Shareholders who hold shares in dematerialized form and wish to update their PAN, KYC and nomination details are requested to contact their respective Depository Participants.
22. Since, this AGM will be held through VC, no attendance slip and route map of the venue for AGM are enclosed with this notice.

Explanatory Statements under the Companies Act, 2013 and SEBI (LODR) Regulations 2015:**Item No. 5 – Ratification of Remuneration Payable to Cost Auditor**

As per the provisions of Section 148(3) of the Companies Act, 2013, the remuneration payable to the Cost Auditor appointed by the Board of Directors must be ratified by the shareholders of the Company. The Board of Directors, in its meeting held on May 27, 2025, appointed M/s. Aatish Dhatrak & Associates as the Cost Auditor for the financial year 2025-26 to conduct the audit of cost records of the Company in compliance with the requirements under the Companies (Cost Records and Audit) Rules, 2014.

The Board, in consultation with the Cost Auditor, has approved the remuneration of Rs. 66,000/- plus applicable tax and reimbursement of out-of-pocket expenses. This remuneration has been determined considering the nature and scope of the audit to be conducted by the Cost Auditor.

The approval and ratification of the remuneration by the shareholders is sought as required under the provisions of the Companies Act, 2013.

The Board recommends the resolution for approval of the members as an Ordinary Resolution.

None of the Directors or Key Managerial Personnel of the Company, nor their relatives, are concerned or interested, financially or otherwise, in this resolution.

Item No. 6 – Appointment of Shri Vandan Sitaram Shah (DIN: 00759570) as a Director of the Company

The Board of Directors, based on the recommendations of the Nomination and Remuneration Committee, appointed Shri Vandan Sitaram Shah (DIN: 00759570) as an Additional Director in the capacity of a Non-Executive – Non-Independent Director, with effect from May 27, 2025. As per the provisions of the Companies Act, 2013, an Additional Director holds office only until the next Annual General Meeting (AGM) of the Company, at which time his appointment must be confirmed by the shareholders.

Shri Vandan Sitaram Shah has submitted a declaration under Sections 164 and 184 of the Companies Act, 2013, confirming his eligibility for appointment as a Director under the Act and the SEBI Listing Regulations. He is also not disqualified to act as a Director of the Company under the provisions of the Companies Act, 2013.

In terms of the applicable provisions of the Companies Act, 2013, and the SEBI Listing Regulations, his appointment as an Director requires the approval of the shareholders in the form of an ordinary resolution. Further, his appointment will be as a Director liable to retire by rotation.

The Board recommends the appointment of Shri Vandan Sitaram Shah as a Director of the Company, who shall be subject to retirement by rotation, as set out in the resolution.

The Board or any duly constituted Committee of the Board is hereby authorized to take all necessary actions, do all acts, deeds, matters, and things as may be necessary to give effect to the resolution and to resolve any questions, difficulties, or doubts that may arise in connection with the appointment.

None of the Directors, Key Managerial Personnel, or their relatives are concerned or interested, financially or otherwise, in this resolution, except to the extent of their shareholding in the Company, if any.

The Board recommends the passing of this resolution as an Ordinary Resolution.

Brief profile of Shri Vandan Sitaram Shah is as follows:

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development:

Material handling continues to be a critical enabler of industrial operations, playing a vital role in enhancing productivity through the efficient movement, storage, and control of goods. An effective material handling strategy not only reduces operational costs and product damage but also significantly improves workplace safety by minimizing the risk of injuries.

As a leading manufacturer specializing in hoists and cranes, Indef Manufacturing Limited offers an extensive portfolio of overhead material handling solutions, encompassing lifting, moving, and storage applications. Our products are engineered to deliver superior operational efficiency and safety across diverse sectors such as manufacturing, construction and infrastructure, warehousing, distribution, and waste management.

Our product range includes mechanical hoists such as chain pulley blocks and ratchet lever hoists, as well as electric chain hoists and electric wire rope hoists. In the crane segment, we offer electric overhead travelling (EOT) cranes, gantry cranes, jib cranes, and light profile cranes. Our storage and retrieval systems include floor-operated stackers and roll-out racks. These offerings are marketed under our trusted brands: ‘**Bajaj Indef**’, ‘**iCrane**,’ and ‘**iStacker**.’

We serve a wide spectrum of industries including automotive, energy, infrastructure, engineering, metals, chemicals, logistics, textiles, and food processing. Our solutions are designed to cater to the unique needs of large corporations, EPC contractors, and MSMEs operating across both the public and private sectors.

Our manufacturing infrastructure, located at Khalapur and Chakan in Maharashtra, enables efficient production and timely delivery. Both facilities are ISO 9001:2015 certified, while the Khalapur plant is additionally certified for ISO 14001:2015 and ISO 45001:2018. Our products meet stringent national and international quality standards, including ISI and CE certifications, with flame-proof hoists compliant with ATEX standards.

We have continually invested in advanced manufacturing technologies and maintain strong relationships with reliable suppliers to ensure consistent quality in every component. This focus on innovation and quality forms the cornerstone of our commitment to customer satisfaction.

Our expansive pan-India distribution and service network is driven by a strong ecosystem of Authorized Business Partners (ABPs) and sub-dealers. ABPs also operate Indef Clinics that provide specialized after-sales support. We have established regional sales offices in Pune, Delhi, Chennai, and Kolkata, supported by regional sales engineers in other strategic locations to ensure deep market penetration. Our dedicated service team, equipped with modern diagnostic tools and technical expertise, ensures responsive and reliable service support. Regular capability-building programs for ABPs and their sales and service personnel reinforce our commitment to delivering superior customer experience.

Opportunities and Threats:

Intrinsic Factors:

In 2023, we embarked on a transformative journey by initiating a strategic rebranding exercise, drawing upon the 97-year legacy of the Bajaj Group to reinforce our identity as a trusted name in industrial solutions. The new Bajaj Indef logo—symbolizing integrity, honesty, and transparency—represents our long-standing commitment to reliability and continuity.

A major milestone during the year was the successful demerger of the company, resulting in the formation of Indef Manufacturing Limited as the focused operating entity for our material handling business. This was followed by the landmark listing of Bajaj Indef shares on both the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE) a move that has enhanced corporate visibility and investor confidence while enabling greater strategic clarity.

To further augment our market presence, we successfully acquired the SWIFT brand, a long-established name known for affordable and reliable hoisting and crane solutions. This acquisition has enabled us to penetrate the price-sensitive MSME segment and broaden our product positioning across customer tiers.

Our products are designed to maximize productivity, safety, and efficiency while offering a low total cost of ownership across their lifecycle. We continue to enhance our service capabilities through deep collaboration with Authorized Business Partners (ABPs) and the expansion of Indef Clinics, delivering strong post-sales support to customers nationwide.

Additionally, our continued investments in market research, digital marketing, and lead generation platforms are expanding our market reach and strengthening brand visibility across both domestic and international markets. Our commitment to technological advancement and operational excellence positions us well to seize new opportunities and drive sustained long-term growth.

Extrinsic Factors:

The growth of the material handling industry remains intrinsically tied to macroeconomic drivers such as construction, infrastructure development, manufacturing output, transportation, and logistics. Additionally, modernization in sectors like food processing, pharmaceuticals, agriculture, and chemicals, coupled with the growing emphasis on automation and supply chain efficiency, is expected to drive sustained demand for material handling solutions.

