SBI strongest Indian bank: Report

● **HDFC Bank** most valuable banking brand

CHRISTINA MONIZ
Mumbai, March 5

STATE BANK OF India (SBI) has been ranked the 16th strongest bank globally and the only Indian name with AAA+ rating, the highest accolade for brand strength, according to the 2026 Banking 500 journal released by brand valuation consultancy Brand Finance on Thursday.

The report also names HDFC Bank as the most valuable Indian banking brand, although it dropped seven places to 31 from its 2025 ranking in the global rankings.

SBI's brand value rose by 2% y-o-y to reach \$8.1 billion as the bank claimed the 56th spot (down from 49 last year) among the most valuable global brands. HDFC Bank's brand value saw a decline of 7% to reach \$12.4 billion this year, but it climbed four places

from 2025 to reach the 28th rank for brand strength globally. ICICI Bank's brand value climbed by 19% to \$5.5 billion, taking it six places ahead of last year's ranking to 76.

Indian banking brands continue to gain ground globally, with 19 banks from the country featured in the rankings, collectively representing \$47.8 billion in brand value.

The report credits SBI's latest performance to its continued diversification and digital initiatives that have driven customer acquisition, cross-selling and higher transaction volumes. HDFC Bank's performance in the last year was underpinned by its acquisition of HDFC Limited in 2023, which positioned the bank as a direct provider of housing

loans and broadened its retail product suite.

"India's banking sector over the last couple of years has invested heavily in back-end technology and CX (customer experience) interfaces, enabling a smoother engagement with its vast customer base. In our 2026 analysis, we witness mid-sized banks, both public and private, closing the

gap rapidly with large, established private and public sector banks, demonstrating the power of technology to bring services closer to end-customers," said Ajimon Francis, managing director India for Brand Finance, noting that the brands to watch out for are Canara Bank, Punjab National Bank, Federal Bank and Yes Bank, among others.

■ India ranks eighth in banking brand value, accounting for 2.7% of the top banking brands' value

At \$12.4 bn, HDFC Bank leads Indian banking brands globally in value

■ SBI has a brand strength index (BSI) score of 91 out of 100

Samson, Bumrah help India tide over England in run fest

● **India to face NZ** in the title clash on Sunday

BHARAT SHARMA
Mumbai, March 5

SANJU SAMSON'S SUBLIME fifty and Jasprit Bumrah's spell touched with unearthly genius on a batting beauty helped India secure a seven-run win over gallant England, as the defending champions powered to the T20 World Cup final in Mumbai on Thursday.

Sanju Samson (89 off 42) overcame the Jofra Archer challenge through a slice of luck for his second successive fifty, firing India to a mammoth 253 for seven, the highest total in a knock-out game in the tournament's history.

It was an above-par total at Wankhede but Jacob Bethell

Jasprit Bumrah (left) and wicketkeeper Sanju Samson celebrate the wicket of Jacob Bethell during the second semifinal match of the ICC Men's T20 World Cup 2026, at the Wankhede Stadium in Mumbai on Thursday

(105 off 48) led England's fight-back with a sublime hundred after they lost three wickets in the powerplay for 68 runs.

In the end, critical contribution from Bumrah (1/33 in 4 overs) to the death overs allowed India to stop England at 246/7 in 20 overs.

England's hopes ended with a heartbreaking run out of Jacob Bethell (105 off 48), who played a memorable innings.

India will now face New Zealand in the title clash in Ahmedabad on Sunday.

Amazon India's most trusted brand: TRA Research

CHRISTINA MONIZ
Mumbai, March 5

E-COMMERCE GIANT AMAZON has been named the most trusted brand in India in 2026, according to the Brand Trust Report by TRA Research. In a major shift, Amazon has climbed from the 12th rank last year to dethrone laptop manufacturer Dell, which occupied the top spot for six consecutive years. While Dell slipped to second place, motorcycle brand Honda climbed two ranks to number three, followed by LG (televisions) and Titan (watches) at four and five, respectively.

This is the 15th edition of TRA's report which ranks India's

Top 10 trusted brands in India

1 Amazon	8 LG Washing Machines
2 Dell	9 Vivo
3 Honda	10 Flipkart
4 LG Televisions	
5 Titan Watches	
6 Sony Televisions	
7 LG Refrigerators	

1,000 most trusted brands across categories. Among the top 10 names are Sony televisions (6), LG refrigerators (7), LG washing machines (8), Vivo (9) and Flipkart (10).

Indian brands dominate the top 50 brands listed, with 27 brands across sectors like auto, financial services and home appliances. The top 50 include six American brands,

six Chinese names and five from South Korea. Some of the standout performers this year include Whirlpool refrigerators, which jumped 50 ranks to 13, BoAt, which climbed 25 places to 17, and Kent water purifiers, which advanced from 44 last year to 19 in 2026.

It wasn't a very good year for brands like the Apple iPhone, which saw a huge fall from the second rank last year to 16th this year. Hewlett Packard Laptops saw a notable drop from number three in 2025 to 35 this year and Maruti Suzuki also saw a decline from 19 to 42 this year.

"The dramatic shift at the top this year, with Amazon surging 11 ranks to dethrone

Dell and Vivo leaping 48 positions to break into the top 10, shows how dynamic brand trust truly is. While 324 brands improved their standing, 349 saw declines and 327 either entered fresh or exited entirely — evidence that trust can be built or lost depending on brand experience, communication, and perceived authenticity," said N Chandramouli, CEO, TRA Research.

As AI and digital ecosystems become central to brand engagement, he added, the winners will be those who balance innovation with transparency, ensuring that technological advancement never comes at the cost of human trust.

FUNDING FOR WOMEN co-founded tech startups in India stabilised at approximately \$1.1 billion across 407 rounds in 2025, down 9% from \$1.2 billion in 2024 but reflecting a disciplined capital phase with larger average cheques, according to a report by data intelligence firm Tracxn.

While the number of funding rounds dropped by 29% (from 580 in 2024 to 407 in 2025), the median deal size jumped from \$2.4 million in 2024 to \$3.8 million in 2025, with investors concentrating capital on high-conviction, sustainable businesses with proven revenue visibility.

Tracxn defines the current period as one of "recovery and

disciplined capital," distinguished by a steady flow of new entrants into the ecosystem, and a growing cohort of well-funded growth-stage startups.

"India tech's women co-founded startup ecosystem entered a disciplined capital phase, where funding levels remained stable while investors

concentrated capital in fewer, higher-quality companies. Funding stabilisation alongside strong growth-stage participation signalled that investors continued backing Women co-founded startups with proven traction, even as the broader market remained selective.

"Capital increasingly concentrated around fewer, high-conviction women co-founded startups, reflecting investors prioritising scale, capital efficiency, and strong revenue visibility," Tracxn said.

Early-stage funding increased from USD 528 million in 2024 to USD 572 million in 2025, even as deal volume declined from 98 to 82 rounds. Seed-stage and late-stage funding, however, moderated to \$259 million and \$283 million, respectively.
