Sensex ends 83 points higher, Nifty at 10,167

FE BUREAU
Mumbai, June 8

THE INDIAN EQUITY markets ended the flat day on Monday after a series of gains on account of positive global cues. The 30-share index Sensex was up 83.34 points or 0.24% to close at 34,370.58. The broader Nifty50 was up 2.35% or 25.3 points to close at 10,167.45. The overall market sentiment remained positive with the country exiting the lockdown and restrictions being eased, but the rise gave up most of its early gains on account of profit taking.

The market, which started the day higher by more than 1%, began losing gains after the European markets opened in the red. European markets, which had started their day lower, had recovered at the time of press with stock markets in the United Kingdom, France and Germany higher by 0.1% to 0.3%. The Asian markets, too, traded flat during Monday's session, with losses in Hong Kong, South Korea and China rising between 0.02% and 0.24%. So, the performance of Indian markets on Monday was largely in line with its global peers. Asian shares were upping to catch up rally after the US markets surged on Friday, following the release of US jobs data, which showed a surprising recovery,

raising hopes that there could be a quicker global economic revival from the novel coronavirus pandemic.

FPIs remained buyers on Monday. According to the provisional data on the exchanges, they bought equities worth \$107.7 million and domestic institutional investors sold equities worth \$163.9 million. Till June 5, FPIs have bought Indian equities worth \$2.59 billion. Experts suggest that a 'buy on decline' strategy will be better over the next few weeks. Siddhartha Khemka, head, retail research, Motilal Oswal Financial Services, said, "Given the sharp rally witnessed over the last few days, we may see the Indian markets consolidating or taking a breather, before starting the next leg of rally. Even valuations have turned expensive at 23x FY21 estimated earnings and any negative development on the global front might derail the momentum. Hence, buying

on 'Decline' would be a better strategy over the next few weeks."

The minor gains on Monday were due to buying in the financial and IT stocks, with two banks featuring in the top 5 gainers of the 50-share benchmark Nifty Bank rose 0.7% during the day's trading session. Financial stocks have been the top laggards in the equity market so far and are the biggest contributors to the underperformance of the Indian market, compared to other global equity markets so far this year. This is because of the threat of rising non-performing assets (NPAs) and the side measures from the Centre. According to Kotak Institutional Equities, investment-related sectors will take longer to recover, given the limited ability and willingness of companies, households and governments to invest in new assets or spend on large-ticket items.

Sebi eases compliance norms for firms planning to list debt securities

PRESS TRUST OF INDIA
New Delhi, June 8

MARKETS REGULATOR SEBI on Monday eased the compliance norms for companies seeking to list their debt securities such as non-convertible debentures (NCDs) and commercial papers. This will come into force with immediate effect, the regulator has announced.

Sebi said in a circular that the regulator has announced relaxation in compliance norms for issuers, who propose to list their NCDs, non-convertible redeemable preference shares (NCRPS) and commercial papers (CPs). The relaxation has been given with regard to disclosure of financial results for another month till June 30. Earlier, companies were required to submit the details by May-end.

The decision has been taken in view of the coronavirus pandemic. Under the norms, companies proposing to make public issue of debt securities are required to get audited financials in the offer document, not older than six months from the date of prospectus.

'Economy showing resilience under current scenario'

SUSHM BANERJEE

DG, Institute for Growth Development & Steel

WHEN LOCKDOWN ARRIVED from the need of social distancing became an essential component of our fight against Covid-19 pandemic, we were seized with the uncertainty of commercial activities of some economic activities that would at least fulfil the gap between what the user segments desire and what support could be provided to enhance the supply. We no longer talked of GDP growth like RBI has done in its last MPC. Thus, the latest notification on GDP growth in FY20 (4.2% against 6.1% in FY19) issued by CSO did generate a pleasant surprise as the economy showed resilience in achieving this level of growth under the current scenario. It is, however, admitted that the estimates may be revised when the full data is made available later. Further, it is believed that full impact of the pandemic in the form of prolonged lockdown and consequent closure of economic activities hampering both industrial and service sectors would be captured in the National Accounts Data for Q3 and Q4 in FY21.

We have earlier seen that around 15-20 days' closure of economic activities has robbed the manufacturing sector, forcing to drop in March by around 21% and taking IIP to a new low of (-) 16.7%. The new manufacturing in March was accentuated by corresponding drop in output of capital goods segment (35.6% in growth), infrastructure and construction segment (23.8% in growth) and consumer durable segment (39.1% in negative growth). The second advance estimate of CSO put best estimate of GDP at 4.2% (at constant prices) growth in Q4 of FY20 falling to 3.1%.

