**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

The Company proposed to set up a manufacturing facility using a portion of the proceeds from the Initial Public Offering (IPO), as disclosed in the Prospectus (Pg- 105 & 162) dated 26-08-2025 (Available on the Website of the Company- [www.arcinsulations.com](http://www.arcinsulations.com)). The originally proposed land was located at District: Paschim Midnapore, Thana: Kharagpur, Gram Panchayat: Sankoa, Mouza: Sanmaninathpur, JL No: 350, Pin- 721301, West Bengal measuring land area of about 163 decimal (71000 sq. ft approx.), to expand our manufacturing capabilities, for which our Company has entered into the agreement of sale with the owner of the land i.e. Shraddha Overseas Private Limited dated December 04, 2024. The company has already paid an advance amount of ₹ 5.00 Lakhs at the time of agreement to sale. Our Company intends to make capital expenditure towards construction and civil work and setting up additional manufacturing unit on the aforementioned land and accordingly proposed to construct a factory shed having approximately 50000 sq. ft. buildup area. Additionally, new manufacturing unit for which requisite machineries like AGP- line- 2.01 (Production of bent elements from 4 to 16 mm diameter, the production on rate is 4960 items with a length of 1.7 meters), AGP- line- 2.01 (Production of composite mesh with a width of 2 meters, cells 50\*50 to 200\*200 mm. Diameter from 2 to 8 mm) etc. will be purchased and installed. Such purchase and installation of machines along with required civil construction and installation of solar power plant.

However, upon detailed project planning and Post-IPO assessments, the management has identified significant practical and strategic challenges with originally identified site in comparison with the new land explored which is located at Bishnupur adjacent to the existing manufacturing facility of the Company located at Village - Ramdevpur, Po-Bawali Bishnupur2, Parganas South, Bishnupur-743384, West Bengal. The location and measurement of the new land is Mouza- Ramdevpur, R.S Khatian No. 95 and 159, J.L. No. 7, R.S No. 89, Touzi No. 14, within PS- Bishnupur, Pargana- Magura, District – South 24 Parganas, Gram Panchayat: Khagramuri, Pin- 743399, West Bengal measuring land area of about 159.5 decimal (69475 sq. ft approx.), which is contiguous land to the existing facility of the Company, creating a larger integrated industrial complex. The distance between the originally proposed land and the newly explored land is 86 Km.

The drawbacks of using distant land which was a strategic purchase earlier, using it could now involve;

- Higher logistics and transport costs
- Duplication of infrastructure
- Hiring and training a new workforce
- Managing separate supply chains
- Higher travel and coordination costs
- Longer timelines for setup and operations

The key benefits of buying the land adjacent to the existing facilities are as under;

- Operational Synergy & Integration- Streamlined operations, shared processes and infrastructure and easier staff movement across the units.
- Logistics & Supply chain efficiency- Reduced transportation cost and faster turnaround.
- Utilities & Infrastructure sharing- Power and water connections, security system. These can be expanded or shared with the new unit at a lower cost than developing them from scratch on a remote site.
- Cost Savings- Lower Overhead, Reduced duplication and less capital outlay on infrastructure development in remote area.

- Workforce Management- Better employee utilisation, retain talent and improved morale.
- Faster approvals & Compliances
- Scalability & Future expansion
- Business Continuity & Risk Mitigation- Centralising operations reduces risk of disruption due to distance related issues

The proposed change is only in the location of the land and not in the object issue or end use of the IPO proceeds, which remains consistent with the disclosures made in the Prospectus. The Company remains committed to setting up a state-of-the-art facility for which the IPO funds are raised.

In accordance with the SEBI ICDR Regulations and good corporate governance practices, such change requires approval of the shareholders by way of a **special resolution**.

The Board recommends the resolution as set out in Item 1 of the accompanying Notice for the approval of the members.

None of the Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise, in the resolution except to the extent of their shareholding, if any, in the Company.
