SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

● Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM Bangalore*	2025	2024	2023	2022
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.
Consulting jobs offered	282	230	158	233
IIM Calcutta	2025	2024	2023	2022
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

*Includes PGP and PGP-BA programmes

“Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters,” IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: “The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum.”

The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. “There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes,” said Balasubramanian Narayanan, senior vice president at Team-Lease Services. “Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers.”

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

“Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency,” said Mukul Goyal, co-founder of Stratiflex Consulting.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR hiring activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

The Rohtak *chhori* who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

“CHHORI NE DIKHA *diya ki Shafali comeback karna jaanti hai!*”

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

“It was a tough time for our family but she would not share with me that she had been dropped from the team,” said Sanjeev. “Cricket has been a passion for me as well as her, and I don't know how she hid the news from me.”

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. “When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health,” he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

“When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket,” skipper Harmanpreet Kaur would say.

“So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, ‘Sir, I'm ready for 10 overs.’”

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is “herstory”.

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehli, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. “We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singhji Maharaj, in Delhi,” he says.

Haze blankets Delhi as AQI remains ‘very poor’

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the “very poor” category and very likely to deteriorate to “severe” on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the “severe” category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded “very poor” air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the “severe” category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM Bangalore*	2025	2024	2023	2022
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.
Consulting jobs offered	282	230	158	233
IIM Calcutta	2025	2024	2023	2022
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

"Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters," IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: "The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum."

The shift comes after a turbulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. "There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes," said Balasubramanian Narayanan, senior vice president at Team-Lease Services. "Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers."

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

"Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency," said Mukul Goyal, co-founder of Stratifix Consulting.

The Rohtak chhori who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

"CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!"

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

"It was a tough time for our family but she would not share with me that she had been dropped from the team," said Sanjeev. "Cricket has been a passion for me as well as her, and I don't know how she hid the news from me."

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. "When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health," he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

"When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket," skipper Harmanpreet Kaur would say.

"So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, 'Sir, I'm ready for 10 overs.'"

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is "herstory".

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Delhi, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. "We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singhji Maharaj, in Delhi," he says.

Haze blankets Delhi as AQI remains 'very poor'

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the "very poor" category and very likely to deteriorate to "severe" on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the "severe" category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded "very poor" air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m³/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the "severe" category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR HIRING activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

● Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM	2025	2024	2023	2022
IIM Bangalore*				
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.
Consulting jobs offered	282	230	158	233
IIM Calcutta				
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

*Includes PGP and PGP-BA programmes

“Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters,” IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: “The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum.”

The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. “There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes,” said Balasubramanian Narayanan, senior vice president at Team-Lease Services. “Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers.”

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

“Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency,” said Mukul Goyal, co-founder of Stratiflex Consulting.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR hiring activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

The Rohtak *chhori* who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

“CHHORI NE DIKHA *diya ki Shafali comeback karna jaanti hai!*”

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

“It was a tough time for our family but she would not share with me that she had been dropped from the team,” said Sanjeev. “Cricket has been a passion for me as well as her, and I don't know how she hid the news from me.”

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. “When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health,” he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

“When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket,” skipper Harmanpreet Kaur would say.

“So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, ‘Sir, I'm ready for 10 overs.’”

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is “herstory”.

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehli, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. “We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singhji Maharaj, in Delhi,” he says.

Haze blankets Delhi as AQI remains ‘very poor’

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the “very poor” category and very likely to deteriorate to “severe” on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the “severe” category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded “very poor” air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m²/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the “severe” category on Tuesday, AQEWS said.

The PM_{2.5} concentration stood at 155 micrograms per cubic metre and PM₁₀ at 278. PM_{2.5} refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

● Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM Bangalore*	2025	2024	2023	2022
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.

IIM Calcutta	2025	2024	2023	2022
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

“Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters,” IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets. Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: “The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum.”

The shift comes after a turbulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. “There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes,” said Balasubramanian Narayanan, senior vice president at Team-Lease Services. “Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers.”

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain. “Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency,” said Mukul Goyal, co-founder of Stratex Consulting.

The Rohtak *chhori* who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

“*CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!*”

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of untenanted stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted to a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

“It was a tough time for our family but she would not share with me that she had been dropped from the team,” said Sanjeev. “Cricket has been a passion for me as well as her, and I don't know how she hid the news from me.”

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. “When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health,” he said.

But the World Cup call from the selectors never came. And so father and daughter went hand

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

“When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket,” skipper Harmanpreet Kaur would say.

“So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, ‘Sir, I'm ready for 10 overs.’”

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is “herstory”.

