# Unit-holders' exit options: Sebi tweaks norms for REITs, InvITs

PRESS TRUST OF INDIA
New Delhi, October 5

Markets regulator Securities and Exchange Board of India (Sebi) has tweaked regulations for REITs and InvITs regulations with respect to exit options for dissenting unitholders in various scenarios, including acquisition and change in sponsors.

Real estate investment trusts (REITs) and infrastructure investment trusts (InvITs) are emerging investment vehicles.

The exit option for dissenting unit-holders would be available in case of an acquisition, change in sponsor, inducted sponsor or change in control of sponsor or inducted sponsor is triggered pursuant to an open offer.

The exit option for unit-holders would be available in case of an acquisition, change in sponsor, inducted sponsor, or change in control of sponsor, or if inducted sponsor is triggered pursuant to an open offer

In such cases, the exit option price would be enhanced by an amount equal to a sum determined at the rate of 10% annum for the period between the first notice date and second notice date, according to two separate circulars issued by Sebi on Tuesday.

The summary of activities pertaining to exit option/offer have to take place along the timelines prescribed by Sebi.

The regulator has also given the definition of "relevant date" in such cases which would mean the date of public announcement made for the acquisition in terms of Substantial Acquisition of Shares and Takeover Regulations, 2011.

In July 2020, Sebi had come out with a mechanism to provide an exit option to dissenting unit-holders of REITs and InvITs.

# Non-convertible securities: Sebi revises info-filing formats

PRESS TRUST OF INDIA
New Delhi, October 5

THE SECURITIES AND Exchange Board of India (Sebi) on Tuesday came out with revised formats for filing financial information by entities that have listed their non-convertible securities on stock exchanges.

In September, the regulator had notified corporate governance rules for listed entities that have listed their debt securities.

It had mandated that such entities should disclose financial results on a quarterly basis, including assets and liabilities, and cash flows. Now, Sebi has come out with formats for reporting of financial information and limited review report.

Banking and insurance companies should disclose financial information as per the formats prescribed by their regulators, according to a circular.

**Sebi has asked the concerned entities to disclose reasons for delay or non-disclosure of financial results to the bourses, within one working day of the due date of submission of the financial results**

Sebi has also asked the entities to disclose reasons for delay or non-disclosure of financial results to the stock exchanges, within one working day of the due date of submission of the financial results.

If the entities decide to delay the results prior to the due date, they have to disclose detailed reasons for such delays to the stock exchanges within one working day of taking the decision. The regulator has provided a format for disclosure of standalone financial results on a quarterly basis and standalone and consolidated financial results on an annual basis.

Besides, a format for statement of assets and liabilities on a half-yearly basis has been given and the same should contain the items mentioned in the format of balance sheet as given under the companies law.

Providing the format for statement of cash flows on a half-yearly basis, Sebi said the same should be prepared under the indirect method in accordance with the relevant accounting standards.

# 'India fuelling one of world's fastest growing cryptocurrency regions'

BLOOMBERG
October 5

DEMAND FOR DIGITAL coins in India is helping to make a region spanning central and southern Asia and Oceania one of the fastest-growing cryptocurrency markets globally, according to Chainalysis.

The pace of expansion in the region is the strongest after the Middle East and much of Europe, with India's market growing 641% and Pakistan's 711% over 12 months. The Chainalysis report looked at trends over the year to June using a metric that estimates the total cryptocurrency received by a country.

Aside from India, the report flagged increased crypto adoption in Pakistan and Vietnam. The share of Indian activity on decentralised finance platforms was 59%, higher than the latter two nations. Regional crypto-related venture capital investment jumped, according to the report.

The report flagged increased crypto adoption in Pakistan and Vietnam

"Large institutional-sized transfers above $10 million worth of cryptocurrency represent 42% of transactions sent from India-based addresses, versus 28% for Pakistan and 29% for Vietnam," the report said. "Those numbers suggest that India's cryptocurrency investors are part of larger, more sophisticated organizations."

The past year has seen a number of twists and turns for India's crypto market, including on the regulatory front, with some reports that the country might try to ban or otherwise restrict cryptocurrencies. Chainalysis pointed out that more recently it looks as though the government may simply favor taxation.

The nation's celebrities are now being attracted to the sector, according to local reports. For instance, Bollywood star Amitabh Bachchan has created non-fungible tokens — digital collectibles — and become a so-called brand ambassador for exchange CoinDCX, India's first cryptocurrency unicorn.

# Merchants hit by RBI revision in payment norms form alliance

PRESS TRUST OF INDIA
Mumbai, October 5

HIT BY A revision in payment norms by the Reserve Bank of India (RBI), online merchants like Netflix, Facebook and Future Generali on Tuesday announced the formation of a grouping to take up common causes.

The changes on e-mandates effected by the RBI from October 1 are intended to make the ecosystem more robust but with only six banks complying with the revised norms, the preparedness of the banking sector is questionable and there is bound to be value erosion in the merchant-customer relationships as the latter face inconveniences, as per an official statement from the body.

The Merchant Payments Alliance of India (MPAI), which also has other members including Disney+Hotstar, Bookmyshow, Microsoft, Spotify, Times Internet and Zoom, will work towards such causes by addressing and constructively engaging with the payments regulator and industry.

**With only six banks complying with RBI's revised norms, the preparedness of the banking sector is questionable, the merchants' body said in a statement**

"The MPAI sees itself as a collective, using the operational experience of merchants, to engage on policy matters such as the e-mandate issue, which will help reduce transaction-related frictions and improve the efficiency of digital markets," Vivan sharan from its secretariat, said.

The alliance will enhance the value of India's digital markets, provide public interest research and thought leadership on digital payments, and build consumer awareness, the statement said.

The MPAI statement said it also aspires to become a resource platform for merchants and the payments ecosystem "to contribute to policy conversations involving matters that help reduce transaction-related frictions and improve digital markets' efficiency" while ensuring data protection and fraud prevention.

"The group's purpose is to be a collaborator to the digital payments policy discourse and Microsoft is excited to be part of this initiative," the American tech giant's Vishal Mehta said.

The alliance is open for memberships to merchants that use digital payments and align with the alliance's vision in India, the statement said.
