ADTO = Average Daily Turnover
** Overall ADTO is based on turnover for cash segment, notional turnover for equity futures & equity options and commodity segments. F&O ADTO is based on notional turnover for equity futures & equity options segments.*
$ Overall ADTO is based on turnover for cash segment, notional turnover for equity futures & commodity segments and premium turnover for equity options segment. F&O ADTO is based on notional turnover for equity futures and premium turnover for equity options segment.
^ Retail turnover market share for Overall Equity is calculated based on turnover for cash segment, notional turnover for equity futures and premium turnover for equity options segments. Retail turnover market share for F&O is calculated based on notional turnover for equity futures and premium turnover for equity options segments.
Commodity ADTO is calculated based on notional turnover across MCX, NCDEX and NCE.
Retail turnover market share in commodity turnover is calculated using notional turnover across MCX and NCE.

The business continued to demonstrate healthy underlying momentum during the month, led by sustained strength in the average client funding book which reached a new record high. Overall equity market share improved sequentially, supported by gains across both the cash and F&O segments, reflecting continued progress in our broking business. Commodities market share moderated during the month, partly due to shift in industry product mix. Average daily orders were lower in the context of softer market conditions; however, user engagement remained resilient, with SIP registrations rising to a five-month high.

The above information is as per limited review by the Management Team. The Company intends to provide the updates on a monthly basis.

Thanking you,

For **Angel One Limited**
