ARIS Increases Stake in High-Growth Subsidiary Buildmex-Infra to 92%

Strategic move deepens ownership in a business that has grown revenue ~10x in two years

Mumbai, September 28, 2026: Arisinfra Solutions Limited (NSE: ARIS | BSE: 544419) today announced that it will acquire an additional 16% stake in its material subsidiary, Buildmex-Infra Private Limited (BIPL), taking its total holding to 92%. The acquisition of 16,000 equity shares is for a consideration of ₹60 crore and is expected to be completed by September 30, 2026.

BIPL procures, trades, and distributes construction materials for infrastructure and real estate projects. It has become one of the fastest-growing businesses in the Arisinfra group. Its revenue rose from ₹17.93 crore in FY24 to ₹70.36 crore in FY25 and ₹179.03 crore in FY26, roughly a tenfold increase in two years.

The increased stake gives Arisinfra a larger share of BIPL's economic value at an early point in its growth, and strengthens alignment across the Group's materials platform. In parallel, the Company expects its trade deposits and advances to reduce by a corresponding ₹60 crore, so the acquisition will not draw down the Company's overall cash position.

Ronak Morbia, Chairman & Managing Director, Arisinfra Solutions Limited, said:
"Buildmex has shown what our model can do at scale. Increasing our ownership now is a deliberate, long-term decision. We see significant headroom for growth and margin expansion in this business, and we want our shareholders to capture more of that value. The transaction has been structured thoughtfully, so it strengthens our position without affecting our ability to invest in growth."

The transaction is not a related party transaction. The shares are being acquired from BIPL's existing minority shareholder.