However, during FY 2024–25, the industry experienced a temporary slowdown due to the national elections, which led to delays in project approvals, capex spending, and decision-making cycles across several customer segments. This macro-level inertia reflected in our performance as well, with a 1.5% year-on-year decline in revenue from material handling equipment.

Despite this short-term headwind, we remain confident in the sector's long-term potential, with industry growth projected to stabilize at 7–10% annually, supported by continued government focus on infrastructure, manufacturing push under 'Make in India', and increasing private sector investments.

Our adaptability to changing market conditions has been a hallmark of our operations. We continue to focus on strengthening our supplier ecosystem, improving operational efficiency, and enhancing service responsiveness to not only mitigate risks but also to deliver better value to our customers.

Product wise Performance:

(Rs. in lakhs)

Product	FY 2024-25	FY 2023-24	Growth %
Material Handling Equipment	17,671.53	17,952.51	(1.52)
Earnings before interest, tax, depreciation, and amortization [EBITDA]	4763.10	4240.74	12.32

Internal Control Systems and Their Adequacy:

The Company maintains a robust framework of internal control systems, designed in alignment with its scale, complexity, and nature of operations. These controls are aimed at ensuring operational efficiency, safeguarding of assets, reliable financial reporting, and compliance with applicable laws and regulations.

To strengthen this framework, we have engaged a reputed independent internal audit firm that conducts periodic audits across key business functions. The internal audit process is monitored closely by the Audit Committee and the Board of Directors, ensuring rigorous oversight and adherence to established standards.

Management adopts a proactive and responsive approach in addressing any control gaps or improvement areas identified during the audit process. Corrective actions are promptly implemented based on recommendations from both the internal auditors and the Audit Committee.

Through our steadfast commitment to transparency, accountability, and continuous improvement, we uphold the highest standards of corporate governance, ensuring the integrity and reliability of our business operations.

Risks and Concerns:

We recognize that all businesses operate in an environment of uncertainty, making risk identification and mitigation a critical aspect of sustainable operations. The Company has implemented a comprehensive Risk Assessment and Management Policy, which is overseen by a dedicated Risk Management Committee.

This framework enables us to proactively identify and assess key risks, including market volatility, competitive pressures, employee well-being, supply chain disruptions, and credit exposures. Each risk is evaluated in terms of its potential impact and likelihood, with appropriate mitigation strategies put in place.

Risk reports are reviewed periodically and presented to the Audit Committee and the Board of Directors, facilitating informed and timely decision-making that aligns with our long-term business objectives. Through this structured and vigilant approach, we aim to minimize operational vulnerabilities and strengthen organizational resilience.

Business Outlook

Our business remains closely linked to the investment cycle in new projects, industrial capacity expansions, and the overall sentiment in the manufacturing and infrastructure sectors. In FY 2024–25, steady demand from capital expenditure-intensive industries was supported by positive government signals, including increased infrastructure outlays, push for domestic manufacturing under the Production Linked Incentive (PLI) schemes, and sustained focus on logistics and supply chain modernization.

Adopting a customer-centric and future-ready approach, we are committed to enhancing our market competitiveness by improving supply chain efficiency, cost optimization, and product portfolio refinement. In addition to expanding our presence across India, we are actively strengthening our global reach through targeted export initiatives and strategic partnerships in key international markets.

Aligned with our long-term growth vision, we are also exploring new opportunities to diversify our product offerings, both organically and through collaborations, to address evolving customer needs across different industry segments and geographies.

Recognizing the need for digital transformation, we have accelerated the digitization of business data, workflows, and service processes. We are integrating the latest tools, platforms, and technologies including AI and ML-driven analytics—to enhance decision-making, improve demand forecasting, and optimize internal operations. These initiatives enable us to deliver smarter, faster, and more personalized solutions to our customers and strengthen our responsiveness in a dynamic market environment.

While we remain optimistic about long-term sectoral growth, we are also cognizant of potential headwinds such as policy shifts, political or geopolitical instability, fluctuations in metal prices and freight costs, supply chain disruptions, and delays in customer approvals or project execution. We continue to monitor these risks closely and respond with agility to ensure business continuity and resilience.

Development in Human Resources / Industrial Relations front:

At Indef Manufacturing Limited, we firmly believe that our people are our greatest asset. Our human resource strategy is built on the pillars of capability development, engagement, and empowerment to drive sustained business performance.

During FY 2024–25, we launched Project Saksham, a structured initiative focused on enhancing employee centricity and building future-ready capabilities. Through Saksham, we are investing in comprehensive training programs designed to upskill our workforce on the latest tools, technologies, and best practices. These programs span functional, behavioral, and leadership domains, enabling employees to contribute more effectively to business growth.

We continue to attract and retain high-caliber talent through transparent hiring practices, competitive compensation, and clear career progression paths. New employees undergo a structured induction process to align them with the company's values, processes, and performance expectations.

Employee engagement remains a key priority. Regular town halls, team-building initiatives, and feedback mechanisms ensure two-way communication and foster a sense of ownership and belonging across all levels of the organization.

Industrial relations remained cordial throughout the year, with mutual respect and collaboration between the management and workforce. Our people-first approach has helped us maintain a productive and motivated work environment, aligned with our vision for long-term success.

The performance of the Chairperson of the Board was also reviewed, taking into account the views of the Executive, Non-executive and Independent Directors.

The said criteria specifies certain parameters like attendance, acquaintance with business, communication inter se between Board members, effective participation, domain knowledge, compliance with code of conduct, vision and strategy, etc., which is in compliance with applicable laws, regulations and guidelines. The Board has on recommendation of the NRC, framed a policy called as Nomination and Remuneration Committee (Term of Reference, Procedure and Policies) which is available on the website of the Company.

RISK MANAGEMENT COMMITTEE(RMC):

RMC consists of three members, viz. Smt. Girija Balakrishnan (Chairperson & Independent Director), Shri Vikram Hosangady (Member & Independent Director), Shri Amit Bhalla (Member & Managing Director).

Though the provisions relating to the constitution of a Risk Management Committee under Regulation 21 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are not applicable to the Company, in line with good governance practices, the Company has voluntarily constituted a Risk Management Committee to oversee and monitor risk management activities. No meetings were required to be held during the year.

The terms of reference of Risk Management Committee includes:

- 1) To formulate a detailed risk management policy which shall include:
 - (a) A framework for identification of internal and external risks specifically faced by the listed entity, in particular including financial, operational, sectoral, sustainability (particularly, ESG related risks), information, cyber security risks or any other risk as may be determined by the Committee.
 - (b) Measures for risk mitigation including systems and processes for internal control of identified risks.
 - (c) Business continuity plan.
- 2) To ensure that appropriate methodology, processes and systems are in place to monitor and evaluate risks associated with the business of the Company;
- 3) To monitor and oversee implementation of the risk management policy, including evaluating the adequacy of risk management systems;
- 4) To periodically review the risk management policy, at least once in two years, including by considering the changing industry dynamics and evolving complexity;

- 5) To keep the board of directors informed about the nature and content of its discussions, recommendations and actions to be taken;

The appointment, removal and terms of remuneration of the Chief Risk Officer (if any) shall be subject to review by the Risk Management Committee.

Sr. No.	Name of Senior Management Personnel ("SMP")	Designation
1.	Shri. Bijay Kumar Agrawal	Chief Financial Officer
2.	Shri. Kiran Matkar	Senior General Manager - Operation
3.	Shri. Debi Prasad Padhy	Vice President - Sales
4.	Shri. Vineesh Vijayan Thazhumpal	Company Secretary

During the financial year, Shri. Girish Jethmalani and Shri. Vivek Maru ceased to be senior management personnel.

