## Spreading Smiles Delivering Sustainable Values

### Kindling a positive change

As a prominent player in the waste management sector, we are acutely aware of the impact our operations have on the environment. Recognizing that what benefits the planet also benefits us, we are committed to aligning our CSR activities with our overarching goal of promoting the well-being of both people and the planet. Moving forward, we aim to foster positive change in the communities where we operate.

To ensure a sustainable and eco-friendly approach, we implement processes that are designed for the long-term management of solid waste. At Antony Waste Handling Cell Limited, we actively strive to minimize our carbon footprint by implementing well-planned and efficient waste management facilities.

# Company overview

Antony Waste is a renowned market leader in India’s solid waste management sector. Alongside delivering exceptional municipal solid waste management services, we are actively dedicated to creating a clean and sustainable environment. With over two decades of presence in India, AWHCL offers comprehensive services to Indian Municipal Corporations, encompassing waste collection, transportation, processing, and safe disposal. Through the utilization of innovative methods and advanced technologies, AWHCL has played a pivotal role in the evolution of solid waste management.

**Over 2 decades**

## Mission

Our mission is to lead the way in environmental resource recovery and conservation, guided by the 3Rs principle: Reduce waste, Reuse and Recycle resources and products. Reusing involves utilizing parts or items that still have useful qualities, while recycling means repurposing waste as resources. To achieve efficient waste minimization, we prioritize “reduce” first, followed by “reuse” and “recycle.” Our unwavering dedication is to provide holistic and enduring sustainable solutions to environmental issues that our clients and society encounter.

## Vision

Our vision is advancing the preservation of natural resources and fostering a more sustainable future where waste is regarded as a valuable resource. We firmly believe that by working collaboratively, we can accomplish this shared goal

## Chairman message

Jose Jacob Kallarakal  
Chairman and Managing Director

“Our ESG and Corporate Social Responsibility (CSR) initiatives strive to ensure a more sustainable future for our teams, the communities where we operate, and all other internal and external stakeholders.”

Dear Shareholders,

At Antony Waste, we believe that as a responsible corporate citizen, it is our responsibility to give back to the society and bring about positive change in the world around us. Our ESG and Corporate Social Responsibility (CSR) initiatives strive to ensure a more sustainable future for our employees, the communities where we operate, and all other internal and external stakeholders.

Our CSR campaigns enable us to address a vast array of challenges encountered by communities. By investing in these initiatives, we have continually been able to demonstrate our commitment to social responsibility and contribute to a more sustainable future. During the fiscal, through our CSR initiatives, we continued to donate funds or resources to charitable causes such as disaster relief, good health and well-being, or educational grants for students in need.

As part of our commitment to CSR, we have identified three key areas where we believe we can make the biggest impact- health, environment and education. Our CSR committee's Chairman would further elaborate on the initiatives taken under these areas.

As we go forward, we are committed to strengthening our efforts through collective action. We believe that our success is closely tied to the success and well-being of the communities where we operate. We are driven to work with our stakeholders and initiate a positive change in society to make a meaningful contribution to the world around us.

With warm regards,

Jose Jacob Kallarakal  
Chairman and Managing Director

## CSR Committee's Chairman message

“I am very happy to report that during the fiscal year under review, the Company provided medical assistance to 50 cancer patients.”

Mr. Ajit Kumar Jain  
Chairman of CSR Committee

Dear Shareholders,

I am delighted to talk to you about Antony Waste Handling Cell Limited's CSR report. At Antony Waste, our commitment to giving back to society as a whole is manifested through our community engagement initiatives in the form of CSR projects.

As highlighted in the letter from our Chairman, we have identified three key areas where we strive to create a significant impact. To achieve this, we have launched three flagship projects: AWHCL Shiksha, AWHCL Aarogya, and AWHCL Parivesh.

Through AWHCL Aarogya, we honor our pledge to provide free medical assistance to individuals from underserved segments of society. Our efforts encompass critical ailments such as cancer and renal failure, offering rehabilitation services and access to high-quality medicines. I am happy to share that in the fiscal year under review, our Company extended medical support to 50 cancer patients. Beyond enhancing the health and well-being of the communities where we operate, we collaborate with esteemed organizations like the Centre for the Study of Social Change (CSSC), Social Awareness Advocacy and Development (SAAD), and Omkar Trust to bolster healthcare initiatives.

