No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company's market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company's ability to successfully implement its strategy, the Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company's market preferences and its exposure to market risks, as well as other risks. The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Q2 & H1 FY27 – Result Highlights

ARROW GREENTECH LTD.

Chairman & MD's Comments on Result

Mr. Shilpan Patel

Chairman and Managing Director

"We are delighted to share Arrow Greentech's robust financial performance for the second quarter and first half of FY27. During the half year, the company recorded revenue from operation of ₹1,733 million, marking a robust 69% y-o-y growth. EBITDA stood at ₹692 million, reflecting a healthy 98% y-o-y growth, our EBITDA margin stood at 40% as compared to 34% in H1 FY26, marking a growth of 586 bps. Profit After Tax was delivered at ₹525 million, highlighting our PAT margin from 25% to 30%, growth of 451 bps. Most notably, our EBITDA and PAT for the first six months of FY27 have exceeded what we delivered for the whole year of FY26. This performance reflects our sustained investment in capacity, research and intellectual property over the years, as these strategic investments translate into tangible business outcomes.

During the half year, our High-Tech Product segment, registered growth of 88% from ₹832 million to ₹1,563 million. This growth is built on years of investment in research and innovation, and that investment continued to bear fruit. During the half year, we were granted with four patents, three in India and one in Singapore. Each of these strengthens the protection of our technologies and supports our expansion across both domestic and international markets. Our Green Products segment has also continued to progress well. We are seeing a consistent flow of orders from our customers, and our record of delivering on these commitments on schedule continues to deepen the trust they place in us.

With this momentum, as we move into the second half of the year with clear priorities, a strengthened operational platform and a purpose-driven team. Our focus remains firmly on expanding our product portfolio in various countries, so that we continue to stay ahead of evolving industry needs. Above all, we remain committed to creating durable value for all our stakeholders, and the progress of the first half gives us confidence in the journey ahead."

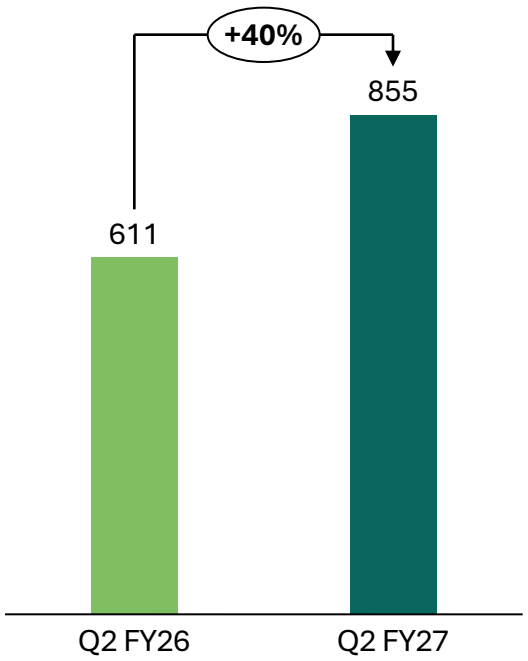

Operational / Financial Highlights

- During the H1 FY27, Revenue from Operation stood at Rs. 1,733 Million, a jump of 68.8% on y-o-y basis
- EBITDA for H1 FY27 is Rs. 692 Million with margin of 40.0%, a growth of 586 bps on y-o-y basis
- PAT for H1 FY27 came at Rs. 525 Million, while PAT margins stood at 29.5%
- During H1 FY27, Revenue from High Tech segment grew to Rs. 1,563 Million, growth of 87.8% on y-o-y basis

ABOUT THE COMPANY

ARROW GREENTECH LTD.

Leadership Team: Board Of Directors

Mr. Shilpan P. Patel

Chairman & M.D

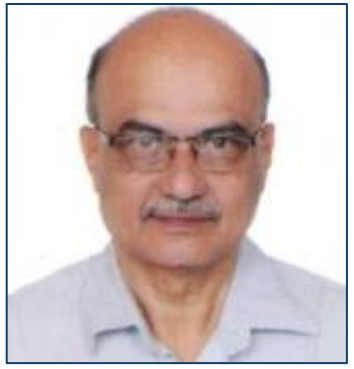

He holds a Master's in Business Administration from Sam Houston State University, Texas. With experience in the coating industry from Grace Paper Industries Pvt. Ltd, he developed the award-winning Water Soluble Film in 1990, a product with significant environmental impact. Appointed to the Board on October 30, 1992, Mr. Patel oversees Business Development and Strategic Management. Under his leadership, Arrow has received several awards, including the National IP Award for Patents & Commercialization.

