Dear Sir, Madam,

Dear Sir/Madam,

We refer to the recent developments such as heavy rainfall, geo political situation and middle east conflict , slowdown in civil and construction activities that have impacted the Company's financial performance and resulted in severe decline in profit during the relevant period.

The management would like to assure all stakeholders that the Company has taken appropriate corrective measures to address the challenges faced. We remain confident in the strength of our business fundamentals and our ability to overcome the current situation.

We are pleased to inform the Exchange that the Company has already secured several new domestic orders, which are expected to contribute positively to future revenues. Additionally, discussions with international customers are at an advanced stage, and a number of export orders are currently in the pipeline. We expect these opportunities to strengthen our order book and improve operational performance in the coming quarters.

The Company is committed to enhancing efficiency, optimizing costs, and executing its growth strategy to restore profitability and create long-term value for shareholders and stakeholders.

We request the Exchange and all stakeholders to take note of the above developments and extend their continued cooperation and support as the Company progresses through this recovery phase.

Thanking you,

Yours faithfully,

For ARC Insulation & Insulators Ltd
