● BOARD APPROVES ₹20,000-CR FUNDRAISE

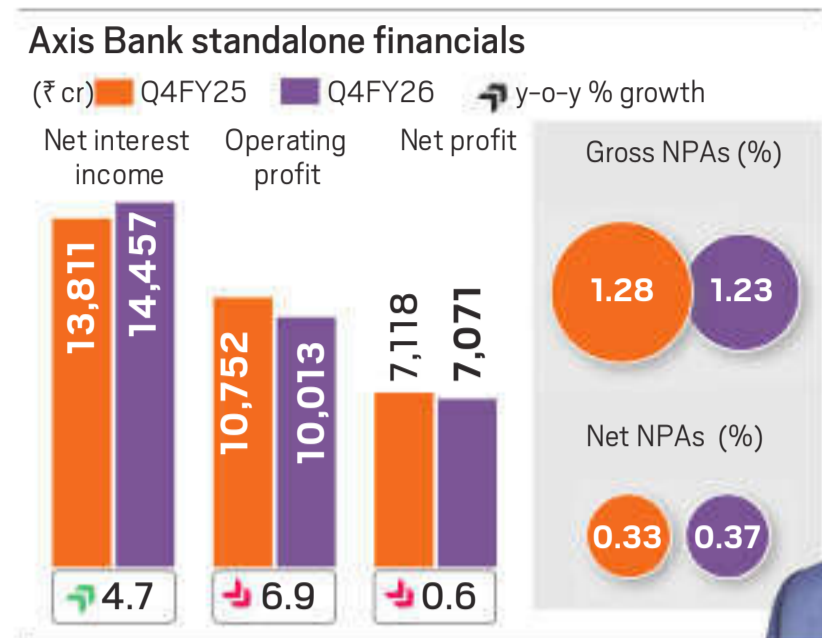

Axis Bank Q4 profit declines marginally as provisions rise

KSHIPRA PETKAR
Mumbai, April 25

AXIS BANK'S NET profit for the quarter ended March declined marginally to ₹7,071 crore due to the additional one-time provisioning taken by the bank during the quarter. "Based on an assessment of evolving and unpredictable macroeconomic and geopolitical uncertainties, the bank created an additional one-time provision of ₹2,001 crore during the quarter," it said. Overall, the provisions and contingencies of the lender inched up to ₹3,522 crore from ₹1,359.35 crore a year ago.

The bank's board also approved a fundraising of up to ₹20,000 crore by issuing equity shares or other similar instruments, subject to regulatory approvals. "There is nothing in our portfolio which tells us where these provisions will be used. It is not based on what we see today, but the whole scenario in West Asia remains uncertain. So we thought that it was only prudent to make provisions about how this crisis could evolve and obviously if the crisis gets resolved then the provisions based on our framework would be written-back," Amitabh Chaudhry, MD & CEO, Axis Bank, said in the post earnings call.

Textile exports fall 2.2% in 2025-26: GTRI

PRESS TRUST OF INDIA
New Delhi, April 25

THE COUNTRY'S TEXTILES and garment exports fell 2.2% to \$35.8 billion in 2025-26 due to contraction in shipments of key segments such as cotton, think tank GTRI said on Saturday. In rupee terms too, the exports fell 2.1% during the last fiscal. GTRI said the declining pattern is visible across major segments — cotton textiles (-3.9%), ready-made garments (-1.4%), and carpets (-5.3%). Only handicrafts grew slightly by 1.5% during the fiscal. The contrast between rupee and dollar growth high-

lights a deeper structural concern, the Global Trade Research Initiative (GTRI) said. Its founder Ajay Srivastava said India is exporting more in value terms domestically, but earning fewer dollars globally. For instance, man-made textiles show a 3.6% rise in rupee but a 0.8% decline in dollar terms, and garments show a 2.9% rupee increase despite a

1.4% dollar contraction, he said. This suggests that currency depreciation and not competitiveness is behind the apparent growth, he said adding in real terms, India is losing market share or failing to expand in key global markets, particularly in labour-intensive sectors where it should be gaining ground. He added this "raises a critical policy question: why are ongoing reforms not translating into export growth? Despite initiatives on production-linked incentives, logistics improvements, and trade facilitation, the data shows stagnation or decline in core segments. The government must urgently investigate bottlenecks".

Adani Group to set up ₹2,500-cr defence plant in MP: Scindia

UNION MINISTER JYOTIRADITYA Scindia on Saturday announced a ₹2,500 crore defence arms manufacturing plant of the Adani Group in the Kolaras area of his Guna parliamentary constituency. The plant will generate around 2,000 direct jobs, Scindia said during a visit to Shivpuri-Kolaras area. It will come up within two months near Kolaras, about 70 km from Guna, at the junction of Kota Highway and Mumbai-Gwalior Highway, and address the long-pending demand of industrial development, he said. The defence equipment manufactured at the facility would contribute to protecting the country's borders, he said. —PTI
