AURIONPRO HELPS V2PAY GROUP WIN THE BEST MOBILE PAYMENTS AND CARDS SOLUTION AWARD AT THE CARDS AND PAYMENTS ASIA EVENT IN SINGAPORE

Asia's largest smart card and payments event honors V2PAY Group with the prestigious mobile app award.

Singapore – May 8, 2013 (Marketwire)

Aurionpro is pleased to announce that its product development efforts alongside V2PAY Group have been recognized through the winning of the Best Mobile Payments and Cards Solution award at the Cards and Payments Asia event. Short-listed for two of V2PAY's game-changing mobile financial apps, V2CARD and V2REMIT, the final selection of the honor was announced during the awards ceremony on April 24th. This accolade is an incredible endorsement for the innovative mobile financial platforms that Aurionpro is helping V2PAY Group bring to market.

As the event's Diamond Sponsor, V2PAY Group was at the epicenter of the conference, held at the Marina Bay Sands Hotel in Singapore. Its well-attended seminar sessions and interactions with thousands of conference participants at the V2PAY booth helped to inform attendees of the smartest and most innovative payment and transactional technology solutions available in the market through their V2CARD, V2REMIT, V2AGENT, and V2ID white-label offerings.

Commenting on winning the award, Bill Field, V2PAY Group CEO, remarked, "It is an incredible feeling to be selected as this year's best mobile payments and cards platform by Asia's largest cards and payments conference. The award validates our vision for transforming the financial industry through the creation of easy-to-use mobile payments, remittance, and virtual card solutions. I'd also like to thank Aurionpro, our global technology partner, for their relentless commitment to delivering this vision through the development of the industry's most innovative mobile payments applications."

"V2PAY Group has a clear and resounding perspective on the global payments industry, which has been recognized by the Cards & Payments Asia award committee. Their strategy for enabling individuals that previously did not have access to traditional banking services to make online payments and securely transfer money to family members and business associates will certainly be game-changing," added Nirav Shah, Global Head of Aurionpro's Payments Platform business. "We couldn't be more proud to be helping V2PAY define the future of emerging payments solutions through our combined market-leading expertise that we've developed working alongside many of the most exciting and groundbreaking payments companies across the globe."

About Aurionpro

Aurionpro Solutions (NSE: AURIONPRO) (BSE: 532668) is a publicly-traded technology company that helps Fortune 1000 companies to be more efficient through domain-driven software and consulting offerings.