Mr. Neil Patel

Jt. Managing Director

He possess excellent entrepreneurship and organizational skills and demonstrating keen interest in assuming operational responsibilities since joining the company.
He serves as a member of the Audit and Stakeholders Relationship committee of the company.

Mr. Prashant Mehta

Independent Director

He is a Company Secretary with over 40 years of experience, has held key roles in renowned companies such as Premier Ltd, Jindal Iron and Steel Co Ltd. (now JSW Steel), and Shoppers Stop, bringing invaluable expertise in legal and secretarial affairs to the table.

Leadership Team: Board Of Directors

Mrs. Jigisha Patel

Non-Executive Non-Independent Woman Director

She possess a great knowledge in supervising and coordinating the administration along with Managing and Handling Team.
She also has a wide range of experience and knowledge in Corporate Affairs.

Mr. Yogesh Gajjar

Independent Director

He has done Diploma in Electronics from Government Polytechnic College in the year 1975. He is into Business of Electricals and Electronics services for last 45 years. He possesses good entrepreneurship and excellent organizational spirit. He has vast experience & knowledge in the field of electronics. He is based in Ahmedabad.

Mrs. Barkharani Nevatia

Independent Director

She is a Chartered Accountant practicing in Pune and Mumbai, offers extensive experience in corporate tax, statutory audits, and specialized knowledge in GST and Income Tax, backed by an LLB degree from Mumbai University and education from Narsee Monjee College of Commerce and Economics.

Arrow Greentech In A *Snapshot*...

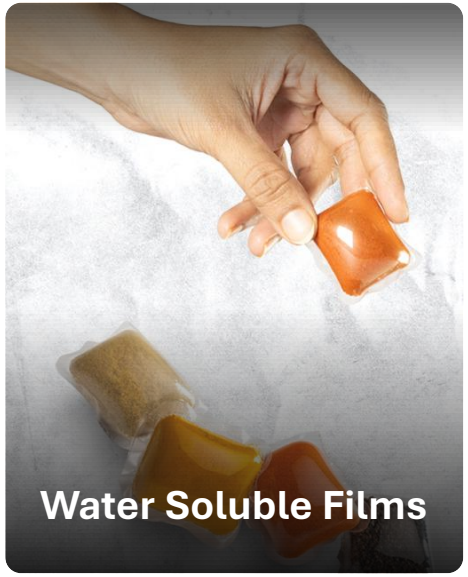

- Caters to the Niche Market
- State of the Art Manufacturing Facility located in Ankleshwar, Gujarat
- 23 registered patents and 41 Trademarks across the globe
- Vastly Experienced Research & Development Team
- Largest Manufacturer of Water Soluble Films in India

