Encl.: As above

Annexure – A

The details required under Regulation 30 read with Clause 4 of Para B of Part A of Schedule III of the SEBI Listing Regulations and SEBI Master Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated January 30, 2026 are as under:

Sr. No.	Particulars	Details
1.	name of the entity awarding the order(s)/contract(s)	BASQUEVOLT, S.A., a European developer of solid-state lithium batteries, headquartered in Miñano (Araba/Álava), Spain
2.	significant terms and conditions of order(s)/contract(s) awarded in brief	Under the Letter of Intent (LOI), the parties intend to explore the potential supply of a specialty chemical product over a period of up to 10 years for cumulative revenue of $300 Million. The LOI is non-binding and preliminary. Any supply would be subject to the successful completion of product development and to the negotiation and signing of a definitive supply agreement.
3.	whether order(s) / contract(s) have been awarded by domestic/ international entity	International entity
4.	nature of order(s) / contract(s)	Letter of Intent (LOI)
5.	whether domestic or international	International
6	time period by which the order(s)/contract(s) is to be executed	Under the LOI, the parties intend to explore the potential supply of a specialty chemical product over a period of up to 10 years for cumulative revenue of $300 Million.
7	broad consideration or size of the order(s)/contract(s)	Under the LOI, the parties intend to explore the potential supply of a specialty chemical product over a period of up to 10 years for cumulative revenue of $300 Million.
8	whether the promoter/ promoter group / group companies have any interest in the entity that awarded the order(s)/contract(s)? If yes, nature of interest and details thereof	No
9	whether the order(s)/contract(s) would fall within related party transactions? If yes, whether the same is done at "arm's length"	No

Anupam Rasayan signs Letter of Intent with BASQUEVOLT, S.A. for the potential long-term supply of a specialty chemical product worth $300 Mn

Surat, July 15, 2026: Anupam Rasayan India Ltd. (NSE: ANURAS, BSE: 543275), a leading custom synthesis and specialty chemicals company, announces that it has signed a non-binding Letter of Intent (LOI) with BASQUEVOLT, S.A., a European developer of solid-state lithium batteries, headquartered in Miñano (Araba/Álava), Spain. Under the LOI, the parties intend to explore the potential supply of a specialty chemical product over a period of up to 10 years for cumulative revenue of $300 Mn. The LOI is non-binding and preliminary. Any supply would be subject to the successful completion of product development and to the negotiation and signing of a definitive supply agreement.

Speaking about the signed LOI, **Anand Desai, Managing Director of Anupam Rasayan**, said:
"This LOI reinforces our strategic focus on expanding in the electronic chemical domain, which we believe will be a key growth driver going forward. Our continued investments in R&D, process capabilities, and customer-centric innovation positions us well to capture emerging opportunities in this space.
This development marks a significant step forward in the Company's strategy to deepen its footprint in the high-growth electronic chemicals space, catering to advanced manufacturing and technology-driven industries. The engagement underscores the Company's strong R&D capabilities, quality standards, and its ability to meet stringent customer requirements in specialized chemical formulations."

About Anupam Rasayan India Ltd.:
Anupam Rasayan India Ltd (Anupam) is one of the leading companies engaged in the custom synthesis (CSM) and manufacturing of specialty chemicals in India. Incorporated in 1984, the specialty chemicals major has two verticals: Life science related Specialty Chemicals comprising products related to Agrochemicals, Personal Care and Pharmaceuticals, Performance Materials comprising Electronics & EV Chemicals and Polymers.

Anupam caters to a diverse base of Indian and global customers. It is currently manufacturing products for over 75 domestic and international customers, including 31 multinational companies. Anupam operates via its six manufacturing facilities in Gujarat, India, with four facilities located at Sachin, Surat and two located at Jhagadia, Bharuch with an aggregate installed capacity of about 30,000 MT as of March 31, 2026. Anupam offers multistep synthesis capturing larger part of value chain, thereby providing complimentary products for a diverse base of Indian and global customers.

About BASQUEVOLT, S.A.:
Basquevolt is a European technology company focused on developing next-generation solid-state lithium metal battery solutions for applications such as electric vehicles, heavy transport, renewable energy storage, and aviation. The company leverages proprietary polymer electrolyte technology built on over a decade of research, to create batteries that are safer, more energy-dense, and cost-efficient compared to conventional lithium-ion systems. After years of still ongoing R&D, partnerships, and pilot-scale development, Basquevolt aims to scale in the coming years its proprietary electrolytes deploying them either directly in proprietary cells, or via third parties cell producers.
