Dear Madam/Sir,

Sub. : Update on Material Subsidiary i.e. Antony Lara Enviro Solutions Private Limited  
Ref. : Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations")

With reference to the captioned subject, and in compliance of Regulation 30(6) of SEBI Listing Regulations, read with SEBI Circulars SEBI/HO/CFD/PoD2/CIR/P/0155 and SEBI/HO/CFD/CFD-PoD-2/P/CIR/2025/25 dated November 11, 2024 and February 25, 2025 respectively, as amended from time to time, We hereby inform that the Bombay High Court vide its judgement dated May 2, 2025, in PIL No. 20 of 2013, set aside the 2009 de-notification of approximately 120 hectares at the Kanjurmarg landfill, thereby restoring its status as a 'protected forest' under the Forest Conservation Act, 1980 and the Indian Forest Act, 1927.

The Court found the de-notification ultra vires for non-compliance with statutory procedure, holding that the 2008 notification conferring protected mangrove forest status was based on due process and factual assessment, not clerical error as suggested by the State of Maharashtra and Brihanmumbai Municipal Corporation ('BMC').

The BMC is directed to effectuate restoration of forest status within three months, during which waste disposal may continue. Municipal solid waste (MSW) management, including collection, transportation, treatment, and disposal, is considered an essential service under the Essential Services Maintenance Act, 1981. This order significantly impairs Mumbai's waste management regime, as the Kanjurmarg site processes approximately 90% of the city's solid waste and no immediate alternative exists.

The State of Maharashtra and BMC intend to challenge the order before the Supreme Court, while landfill operations and Concessionaire i.e. Antony Lara Enviro Solutions Private Limited, a material subsidiary company's rights and protections under the Concession Agreement remain intact, which includes seeking compensation for losses from premature cessation, decommissioning costs, third-party claims, invested capital, and foregone revenue for the remaining concession period.

## Antony Waste Handling Cell Limited

CIN: L90001MH2001PLC130485

The material subsidiary was not a party to the referenced judgment, and operations at the Kanjurmarg site remain unaffected, with the continuous and uninterrupted receipt of Municipal Solid Waste (MSW). Additionally, as of today, the material subsidiary has not received any notice or communication from BMC suggesting a potential halt in operations, a requirement to prepare for relocation, or any directive that could lead to adverse financial implications due to such relocation.

This is for your information and record please.

Thanking You,

Yours faithfully,  
For and on behalf of  
ANTONY WASTE HANDLING CELL LIMITED

HARSHADA RANE  
COMPANY SECRETARY & COMPLIANCE OFFICER
