Dear Sir,

Sub: Intimation under Regulation 30 of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 regarding resumption of operations at various locations in phased manner.

We wish to inform you in connection with temporary closure of manufacturing operations of the plants of the Company in light of the outbreak of COVID-19 pandemic, the manufacturing facilities of the Company located at Pune (MH), Rudrapur (UKD) and Hosur (TN) have resumed their operations. The production has started in phased manner after observing the order/directives issued by the concerned state/central government/authority time to time for lifting the lockdown. The Company has started receiving orders from various OEMs and accordingly the facilities are working as per the schedule of orders available with/ received to the Company.

The standard operating procedure for social distancing guidelines, safety and hygiene norms prescribed by the authority for office, work places, factories and establishment to prevent COVID-19 impact are being followed and closely monitored time to time.

COVID 19 virus has hit populations around the world and has resulted in many restrictions, including free movement of people, thereby hampering businesses and day to day functioning of companies and impacted the financials and operations of the Company as well. The Company resumed its operations and running its manufacturing facility at 30% capacity. The situation is now improving and we foresee normal operations in next 3 to 4 months but at this stage it is too difficult to forecast the future impact of COVID-19 on operations and financials of the Company. The impact of COVID-19 on financials and businesses will be ascertained in due course.

Kindly take the above on records. Thanking you,

Yours truly,
For **Autoline Industries Limited**
