Commenting on the performance of the Company, Mr. Sanjay Kumar Sarraf, Promoter, Chairman & Managing Director, Annu Projects Limited, said:

"H1 FY27 has been a significant and transformative period for Annu Projects, marked by strong revenue growth, expansion of our project portfolio and our successful listing on the BSE and NSE. We recorded revenue from operations of ₹35.65 crore during the first half of FY27, with EBITDA of ₹7 crore and a healthy EBITDA margin of 19.64%. The revenue has grown by 5.5x in H1FY27 as compared to H1FY26. Our listing in September 2026 marks an important milestone in our growth journey, providing us with access to capital to strengthen our execution capabilities, invest in machinery and meet the working capital requirements of our expanding project portfolio.

We enter the second half of the financial year with an order book of ₹1,018.39 crore, comprising 30 ongoing projects with an aggregate contract value of ₹1,987.90 crore. Our growing presence across Telecom, Sewerage, Gas Pipelines and Railway Signalling reflects the depth of our execution capabilities and our ability to participate in diverse infrastructure development opportunities. We are also exploring adjacent growth opportunities, including the renewable energy vertical, with our recent MoU with GEIE for the ₹44.3 crore JVVNL rooftop solar project.

Our business has traditionally been weighted towards the second half of the financial year, with a larger share of project execution and revenue realisation typically taking place during this period. With several projects progressing towards execution, we expect business momentum to strengthen in Q3 and be particularly strong in Q4 FY27. Going forward, our focus will remain on timely project

execution, strengthening our operational capabilities, maintaining financial discipline and pursuing opportunities that contribute to sustainable growth and long-term value creation for our stakeholders."