BOARD TRAINING AND INDUCTION

As part of familiarization programme, the directors were explained in detail about the new products and upgradation in existing product line, competition, order position, product marketing, assembly process etc. The details of such familiarization programmes are placed on website of the Company i.e., <https://indef.com/wp-content/uploads/2025/05/Familiarisation-Programme-F.Y.-24-25.pdf>

PERFORMANCE EVALUATION

Pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, the Board has carried out the annual performance evaluation of its own performance and that of its committees and individual directors including the chairman. A structured questionnaire covering various criteria of the Board's functioning such as adequacy of the composition of the Board and its committees, board culture, execution and performance of specific duties, obligations and corporate governance was circulated to all the directors. The said criteria are placed on the Company's website - <https://indef.com/wp-content/uploads/2025/06/IML-Criteria-for-performance-Evaluation.pdf>

Based on the said criteria, rating sheets were filled by each director regarding evaluation of performance of the Board, its committees and directors (except for the director being evaluated). A consolidated summary of the ratings given by each of the director was then prepared. Based on summarized evaluation statements, the performance was reviewed by the Board, nomination & remuneration committee and independent directors in their meetings held on February 10, 2025. The directors expressed their satisfaction with the evaluation process.

VIGIL MECHANISM / WHISTLE BLOWER POLICY:

The whistle blower policy / vigil mechanism provides a mechanism for the director/employee to report violations of any unethical behavior, suspected or actual fraud, violation of the code of conduct etc. which are detrimental to the organization's interest, without fear of victimization. The mechanism protects a whistle blower from any kind of discrimination, harassment, victimization, or any other unfair employment practice. The directors in all cases & employees in appropriate or exceptional cases have direct access to the Chairman of the audit committee. The said policy is placed on the website of the Company.

POLICY FOR SELECTION AND APPOINTMENT OF DIRECTORS AND THEIR REMUNERATION:

NRC adopted a policy which deals with the manner of determining qualifications, positive attributes and independence of a director and remuneration for the directors, key managerial personnel, and other employees. The said policy is placed on the website of the Company. The summarized features of the policy are as follows-

1. An independent director shall possess appropriate skills, experience, and knowledge in one or more fields of finance, law, management, sales, marketing, administration, research, corporate governance, operations, or other disciplines related and beneficial to the Company's business.
2. An independent director shall be a person of integrity, who possesses relevant expertise & experience and who shall uphold ethical standards of integrity and probity; act objectively and constructively; exercise his responsibilities in a bona-fide manner in the interest of the Company; devote sufficient time and attention to his professional obligations for informed and balanced decision making; and assist the Company in implementing the best corporate governance practices.
3. An independent director should meet the requirements of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 concerning independence of directors.

4. Remuneration:

a) Remuneration to Non-Executive Directors (NED's):

NED's shall be paid a sitting fee for every meeting of the Board and committee thereof attended by them as member. NED's shall not be entitled to any commission on net profit of the Company.

b) Remuneration to Key Managerial Personnel & other employees:

Remuneration to executive director/ key managerial personnel and senior management will be such as to ensure that the relationship of remuneration to performance is clear and meets appropriate performance benchmarks and may involve a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals. While deciding the remuneration package, current employment scenario and remuneration package of the industries operating in the similar comparable businesses in the geographical area of its operations should be considered. The Company has no stock options and hence, such instruments do not form part of their remuneration package.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Indef Manufacturing Limited
CIN: L29308MH2022PLC390286
Bajaj Bhawan, 2nd Floor, 226,
Jamnalal Bajaj Marg, Nariman Point,
Mumbai – 400 021

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Indef Manufacturing Limited** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Upon receipt of listing & trading approvals from National Stock Exchange of India Limited (NSE) & BSE Limited, the equity shares of the Company have been listed with NSE and BSE Limited with effect from 21st February, 2025.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended **31st March, 2025**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2025**, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings – **Not Applicable to the extent of Overseas Direct Investment and External Commercial Borrowings;**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 – **Not Applicable as there was no reportable event during the period under review;**
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits & Sweat Equity) Regulations, 2021 – **Not Applicable as the Company has not made any offer of its shares to its employees during the period under review;**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 – **Not Applicable as the Company has not issued and listed any debt securities during the financial year under review;**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client – **Not Applicable as the Company is not registered as Registrar to Issue and Share Transfer Agent during the financial year under review;**

- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 – **Not applicable as the Company has not delisted its equity shares from any Stock Exchange during the financial year under review;** and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 – **Not applicable as the Company has not bought back any of its securities during the financial year under review.**
 - (i) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- (vi) The Management has informed that there are no laws which are specifically applicable to the Company.

We have also examined compliance with the applicable provisions of the following:

- (i) Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India; The Company has substantially complied with the Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. to the extent of point (i) mentioned above.

We further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors including an Independent Woman Director. The changes in the composition of the Board of Directors which took place during the period under review were carried out in compliance with the provisions of the Act;
- Adequate notice was given to all Directors for scheduling the Board and Committee Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, except where consent of directors was received for circulation of the Notice, Agenda and Notes on Agenda at a shorter notice and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.
- All decisions of the Board and Committee thereof were carried through with requisite majority

We further report that based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the Company Secretary and taken on record by the Board of Directors at their meeting(s), we are of the opinion that the Company has adequate systems and processes in place in the Company which is commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, pursuant to the demerger sanctioned by the National Company Law Tribunal (NCLT) order dated August 02, 2024, between Hercules Hoists Limited (HHL) and Indef Manufacturing Limited (IML), the shareholders of HHL were allotted shares of IML in a 1:1 ratio, with the date of allotment being 14th October 2024. No cash consideration was involved in this transaction. However, the Company has been unable to file the Form FC-GPR for the allotments made to Non-Resident Shareholders of HHL, due to the Authorised Dealer (AD) Banker's assumption that the allotment of shares was made in exchange for cash. The Company is currently engaged with the AD Bank to clarify the nature of the allotment and facilitate the proper filing of the Form FC-GPR.

We further report that, the Company, Indef Manufacturing Limited (IML) was incorporated as a Wholly-owned subsidiary of Hercules Hoists Limited (HHL) on 12th September, 2022 with a view to undertake the businesses of manufacturing of hoists, cranes and other material handling equipment i.e. the business of the Demerged Company and specifically the Manufacturing Business. Accordingly, pursuant to the Scheme of Demerger and Arrangement between HHL ('Demerged Company') and IML ('Resulting Company'), effective from 30th September 2024 (Demerger Date), the Manufacturing Business of the Demerged Company (HHL) has been transferred to the Resultant Company (IML).

There were no activities/ income in IML since incorporation till the Effective date of Demerger. Hence there was no requirement to comply with the provisions of Section 135 of the Companies Act, 2013 with respect to Corporate Social Responsibility, since incorporation.

The Scheme of Demerger provided for retrospective restatement of accounts with effect from 01st October 2022 (Appointed Date of Demerger), in accordance with applicable Ind AS requirements.

As informed to us, in alignment with the provisions of the Scheme and applicable Accounting Standards, the restated financials reflect the CSR expenditure of Rs. 3 Lakhs incurred by HHL for the Financial Year 2024–25 in the books of the Company, being the Resultant Company. Further, as per the restated financials there was no Unspent CSR amount / obligation of HHL transferred to the Resultant Company.