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehmi, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. “We will visit the Mansa Devi temple as well as our guraji, Sant Rajinder Singhji Maharaj, in Delhi,” he says.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR hiring activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professional roles also continued its unabated climb, with a significant 3% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

Haze blankets Delhi as AQI remains 'very poor'

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the “very poor” category and very likely to deteriorate to “severe” on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the “severe” category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded “very poor” air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the “severe” category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

Recruiters return to IIMs as hiring sentiment improves

Strong recruiter turnout across various sectors

MANU KAUSHIK New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

Table with 4 columns: IIM Bangalore*, 2025, 2024, 2023, 2022. Rows include Number of offers, Number of recruiters, Consulting jobs offered, and IIM Calcutta metrics.

“Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%.

Nearly 30% of the participating organisations were first-time recruiters,” IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: “The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum.”

The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. “There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes,” said Balasubramanian Narayanan, senior vice president at Team-Lease Services. “Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers.”

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

“Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency,” said Mukul Goyal, co-founder of Stratifix Consulting.

The Rohtak chhori who dared to dream big and make a comeback

NITIN SHARMA Chandigarh, November 3

“CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!”

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unentertained stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

“It was a tough time for our family but she would not share with me that she had been dropped from the team,” said Sanjeev. “Cricket has been a passion for me as well as her, and I don't know how she hid the news from me.”

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. “When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health,” he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

“When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket,” skipper Harmanpreet Kaur would say.

“So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, ‘Sir, I'm ready for 10 overs.’”

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is “herstory”.

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehli, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. “We will visit the Mansa Devi temple as well as our gurujii, Sant Rajinder Singhji Maharaj, in Delhi,” he says.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA Mumbai, November 3

THE WHITE-COLLAR HIRING activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and start-up hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

Haze blankets Delhi as AQI remains ‘very poor’

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the “very poor” category and very likely to deteriorate to “severe” on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the “severe” category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded “very poor” air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the “severe” category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM Bangalore*	2025	2024	2023	2022
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.
Consulting jobs offered	282	230	158	233
IIM Calcutta	2025	2024	2023	2022
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

*Includes PGP and PGP-BA programmes

“Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters,” IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: “The hiring budgets across corporate India have gone up after the second half of 2024 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum.”

The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. “There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes,” said Balasubramanian Narayanan, senior vice president at Team-Lease Services. “Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers.”

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

“Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency,” said Mukul Goyal, co-founder of Stratiflex Consulting.

The Rohtak *chhori* who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

“*CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!*”

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

“It was a tough time for our family but she would not share with me that she had been dropped from the team,” said Sanjeev. “Cricket has been a passion for me as well as her, and I don't know how she hid the news from me.”

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. “When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health,” he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

“When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket,” skipper Harmanpreet Kaur would say.

“So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, ‘Sir, I'm ready for 10 overs.’”

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is “herstory”.

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehli, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. “We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singhji Maharaj, in Delhi,” he says.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR hiring activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

● Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM	2025	2024	2023	2022
IIM Bangalore*

Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

“Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters,” IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets. Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: “The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum.”

The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. “There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes,” said Balasubramanian Narayanan, senior vice president at Team-Lease Services. “Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers.”

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

“Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency,” said Mukul Goyal, co-founder of Stratiflex Consulting.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR hiring activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

The Rohtak chhori who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

“CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!”

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted to a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

“It was a tough time for our family but she would not share with me that she had been dropped from the team,” said Sanjeev. “Cricket has been a passion for me as well as her, and I don't know how she hid the news from me.”

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. “When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health,” he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

“When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket,” skipper Harmanpreet Kaur would say.

“So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, ‘Sir, I'm ready for 10 overs.’”

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is “her story”.

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehmi, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. “We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singhji Maharaj, in Delhi,” he says.

Haze blankets Delhi as AQI remains ‘very poor’

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the “very poor” category and very likely to deteriorate to “severe” on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the “severe” category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded “very poor” air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m²/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the “severe” category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM Bangalore*	2025	2024	2023	2022
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.
Consulting jobs offered	282	230	158	233
IIM Calcutta	2025	2024	2023	2022
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

*Includes PGP and PGP-BA programmes

"Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters," IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: "The hiring budgets across corporate India have gone up after the second half of 2025 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum." The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. "There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes," said Balasubramanian Narayanan, senior vice president at Team-Lease Services. "Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers."

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

"Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency," said Mukul Goyal, co-founder of Stratifix Consulting.

The Rohtak *chhori* who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

"CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!"

