The current quarter also landmarks our achievement of getting a prestigious international company such as CISCO to begin operations at our FTWZ. Another key landmark in Arshiya's history is our strategic tie-up with GATX (a 100 year old US based Rail leasing company) for leasing of wagons in India. Our unified model is paying rich dividends as our core logistics services of freight forwarding, supply chain and transportation combined with our assets of FTWZs, Rail and Industrial & Distribution hub continue to perform in a robust manner.”*
