II Arunaya II Organics Limited

ARUNAYA ORGANICS LIMITED

Arunaya Organics Limited announced that our company has successfully completion of the “Bhoomi Pooja” ceremony of Groundwork for New Manufacturing Facility located at D -3/26/3, Dahej III, Industrial Estate, Dahej-392 130, Vagra, Bharuch, Gujarat”, as held today i.e. 27th November 2025 – at 04:00 p.m.

This milestone marks the formal commencement of groundwork for the project. All key contracting and technology transfer arrangements have been finalized and construction work at the site will begin within shorter pan of time.

Management Commentary

Mr. Vinod Agrawal - Managing Director of Arunaya Organics Limited, commented:

“The Bhoomi Pooja at our Dahej site marks a defining moment in Arunaya’s journey towards becoming a fully integrated Dyes and Pigments enterprise. All contracting and technology transfer formalities have been completed and site work is set to commence within shorter time span.

The Dahej facility represents a major step forward in our long-term vision of **backward integration** and **self-reliance** in Dyes and Pigments manufacturing. It will provide us with strategic control over key raw materials, enabling sustainable and cost-competitive operations for the years ahead.

II Arunaya II

Organics Limited

The project, involving an investment of around ₹ 1,178.95 (Amount in Lakhs), is targeted to enhance production efficiency and capitalize on economic of scale. Currently, a significant portion of our operational revenue is derived from job work, and by setting up new manufacturing facility, we have no reliance on Chinmay Chemicals Private Limited for job work once operations are fully functional after the completion of construction as well as setting up new machineries in the aforementioned Dahej Plant. We expect to achieve cost savings and expand our production capacity, thereby strengthening the company's long-term financial performance."

About Arunaya Organics Limited:

Incorporated in 2010, Arunaya Organics Limited engaged in trading and manufacturing activities of different types of dyes and its intermediaries. A significant portion of company's revenue is generated from outsourcing our key function i.e. manufacturing of finished product from group company Chinmay Chemicals Private Limited. The company supply a comprehensive range of products, including reactive, acid, direct, basic, and solvent dyes, as well as dye intermediates. Company's products are available in multiple forms, such as standardized spray-dried and tray-dried powders, granules, crude, reverse osmosis-treated products and salt free. Additionally, Company provide specialty performance chemicals tailored for the paper industry and textile dyeing. Its diverse product portfolio is designed to cater to both domestic and international markets.

The company's production facility, located at C-8, GIDC Estate, Naroda, Ahmedabad-382330, Gujarat, India, has an annual capacity of approximately 30 metric ton per annum. We are committed to maintaining high standards of quality and environmental management, as evidenced by our ISO 9001:2015 and ISO 14001:2015 certifications.

It is equipped with the essential infrastructure for raw material storage, product manufacturing, and finished goods storage, all supported by quality control measures.