We further report that during the financial year ended 31st March, 2025, following event(s) occurred, having a major bearing on Company's affairs in pursuance of the above-referred laws, rules, regulations, guidelines, standards, etc.:

- a) The Scheme of Arrangement amongst Hercules Hoists Limited (HHL) and the Company and their respective shareholders and creditors under Sections 230 to 232 read with the other applicable provisions of the Companies Act, 2013 for demerger of the Company's Manufacturing Business into IML ("Scheme") was approved by the Shareholders of HHL at their meeting held on January 30, 2024, and by the National Company Law Tribunal, Mumbai Bench, on 02nd August, 2024.

The Scheme became effective from 30th September, 2024. Consequent to the Scheme becoming effective, the Company ceased to be a subsidiary of HHL. The equity shares of the Company have been listed on BSE Limited and National Stock Exchange of India Limited with effect from 21st February, 2025.

- b) Pursuant to the approval of the Board of Directors of the Company at their meeting held on 12th August, 2024, the Company has incorporated a wholly owned subsidiary named "Consolidated Swift Industries Limited" on 06th September, 2024.

This Report is to be read with our letter of even date which is annexed as **Annexure – A** hereto and forms an integral part of this report.

INDEPENDENT AUDITOR'S REPORT

To,

To the Members of INDEF MANUFACTURING LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone Financial Statements of **INDEF MANUFACTURING LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, read together with the matters described in the Emphasis of Matters paragraph, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view, in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its net profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

1. In accordance with Note No. 51 of Standalone Financial Statement for the year ended 31st March 2025, the Scheme of Arrangement between Hercules Hoists Limited ("Demerged entity") and Indef Manufacturing Limited ("Resulting entity") and their respective shareholders ("Scheme") became effective after regulatory approvals and conditions precedent. Accordingly, as per the Scheme, the Demerger of Demerged Undertaking into Resulting Entity has been accounted under the pooling of interest method retrospectively as prescribed in Appendix C Para 9 (iii) to IND AS 103 Business Combinations of entities under common control. Thus, the previous year corresponding numbers have been accordingly restated. The Restated Financial Statements for the year ended 31 March 2024 has been prepared by the management as per the approved scheme.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Response To Key Audit Matter
1	<p>Warranty Provisions</p> <p>The Company's product warranties primarily cover expected costs to repair or replace components with defects or functional errors. Warranties are usually granted for one year to two-year period.</p> <p>We focused on this area as the completeness and valuation of the expected outcome of warranty provisions requires a high degree of Management judgment and the use of estimates giving rise to inherent uncertainty in the amounts recorded in the Standalone Financial Statements.</p> <p>(For the year ended March 31, 2025 the Company has provided free replacement of Rs. 43.82 Lakhs which is approximately 0.24% compared to last year's total turnover.)</p>	<p>Principal Audit Procedures</p> <p>Our procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Testing of relevant internal controls regarding completeness of warranty provisions and how management assesses valuation of provisions. • We assessed the assumptions underlying the valuation of provisions by checking and corroborating the inputs used to calculate the provisions, including interviewing Management regarding individual cases. We assessed specific warranty provisions held for individual cases to evaluate whether the warranty provisions were sufficient to cover expected costs at year-end. • Further, we assessed the level of historical warranty claims to assess whether the total warranty provisions held at year-end were sufficient to cover expected costs in light of known and expected cases and standard warranty periods provided. <p>From the procedures performed and bases on historical data we have no matters to report.</p>
2	<p>Inventory Valuation</p> <p>As at March 31, 2025 the Company held Rs. 2217.87 Lakhs of inventory. Given the size of the inventory balance relative to the total assets of the Company and the estimates and judgments described below, the valuation of inventory required significant audit attention.</p> <p>As disclosed in Note No. 2(F), inventories are held at the lower of cost or net realisable value determined using the weighted average cost method. At year end, the valuation of inventory is reviewed by management and the cost of inventory is reduced where inventory forecasts to be sold below cost.</p> <p>Management undertake the following procedure for determining the level of write down required:</p> <ul style="list-style-type: none"> • Use Inventory ageing report to check slow moving & non-moving inventory; • For inventory aged greater than one year, management apply a percentage based write down to inventory. The percentage are derived from historical level of write down; • Perform a line-by-line analysis of remaining inventory to ensure it is stated at the lower of cost or net realizable value and a specific write down is recognized if required. 	<p>Principal Audit Procedures</p> <p>We have performed the following procedures over the valuation of inventory:-</p> <ul style="list-style-type: none"> • For sample inventory items, re-performed the weighted average cost calculation and compared the weighted average cost to the last purchase invoices; • We tested that the ageing report used by management correctly aged inventory items by agreeing a sample of aged inventory items to the last recorded invoice; • On a sample basis we tested the net realizable value of inventory lines with recent selling prices of finished goods wherein these raw materials are used; • We assessed the percentage write down applied to older inventory with reference to historic inventory write downs and recoveries on slow moving inventory; and • We re-performed the calculation of the inventory write down. <p>We also made enquiries with the management and considered the results of our testing above to determine whether any specific write downs were further required.</p> <p>From the procedures performed we have no matters to report.</p>

Other Information

The Company's Management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with Governance for the Standalone Financial Statements

The Company's management and the Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, the financial performance, the changes in equity and the cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Standalone Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Standalone Financial Statements have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Standalone Financial Statements.
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements (Refer Note. 31(a) to the Ind AS Standalone Financial Statements).
 - ii. The Company did not have any material foreseeable losses on long-term contracts including derivatives contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.
 - iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

- b. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.
- v. The Company has not declared or paid dividend during the year. Hence, provisions of Section 123 of the Act are not applicable to the Company.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, we did not come across any instance of the audit trail feature being tampered with.

ANNEXURE A TO THE AUDITOR'S REPORT

Referred to in paragraph 2 of 'Report on other Legal and Regulatory Requirements' in our Report of even date on the accounts of **INDEF MANUFACTURING LIMITED** for the year ended March 31, 2025

- i (a) (A) The Company is maintaining proper records showing full particulars including quantitative details and situation of Property, plant and equipment.
B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) The fixed assets of the company are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years, which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the management during the year and discrepancies noticed between the book records and the physical inventories were not material and have been properly dealt with in the accounts.
- (c) According to information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the Standalone Financial Statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment (including Right-of use assets) or Intangible assets or both during the year.
- (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. (a) During the year, the inventories have been physically verified by the management. In our opinion, the frequency of verification is reasonable and procedures and coverage as followed by management were appropriate. Discrepancies noticed on physical verification of inventories and the book records have been appropriately dealt with by the management and the identified discrepancies were not more than 10% in the aggregate for each class of inventory.
- (b) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not availed working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. Hence sub clause (b) of clause 3(ii) is not applicable to the Company.
- iii. (a) The Company has made an investment in wholly owned subsidiary amounting to Rs. 1 lakh and provided loan to its subsidiary company amounting to Rs. 59.46 lakhs during the year and the company has not invested, or advanced any loan/ deposit, or given any guarantee or security to companies other than subsidiaries, joint venture and associates.
- (b) The terms and conditions of granting of such loan are not prejudicial to the interest of the company.
- (c) The aforesaid loan is repayable on demand and the party is regular in payment of interest as applicable.
- (d) In respect of loan, there is no overdue amount outstanding for more than ninety day.
- (e) Since the aforesaid loans are repayable on demand, sub-clause (e) of clause 3(iii) of the Order is not applicable.
- (f) Out of the aforesaid loans, the Company had outstanding balance of Rs. 59.46 lakhs (100% of total loans outstanding) pertaining to a company covered under Section 2 clause (76) of the Companies Act 2013
- iv. The Company has complied with provisions of Section 186 of the Companies Act, 2013 in respect of investments made and Section 185 of the Companies Act, 2013 is not applicable as there were no such loans, securities or guarantees provided during the year.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under to the extent notified and therefore clause 3(v) is not applicable.
- vi. The Central Government has prescribed maintenance of cost records for the company under sub Section (1) of Section 148 of the Companies Act, 2013 and such accounts and records have been made and maintained by the Company. However, no detailed examinations of such records have been carried out by us.
- vii (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Customs Duty, Cess, Goods & Service Tax and any other material statutory dues applicable to it and there were no arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