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

"It was a tough time for our family but she would not share with me that she had been dropped from the team," said Sanjeev. "Cricket has been a passion for me as well as her, and I don't know how she hid the news from me." Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. "When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health," he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

"When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket," skipper Harmanpreet Kaur would say.

"So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, 'Sir, I'm ready for 10 overs'."

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is "herstory".

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Delhi, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. "We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singhji Maharaj, in Delhi," he says.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR HIRING activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.

Haze blankets Delhi as AQI remains 'very poor'

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the "very poor" category and very likely to deteriorate to "severe" on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the "severe" category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded "very poor" air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the "severe" category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

SUMMER PLACEMENTS SHOW SIGNS OF REVIVAL

Recruiters return to IIMs as hiring sentiment improves

Strong recruiter turnout across various sectors

MANU KAUSHIK
New Delhi, November 3

AFTER TWO MUTED years, summer placements at the country's premier Indian Institutes of Management (IIMs) are showing clear signs of revival.

Early reports from IIM Ahmedabad, Bangalore and Calcutta point to a rebound in hiring activity, with more recruiters on campus, stronger participation from consulting and finance firms, and stipends holding firm at record levels.

At IIM Calcutta, the number of recruiters rose to 183 in 2025 from 175 last year. While the average monthly stipend this year stood at ₹1.85 lakh — nearly unchanged from 2024 — it remained significantly higher than ₹1.65 lakh in 2023 and ₹1.59 lakh in 2022, reflecting steady upward movement over time.

The trend was even more pronounced at IIM Bangalore, where consulting firms led the revival. In 2025, summer placements for the PGP and PGP-BA 2025-27 batches saw 282 consulting offers, compared with 230 last year.

STRONGER PARTICIPATION

IIM Bangalore*	2025	2024	2023	2022
Number of offers	601	601	599	539
Number of recruiters	137	140	171	N.A.
Consulting jobs offered	282	230	158	233
IIM Calcutta	2025	2024	2023	2022
Number of offers	510	564	513	538
Number of recruiters	183	175	165	N.A.
Average monthly stipend	₹1.85 lakh	₹1.89 lakh	₹1.65 lakh	₹1.59 lakh

*Includes PGP and PGP-BA programmes

"Marking a record high, management consulting accounted for 46% of all offers, up from 38% last year. Roles in investment banking and e-commerce domains saw a notable increase, while offers from the healthcare sector rose by over 70%. Nearly 30% of the participating organisations were first-time recruiters," IIM Bangalore said in a statement.

Recruiters and placement experts attribute this upturn to improving business sentiment and rising corporate

hiring budgets.

Karthikeyan Kesavan, director and head of business (permanent recruitment) at Adecco India, said: "The hiring budgets across corporate India have gone up after the second half of 2024 and will likely remain high till 2026. The hiring sentiments are slowly picking up, with consulting and fintech sectors riding the wave. Not just the legacy IIMs, even the newer ones are witnessing a pickup in momentum."

The shift comes after a tur-

bulent year for management graduates. The competitive job market, slowdown in the tech sector, and macroeconomic pressures had weighed heavily on campus recruitment in 2024. Many firms had turned cautious, and only a handful of institutes reported growth in placements.

Experts said sentiment began to turn once global and domestic uncertainties started easing. "There was a lot of uncertainty around tariffs at the beginning of the year, and companies across the board were reluctant to hire MBAs from marquee institutes," said Balasubramanian Narayanan, senior vice president at Team-Lease Services. "Compare that to today — the uncertainty around tariffs is relatively lower, and there are green shoots visible in volume growth in our economy as well. This has given confidence to Corporate India to hire more in numbers."

According to experts, an economic rebound is typically followed by accelerating hiring in consulting — a trend evident this year. Consulting continues to be viewed as a stable and opportunity-rich domain.

"Even when businesses struggle, they still turn to consultants to navigate uncertainty, optimise costs, and improve efficiency," said Mukul Goyal, co-founder of Stratex Consulting.

The Rohtak *chhori* who dared to dream big and make a comeback

NITIN SHARMA
Chandigarh, November 3

"CHHORI NE DIKHA diya ki Shafali comeback karna jaanti hai!"

The father of Shafali Verma, the player of the Women's World Cup final, sums up her unforgettable night in an earthy tone.

It's quite a comeback story, indeed. Not selected for the tournament, she played domestic cricket in front of unenthusiastic stands, piled on runs, bowled more often than before, and kept training at the nets. And hoped for redemption.