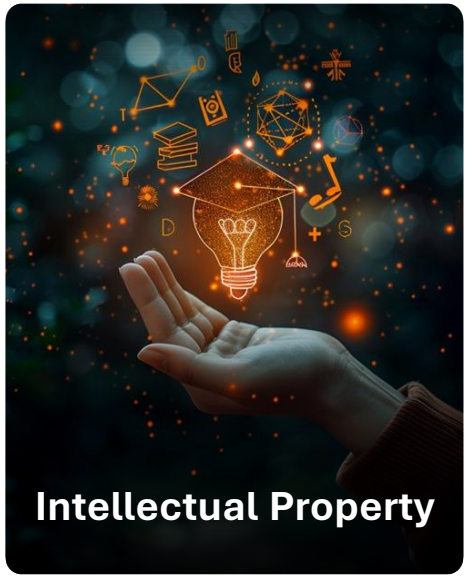

Corporate Structure

Business Overview

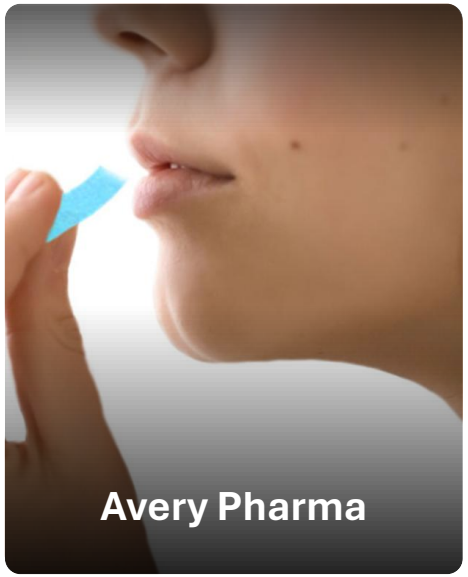

Development, Production & Marketing of Wide Range of Water-Soluble Films

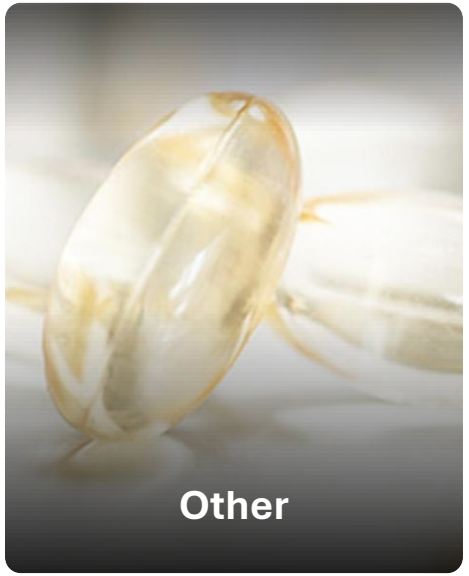

Total of 23 granted patents across the World across all key business verticals of paper and packing industry, Security products, Health, Hygiene & Food and Printing & PSA Materials

Security products include Anti-counterfeit security thread for high security papers, brand protection technologies etc.

A 100% wholly-owned subsidiary of Arrow Greentech Limited, the company is committed to the cause of enhancing patient outcomes with a novel approach to oral drug administration, via its Mouth Dissolving Strips (MDS)

The other segments include Watersol Capsules and BioPlast.

- **Watersol Capsules:** The most concentrated range of hygiene products which are supplied in water-soluble capsules, without generating plastic waste
- **Bioplast:** The bio-compostable film is an eco-friendly alternative to replace single-use plastic for our future generations

WATER SOLUBLE FILM (WSF)

ARROW GREENTECH LTD. | WATERSOL™

What Is Water Soluble Film (WSF)?

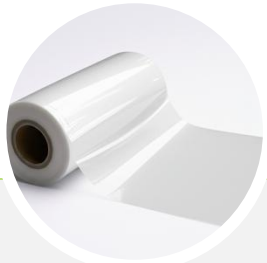

Watersol™ is our flagship brand, committed to creating eco-friendly, water-soluble packaging solutions. With sustainability at its core, Watersol offers a wide array of products that dissolve in water, providing a green solution for industries seeking to minimize their environmental impact.

Water-soluble film (WSF) is a flexible film made from Polyvinyl Alcohol that dissolves entirely in water, leaving no residue. These films have high strength and tear resistance and can be used by various consumers and industries for packaging and industrial consumables.

RM	Process	Value Addition
PVA + Other Additives	Batching - Casting - Slitting - Curing – Value Addition- Packing – FG PVA film	Embossing - Printing

Applications of WSF

Packaging: Used extensively for unit-dose packaging of various consumer products (detergents, cleaning agents, dishwasher tablets), agrochemicals, and several other industrial products.

Healthcare: Specifically developed for use in hospitals and healthcare facilities, these PVOH-based bags allow for the safe and hygienic handling of contaminated linen.
.

Agriculture: Used for mono-dosing and packaging pesticides and other crop protection products, reducing exposure risks for handlers and minimizing environmental impact.

Textiles: Used in embroidery as a water-soluble backing that dissolves completely during the process.

Consumer Goods: Applied in making pouches for laundry detergents, dishwashing liquids, and other household cleaning products. Water soluble film provides a convenient and mess-free solution for packaging liquid and powder detergents.

Properties of WSF

- **Biodegradability**
- **Transparency**
- **Non-Toxic & Safe**
- **Versatile**
- **High Gas Barrier Properties**
- **Anti-Static & Odorless**

