**Company Secretary**

## Aurionpro Wins Strategic Data Center Deal with IDBI Bank

*Maiden engagement marks Aurionpro's entry into one of India's premier commercial banks, reinforcing its position as a single-window data center solutions provider*

**Mumbai, February 02, 2026:** Aurionpro Solutions Limited (BSE: 532668) (NSE: AURIONPRO), a global leader in intuitive technology, has been awarded a prestigious data center infrastructure expansion project by **IDBI Bank Limited**, one of India's premier commercial banks. This win marks Aurionpro's entry into IDBI Bank as a new strategic account, further strengthening its position as a trusted partner for mission-critical digital infrastructure projects.

The engagement involves a comprehensive upgrade of the bank's existing data center infrastructure, including Electrical, Cooling, Security, and allied MEP systems. The project will be executed in a *live Data Center environment*, making it one of the most complex and critical infrastructure upgrades undertaken by the bank.

A **key highlight** of the project is that the entire infrastructure expansion and migration will be completed without impacting the bank's ongoing data center operations.

The transition from the existing infrastructure to the new setup will be carried out with meticulous planning and precision-led execution to ensure **zero downtime** and uninterrupted business continuity.

Aurionpro will deploy its **highly-experienced design and execution experts**, who will work closely with the bank's site operations and head office teams to deliver this mission-critical project. The collaboration underscores Aurionpro's deep domain expertise and proven capability in handling complex, high-availability environments.

With this win, Aurionpro further reinforces its positioning as a **single-window data center solutions provider**, offering end-to-end services ranging from site **due diligence, design and engineering, site master planning and ROI analysis, to MEP execution, supported by a robust 24x7 operations and maintenance framework.**

**Bhaskar Bhattacharya, EVP- Enterprise Businesses, Aurionpro, said:**

“We are grateful to IDBI Bank for choosing Aurionpro as their trusted partner in this vital initiative. This project reiterates the trust that leading financial institutions place in Aurionpro’s ability to deliver complex, mission-critical infrastructure upgrades without disrupting *live* operations. Our integrated capabilities and execution excellence continue to differentiate us in the rapidly growing data center market.

Beyond infrastructure, we are excited about the prospect of supporting IDBI Bank’s broader banking transformation with **AurionAI**, our advanced AI-based portfolio, helping them lead in a digital-first era.”

**About Aurionpro Solutions:**

Aurionpro Solutions Ltd. (BSE: 532668 | NSE: AURIONPRO) is a global enterprise technology leader pioneering intuitive-tech through deep-tech IPs and scalable products.