- (b) As informed to us, there were no disputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, GST, Custom Duty, Value Added Tax, Cess and any other material statutory dues in arrears, as at March 31, 2025; except the statutory dues aggregating to Rs.128.35 lakhs pending before the appropriate authorities as under-

Sr. No.	Assessment Year	Name of the Statute	Forum where the dues is pending	Rs. In Lakhs

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in tax assessments under the Income tax Act, 1961 as income during the year.
- ix. (a) According to the records of the Company examined by us and information and explanation given to us, the Company does not have any long term borrowing and therefore sub-clause (a) of clause (ix) of the Order is not applicable.
- (b) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- (c) According to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3 (ix) (c) of the Order is not applicable.
- (d) According to the information and explanation given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised during the year for short term purposes. Accordingly, clause 3(ix)(d) of the Order is not applicable.
- (e) According to the information and explanation given to us and on an overall examination of the Standalone Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(e) of the Order is not applicable.
- (f) According to the information and explanation given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised any money by way of public issue/ further offer (including debt instruments) and through term loans during the year. Accordingly, clause 3 (x)(a) of the order is not applicable to the Company.
- (b) According to the information and explanation given to us and on the basis of our examinations of the records of the Company, the Company has not made any private placement or preferential allotment during the year. Accordingly, clause 3(x)(b) of the Order is not applicable but the Company has issued equity shares in the ratio of 1:1 to the shareholders of Hercules Hoists Limited pursuant to a scheme of Demerger approved during the year.
- xi. (a) Based upon the audit procedures performed and information and explanation given by the management, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) According to the information and explanations given to us, no report under Section 143 (12) of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) There were no whistle blower complaints received by the Company during the year and thus clause 3(xi)(c) of the order is not applicable to the company
- xii. In our opinion and according to the information and explanations given to us, the nature of the activities of the company does not attract any special statute applicable to Nidhi Company. Accordingly, clause 3(xii) of the order is not applicable to the company.
- xiii. According to the information and explanation given to us, and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sec 177 and 188 of Companies Act, 2013 where applicable and details of such transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- xiv. (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- xv. In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, clause 3 (xv) of the Order is not applicable to the Company.
- xvi. (a) The company is not required to be registered under Sec 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3 (xvi)(a) of the Order is not applicable to the Company.
- (b) The company is not required to be registered under Sec 45-IA of the Reserve Bank of India Act, 1934. Accordingly, (b) The company is not required to be registered under Sec 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3 (xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations is made by the Reserve Bank of India. Accordingly, clause 3 (xvi)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations provided to us during the course of audit, the Group does not have any CIC. Accordingly, clause 3 (xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred cash losses in the current year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3 (xviii) of the Order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. In our opinion and according to the information and explanations given to us, there is no unspent amount under section 135 (5) of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx) (a) and 3(xx) (b) of the Order are not applicable.

ANNEXURE B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls over financial reporting of **INDEF MANUFACTURING LIMITED** ("the Company") as of March 31, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

1 Company Overview

The company ("Indef Manufacturing Limited", "IML") is an existing public limited company incorporated on 12/09/2022 under the provisions of the Companies Act, 2030 having its registered office at Bajaj Bhavan, 226 Jamnalal Bajaj Marg, Nariman Point, Mumbai-400 021. On October 1, 2022, the material handling equipment business is transferred from Hercules Hoists Limited as per scheme of demerger between Hercules Hoists Limited and Indef Manufacturing Limited and as per NCLT order dated August 2, 2024. Currently the company offers a diverse range of products and services including manufacturing, sales, distribution and marketing of mechanical hoists, electric chain hoists and wire rope hoists, stackers and storage and retrieval solutions, overhead cranes in the standard and extended standard range, manipulators and material handling automation solutions. The equity shares of the company are listed on BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE") on February 21, 2025. Reporting currency of the financial statements are presented in Indian Rupee (₹).

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis of Preparation of Financial Statement

i) Compliance with Ind AS

The financial statements Complies in all material aspects with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements were authorized for issue by the Company's Board of Directors as on May 27, 2025.

ii) Historical Cost Convention

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

- (a) Certain financial assets and liabilities (Including Derivative Instruments) that are measured at fair value;
- (b) Defined benefit plans where plan assets are measured at fair value.
- (c) Investments are measured at fair value.

iii) Current and Non Current Classification.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(B) Use of Estimates and Judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

(C) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(I) Financial Assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

- (a) For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.
- (b) For investments in debt instruments, this will depend on the business model in which the investment is held.
- (c) For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(a) Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial assets is included in other income or other expenses, as applicable.

(b) Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income or other expenses, as applicable in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime credit losses (ECL) to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(iv) Derecognition of financial assets

A financial asset is derecognised only when -

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(II) Financial Liabilities

(i) Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

(ii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(D) Financial Guarantee Contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognised less cumulative amortization, where appropriate.

(E) Segment Report

- (i) The company identifies primary segment based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segment are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.
- (ii) The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

(F) Inventories Valuation

- (i) Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- (ii) Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads.
- (iii) Scrap is valued at net realisable value.
- (iv) Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

(G) Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

(H) Income tax and deferred tax

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

(i) Current Income Tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred Tax

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(I) Property, Plant and Equipment

- (i) Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.
- (ii) All other items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.

- (iii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.
- (iv) Cost of Capital Work in Progress ('CWIP') comprises amount paid towards acquisition of property, plant and equipment outstanding as of each balance sheet date and construction expenditures, other expenditures necessary for the purpose of preparing the CWIP for its intended use and borrowing cost incurred before the qualifying asset is ready for intended use. CWIP is not depreciated until such time as the relevant asset is completed and ready for its intended use.
- (v) Depreciation methods, estimated useful lives and residual value.
 - (a) Fixed assets are stated at cost less accumulated depreciation.
 - (b) Depreciation is provided on a pro rata basis on the straight-line method over the estimated useful lives of the assets which is as prescribed under Schedule II to the Companies Act, 2013. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.
 - (c) Leasehold Land is depreciated over the period of the Lease.
- (vi) Tangible assets which are not ready for their intended use on reporting date are carried as capital work-in-progress.
- (vii) The residual values are not more than 5% of the original cost of the asset.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other expenses or other income as applicable.

(J) Investment Property

Property that is held for Capital appreciation and which is occupied by the Company, is classified by Investing property. Investment property is measured at cost including related transaction cost and where applicable borrowing cost. Investment properties are depreciated at the same rate applicable for class of asset under Property, Plant and Equipment.

