Baheti Recycling Industries Records Strong Q1 FY27 Performance with Healthy Volume Growth Across Core Segments

Ahmedabad, 27th July, 2026: Baheti Recycling Industries Limited (NSE:SME- BAHETI), a leading listed player in Aluminium Recycling, continued its growth momentum in the first quarter of FY27, driven by strong demand across its core aluminium recycling business. The Company reported robust growth in revenue, reinforcing its leadership in the recycled aluminium industry.

Particulars	Q1FY27	Q1FY26	YoY Growth
Net Total Revenue	**₹253.94 Cr**	**₹134.43 Cr**	**88.90%**

Segment-wise Performance:

⇒ Alloy Ingots

- Revenue stood at **₹149.27 crore**, maintaining its position as the Company's largest revenue-generating segment.

⇒ De-Ox

- Revenue reached **₹63.87 crore**, reflecting continued demand across industrial applications.

⇒ Copper Alloy Ingots

- The Company recorded sales of **₹4.72 crore** in revenue.

Note: The above-stated figures represent a combination of the Company's core operations and other business segments. Historically, however, the Company has calculated and reported its production volumes and capacity utilisation levels solely based on core operations, excluding contributions from other revenue-generating segments.

Q1FY27 OPERATIONAL UPDATE

Speaking on this update, Management Team at Baheti Recycling Industries Ltd, commented, *"We are pleased to commence FY27 on a strong note, with healthy growth across our core business segments. The quarter witnessed an 88.90% growth in net sales, reflecting sustained demand, an improved product mix, and efficient execution.*

Our Alloy Ingots and Deox businesses continued to deliver strong performance, while the commencement of Copper Alloy Ingot sales from this year marks a significant milestone in expanding our value-added product portfolio. With increasing preference for sustainable recycled metals across industries, we remain focused on strengthening our manufacturing capabilities, enhancing customer relationships, and delivering consistent long-term value to all stakeholders."

About Baheti Recycling Industries Limited:

Incorporated in 1994, we are an Aluminium Recycling company, primarily engaged in processing Aluminium based metal scrap to manufacture Aluminium alloys in the form of Ingots and Aluminium de-ox alloys which take shape of cubes, ingots, shots & notch bars. Our recycled products have end user applications in various industries such as Auto Ancillary, Automobile, Electrical Components, Die-Casting, Steel, Conductors and more.