In parallel, AWHCL Parivesh centers its focus on mitigating the environmental impact of our operations. Our business

practices adhere to sustainability principles, aimed at reducing our carbon footprint and promoting responsible waste management.

The cornerstone of our initiatives, AWHCL Shiksha, stands as a testament to our belief in education as a potent tool for fostering social and economic advancement. We champion endeavors that grant underprivileged children access to education, empowering them with the skills and knowledge needed for successful and fulfilling lives. In addition to our direct involvement in multiple education initiatives, we forge partnerships with prominent educational institutions to enhance learning opportunities for marginalized sections of society.

In conclusion, the collective determination that permeates Antony Waste drives us to continue enhancing lives and communities. Our commitment remains steadfast, and we eagerly anticipate making meaningful strides in FY 2023-24 and beyond.

Warm regards

Mr. Ajit Kumar Jain  
Chairman of CSR Committee

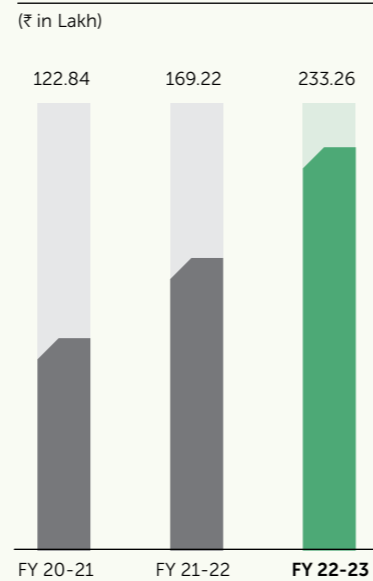

# Strengthening our community bonds

## Overview

Antony Waste Handling Cell Limited, along with its subsidiaries (hereinafter collectively referred to as Antony Waste), is dedicated to fostering a more sustainable environment. As a responsible corporate entity, we actively give back to society through our CSR initiatives, focusing on community engagement. Our commitment to community development is demonstrated through initiatives that improve healthcare infrastructure, provide quality education, and contribute to a clean environment. We actively participate in the Swachh Bharat Mission, playing an integral role in ensuring cleanliness in local communities, schools, and public spaces. To raise awareness and encourage community participation in promoting sustainability, Antony Waste is at the forefront of advancing environmentally-friendly waste management techniques.

## Enhancing community-focused investments

## CSR mission

Antony Waste is deeply committed to making a positive impact on society through its dedicated approach to community development. Our focus areas include improving healthcare infrastructure, supporting primary education, environmental conservation and addressing issues such as malnutrition.

To realize these goals, we have launched three flagship projects: AWHCL Shiksha, AWHCL Aarogya, and AWHCL Parivesh, each dedicated to the areas of education, health, and environment respectively. Through these projects, we aim to create meaningful and lasting change in the lives of individuals and communities.

AWHCL Shiksha, seeks to improve access to education in backward areas while also offering poor children a good education.

AWHCL Aarogya, recognises the value of improving healthcare infrastructure, removing malnutrition and hygiene in local communities.

AWHCL Parivesh, makes sincere efforts to maintain a clean environment through tree plantation drives and other initiatives.

# Our CSR focus areas

## AWHCL Shiksha

Antony Waste is committed to carrying out education-related CSR activities through its AWHCL Shiksha program. We support initiatives that aim to provide quality education to underprivileged children, promote innovation and entrepreneurship skills, and enhance the overall educational infrastructure in the communities where we operate.

**₹99.85 Lakh**

### Snapshot of CSR Activities under AWHCL Shiksha

- 1 Information Education and Communication (IEC) campaign
- 2 Conducting essay and painting competitions in high schools, colleges and universities
- 3 Various events to encourage children's social skill development\ Providing therapies including occupational, vision rehabilitation, etc.
- 4 Training programmes for teachers and parents
- 5 Training programmes are organised for children's prevocational activities and other related soft skills.
- 6 Offering a range of services at shelter homes supported by us, including education, nutrition, healthcare, counseling, coaching, and extracurricular activities

## Activities undertaken under the AWHCL Shiksha

### Education

We provide a range of activities aimed at promoting education and holistic development among marginalised groups. To prepare and distribute educational materials, focusing on creating informative and engaging content related to waste management and environmental conservation. Additionally, the program organizes essay and painting competitions in high schools, colleges, and universities to encourage creativity and environmental awareness. We have also advocated for the removal of language barriers that hindered the linking of teacher and student performance data.

