INDONESIA LOGISTICS COMMUNITY SERVICE, PT INTEGRASI LOGISTIK CIPTA SOLUSI, SELECTS AURIONPRO'S SCMPROFIT PRODUCT SUITE

The new supply chain management solution will help Indonesia Port Corporation II achieve world-class performance

June 20, 2013 – Singapore (Marketwire)

Aurionpro is proud to announce that PT INTEGRASI LOGISTIK CIPTA SOLUSI (ILCS), a strategic initiative dedicated to modernizing and improving the country's logistics processes and facilities, has selected Aurionpro SCMProFit for deployment at the Indonesia Port Corporation II (IPC). SCMProFit will provide an integrated, end-to-end supply chain solution, visibility across all parties and subsidiaries, and centralized control across all Indonesian ports. Working collaboratively on this effort with the leading Auto ID and Data Capture (AIDC) partner, PT.Duta Kalingga Pratama (DKP), Aurionpro's SCMProFit solution will help IPC achieve its goal of becoming a world-class port operator.

A comprehensive set of SCMProFit modules, including Warehousing, Container Freight Station (CFS), Distribution, Freight Forwarding, and Project Logistics, will initially be implemented at the port of Jakarta, with subsequent rollouts planned at IPC-run warehouses and container freight stations throughout the region. The SCMProFit solution will add value to IPC operations by enabling integrations with customs, ports, ePayments, and multiple service providers, as well as by centralizing billing, unifying management reporting, and providing a portal for enterprise-wide operations visibility.

The result will be a proverbial "sea change" in terms of customer service, efficiency, performance, and profitability as previously compartmentalized processes, systems, applications, and entities (including partners, customers, customs, ports, and government agencies) are unified with a single solution and standardized processes for managing CFS, warehousing, and logistics.

"Aurionpro is extremely pleased that ILCS has recognized our industry-leading SCM product offering, as well as our local expertise and previous successes in Indonesia," commented Snehal Pandit, Vice President of Sales, Aurionpro SCM. "We look forward to helping this forward-thinking organization deliver on their vision of transforming Indonesia's ports with improved efficiency, increased productivity, and world-class customer service."