However, GDP growth in FY20 plummeted each quarter from 5.2% in Q1, 4.4% in Q2 and 4.2% in Q3. Despite this declining trend, a few positives are worth mentioning. Agriculture, forestry and fishing sector in GVA is up 5.9% in Q4 as compared to 5.0% in Q1. As a result, this sector has clocked a growth rate of 4.0% in FY20 as opposed to just 2.6% in FY19. As WPI for food has also shown 6.4% growth in FY20, it should imply that at least a part of it has contributed to growth in rural income (considering the asymmetrical relationship between rise in WPI in food with growth in rural income). The mining and quarrying sector GVA has grown by 2.2% in Q4, the highest in all quarters. The yearly growth of 3.1% in FY20 is way above the negative growth (-) clocked by this sector in last year.

The mining output in FY20 rose by 1.7%. The recent policy guidelines have opened coal mining for commercial purposes, done away with captive mining process, introduced lease transferability, incentivised exploration of mines, encouraged coal gasification programmes to reduce dependence on fossil fuel.

Electricity, water supply and other utility services sector GVA grew by a healthy rate of 4.5% in Q4 and 4.1% in FY20. The GVA in public administration, defence and other services sector achieved a high growth of 10.1% in Q4 and corresponding 10.0% for the full year. For defence procurement, the government has enhanced the FDI limit through the automatic route from 49% to 74% and global players to set up manufacturing facilities within the country and thereby supplement the domestic manufacturing capabilities.

Indian economy is consumption-led as 58% of GDP is composed by private consumption (57.2% of GDP, growing at 5.3% in FY20) and government consumption (11.3% of GDP, growing at 11.8% compared to 10.1% in FY19). (Views expressed are personal)

Bond veteran's bet: India yields will decline

BLOOMBERG
Mumbai, June 8

INVESTORS PREDICTING INDIA'S bond yield curve to steepen further are probably reading it wrong.

That's the view of Jayesh Mehta, a veteran trader at Bank of America. He thinks the \$68.5 billion of Treasury purchases by the central bank this fiscal year and a further cut in interest rates will damp down the curve's steepness from its current high, pushing down yields on the near-end 2029 notes to 5.50%, the lowest since 2009.

"We are of the view that there will be softening of yields," Mehta, India Treasurer at the bank, said in an interview. "In the next six months,

we see the overall yield curve being lower."

The gap between the 2029 notes and two-year debt was at 137 basis points on Monday after widening by the most since 2010 in May. IDFC Asset and FirstRand Bank are among investors who expect the curve to steepen further amid a record \$12 lakh crore (\$159 billion) of debt sales by the government this year.

"Yields can be much lower than what we have right now," Mehta said, adding that he's bullish on the 12-15 year segment of the curve "because we see interest rates going down further 25 to 50 basis points."

For Mehta, the 30-year bond would be the best bet for the long term, he expects the call right in 2017, too.

Bank of America Securities

JAYESH MEHTA, India Treasurer, Bank of America

year yields will fall below 6%, compared with a consensus forecast of 6.45%, by the end of fiscal year this March. In early 2019, he forecasted the RBI would ease before the central bank slashed rates by 135 basis points, he got the call right in 2017, too.

Bank of America Securities

Investors rush to safest India debt funds on Franklin freeze

RAHUL SATIA & NUPUR ACHARYA
Mumbai, June 8

INDIAN FUNDS THAT invest largely in state-backed debt received the highest inflows in 14 months as investors remained wary of riskier fixed-income plans after Franklin Templeton abruptly shut such funds in April.

The Banking and PSU Funds took in a net \$68.7 billion (\$1.2 billion) in May, according to data released by the Association of Mutual Funds in India. That's the highest inflow for the category since April 2019. These funds invest at least 80% of their assets in debt and by banks and the state-owned firms.

Investors remain concerned about riskier debt funds at Franklin Templeton, a big buyer of high-yield Indian notes, shut six debt funds and may take more than five years to return the entire amount invested to unitholders. Withdrawals from credit risk plans in May totalled \$51.7 billion, AMFI data show.

Investors remain concerned about riskier debt after Franklin Templeton, a big buyer of high-yield Indian notes, shut six debt funds and may take more than five years to return the entire amount invested to unitholders.

"The flight to safety has seen money shifting into categories perceived as being credit worthy," said Vidya Rala, head of research and co-founder at Chennai-based Primeinvestor. "The overall market sentiment is that the search for better returns in a low-return scenario has begun."