### Social skill

We conduct various events that foster the development of children's social abilities. These events provide opportunities for children to interact, collaborate, and build meaningful relationships. Furthermore, the program offers therapeutic interventions such as occupational therapy, vision rehabilitation therapy, physiotherapy, and speech and language therapy, ensuring that children with special needs receive the necessary support for their overall development.

### Training

We conduct training programs for teachers and parents. These initiatives empower educators and caregivers with effective teaching strategies, enabling them to create an inclusive and supportive learning environment. Moreover, the program organizes training programs for children, focusing on their pre-vocational activities and other soft skills that are crucial for their personal and professional growth.

### Providing digital support

With the rapid advancement of technology, access to digital learning has become essential for academic success. We recognizing this disparity, sets up temporary schools in areas lacking educational infrastructure, utilizing public Wi-Fi signals and repurposed shipping

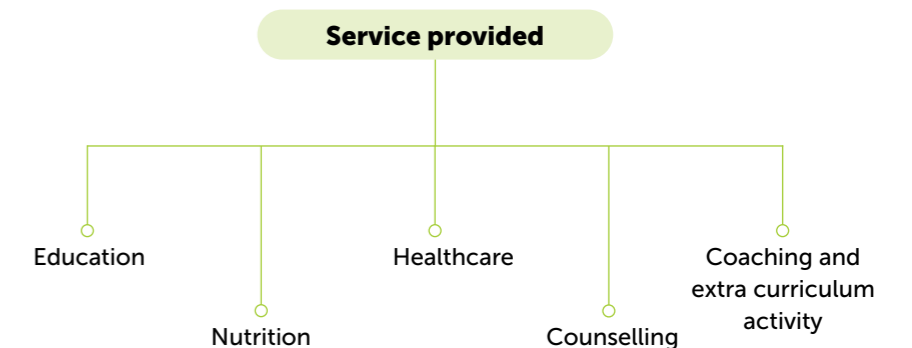

containers as classrooms. Through this innovative approach, we provide education to the doorsteps of marginalized communities, offering a blend of digital and traditional teaching methods. Computer labs have been built up to improve digital education and give students the opportunity to learn more about computer application. In the fields of engineering, medicine, and accounting, they also offer professional level educational instruction.

### Providing Shelter

We are dedicated to providing a safe haven and support system for orphaned and abandoned children. Through the organisation

its comprehensive programs and initiatives we focus on building a better life for the women while providing them continuous leadership and mentorship, career skill development

We extend our services to a shelter home, providing comprehensive support in various aspects. We ensure access to quality education, proper nutrition, healthcare facilities, counselling services, as well as coaching and extracurricular activities for the children residing in the shelter home. By addressing these essential needs, the program aims to create a nurturing environment that promotes the overall well-being and development of these children.

**AWHCL Aarogya**

Antony Waste undertakes health-related CSR activities to address the healthcare needs of our communities. Through this program, the company is dedicated to assisting impoverished community members battling cancer and providing support through a range of CSR activities.

**₹110.15 Lakh**

**Snapshot of CSR Activities under AWHCL Shiksha**

- 1 Provided medical assistance to economically backward group
- 2 Increasing health awareness among under privileged through awareness activities
- 3 Encouraging the prevention of diseases to support people with medical treatment who cannot afford it.
- 4 Assisted in the treatment of cancer patients.
- 5 Joined the journey of eradicating leprosy in India.
- 6 Conducted Awareness Programme, Medical Camp or a Medical Clinic to stop the spread of leprosy in India.
- 7 Medical activity for eye testing and treatment

**Activities undertaken under the AWHCL Aarogya**

**Health Awareness initiatives**

We aimed at providing medical assistance and increasing health awareness among economically backward and underprivileged groups. The program focuses on encouraging disease prevention and supporting individuals who cannot afford medical treatment. It actively supports the treatment of cancer patients and is actively involved in the journey of eradicating leprosy in India.

Our commitment to social welfare extends to vital health awareness initiatives, where we provide essential support to a diverse range of vulnerable individuals. From those who are blind, disabled, and deaf to widowed, divorced, and mentally challenged individuals, our efforts transcend conventional boundaries. We extend our aid to orphaned children and help empower helpless women, fostering a sense of inclusion and care within our communities.

Our outreach encompasses individuals grappling with serious health challenges. We assist patients facing cancer, kidney failure, heart diseases, HIV, and those in need of dialysis. Our dedication also extends

to transgender individuals and the economically disadvantaged, ensuring that everyone has access to the care and support they deserve.

