***Anlon Technology Solutions Limited Appoints
Mr. Miron Harri Thoms as Chief Executive Officer***

Bangalore, September 2, 2026 (NSE SME: ANLON): Anlon Technology Solutions Limited, a specialized engineering solutions provider serving the aviation, municipal and industrial infrastructure sectors, today announced the appointment of Mr. Miron Harri Thoms as Chief Executive Officer. The appointment marks an important step as Anlon enters its next phase of growth. With extensive experience in leading international businesses, driving organizational transformation and developing new markets, Mr. Thoms will focus on enhancing operations, widening the Company's market reach and forging partnerships across India and overseas.

Key Leadership Strengths

- Nearly two decades of executive and strategic leadership experience across global markets
- The past 18 years with the Volvo Group
- Six years of end-to-end general management and P&L responsibility in India
- Track record of delivering profitable growth across key business segments
- Expertise in commercial strategy, market development and business transformation
- Experience in international governance and cross-cultural team leadership
- Deep understanding of engineering, industrial applications and customer-focused solutions
- Ability to build strategic partnerships and scalable business models

During his tenure with the Volvo Group, Mr. Thoms held senior leadership positions across India and Europe. As Vice President and Head of Volvo Penta India, he led the business's overall financial and operational management. Under his leadership, the business remained highly profitable despite challenging market conditions, delivered sustained double-digit growth in priority segments and fostered a high-performance culture. He was also a member of the Country Management Team of Volvo Group India and led key customer, commercial and operational initiatives.

Most recently, Mr. Thoms served as Vice President – Customer Advanced Solutions, leading initiatives that supported the transport industry’s decarbonization journey. He developed innovative customer solutions, established large-scale partnerships and coordinated cross-segment and cross-brand programmes across multiple markets.

Commenting on the appointment, Mr. Unnikrishnan Nair P. M., Managing Director, Anlon Technology Solutions Limited, said: *“We are pleased to welcome Miron as Chief Executive Officer of Anlon Technology Solutions Limited. His international business experience, understanding of engineering-led enterprises and record of managing profitable operations make him a valuable addition to our leadership team. His expertise in market expansion and building high-performance teams aligns closely with Anlon’s ambitions. We are confident that he will help enhance our capabilities, pursue larger opportunities and position Anlon as a more competitive organization globally.”*

Commenting on his appointment, Mr. Miron Harri Thoms, Chief Executive Officer, Anlon Technology Solutions Limited, said: *“I am excited to join Anlon Technology Solutions Limited at a defining stage of its journey. The Company has established capabilities in specialized engineering, airport infrastructure and safety solutions, supported by an entrepreneurial culture and increasing emphasis on indigenous manufacturing. My priorities will be disciplined execution, deeper customer relationships, meaningful partnerships and new opportunities across India and overseas. I look forward to working with the Anlon team to build a scalable and innovative organization with a strong international presence.”*

Mr. Thoms holds a degree in Industrial Engineering, combining Business Administration and Mechanical Engineering, from the University of Applied Sciences Münster, Germany. His blend of technical knowledge, commercial expertise and multilingual capabilities equips him to lead multicultural teams and engage effectively with customers and stakeholders worldwide.

Positioning Anlon for Its Next Phase of Growth

The appointment comes as Anlon expands its capabilities across airport infrastructure, firefighting systems, runway maintenance equipment and specialized engineering solutions. Mr. Thoms’ expertise in business management, market development, customer-led innovation and organizational transformation is expected to help Anlon scale efficiently, pursue larger opportunities and deepen its presence in high-growth infrastructure markets.

About Anlon Technology Solutions Limited

Anlon Technology Solutions Limited manufactures and assembles advanced firefighting, rescue, runway maintenance and infrastructure equipment for airports, municipalities and critical infrastructure sectors. Through global partnerships and nationwide engineering support, the Company delivers reliable solutions focused on safety, efficiency and performance.
