Godrej Industries Group to invest over INR 10,000 crore in the state of Telangana

Godrej Jersey signs an MoU to invest INR 150 Crore for setting up a dairy processing facility

Mumbai/Hyderabad, December 9, 2025: Creamline Dairy Products Limited, a subsidiary of one of India's largest and most diversified agribusinesses, Godrej Agrovet, selling products under the brand name Godrej Jersey, today signed a Memorandum of Understanding (MoU) with the Government of Telangana (GoT) on the sidelines of Telangana Rising Global Summit 2025. The company will invest INR 150 Crore to set up a state-of-the-art dairy processing facility across 40 acres. With this new investment, the Godrej Industries Group's total investment plans in the state now stands at over INR 10,000 Cr across its different businesses.

Almost 73 per cent of Indians consume less than the recommended dosage of protein every day. With dairy products – milk, curd, paneer, and milk-based drinks – being the most natural sources of protein, this investment will enable Godrej Jersey not only to strengthen the state's dairy ecosystem but also to deliver products tailored to the evolving nutritional and protein needs of the consumers.

The MoU was signed in the presence of Sri A. Revanth Reddy, Hon'ble Chief Minister, Shri. Sanjay Kumar, IAS, Special Chief Secretary to the Government Industries & Commerce, Information Technology, Electronics & Communications Department, Government of Telangana; Pirojsha Godrej, Executive Vice Chairperson – Godrej Industries Group; Anand Ramaswamy, Chief Operating Officer, Godrej Jersey and Rakesh Swami, Group President – Corporate Affairs, Godrej Industries Group.

Commenting on the MoU, Shri A. Revanth Reddy, Hon'ble Chief Minister of Telangana said, "Telangana is committed to creating an investor-friendly ecosystem that drives inclusive growth. Our partnership with Godrej Industries Group is a testament of the same. From strengthening agri-food processing capabilities to industrial expansion, these investments will generate employment, strengthen our agro and industrial base and position Telangana as a leading investment destination for business in India."

Pirojsha Godrej, Executive Vice Chairperson, Godrej Industries Group, said, "As a group with a strong presence in the state of Telangana, today's MoU reflects a shared commitment to accelerating industrial growth, creating employment, and developing high-impact infrastructure under a collaborative public-private approach. From advancing sustainable oil palm cultivation to growing our presence in urban housing to expanding our dairy footprint and enabling MSME growth via digital-first solutions, our partnership with the Government of Telangana is a step toward shaping an inclusive, innovative and resilient future."

In 2023, Godrej Agrovet had announced an investment of ~INR 300 Crore to set up an Integrated Oil Palm Complex in Khammam district of the state. With a state-of-the-art Crude Palm Oil Mill and an upstream R&D center set to open next year, the complex also has a provision of setting up a refinery in the near future.

Additionally, with quality infrastructure, schools, and lifestyle offerings, making regions in the state highly sought-after for homebuyers, Godrej Properties, part of the Godrej Industries Group, announced its foray into Hyderabad market early this year. With a strong plan of providing citizens with a premium residential offering, Godrej Properties will invest INR 10,000 Crore across four projects.

Sunil Kataria, CEO & MD, Godrej Agrovet Limited, said, "Consumer demand for value-added dairy products in India and also in the state of Telangana is witnessing a double-digit growth. Driven by urban lifestyles, rising health consciousness, and increasing preference for convenience, addressing the protein deficiency for nutritional needs of consumers is also critical. Dairy is one of the most natural sources of protein, and with our expertise of nearly three decades, Godrej Jersey is committed to leading this transformation. Our MoU with the Government of Telangana is a step towards building a facility that will manufacture best-in-class and innovative protein-rich dairy products to meet the evolving nutritional needs while also generating employment opportunities in the state."

The project is expected to generate over 300 direct employment opportunities over a period of three years.

Rakesh Swami, Group President – Corporate Affairs, Godrej Industries Group, said, "Telangana remains one of India's most dynamic and investment-forward states, driven by its progressive and business-friendly outlook. Our partnership with the Government of Telangana reflects the Godrej Industries Group's commitment to advancing inclusive growth—by empowering MSMEs, supporting women entrepreneurs, strengthening the agricultural ecosystem, and developing high-quality homes for the state's citizens. We look forward to deepening this collaboration and contributing meaningfully to Telangana's continued progress."

About Creamline Dairy Products Limited (Godrej Jersey)

Godrej Jersey, a leading private dairy player in Southern India, has been a trusted name in the dairy industry since 1986. With a presence across Telangana, Andhra Pradesh, Tamil Nadu, Karnataka, and Nagpur in Maharashtra, the company has consistently grown, offering high-quality dairy products under the name Jersey. With 8 composite dairy plants and a state-of-the-art milk powder plant in Ongole, Godrej Jersey has expanded its product portfolio from its roots as a milk business to a diverse range of innovative dairy products.

Over the years, Jersey became a household name, earning the trust of millions for its consistent quality. Following its recent association with the iconic Godrej brand, Jersey embarked on a journey to redefine its identity. The new visual design retains the legacy of the recognizable cow pattern, modified for a

cleaner, modern, and more consumer-friendly presentation. This updated look reflects both Jersey's rich heritage and the promise of quality and trust long associated with the Godrej brand. Godrej Jersey continues to uphold its legacy while embracing a fresh, contemporary identity, offering products that remain synonymous with purity, quality, and innovation.

About Godrej Agrovvet Limited

Godrej Agrovvet Limited is a diversified, Research & Development focused food and agri-business conglomerate, dedicated to improving the productivity of Indian farmers by innovating products and services that sustainably increase crop and livestock yields. GAVL holds leading market positions in the different businesses it operates - Animal Feed, Crop Protection, Oil Palm, Dairy, Poultry and Processed Foods. GAVL has a pan India presence with sales of over a million tons annually of high-quality animal feed. Our teams have worked closely with Indian farmers to develop large Oil Palm Plantations, which is helping in bridging the demand and supply gap of edible oil in India. In the crop protection segment, the Company has strong presence in the B2B segment through its subsidiary Astec LifeSciences and through its extensive distribution, network pan-India delivers innovative agrochemical offerings catering to the entire crop life cycles. In Dairy, Poultry, and Processed Foods, the company operates through its subsidiaries Creamline Dairy Products Limited and Godrej Foods Limited. Apart from this, GAVL also has a joint venture with the ACI group of Bangladesh for animal feed business in Bangladesh.
