**AURIONPRO ACHIEVES ISO 20000-1 AND ISO 27001  
CERTIFICATIONS FOR ITS MUMBAI-BASED DEVELOPMENT  
CENTER**

Aurionpro announces the successful completion of its initiatives to become ISO 20000-1 and ISO 27001 certified.

**August 28, 2013 – Mumbai (Marketwire)**

Aurionpro today announced that its Mumbai Headquarters, which houses development teams supporting core product engineering and offshore software development on behalf of customer implementations, has achieved ISO 20000-1 and ISO 27001 certifications.

Independent auditors carried out the assessments and provided the certifications, which evaluated Aurionpro's IT Service Management and Information Security Management Systems respectively. Successful completion of this process provides reassurance to Aurionpro's customers that there is a strong set of controls in place to deliver industry-leading products, solutions, and custom software development efforts. The achievements highlight Aurionpro's commitment to investing in internal systems and processes and will provide increased opportunities across the company's growing set of Banking, Logistics and Manufacturing, Healthcare, Government, High Tech, Telecom, and Media clients.

"These certifications were critical to assure our customers and prospects that Aurionpro is run as a world-class organization," said Nirav Shah, Aurionpro's EVP of Global Delivery. "These milestones provide independent attestation to the policies and procedures we have put in place, including industry best in class information security controls."

### **About Aurionpro**

Aurionpro Solutions (NSE: AURIONPRO) (BSE: 532668) is a publicly traded technology company that helps Fortune 1000 companies to be more efficient through domain-driven software and consulting offerings. Employing more than 1200 individuals across North America, Asia, and Europe, the company has been recognized by Deloitte, Forbes, and the 2011 FinTech 100 as one of the world's fastest growing technology companies.
