InvITs with long-term contracted revenues, asset-heavy models, and yield-focused investment propositions. These similarities support the application of standard infrastructure valuation methodologies such as the Discounted Cash Flow (DCF) approach, which emphasizes long-term cash flow generation and yield expectations. From a capital market perspective, both InvITs are designed to deliver long-term returns to investors through consistent distributions, making them suitable peers in a comparative valuation context.
