Aurionpro announces one of its largest US market wins with USD 33 million fintech engagement

The significant order win from a leading US-based digital insurance payments platform will see Aurionpro deliver advanced AI-led technology solutions

Mumbai/USA, May 21, 2026 - Aurionpro, through its US-based subsidiary Aurionpro Fintech Inc., is pleased to announce its largest order win in the US market with the signing of a strategic three-year engagement with one of the leading fintech platforms in the United States specializing in digital insurance payments. The engagement marks a significant expansion of Aurionpro's existing relationship with the customer, which currently leverages our cutting-edge payments framework software and allied services.

Under the expanded mandate, Aurionpro will deliver its proprietary software and advanced technology solutions, including enhancement and maintenance of the existing payment platform, cloud and DevOps solutions, as well as AI and data engineering support. The engagement is expected to generate more than USD 33 million in revenue over the contract period.

Aurionpro Fintech leverages Aurionpro's advanced AI platforms, payments frameworks, and digital engineering capabilities to help enterprises solve complex, high-stakes business challenges, optimize operations, and drive scalable digital transformation. Focused on the payments and fintech ecosystem, the company delivers specialized technology solutions that seamlessly integrate with clients' existing environments while leveraging modern architecture, cloud infrastructure, security frameworks, AI-driven automation, data engineering, and advanced platform capabilities.

Commenting on the development, **Raj Biyani – EVP & Head, Aurionpro Fintech Inc.**, said:

"We are thrilled to announce this landmark win and deeply value the continued trust that our customer has placed in Aurionpro and our technology capabilities. This represents our largest deal win in the US region and reflects the strength of our solutions, the deep domain expertise, strong engineering talent, and scalable technology capabilities that we have built over the years. This engagement further strengthens

our credentials in the market and establishes a strong reference for us in the region, which we believe will support our continued growth and expansion in the US payments and fintech space.”