**Healthcare programs**

Through various activities such as awareness programs, medical camps, clinics, and free medical camps, the program aims to stop the spread of leprosy and provide essential medical services to those in need. Additionally, the program also organizes medical activities specifically targeting eye testing and treatment, ensuring comprehensive healthcare services for the beneficiaries. Free health care and medical assistance were provided by the project awareness, check-up and blood donation camps concerning health care and medical emergencies. We strive to make a significant impact on the health and well-being of the disadvantaged sections of society, improving their quality of life and fostering a healthier community overall.

**AWHCL Parivesh**

Recognizing the multitude of benefits provided by trees, including releasing oxygen, absorbing pollutants like carbon dioxide and sulphur dioxide, protecting against harmful UV rays, providing food, preventing soil erosion, maintaining ecological balance, and mitigating the effects of global warming, Antony Waste has launched the AWHCL Parivesh program. This initiative aims to harness the power of trees and promote their preservation and planting for a sustainable and healthier environment.

**₹23.70 Lakh**

**Activities undertaken under the AWHCL Parivesh**

**Maintaining Hygiene**

We focus on creating awareness about the detrimental impact of an unclean environment on public health. We conduct extensive awareness campaigns to educate communities about the spread of various diseases that can be caused by an unclean environment. By highlighting the importance of maintaining cleanliness and hygiene, the program aims to empower individuals to take action and contribute to a cleaner and healthier environment.

**Tree plantation**

We conduct a tree plantation drive, recognizing the significance of green spaces in improving air quality and mitigating the effects of pollution. Through these initiatives, we strive to create a sustainable and healthier future by fostering environmental consciousness and promoting the well-being of individuals and communities.

**Community Development**

We have contributed the funds for the needy people of rural area to conduct various cultural programme, water conservation and sanitation awareness programme for the community. With a firm commitment to knowledge dissemination and community development, we play a pivotal role in fostering education, empowerment, and sustainable growth. We contribute to the betterment of society and strive to create a positive impact on individuals and communities alike.

# CSR initiatives implemented in collaboration with agencies

## Amcha Ghar

Amcha Ghar is a non-profit organization that has been making a significant impact through its flagship programs in Thane, Maharashtra since 1996. The organization follows a model of aggregation and strategic partnerships, collaborating with key stakeholders, including beneficiaries, communities, and donors, to create a positive impact on the lives of those at the bottom of the pyramid (BoP). program. The NGO strives to give poor girls high-quality education and training for better resource exploitation, management, and control for enhanced quality of life.

The primary focus of the project is to provide vulnerable and underprivileged girls in slum communities with primary, secondary, and vocational educational services. Additionally, the project aims to enhance their overall well-being by offering care and support services.

**₹1 Lakh**

## ANVI Medical and Education

Anvi Medical and Education is a dynamic organization that combines the realms of healthcare and education to make a significant impact on individuals' lives. With a mission to enhance both physical well-being and intellectual growth, Anvi Medical and Education is dedicated to providing high-quality medical services and fostering educational opportunities. By integrating these two vital sectors, the organization strives to create a holistic environment that promotes health, knowledge, and empowerment for all.

The Anvi Medical and Educational Foundation is a non-profit organization dedicated to improving the lives of underprivileged sections of society, including minorities, scheduled castes and tribes, individuals below the poverty line, and other marginalized groups. The organization actively promotes awareness of human rights through various programs. One of their key initiatives involves providing vocational training in a diverse range of professions to empower young individuals for their professional advancement.

**₹37.50 Lakh**

## Cancer control Mission

The cancer control mission offers free medical assistance to those suffering from the disease. The foundation provides the community access to healthcare and education. Apart from offering financial and educational support, it ensures on-going care for cancer patients in India, promotes social awareness, improves rehabilitation and assists children and women from the underserved sections of society.

The mission of cancer control is to provide comprehensive support to children suffering from cancer. By offering patients low-cost treatment and a clean and safe environment, the NGO makes every effort to assist children in recovering from critical diseases, regardless of their financial situation and ascertains their overall wellbeing.