Features

01 Optimum tensile strength to handle weight from 10 grams to 10 kg.

02 Excellent moisture/ heat sealing for blocks, bars, powder, and granular product packaging.

03 Helps achieve an Accurate dosing system.

04 Optimum tear strength.

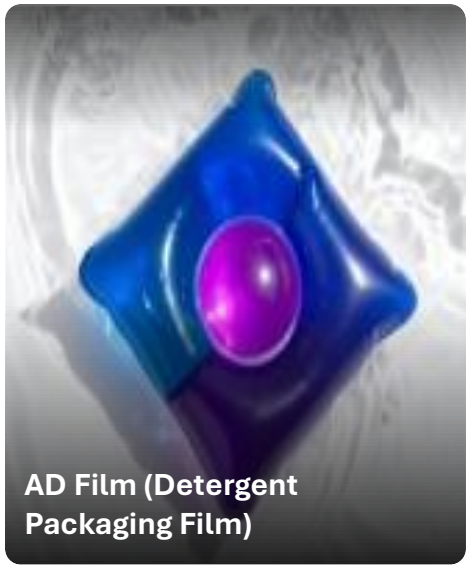

05 Flexible for machine automation.

06 Non-toxic and safe for the environment.

07 High puncture resistance.

08 Excellent organic solvent resistance.

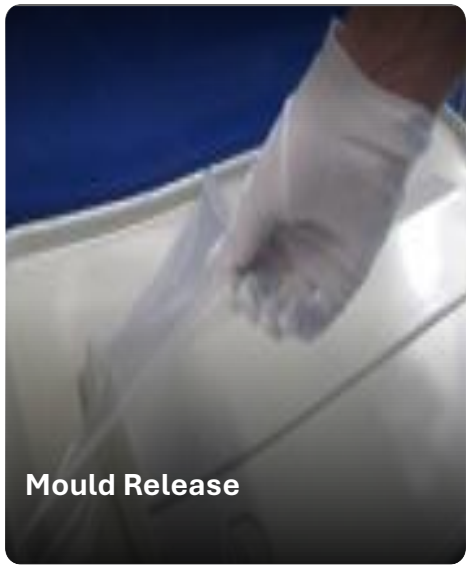

Product Usage

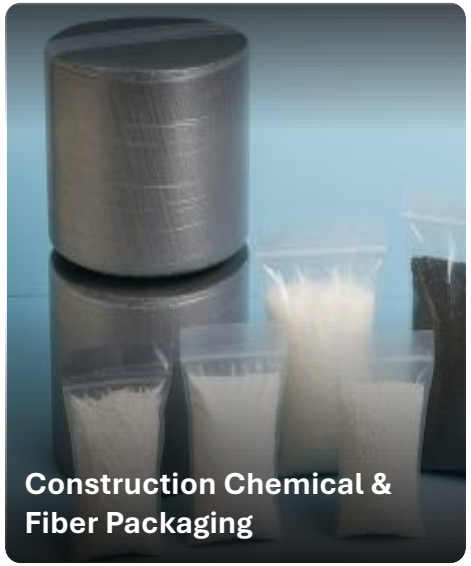

AD Film (Detergent Packaging Film)

Dyes & Pigments Packaging

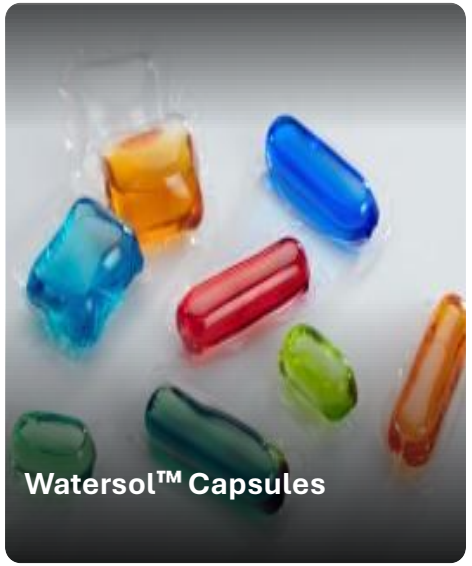

Toilet Block Packaging Film

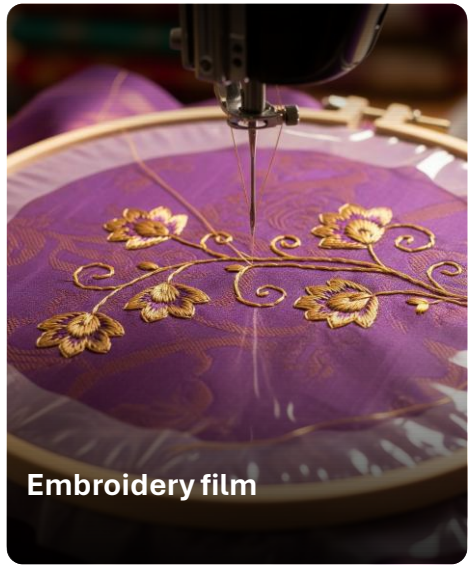

Water Soluble Laundry Bag

Mould Release

Construction Chemical & Fiber Packaging

Seed Bomb/Tape Packaging

Watersol™ Capsules

Embroidery film

Agrochemical packaging film

Water Soluble Films (WSF) Industry Snapshot

5.8%
WSF Market size is expected to reach $586 Mn by 2029 at CAGR of

North America is projected to be the largest market for water-soluble films.