When it came — due to an injury to opener Pratika Rawal — Shafali stamped her presence in a historic final against South Africa with both bat (76-ball 87) and ball (two game-turning wickets). Both these performances were her best returns in One-Day Internationals, helping script a 52-run victory at Navi Mumbai's D Y Patil Stadium as India became world champions for the first time.

One person who isn't surprised by the 21-year-old's fierce resolve is her father, Sanjeev. Last year, Sanjeev was admitted at a hospital after a heart attack when Shafali learnt that she had been

Shafali Verma stamped her presence in the final against South Africa with both bat and ball

dropped from the Indian team. She didn't tell him for a week, as she feared for his health.

"It was a tough time for our family but she would not share with me that she had been dropped from the team," said Sanjeev. "Cricketer has been a passion for me as well as her, and I don't know how she hid the news from me."

Once he learnt about it, San-

jeev did what he had always done — took Shafali to the nets. "When the doctors gave the go-ahead, I made her practise in a session 10 days after my heart attack, just to show her that all was fine. So that she does not have to worry about me and be stressed about my health," he said.

But the World Cup call from the selectors never came. And so father and daughter went hard

at work. She had even begun to bowl more in recent times, a fact that would play a big role in the World Cup final when she snared two vital wickets at a time when it seemed South Africa were on the ascendency in the chase.

"When Shafali came in (to the squad), we saw that she was bowling a lot of overs in domestic cricket," skipper Harmanpreet Kaur would say.

"So, Sir (coach Amol Muzumdar) and I spoke to her about it, and she said, 'Sir, I'm ready for 10 overs'."

The memory of that confidence prompted Harmanpreet to throw the ball to Shafali in the heat of the final. And the rest is "herstory".

The father asserts that the confidence to bowl under pressure or bat a bit differently — more solid as compared to the all-out attack of the past — stemmed from Shafali's strong temperament.

As soon as she got the call for the World Cup, Sanjeev visited the Mansa Devi temple at Dehmi, in Rajasthan. He is now waiting for Shafali's return, so that he can accompany her on another trip there. "We will visit the Mansa Devi temple as well as our guruji, Sant Rajinder Singh ji Maharaj, in Delhi," he says.

Haze blankets Delhi as AQI remains 'very poor'

PRESS TRUST OF INDIA
New Delhi, November 3

A THICK LAYER of haze enveloped the national capital on Monday, with the air quality remaining in the "very poor" category and very likely to deteriorate to "severe" on Tuesday.

According to the Central Pollution Control Board (CPCB), Delhi recorded an overall Air Quality Index (AQI) of 309 at 4 pm, indicating persistent pollution levels.

Burari was in the "severe" category with a reading of 400, followed by Wazirpur, which

A layer of smog engulfs the Hari Nagar Ashram area as the air quality remains in the poor category, in New Delhi on Monday

recorded 390. Additionally, 23 monitoring stations recorded "very poor" air quality, with readings above 300, as shown on the

CPCB's Sameer app. According to the Air Quality Early Warning System (AQEWS) for Delhi, the wind speed

dropped below 8 km/h from the northwest direction during the evening and night hours, reducing the dispersion of pollutants.

It added that a ventilation index lower than 6,000 m/s and wind speeds less than 10 km/h are unfavourable for pollutant dispersal.

The air quality is likely to remain in the "severe" category on Tuesday, AQEWS said.

The PM2.5 concentration stood at 155 micrograms per cubic metre and PM10 at 278. PM2.5 refers to fine inhalable particles with diameters that are 2.5 micrometres or smaller.

White-collar hiring dips 9% in October

PRESS TRUST OF INDIA
Mumbai, November 3

THE WHITE-COLLAR hiring activity in October declined 9% year-on-year as the Diwali-Dussehra festive holidays temporarily impacted recruitment momentum, a report said on Monday.

India's white-collar hiring activity eased in October as the

Diwali-Dussehra festive cluster temporarily slowed recruitment momentum, according to the Naukri JobSpeak Index report.

The Naukri JobSpeak is a monthly index representing the Indian job market and hiring activity based on new job listings and job-related searches by recruiters on the resume database of Naukri.com.

While the festive season led

to a broad-based slowdown, sectors such as Accounting and Finance (15%), Education (13%), and BPO/ITES (6%) defied the trend with positive growth, it stated.

The growth in hiring in the education sector was propelled by fresher and startup hiring and this momentum was geographically widespread, with major contributions from Hyderabad

(47%), Chennai (34%), and Bengaluru (31%), it added.

The demand for professionals in AI/ML roles also continued its unabated climb, with a significant 33% year-on-year increase in hiring, said the report.

However, other sectors, including bellwether IT (15%) and banking (24%), witnessed a contraction in hiring activity during the month, it said.