**₹16.65 Lakh**

## Centre for the Study of Social Change (CSSC)

The Centre for the Study of Social Change was founded in 1972 by the late Tarkateerth Lakshmanshastri Joshi, the late Prof. G.D. Parikh, the late Prof. A. B. Shah, Prof. N. V. Sovani and Shri. Govindrao S. Talwalkar. The organisation mission is to offer solutions to the nation's socioeconomic challenges by conducting appropriate, in-depth research and assisting the community in social change by putting integrated programmes into action. The social, cultural and economic facets of development are its primary areas of concern. This project entails the participation of economists, sociologists, teachers, political scientists, psychologists and administrators. Additionally, our workers are aware of the necessity of their contributions to the process.

**₹10.00 Lakh**

Jan Jagrati Sevarth Sansthan is a registered non-profit organization operating in India with a profound mission to uplift marginalized communities. Their dedicated efforts are focused on the welfare of women, youth, and child development through a range of educational, economic, and cultural programs. They also undertake initiatives in skill education, healthcare, and environmental conservation.

The organization actively conducts literacy development programs in the slum areas of Agra and empowers women through vocational training programs, enhancing their livelihood opportunities. Comprising qualified and experienced

individuals driven by a passion for social work, Jan Jagrati Sevarth Sansthan is committed to serving the underprivileged sections of society, irrespective of caste or creed. They believe in consolidating their efforts, adopting a systematic and organized approach to foster sustainable development and cultivate a sense of ownership, leadership, and active community participation.

**₹22.45 Lakh**

**Jivan Jyot Foundation**

The Jivan Jyot Foundation is a non-profit organization dedicated to transforming lives and empowering communities. With a strong commitment to social upliftment, the foundation strives to provide education, healthcare, and essential support to underprivileged individuals and marginalized groups. Through its various programs and initiatives, Jivan Jyot Foundation illuminates the path towards a brighter future, offering hope, opportunity, and sustainable development to those in need.

Jivan Jyot Foundation is a non-profit, non-religious, social welfare trust. This trust provides complete assistance to needy people, primarily in the areas of healthcare, in order to meet their basic needs. It is currently planned to build a medical college with a 1200 bed hospital, and the hospital will provide books, clothing, and the best teaching staff for students. The location is praised on the Jamnagar Highway. Trust proposed acquiring approximately 1,08,942 square yard of land with a construction permit of 1,60,545 square yard.

**₹12.50 Lakh**

**Manav Memorial Trust**

Manav memorial trust is a non-profit organization founded in 2017, it is dedicated towards providing shelter to the underprivileged children. The organization is devoted to providing a nurturing and secure environment for orphaned and underprivileged children. With a deep-rooted belief in the potential of every child, the trust strives to offer comprehensive care, education, and holistic development opportunities to those in need. Through its dedicated team of caregivers and educators, Manav Children Home aims to empower these young souls, giving them a chance to thrive and build a brighter future. With unwavering commitment and love, the trust serves as a beacon of hope for the children, offering them a place they can call home. Manav shelter home is one of the initiatives managed by Manav memorial trust, and it is located in Panvel. It focuses on providing underserved children with education, health care benefits, and skill development programs.

**₹4.10 Lakh**

**Motiba Memorial Seva Trust**

Motiba Memorial Seva Trust is a renowned philanthropic organization dedicated to uplifting society through its impactful initiatives. Established with a noble vision, the trust works tirelessly to address various social issues and empower marginalized communities. With a strong commitment to education, healthcare, and community development, Motiba Memorial Seva Trust has become a beacon of hope, providing support and opportunities for individuals to thrive and build a brighter future.

The Motiba Memorial Seva Samaj Trust is dedicated to ensuring equitable education for students across India. Through their technical assistance to schools and districts in Maharashtra and Gujarat, they have positively impacted over 10,000 students. Additionally, the Motiba Memorial Seva Samaj Trust is committed to advancing digital education to promote academic excellence among underprivileged students. Currently, they are working diligently to ensure the equitable and effective implementation of new, common standards in Maharashtra and Gujarat.

**₹50.75 Lakh**

**Muskan Foundation**

Muskan Foundation is a non-profit organization committed to making a positive difference in the lives of underprivileged children. Founded with the belief that every child deserves access to education, healthcare, and a nurturing environment, Muskan Foundation tirelessly works towards breaking the cycle of poverty and providing opportunities for a brighter future. Through various educational initiatives, healthcare programs, and holistic support, the foundation aims to empower children, uplift communities, and create a society where every child can thrive and realize their full potential.

