PAT Margin %	7.0%	8.1%		16.6%

- Consolidated order book stood at Rs. 2,849 crores as on June 30, 2026

Commenting on the performance, Mr. S G Reddy, Managing Director, Astra Microwave Products Limited, said

“Q1 FY27 was a decent start for the year, recording a standalone revenue of Rs. 176 crores, primarily driven by execution of domestic defence production orders, followed by orders from space, exports, meteorology and other applications.

As of June 30, 2026, our standalone order book stands at Rs. 2,156 crores, while the consolidated order book was at Rs. 2,849 crores, providing strong revenue visibility for the coming years.

On that note, I am delighted to highlight that recently in July 2026, we have secured a significant order worth Rs. 2,205 crores from Hindustan Aeronautics Limited (HAL) for the procurement of 122 AAAU and 121 Interface Frames for the Uttam Radar. Notably, the value of this single order is higher than our total standalone order book as of June 30, 2026. This is a landmark achievement for Astra Microwave Products and reflects the long-standing trust placed in our capabilities, technology and execution track record in the defence sector.

Looking ahead, we continue to see healthy progress across our key programmes and remain confident in our growth trajectory. We are targeting topline growth of 10% to 15% year-on-year, while maintaining a healthy bottom line. With the addition of this significant order, we see substantial long-term opportunities ahead and remain focused on leveraging our capabilities, strengthening our execution and delivering sustainable growth in the long-term.”
