**CO-OPERATIVE BANK OF KENYA SELECTS AURIONPRO'S ICASHPRO INTERNET BANKING SUITE**

**Innovative new services to reinforce the bank's commitment to the co-operative movement**

**Mumbai, India –October 16, 2013 (Marketwire)**

Aurionpro Solutions is proud to announce that the Co-operative Bank of Kenya, one of the five largest financial institutions in the country, has selected Aurionpro's iCashPro Internet Banking suite to provide the next generation of online services to its customers, including electronic payments and fund transfers, as well as online statements and reporting capabilities. The solution is expected to extend the bank's reach and reinforce its commitment to bringing banking closer to the Kenyan people.

After evaluating technologies from other international providers, the bank selected Aurionpro for its innovative technology platform, user-friendly functionality, and proven track record of successful implementations in competitive emerging markets. "We expect to see increased competition in all market segments but, with the help of Aurionpro, we look forward to growing our market share," remarked Sheila Okiro, Chief Manager – Electronic Banking at Co-operative Bank of Kenya. "The new services we will deliver with iCashPro will continue to advance our vision of financially empowering Kenyans by supporting the co-operative movement."

Ms. Kashmira Bhayani, President, Banking – South Asia at Aurionpro, praised the bank's vision for delivering a next-generation Internet Banking platform, commenting, "We are proud of our association with the Co-operative Bank of Kenya and are committed to delivering a state-of-the-art technology platform that will provide their customers with convenient access to services through multiple

RA

channels, significantly enhancing their banking experience and providing a clear competitive advantage."

#### **About Aurionpro**

Aurionpro Solutions (NSE: AURIONPRO) (BSE: 532668) is a publicly-traded technology company that helps Fortune 1000 companies to be more efficient through domain-driven software and consulting offerings. Employing more than 1,200 individuals across North America, Asia, and Europe, the company has been recognized by Deloitte, Forbes, and the 2011 FinTech 100 as one of the world's fastest growing technology companies.
