Aurionpro secures another significant win from a global hyperscale data centre operator.

Deepening its partnership with the global hyperscaler, Aurionpro wins an order to build AI-ready digital infrastructure for its Navi Mumbai data centre, further strengthening its position in the fast-growing data centre market.

Mumbai, August 13, 2026 - Aurionpro Solutions Limited (BSE: 532668; NSE: AURIONPRO), a leading end-to-end data centre solutions provider, is pleased to announce another significant order win from a global hyperscale data centre operator. Valued close to **INR 100 Crores**, the order involves Aurionpro **building and project-managing the digital infrastructure** for the customer's upcoming **AI-ready data centre in Navi Mumbai, Maharashtra, India**.

This latest win further expands Aurionpro's existing partnership with the global hyperscaler and reflects the customer's continued confidence in Aurionpro's technology capabilities and project execution expertise. The order further strengthens Aurionpro's position as a partner of choice in the rapidly expanding data centre market, particularly in the emerging AI-ready infrastructure segment.

Aurionpro's mission is to contribute actively to India's digital and AI transformation and has established itself as a full stack centre solutions partner, combining deep expertise across Mechanical, Architectural, Structural, and Fit-out disciplines with advanced technology capabilities. This integrated approach enables Aurionpro to build and project manage innovative, scalable, and future-ready data centre infrastructure, addressing the evolving requirements of hyperscale operators and the rapidly emerging AI-driven data centre ecosystem.

Bhaskar Bhattacharya, EVP & Head – Enterprise Business, Aurionpro Solutions, commenting on the win, said:

“We thank our customer for their continued trust and confidence in Aurionpro and congratulate our team on securing this important win. This order further strengthens our engagement with global hyperscalers and is an important milestone in our journey of establishing Aurionpro as a trusted partner for complex, AI-ready data centre builds and implementations. With a strong pipeline driven by demand for data centre capacity and AI-ready infrastructure, we are well positioned to accelerate growth, backed by our expanding capabilities, experienced team, and proven execution track record.”
