Anlon Technology Solutions Limited

Q1 FY27 Business Update:

Strong Order Momentum and Strategic Execution Driving Sustainable Growth

Anlon Technology Solutions Limited is a niche airport infrastructure solutions provider, engaged in Assembly, supply, and servicing of firefighting systems and runway maintenance equipment. The Company operates a hybrid model combining OEM partnerships, in-house Assembly, and refurbishment, primarily catering to airport infrastructure projects.

Business Performance

During the quarter, Anlon further strengthened its business momentum with a closing order book of ₹114.24 crore as on June 30, 2026. The diversified order book, spanning Assembly, value-added solutions, trading, annual maintenance contracts and spare parts, underscores the Company's strong market positioning and provides a robust foundation for future execution and sustainable growth.

Closing Order Book as on June 30, 2026: ₹ 114.24 Cr

As on June2026

Segment	**Order Book (₹ Cr)**
Assembly – Make in India	37.03
Assembly – Value Added in India	17.89
Assembly – Trading	28.80
Annual Maintenance Contract (AMC)	14.95
Distribution of Spare Parts	12.29
Commission	3.28
Total	**114.24**

Management Commentary

Commenting on the performance, **Mr. Unnikrishnan Nair P M**, Managing Director, **Anlon Technology Solutions Limited**, said: "*We have started FY27 on a positive note with healthy order inflows, steady execution and continued progress in strengthening our engineering and Assembly capabilities. During the quarter, we secured several orders across airport infrastructure, firefighting systems, annual maintenance services and specialized equipment, reflecting the trust our customers continue to place in Anlon's capabilities.*

A key milestone during the quarter was the successful handover of our indigenously Assembled Turntable Ladder for the Government of Goa, reinforcing our commitment to the 'Make in India' initiative and showcasing our *ability to deliver technologically advanced solutions. We were also pleased to host the CEO of Rosenbauer Group at our Bengaluru facility, which further strengthens our long-standing strategic partnership and opens new opportunities for collaboration.*

As investments in airport infrastructure and public safety continue to grow, we remain focused on expanding our indigenous assembly capabilities, enhancing operational efficiencies and increasing the contribution from recurring service revenues. Supported by a healthy order pipeline and strong customer relationships, we are confident of sustaining our growth trajectory while creating long-term value for all stakeholders."

<u>Key Highlights During Q1 FY27</u>

1. Key Order Wins During the Quarter

During Q1 FY27, Anlon secured multiple orders across airport infrastructure, firefighting equipment, airport maintenance and specialized engineering solutions, further strengthening its order pipeline.

Sr. No	Customer	Product	Taxable Value FY 2026-27 (₹ Cr.)

		Total	**18.15**

2. Other Key Milestones

- Successfully handed over India's indigenously Assembled Turntable Ladder (TTL) with Rescue Lift to the Government of Goa, showcasing Anlon's advanced engineering and Make in India capabilities.

- Strengthened its strategic partnership with **Rosenbauer Group** following the visit of its Global CEO to Anlon's Bengaluru assembly facility, reinforcing long-term collaboration in localized assembly and technology development.
- This is the first ever TTL in India to have received the EN 14043 certification from one of the only leading inspection agencies, TUV SUD, Germany.

Strategic Positioning

Anlon continues to evolve into a specialized engineering and assembly company with a differentiated business model built around localization, technology partnerships and recurring service revenues.

- Strong positioning in airport infrastructure and firefighting solutions.
- Growing indigenous assembly capabilities under the Make in India initiative.
- Long-standing partnerships with globally reputed OEMs.
- Increasing contribution from recurring businesses including AMC, refurbishment and spare parts.
- Proven execution capabilities across airport, municipal and industrial infrastructure projects.
