## Government Recent announcement:

- Fair and Remunerative Price (FRP) of Sugarcane for sugar season 2025-26 fixed at Rs. 355 per quintal linked to based recovery rate of 10.25%.
- The Uttar Pradesh Government increased the State-Advised Price (SAP) of sugarcane for the 2025-26 crushing season by Rs. 30 per quintal, setting it at Rs. 400 per quintal for early varieties and Rs. 390 per quintal for general varieties.

## Key highlights of the Sugar (Control) order 2025:

- Raw sugar and Khandsari sugar are now included in the total sugar stock.
- Khandsari units with a crushing capacity of more than 500 TCD are now required to pay the Fair and Remunerative Price (FRP) to farmers and will be brought under regulatory oversight.
- By-products will also be regulated to ensure adequate availability of sugar for domestic consumption.

## Industry Requests Government:

- Revision of Minimum Selling Price (MSP) of Sugar based on FRP of Sugarcane.
- Revision of Ethanol Price.

## Industries Updates:

- The Uttar Pradesh Sugar Mills Association (UPSMA) has flagged that the SAP hike will raise production costs significantly, and in context of weak sugar recovery and surplus stocks, margins could be squeezed.
- As per advance estimates by the Indian Sugar Mills Association (ISMA), gross sugar production for the Sugar Season 2025–26 is projected at 34.35 million metric tonnes (MMT). With an estimated 3.40 MMT diverted towards ethanol production, the net sugar availability is expected to be 30.95 MMT.

# Distillery Segment – Q2 & H1 FY26 Performance

### Power Tariff Revision (UPERC Notification)

Pursuant to the recent notification issued by the Uttar Pradesh Electricity Regulatory Commission (UPERC), the power tariff has been revised by Rs. 0.90 per unit effective 1<sup>st</sup> April 2024, with a marginal annual escalation envisaged up to 31<sup>st</sup> March 2029.

This revision is expected to positively impact the profitability of the Power segment through improved realisation on power exports to the grid.