The Muskan Foundation is dedicated to providing specialized education to children with multiple disabilities. The project was initiated with the aim of ensuring that each child has access to high-quality educational programs. Special education and therapy sessions were organized, tailored to the individualized education programs (IEPs) of the children, with regular examinations conducted to assess their progress. To adapt to the current circumstances, teachers facilitated a virtual open house and conducted the children's final exams online. Throughout the year, the foundation provided staff training led by rehabilitation and disability experts. Notably, the foundation's efforts led to an increase in inquiries and walk-ins through various hospitals and doctor referrals.

**₹3.00 Lakh**

**Omkar Andh Apang Samajik Sanstha**

Omkar Andh Apang Samajik Sanstha is a social organization that is devoted to uplifting and empowering individuals with visual and physical disabilities. Through a range of initiatives, including rehabilitation services, skill development programs, awareness campaigns, and advocacy, Omkar Andh Apang Samajik Sanstha aims to enhance the quality of life and promote the full participation of individuals with disabilities in all aspects of society. Their tireless efforts and unwavering commitment have made a significant impact on the lives of countless individuals, enabling them to overcome obstacles and thrive.

The Omkar Andh Apang Samajik Sanstha was founded in 2010. The trust's mission is to provide health education and self-employment opportunities to people who belong to the underprivileged sections of society.

The Omkar trust is in charge of projects sponsored by the Government of India, such as sanitation, low-cost housing and urban water resources. Under the housing project, the trust intends to provide housing assistance to its members. These no-cost benefits will be offered to those in need.

**₹70.00 Lakh**

**SAAD Foundation**

SAAD Foundation is a charitable organization that is dedicated to transforming the lives of individuals with disabilities. With a deep understanding of the challenges faced by those with disabilities, the foundation works tirelessly to promote inclusivity, provide comprehensive support, and create a more accessible society. Through a range of initiatives, including advocacy, education, rehabilitation services, and vocational training, SAAD Foundation strives to empower individuals with disabilities to lead independent and fulfilling lives. By championing their rights and fostering an environment of equal opportunities, the foundation aims to break down barriers and inspire a more inclusive and compassionate world.

The SAAD Foundation is a non-profit organisation that assists underprivileged children and women. The 'Manav Children Home' project, which offers open shelter homes to homeless and underprivileged children. The project operates an extensive care programme that works for the improvement of women and children's health.

**₹1.50 Lakh**

**Signal School**

The Signal School is a pioneering program that has been introduced by Samarth Bharat Vyaspeeth to provide primary and secondary education to children living on the streets. The ultimate goal of this initiative is to eliminate begging from the lives of these children and give them an opportunity to access quality education.

The program strives to create a friendly and inclusive learning environment that welcomes underprivileged children, allowing them to access education they may have previously been deprived of. The Signal School aims to integrate these children into the mainstream education system and give them the chance to learn and grow.

Signal Shala aims to bridge the digital divide and provide quality education to underprivileged children. By empowering children with knowledge and skills, Signal Shala is paving the way for a brighter future, ensuring that no child is left behind in the digital era.

**₹1.00 Lakh**

**Stepping Stone**

The Stepping Stone's Karuna Team has been serving tirelessly for the last 22 years. The work among leprosy sufferers and Karuna's impact is growing to stop the spread of leprosy. The Karuna Project is a compassionate response to people living with leprosy, focusing on the physical, emotional, spiritual and social well-being of each individual. It organizes diabetes, skin, eyes and health awareness programs and medical camps. The Karuna Project not only care about people living with leprosy, we care for their families as well.

**₹1.00 Lakh**

**We Can We Will Foundation**

The We Can We Will Foundation is a non-profit organization that is dedicated to its mission of providing basic education to every child and ensuring that nobody goes hungry. The Foundation's education program covers schooling up to grade 12, along with an emphasis on fine arts, sports, and social awareness.

Through various initiatives focused on education, skill development, women empowerment, and community support, We Can We Will Foundation aims to uplift disadvantaged individuals and communities, providing them with the tools, resources, and opportunities to thrive. The organization's primary goal is to deliver high-quality education while helping more than 1000 underprivileged students by transferring them from government to private schools. The organization conducts social campaigns on a larger scale, including scientific festivals, blood donation drives, and beach clean-up events.

The ultimate vision of the organization is to educate underprivileged children and provide them with opportunities for holistic development that will enable them to become responsible citizens. By taking learning beyond classrooms and providing practical learning experiences, the Foundation aims to help these children become self-sufficient and contribute to their families as breadwinners.

**₹1.00 Lakh**