(K) Intangible Assets

- (i) An intangible asset shall be recognised if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and (b) the cost of the asset can be measured reliably.
- (ii) Cost of technical know-how is amortised over a period of six years.
- (iii) Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The same is amortised over a period of 5 years on straight-line method.

(L) Leases

(i) As a lessee

As a lessee, the Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet.

On transition, the Company has applied following practical expedients:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.
- Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- Excluded the initial direct costs from the measurement of the right-of -use-asset at the date of transition.
- Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

(ii) As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(M) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue as under:

(I) Sales

(i) The Company recognizes revenue from sale of goods when:

- (a) The significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, which coincides with the delivery of goods.
- (b) The Company retains neither continuing managerial involvement to the degree usually associated with the ownership nor effective control over the goods sold.
- (c) The amount of revenue can be reliably measured.
- (d) It is probable that future economic benefits associated with the transaction will flow to the Company.
- (e) The cost incurred or to be incurred in respect of the transaction can be measured reliably.
- (f) The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

(II) Other Income

(i) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(iii) Export Benefits

Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

(iv) Income from Erection & Commissioning Services:

- (a) The amount of revenue can be measured reliably.
- (b) It is probable that future economic benefits associated with the transaction will flow to the Company.
- (c) The stage of completion of the transaction at the end of the reporting period can be measured reliably.
- (d) The cost incurred for transaction and the cost to complete the transaction can be measured reliably.

(N) Employee Benefit**(i) Short-Term Obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet..

(ii) Other Long-Term Employee Benefit Obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-Employment Obligations

The Company operates the following post-employment schemes:

(a) Defined Benefit Gratuity Plan:

Gratuity and Leave encashment which are defined benefits are accrued based on actuarial valuation working provided by Life Insurance Corporation of India (LIC) . The Company has opted for a Group Gratuity-cum-Life Assurance Scheme of the Life Insurance Corporation of India (LIC), and the contribution is charged to the Statement of Profit & Loss each year. The Company has funded the liability on account of leave benefits through LIC's Group Leave Encashment Assurance Scheme and the Contribution is charged to Statement of Profit and Loss.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan. The defined benefit obligation is calculated annually as provided by LIC. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(b) Defined Contribution Plan:

Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. The company has no further obligation to the plan beyond its contribution.

(O) Foreign Currency Translation**(i) Functional and Presentation Currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

(P) Borrowing Cost

- (i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.
- (ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(Q) Earnings Per Share**(i) Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii) Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(R) Impairment of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(S) Provisions, Contingent Liabilities and Contingent Assets**(i) Provisions:**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

(ii) Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

(iii) Contingent Assets: Contingent Assets are disclosed, where an inflow of economic benefits is probable.

(T) Investments

Equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income, except for those mutual fund for which the Company has elected to present the fair value changes in the Statement of Profit and Loss.

(U) Trade Receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(V) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

(W) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

The companies activities expose it to credit risk, liquidity risk, market risk and price risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact thereof in the standalone financial statements.

Sl. No.	Risk	Exposure arising from	Measurement	Management
1	Credit Risk	Cash and cash equivalents, trade receivables and financial assets.	Credit ratings, Review of outstanding age analysis, Review of investment on periodically basis.	Strict credit control and monitoring system, diversification of counterparties, Investment limits, check on counterparties basis credit rating and investment review on periodically basis.
2	Liquidity Risk	Trade payables and other financial liabilities.	Maturity analysis, cash flow projections.	Maintaining sufficient cash / cash equivalents and marketable security.
3	Market Risk – Foreign Exchange	Highly probable forecast transactions and financial assets and liabilities not denominated in INR.	Foreign currency exposure review and sensitivity analysis.	Forward foreign currency contract, future and option.
4	Price Risk – Commodity Prices	Basic ingredients of company raw materials are various grade of steel and copper where prices are volatile	The Company sourcing components from vendors directly, hence it does not hedge its exposure to commodity price risk.	The Company is able to pass on substantial price hike to the customers.
5	Market Risk – Security Prices	Investment in mutual funds, fixed deposits.	Sensitivity analysis	Portfolio diversification

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, price risk, investment of surplus liquidity and other business risks effecting business operation. The Company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

For financial assets the Company has an investment policy which allows the Company to invest only with counterparties having credit rating equal to or above AAA and AA. The Company reviews the creditworthiness of these counterparties on an ongoing basis. Another source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The Company has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits. The creditors risk is minimum in case of entity to whom loan has been given.

The maximum exposure to credit risk as at 31 March 2025 and 31 March 2024 is the carrying value of such trade receivables as shown in note 15 of the financials.

Created during the year	-
Reversed during the year	(26.04)
Impairment allowance as on 31 March 2024	111.98

(B) Liquidity Risk

The Company's principal sources of liquidity are "cash and cash equivalents" and cash flows that are generated from operations. The Company has no outstanding term borrowings. The Company believes that its working capital is sufficient to meet its current requirements. Additionally, the Company has sizeable surplus funds invested in fixed income securities or instruments of similar profile ensuring safety of capital and availability of liquidity if and when required. Hence the Company does not perceive any liquidity risk.

(c) Market Risk
Foreign Currency Risk

The Company significantly operates in domestic market. Though very insignificant portion of export took place during the financial year where generally payment received in advance. Hence foreign currency risk towards export is insignificant.

The Company also imports certain materials the value of which is also not material as compared to value of total raw materials. Currently, Company does not hedge this exposure. Nevertheless, Company may wish to hedge such exposures.

Open exposure

The Company's exposure to foreign currency risk which are unhedged at the end of the reporting period is as follows:

INDEPENDENT AUDITOR'S REPORT

To,

The Members of **INDEF MANUFACTURING LIMITED**

Report on Audit of the Consolidated Financial Statements**Opinion**

We have audited the accompanying Consolidated Financial Statements of **INDEF MANUFACTURING LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary company (the Holding Company and its subsidiary together referred to as "the Group"), which comprise of the Consolidated Balance Sheet as at March 31, 2025 and the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and notes to the Consolidated Financial Statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, read together with the matters described in the Emphasis of Matters paragraph, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their Consolidated state of affairs of the Group as at March 31, 2025, of Consolidated Profit (including other comprehensive loss), Consolidated Statement of Changes in Equity and its Consolidated Cash Flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements Section of our report. We are independent of the Group in accordance with the Code of Ethics issued by The Institute of Chartered Accountant of India (ICAI), and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