The market was valued at
USD 442 Mn in 2024

PVA (Polyvinyl Alcohol) is a key material in the water-soluble films market due to its water solubility, film-forming properties, and versatility across diverse applications.

Global Environmental Regulations & Sustainability Initiatives Stricter environmental regulations, plastic waste reduction policies, and rising demand for sustainable packaging are driving the adoption of water-soluble films across industries.

The water-soluble films market comprises several established global players, with competition driven by material innovation, product performance, application development, and expanding industrial demand.

The information and figures contained in this presentation are based on currently available data estimates. The Company does not warrant the accuracy of these figures, and actual results may vary materially

State Of The Art Manufacturing Facilities

ANKLESHWAR, GUJARAT

Strategically Located Near Mumbai	Modern R&D Centre with Advanced Equipment	Provisioned for Future Expansion

Global Presence

Factory | Warehousing Facility | Supply Zones | Direct Supply | Secondary Supply

- Presence in Europe, Asia, North & South America and Africa – mainly 3 supply points located in India, United Kingdom and South America
- Wide Distribution channel to service our clients from around the world

SECURITY PRODUCTS

ARROW
GREENTECH LTD.

Security Products

Manufacturing of anti-counterfeit products for use in high security papers, brand protection etc.

State of Art Manufacturing facility with inhouse R&D center

Supplier to leading paper mills

Proprietary technology

Part of the niche group supplying such products globally

Dealing in supply of various raw materials

100% indigenous technologies & fully integrated technologies

INTELLECTUAL PROPERTY

ARROW
GREENTECH LTD.

Intellectual Property

1. Arrow obtained more than 50 patents globally, of which 23 are presently in-force spanning various territories including India, UK, USA, Europe, Singapore, Sri Lanka and Malaysia
2. Our inhouse R&D and IP team is continuously working on new innovation and patents
3. Monetization of key patents through out-licensing of patents and production of patented products
4. Patent filed in the areas of security products, brand protection, security papers, security films, self adhesive material, healthcare, bio-compostable material etc.
5. State of Art R&D Lab and IP cell in Mumbai
6. Innovation is focused on green and high-tech products
7. More than 10 Indian patent applications and 3 foreign patent applications under process covering various sectors and geographies.
8. 41 registered trademark in India.

Arrow's Intellectual Property

Granted Patents

Arrow Greentech Limited at present has 23 granted patents globally covering the territories of – India, UK, USA, Europe, Singapore, Sri Lanka and Malaysia

Patent Applications

Arrow Greentech Limited also has more than 10 Indian patent applications and 3 foreign patent applications under process covering various sectors, through mainly covering Water-Soluble Films and Security Section

Trademarks

Arrow Greentech Limited has 41 in-force registered Trademarks along with 26 Trademark application currently under processing

Group 1 – Paper and Packing Industry

Cold Water Soluble Film	High strength paper and process of manufacture	Self destructive irreversible security packaging film	Method of producing a high security film and high security film produced by the said method	Bio-Compostable Multi-Layered composite and methods of manufacturing the Same

New Improved Self adhesive materials with a water soluble films	Self Adhesive Wallpaper with Reduced Adhesive Material and Water Soluble Film
India (30.10.23)	India (16.03.23)

Key Granted Patents across the Globe

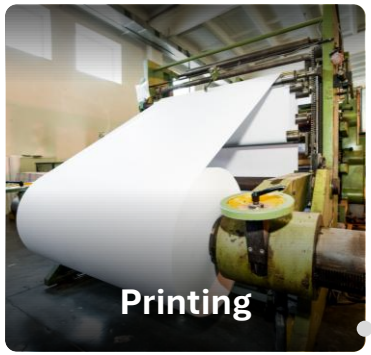

- Mouth Melting strips, Gel strips, Enzyme strips
- Vitamins, Drugs, Medicine, Disinfectants and other Pharma ingredients
- For clinical setting like blood, serum, urine testing etc.

- Used in making security labels or secure packaging of the products for identification
- Used in manufacturing of security documents such as cheques, bank notes, passport papers etc.

