Arisinfra Partners with The House of W, Unlocks Approximately ₹300+ crore Annual Sanitaryware Capacity to Boost Project Execution

Strengthens supply chain with domestic and international brands to support ₹750+ crore order book and new pipeline of marquee real estate projects

MUMBAI, India: July 24, 2025: Arisinfra Solutions Ltd. (BSE, NSE: ARISINFRA), India's most trusted provider of organised construction material supply and value-added services, has announced a strategic supply chain partnership with **The House of W**, part of the All Home group, unlocking over approximately **₹300+ crore** in annual sanitaryware fulfillment capacity to meet growing institutional project demand.

With this partnership, Arisinfra strengthens its ability to execute large-scale residential and commercial projects at scale—delivering on time and at competitive prices. The portfolio spans the full spectrum of bathroom solutions, from functional sanitaryware and CP fittings to spa-grade wellness systems and luxury vanity furniture.

Notably, this collaboration adds a vital sanitaryware category to ArisInfra's backend capabilities, enabling seamless delivery across its ₹750+ crore existing order book and a robust pipeline of new mandates, including marquee projects from Transcon Developers, Wadhwa Group, and Village Wave (Nandi Hills).

Ronak Morbia, Chairman and Managing Director, Arisinfra, said, *"At Arisinfra, we've always believed that great execution starts with dependable supply. Our model isn't just about aggregating demand. It's about partnering with under-utilised, high-quality suppliers and unlocking scale through our network. With House of W, we've added a powerful new layer to our backend, complementing our existing strength in aggregates and RMC, so our customers never have to choose between speed, scale, and quality."*

Beyond operational efficiency, the partnership enables ArisInfra to access volume-linked cost benefits, while providing The House of W access to high-value, institutional projects across India—creating a mutually beneficial, scalable growth model.

The House of W, a high-performing distributor with deep ties to Indian and global sanitaryware brands, is currently operating at just **25% capacity utilization**. Through this partnership, Arisinfra integrates this untapped potential into its national network—replicating its successful model in aggregates and ready-mix concrete (RMC)—to bring speed, scale, and supply assurance to the bathrooms segment of its ongoing and upcoming projects.

The House of W brings an exclusive portfolio of premium international brands known for craftsmanship and design leadership, including THG Paris, Alpi Italy, Mariner Lamborghini Italy, Olympia, ISVEA, Decor Walther, Victoria + Albert, Windisch, Meir, Eurorama, and Armadi Art. It also has deep supply relationships with India's most trusted brands including Jaquar, Duravit, Grohe, American Standard, Toto, Essco and others.

Following over ₹500 crore in new long-term supply and service agreements signed in recent weeks with developers like Transcon, Wadhwa Group, and Village Wave (Nandi Hills), this onboarding further strengthens Arisinfra's position as India's most execution-ready partner, turning supply from a constraint into a competitive advantage.

All Home is a collective of high-performance home improvement brands focused on providing access to world-class interior products to every Indian.

About Arisinfra Solutions Ltd.:

Arisinfra Solutions Ltd. (NSE,BSE: ARISINFRA), India's first listed Company offering an organised construction material supply and services network; bringing together fragmented suppliers and manufacturers to reliably serve large developed and contractors.