1. In accordance with Note No. 51 of Consolidated Financial Statement for the year ended 31st March 2025, the Scheme of Arrangement between Hercules Hoists Limited ("Demerged entity") and Indef Manufacturing Limited ("Resulting entity") and their respective shareholders ("Scheme") became effective after regulatory approvals and conditions precedent. Accordingly, as per the Scheme, the Demerger of Demerged Undertaking into Resulting Entity has been accounted under the pooling of interest method retrospectively as prescribed in Appendix C Para 9 (iii) to IND AS 103 Business Combinations of entities under common control.
2. The Holding company has acquired the subsidiary during the current year on 6th September 2024 & thus consolidated financial statements are not required to be presented for the previous year.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Response To Key Audit Matter
1	<p>Warranty Provisions</p> <p>The Holding Company's product warranties primarily cover expected costs to repair or replace components with defects or functional errors. Warranties are usually granted for one year to two-year period.</p> <p>We focused on this area as the completeness and valuation of the expected outcome of warranty provisions requires a high degree of Management judgment and the use of estimates giving rise to inherent uncertainty in the amounts recorded in the Standalone Financial Statements.</p> <p>(For the year ended March 31, 2025 the Company has provided free replacement of Rs. 43.82 Lakhs which is approximately 0.24% compared to last year's total turnover.)</p>	<p>Principal Audit Procedures</p> <p>Our procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Testing of relevant internal controls regarding completeness of warranty provisions and how management assesses valuation of provisions. • We assessed the assumptions underlying the valuation of provisions by checking and corroborating the inputs used to calculate the provisions, including interviewing Management regarding individual cases. We assessed specific warranty provisions held for individual cases to evaluate whether the warranty provisions were sufficient to cover expected costs at year-end. • Further, we assessed the level of historical warranty claims to assess whether the total warranty provisions held at year-end were sufficient to cover expected costs in light of known and expected cases and standard warranty periods provided. <p>From the procedures performed and bases on historical data we have no matters to report.</p>
2	<p>Inventory Valuation</p> <p>As at March 31, 2025 the Holding Company held Rs. 2217.87 Lakhs of inventory. Given the size of the inventory balance relative to the total assets of the Company and the estimates and judgments described below, the valuation of inventory required significant audit attention.</p> <p>As disclosed in Note No. 2(F), inventories are held at the lower of cost or net realisable value determined using the weighted average cost method. At year end, the valuation of inventory is reviewed by management and the cost of inventory is reduced where inventory forecasts to be sold below cost.</p> <p>Management undertake the following procedure for determining the level of write down required:</p> <ul style="list-style-type: none"> • Use Inventory ageing report to check slow moving & non-moving inventory; • For inventory aged greater than one year, management apply a percentage based write down to inventory. The percentage are derived from historical level of write down; 	<p>Principal Audit Procedures</p> <p>We have performed the following procedures over the valuation of inventory:-</p> <ul style="list-style-type: none"> • For sample inventory items, re-performed the weighted average cost calculation and compared the weighted average cost to the last purchase invoices; • We tested that the ageing report used by management correctly aged inventory items by agreeing a sample of aged inventory items to the last recorded invoice; • On a sample basis we tested the net realizable value of inventory lines with recent selling prices of finished goods wherein these raw materials are used; • We assessed the percentage write down applied to older inventory with reference to historic inventory write downs and recoveries on slow moving inventory; and • We re-performed the calculation of the inventory write down. <p>We also made enquiries with the management and considered the results of our testing above to determine whether any specific write downs were further required.</p> <p>From the procedures performed we have no matters to report.</p>

Other Information

The Holding Company's Management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report but does not include the financial statements and our Auditors' Report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, the consolidated financial performance, the consolidated changes in equity and the consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each respective entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entity included in the consolidated financial statements of which we are the independent auditors.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept by the Holding Company, its subsidiary included in the group, so far as appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Expense), and the Consolidated Cash Flow Statement and the Consolidated statement of changes in equity dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
- d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company and a Subsidiary Company incorporated in India as on March 31, 2025 and taken on record by the Board of Directors of the Holding Company, we report that none of the directors of the Group is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiary Company incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements (Refer Note. 30(a) to the Ind As Consolidated Financial Statements)
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivatives contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.
 - iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - b. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Group from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (d) (i) and (d) (ii) contain any material mis-statement.
- v. The Holding Company has not declared or paid dividend during the year. Hence, provisions of Section 123 of the Act are not applicable to the Group.
- vi. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor’s Report) Order, 2020 (the “Order”/ “CARO”) issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor’s report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its one Indian subsidiary to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in its CARO report issued by us.
- vii. Based on our examination which included test checks, the Holding Company and its subsidiary, has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, we did not come across any instance of the audit trail feature being tampered with.

ANNEXURE B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")**Opinion**

In conjunction with our audit of the Consolidated Financial Statements of **INDEF MANUFACTURING LIMITED** ("the Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary Company which is a Company incorporated in India, as of that date.

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary Company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary Company incorporated in India considering the essential components of internal control stated in the Guidance Note.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of Holding Company and its subsidiary Company incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary Company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company and its subsidiary Company incorporated in India and internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Holding Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

1 Company Overview

The company ("Indef Manufacturing Limited", "IML") is an existing public limited company incorporated on 12/09/2022 under the provisions of the Companies Act, 2013 having its registered office at Bajaj Bhavan, 226 Jamnalal Bajaj Marg, Nariman Point, Mumbai-400 021. On October 1, 2022, the material handling equipment business is transferred from Hercules Hoists Limited as per scheme of demerger between Hercules Hoists Limited and Indef Manufacturing Limited and as per NCLT order dated August 2, 2024. Currently the company offers a diverse range of products and services including manufacturing, sales, distribution and marketing of mechanical hoists, electric chain hoists and wire rope hoists, stackers and storage and retrieval solutions, overhead cranes in the standard and extended standard range, manipulators and material handling automation solutions. The equity shares of the company are listed on BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE") on February 21, 2025. Reporting currency of the financial statements are presented in Indian Rupee (₹).

Consolidated Swift Industries Limited is established on 6th Septemeber, 2024 it is 100% owned by Indef Manufacturing Limited.

The consolidated financial statements includes financial statements of Indef Manufacturing Limited and its 100% subsidiary Consolidated Swift Industries Limited (together referred as group).

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis of Preparation of Financial Statement

i) Compliance with Ind AS

The consolidated financial statements Complies in all material aspects with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act and other accounting principles generally accepted in India.

The consolidated financial statements were authorized for issue by the Company's Board of Directors as on May 27,2025.

ii) Historical Cost Convention

The Group follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The consolidated financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

- (a) Certain financial assets and liabilities (Including Derivative Instruments) that are measured at fair value;
- (b) Defined benefit plans where plan assets are measured at fair value.
- (c) Investments are measured at fair value.

iii) Current and Non Current Classification

All assets and liabilities have been classified as current or non-current as per the Group's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

Basis of Consolidation

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting polices other than those adopted in the consolidated financial statements for like transactions and other events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies. The financial statement of Indef manufacturing Ltd. used for the purpose of consolidation are drawn upto same reporting date as that of the parent Group i.e., year ended 31st March

Consolidation procedure:

Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.

(B) Use of Estimates and Judgements

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

(C) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(I) Financial Assets**(i) Classification**

The Group classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

- (a) For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.
- (b) For investments in debt instruments, this will depend on the business model in which the investment is held.
- (c) For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(a) Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through

profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial assets is included in other income or other expenses, as applicable.

(b) Equity Instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income or other expenses, as applicable in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime credit losses (ECL) to be recognised from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(iv) Derecognition of financial assets

A financial asset is derecognised only when -

- (a) The Group has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(II) Financial Liabilities

(i) Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

(ii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(D) Financial Guarantee Contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognised less cumulative amortization, where appropriate.

(E) Segment Report

- (i) The Group identifies primary segment based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segment are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.
- (ii) The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

(F) Inventories Valuation

- (i) Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- (ii) Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads.
- (iii) Scrap is valued at net realisable value.
- (iv) Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

(G) Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of Group's cash management policy.

(H) Income tax and deferred tax

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

(i) Current Income Tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Group operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred Tax

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Group has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Group will pay normal income tax during the specified period.