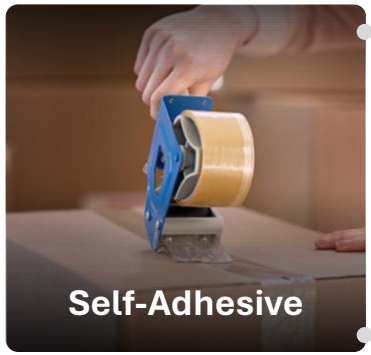

- Used to add Active ingredients of Detergents, Softeners, Cleaning Laundry, Dishes, Floorings, Walls, Furniture and other cleaning agents that are retained and remained intact for a longer time

- Used for printing fabrics, net or perforated cloth
- Used for printing paper, vinyl
- Used in printing of hoardings, one-way vision films

- Used in agro nutrients such as fertilizers, urea, agrochemicals etc.
- Used for packaging for food products, liquid cement, shopping bags etc. or other biodegrable material

- Used in making labels for product identification and/or advertising etc.

Key Granted Patents across the Globe

ARROW RX

Mouth Dissolving Strip (MDS)

(An Innovative Drug Delivery Solution)

ARROW GREENTECH LTD.

Arrow RX

Avery Pharmaceuticals (AP), a specialty pharmaceutical company and wholly-owned subsidiary of Arrow Greentech Ltd. (AGTL), is redefining oral drug delivery through its patented Embedded Water-Soluble Film Technology.
Its Mouth Dissolving Strips (MDS) offer a novel, patient-centric alternative to conventional oral dosage forms, ensuring faster absorption, precision dosing, and improved compliance.

01 Avery Pharmaceuticals Pvt Ltd is 100% Subsidiary company of Arrow Greentech Limited

02 MDS are innovative, fast-dissolving films that deliver active pharmaceutical ingredients (APIs) more rapidly compared to traditional dosage forms such as tablets, capsules, and liquids

03 WHO GMP approved manufacturing facility with state of art plant & machinery and in-house product development center in Sanand (Gujarat)

04 Product Approval from Food and Drug Controller Administration (FDCA) and Central FSSAI License received for approx. 50 products including new products i.e. Sildenafil, Ondansetron, Amoldipine, Vitamin D3, Vitamin B12, Vitamin K2, Vitamin B3, Folic Acid, Iron, Zinc strips, Nicotine, Curcumin+Piperine etc.

05 Who-GMP, FSSAI, GLP, ISO 9001 and ISO 22000 certified facility

06 Expertise from parent company on casting of film and embedding various APIs in Lingual,Sub-Lingual and Buccal

07 Avery Pharma has over 54 products approved under FSSAI and more than 10 products under prescription (Rx) approval

08 Entered contract with Domestic and International MNC Companies

09 In discussion with various domestic and international companies for long-term supply contract

10 The company is currently pursuing product registrations in various countries like Russia, Yemen, Vietnam, and is engaged in Contract Development and Manufacturing Organization (CDMO) projects.

12	Eliglustat Sublingual Film	4/8/12/16/20/24 mg	Test License Product
13	Ketorolac ODS	10 mg	Test License Product
14	Levocetirizine ODS	2.5/5 mg	Test License Product
15	Levocetirizine + Montelukast ODS	2.5/5 & 5/10 mg	Test License Product
16	Montelukast	4/5/10 mg	Test License Product
17	Paracetamol ODS	60/120 mg	Test License Product
18	Rizatriptan ODS	5/10 mg	Test License Product
19	Simethicone ODS	62.5 mg	Test License Product
20	Voglibose ODS	0.2/0.3 mg	Test License Product
21	Zolmitriptan ODS	2.5/5 mg	Test License Product

Arrow RX

Innovative Drug Delivery Systems Redefining Oral and Biomedical Applications

MDS Films – NDDS

Precision Thin Films for Rapid Oral Drug Delivery.

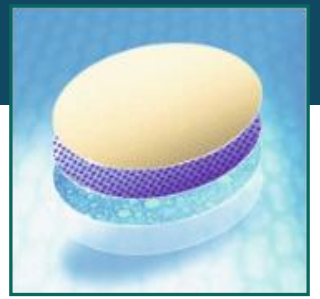

- Mouth Dissolving Strips that melt instantly and bypass the GI tract.
- Enables direct bloodstream absorption and high bioavailability.
- Proven success in achieving high active loading in WSF.

Novel Drug Delivery Device - NDDD

Controlled Release Through Smart Biodegradable Polymers.

- Embedded/coated actives within water-soluble or dispersible films.
- Enables precise, time-controlled release and absorption.

RX Matrix

Revolutionizing Safe Bio-Sample Collection & Disposal.

