Sub: Q1FY27 Operational Update

Dear Sir/Madam,

We are pleased to share an operational update on the performance of **Arham Technologies Limited** for **first quarter of FY27**, reflecting a strong start to the financial year and continued progress across the company's **consumer electronics and home appliances business**.

Kindly take the same on your records.

Thanking you,

Yours faithfully,

For Arham Technologies Limited

Mrs. Pooja Avinash Gandhewar

Company Secretary cum Compliance Officer

Arham Technologies Delivers Strong Start to FY27 with Q1 Revenue More Than Doubling YoY to ₹40.40 Crore

Remains Confident of Surpassing ₹200 Crore Revenue in FY27

Raipur, 14th August 2026: Arham Technologies Limited (NSE-SME: ARHAM), a leading Consumer Electronics Brand and Manufacturer under the **STARSHINE** brand, has commenced FY27 on a strong footing, reporting **Q1 FY27 revenue of ₹40.40 crore**, compared with **₹18.20 crore in Q1 FY26**, representing growth of **122% YoY**. The sharp increase reflects improving traction across the Company's core product portfolio, with **Air Coolers, Fans and Televisions recording healthy growth over previous periods**.

Q1FY27	Q1FY26	YoY Increase
₹40.40 crore	₹18.20 crore	+ 121.98%

The quarter also witnessed a meaningful strengthening of the Company's distribution network. During Q1 FY27, the Company **added 12 new distributors and 35 direct dealers**, further expanding its market reach and creating a stronger platform for product availability and future volume growth across key markets.

The Company is now entering the next phase of its brand-building strategy. With the appointment of Mr. Vicky Kaushal as **brand ambassador**, the Company intends to significantly optimise its marketing initiatives, with the **first campaign expected to go live shortly**. Management expects these initiatives to improve brand visibility, strengthen consumer recall and complement the expanding distributor and dealer network.

Importantly, the Company's business has historically been **weighted towards the second half of the financial year**, with H1 typically contributing **35–40% of annual revenue**. Against this backdrop, the strong Q1 performance provides management with increased confidence in the growth trajectory for FY27.

Based on the current business momentum, widening distribution footprint, improving contribution across product categories and upcoming brand-led marketing initiatives, the Company remains **confident of surpassing ₹200 crore in revenue during FY27**.

Management believes that FY27 represents an important scale-up year for the Company, as the combination of distribution expansion, portfolio growth and increased brand investments begins translating into a structurally larger business.

About Arham Technologies Limited:

Arham Technologies Limited is a leading Electronics Manufacturer and Original Equipment Manufacturer (OEM) specializing in Smart LED Televisions under the premium STARSHINE and economy ARATTON brand. Incorporated in 2013 and based in Raipur, Chhattisgarh, the company operates from the Electronic Manufacturing Cluster in New Raipur with State-Of-The-Art facilities including 1K standard clean rooms and advanced testing protocols. The company has established itself as a dominant player in Central India's consumer electronics sector, manufacturing LED Smart TVs, Ceiling Fans, Air Coolers along with other appliances like Washing Machines, and Mixer Grinders for both B2B and B2C segments.