(I) Property, Plant and Equipment

- (i) Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.
- (ii) All other items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.
- (iii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.
- (iv) Cost of Capital Work in Progress ('CWIP') comprises amount paid towards acquisition of property, plant and equipment outstanding as of each balance sheet date and construction expenditures, other expenditures necessary for the purpose of preparing the CWIP for its intended use and borrowing cost incurred before the qualifying asset is ready for intended use. CWIP is not depreciated until such time as the relevant asset is completed and ready for its intended use.
- (v) Depreciation methods, estimated useful lives and residual value.
 - (a) Fixed assets are stated at cost less accumulated depreciation.
 - (b) Depreciation is provided on a pro rata basis on the straight-line method over the estimated useful lives of the assets which is as prescribed under Schedule II to the Companies Act, 2013. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.
 - (c) Leasehold Land is depreciated over the period of the Lease.
- (vi) Tangible assets which are not ready for their intended use on reporting date are carried as capital work-in-progress.
- (vii) The residual values are not more than 5% of the original cost of the asset.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other expenses or other income as applicable.

(J) Investment Property

Property that is held for Capital appreciation and which is occupied by the Group, is classified by Investing property. Investment property is measured at cost including related transaction cost and where applicable borrowing cost. Investment properties are depreciated at the same rate applicable for class of asset under Property, Plant and Equipment.

(K) Intangible Assets

- (i) An intangible asset shall be recognised if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Group and (b) the cost of the asset can be measured reliably.
- (ii) Cost of technical know-how is amortised over a period of six years.
- (iii) Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The same is amortised over a period of 5 years on straight-line method.

(L) Leases**(i) As a lessee**

As a lessee, the Group previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Group. Under Ind AS 116, the Group recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet.

On transition, the Group has applied following practical expedients:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.
- Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- Excluded the initial direct costs from the measurement of the right-of -use-asset at the date of transition.
- Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

(ii) As a lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(M) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount taxes and amounts collected on behalf of third parties. The Group recognises revenue as under:

(I) Sales**(i) The Group recognizes revenue from sale of goods when:**

- (a) The significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, which coincides with the delivery of goods.
- (b) The Group retains neither continuing managerial involvement to the degree usually associated with the ownership nor effective control over the goods sold.
- (c) The amount of revenue can be reliably measured.
- (d) It is probable that future economic benefits associated with the transaction will flow to the Group.

- (e) The cost incurred or to be incurred in respect of the transaction can be measured reliably.
- (f) The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

(II) Other Income

(i) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(iii) Export Benefits

Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

(iv) Income from Erection & Commissioning Services:

- (a) The amount of revenue can be measured reliably.
- (b) It is probable that future economic benefits associated with the transaction will flow to the Group.
- (c) The stage of completion of the transaction at the end of the reporting period can be measured reliably.
- (d) The cost incurred for transaction and the cost to complete the transaction can be measured reliably.

(N) Employee Benefit

(i) Short-Term Obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other Long-Term Employee Benefit Obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur..

(iii) Post-Employment Obligations

The group operates the following post-employment schemes:

(a) Defined Benefit Gratuity Plan:

Gratuity and Leave encashment which are defined benefits are accrued based on actuarial valuation working provided by Life Insurance Corporation of India (LIC) . The Group has opted for a Group Gratuity-cum-Life Assurance Scheme of the Life Insurance Corporation of India (LIC), and the contribution is charged to the Statement of Profit & Loss each year. The Group has funded the liability on account of leave benefits through LIC's Group Leave Encashment Assurance Scheme and the Contribution is charged to Statement of Profit and Loss.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan. The defined benefit obligation is calculated annually as provided by LIC. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(b) Defined Contribution Plan:

Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. The Group has no further obligation to the plan beyond its contribution.

(O) Foreign Currency Translation

(i) Functional and Presentation Currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

(P) Borrowing Cost

- (i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.
- (ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the consolidated financial statements for issue, not to demand payment as a consequence of the breach.

(Q) Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii) Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(R) Impairment of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(S) Provisions, Contingent Liabilities and Contingent Assets**(i) Provisions:**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

(ii) Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the consolidated financial statements.

(iii) Contingent Assets: Contingent Assets are disclosed, where an inflow of economic benefits is probable.

(T) Investments

Equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income, except for those mutual fund for which the Group has elected to present the fair value changes in the Statement of Profit and Loss.

(U) Trade Receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(V) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

(W) Operating Cycle

Based on the nature of products/activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

41 FINANCIAL RISK MANAGEMENT

The Group's activities expose it to credit risk, liquidity risk, market risk and price risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact thereof in the standalone financial statements.

Sl. No.	Risk	Exposure arising from	Measurement	Management
1	Credit Risk	Cash and cash equivalents, trade receivables and financial assets.	Credit ratings, Review of outstanding age analysis, Review of investment on periodically basis.	Strict credit control and monitoring system, diversification of counterparties, Investment limits, check on counterparties basis credit rating and investment review on periodically basis.
2	Liquidity Risk	Trade payables and other financial liabilities.	Maturity analysis, cash flow projections.	Maintaining sufficient cash / cash equivalents and marketable security.
3	Market Risk – Foreign Exchange	Highly probable forecast transactions and financial assets and liabilities not denominated in INR.	Foreign currency exposure review and sensitivity analysis.	Forward foreign currency contract, future and option.
4	Price Risk – Commodity Prices	Basic ingredients of company raw materials are various grade of steel and copper where prices are volatile	The Group sourcing components from vendors directly, hence it does not hedge its exposure to commodity price risk.	The Group is able to pass on substantial price hike to the customers.
5	Market Risk – Security Prices	Investment in mutual funds, fixed deposits.	Sensitivity analysis	Portfolio diversification

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, price risk, investment of surplus liquidity and other business risks effecting business operation. The Group's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Group is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

For financial assets the Group has an investment policy which allows the Group to invest only with counterparties having credit rating equal to or above AAA and AA. The Group reviews the creditworthiness of these counterparties on an ongoing basis. Another source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Group estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Group. The Group has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits. The creditors risk is minimum in case of entity to whom loan has been given.

The maximum exposure to credit risk as at 31 March 2025 and 31 March 2024 is the carrying value of such trade receivables as shown in note 13 of the financials.

Reconciliation of impairment allowance on trade receivables as at 31 March 2025 under: (Rs. in Lakhs)

Impairment allowance as on 31 March 2024	111.98
Created during the year	23.28
Reversed during the year	-
Impairment allowance as on 31 March 2025	135.26

(B) Liquidity Risk

The Group's principal sources of liquidity are "cash and cash equivalents" and cash flows that are generated from operations. The Group has no outstanding term borrowings. The Group believes that its working capital is sufficient to meet its current requirements. Additionally, the Group has sizeable surplus funds invested in fixed income securities or instruments of similar profile ensuring safety of capital and availability of liquidity if and when required. Hence the Group does not perceive any liquidity risk.

(c) Market Risk**Foreign Currency Risk**

The Group significantly operates in domestic market. Though very insignificant portion of export took place during the financial year where generally payment received in advance. Hence foreign currency risk towards export is insignificant.

The Group also imports certain materials the value of which is also not material as compared to value of total raw materials. Currently, Group does not hedge this exposure. Nevertheless, Company may wish to hedge such exposures.

Open exposure

The Group's exposure to foreign currency risk which are unhedged at the end of the reporting period is as follows:

(Rs. in Lakhs)