- Innovative system to collect, store, and dispose of biological samples safely.
- Eliminates cross-contamination and improves biosafety.

Arrow RX

Avery Pharmaceuticals has developed a **patented Embedded Water-Soluble Film** platform — commercialized under the trade name **MDS (Mouth Dissolving Strips)**

Patented Technology Highlights:

- Granted **Patent for Active Embedded Water-Soluble Film**
- Allows embedding or entrapment of one or more actives at controlled concentrations for **targeted, precise delivery**
- Supports **multiple delivery routes — lingual, sublingual, and buccal** — ensuring faster absorption and sustained release
- Applicable to **pediatric, geriatric, psychiatric, and veterinary therapies**
- **Pipeline-ready:** Multiple molecules identified for first-phase embedding

Avery's Edge

A technology-led CDMO partner transforming complex oral formulations into scalable, market-ready solutions that elevate patient outcomes and partner value.

Arrow RX

Arrow MDS - A CDMO-Driven Innovation	As a specialized CDMO, Avery Pharmaceuticals combines formulation science, patented film technology, and scalable manufacturing to deliver next-generation Mouth Dissolving Strips (MDS) — a rapid, precise, and patient-friendly oral drug delivery platform.

CDMO Advantage

End-to-end capability — from formulation development to commercial-scale manufacturing	Precision dosing & enhanced bioavailability through controlled active loading	Faster onset, safer delivery, and better compliance across patient segments
Customizable MDS formats (lingual, sublingual, buccal) for diverse therapeutic needs	Taste-masking innovation for improved patient acceptance	Partner-focused flexibility for both pharmaceutical and nutraceutical applications

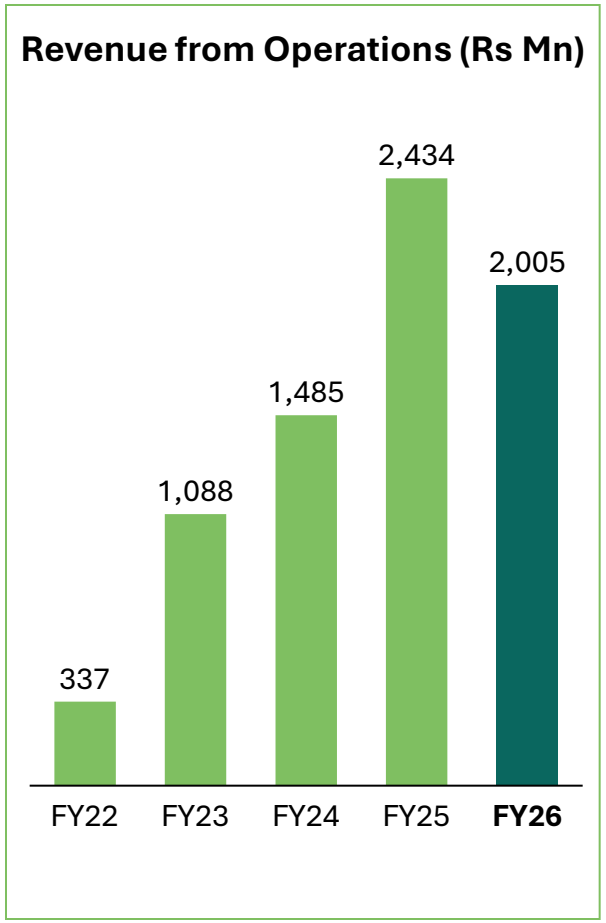

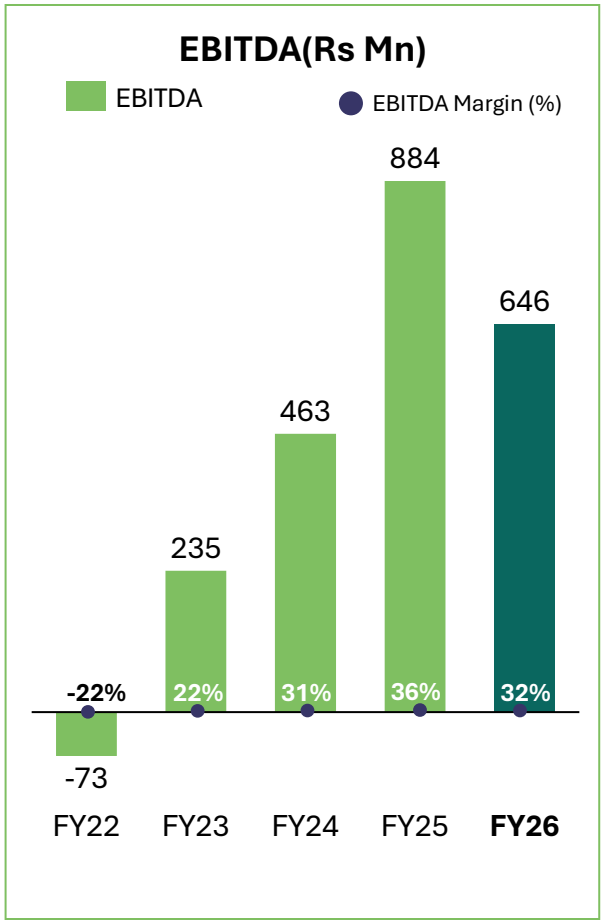

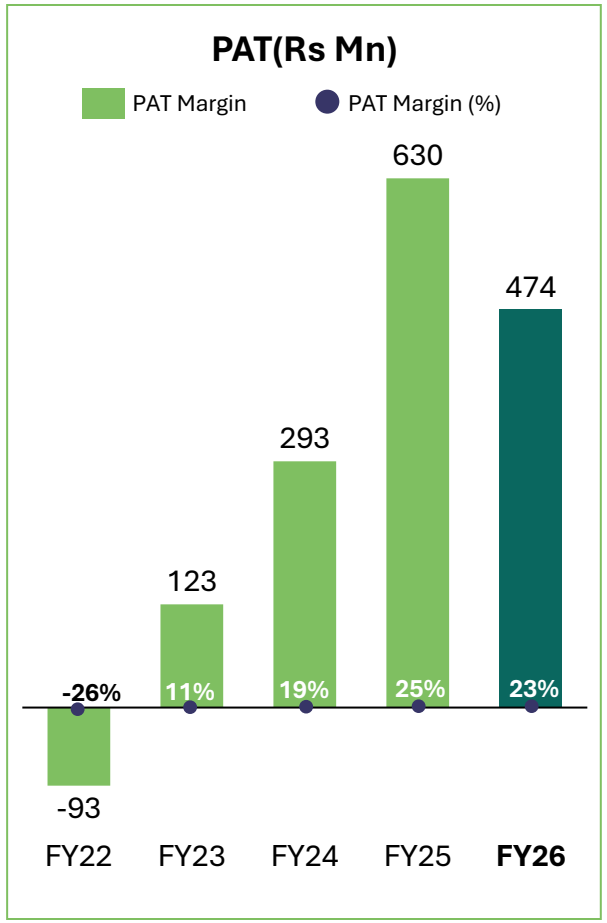

FINANCIAL OVERVIEW

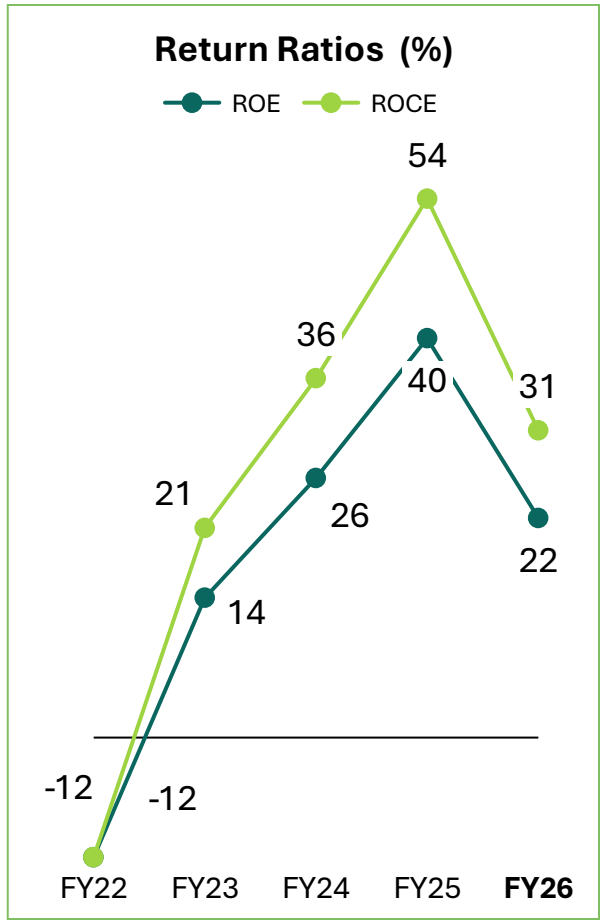

ARROW GREENTECH LTD.