Total inflow into debt-oriented funds, including liquid and money market plans, rose by almost 50% to 637 billion rupees in May from April, helped by steps taken by policy makers to boost investor confidence in such products.

The Reserve Bank of India late April offered banks as much as \$500 billion to lend to mutual funds to contain the fallout from the Franklin's freeze. The biggest-ever forced closure of funds in India triggered redemptions at other fund houses managing similar plans.

"Credit risk concerns have ebbed following regulatory support, and redemptions have come down," AMFI's chief Executive Officer S Venkatesh said. Stock funds got \$53 billion, the smallest inflow in 370 days, as the sharp rebound in share values from their low in March gave investors pause. Still, contributions from regular savers in equity funds stayed above the \$60-billion rupee mark for the 16th straight month, according to AMFI.

"The reduced flows suggest that people are not ready to commit fresh sums to this asset class, and are possibly taking some money off the table after the rally," Primeinvestor's Rala said. —BLOOMBERG

Equity MF inflows drop to 5-month low in May

PRESS TRUST OF INDIA
New Delhi, June 8

INFLOWS INTO EQUITY mutual funds dropped to a five-month low of \$5,256 crore in May amid uncertain economic environment due to coronavirus pandemic.

Overall, the mutual fund industry witnessed a net inflow of \$70.813 crore across all segments, last month data by AMFI showed on Friday. In comparison, an inflow of \$45,999 crore was seen in April. As per the data, inflows into equity and equity-linked opened schemes was down 25.6% over the outflow of \$21.8 crore was seen from closed funds.

MP tops wheat procurement with 1.27-cr-tonne purchase

MADHYA PRADESH HAS emerged the top state in the country in wheat procurement on support price by purchasing over 1.27 crore tonnes from farmers, which accounts for 33% of all wheat procured in the country, an official said on Monday.

He said wheat procurement in MP had increased by 74% over the previous year, when it was 69 lakh MT when purchased on support price.

"Madhya Pradesh has reached a position in the country in procurement of wheat on support price. So far, 1,27,67,628 metric tonnes of wheat has been procured. This accounts for 33% of wheat procured by all states. Punjab is second to MP, a public relations department official said.

He said the total amount of wheat procured in the country stood at 3,86,54,000 metric tonnes. —PTI

Website: www.welspunenterprises.com, Email: corporate.secretary@welspun.com

NOTICE is hereby given that 25th Annual General Meeting (AGM) of the members of the Company will be held on Tuesday, June 30, 2020 at 11:00 AM IST through Video Conferencing ("VC") Other Audio Visual Means ("OAVM") to transact the business as set out in the Notice of AGM only through e-voting facility. The AGM will be held only through VC/OAVM in compliance with the provisions of the Companies Act, 2013 and circulars dated May 5, 2020, April 8, 2020 and April 13, 2020 issued by the Ministry of Corporate Affairs and SEBI Circular dated May 12, 2020 thereinafter collectively referred to as "Circulars". The agenda for appointment of proxy will not be available for the AGM. The instructions for joining the AGM electronically are provided in the Notice of the AGM.

In Compliance with the Circular, electronic copies of the Notice of the AGM and the Annual Report 2019-20 have been sent to all the members whose e-mail IDs are registered with the Company's Depository Participant(s). These documents are also available on the website of the Company at www.welspunenterprises.com and on the website of the National Securities Depository Limited at www.evotingindia.com, and also on the website of the Stock Exchange at www.evotingindia.com. The dispatch of notice of the AGM through emails has been completed on June 8, 2020.

Members who have not registered their e-mail addresses are requested to register their e-mail addresses with respective depository participant(s) and members holding shares in physical mode are requested to update their e-mail addresses with Company's Registrar and Share Transfer Agent, Link Intime India Private Limited, at linkintime@linkintime.com. Members holding shares in physical form of dematerialized form, as on the cut-off date, Tuesday, June 23, 2020, may cast their votes electronically on the business as set forth in the Notice of AGM through the electronic voting system of NSDL (E-voting) system. Members are hereby informed that:

- The business as set forth in the Notice of the AGM may be transacted through remote e-voting or e-voting system at the AGM.
- The remote e-voting will be enabled on Saturday, June 27, 2020 (6:00 a.m.) and will remain enabled till Tuesday, June 30, 2020 (5:00 p.m.).
- The cut-off date for determining the eligibility to vote by remote e-voting or e-voting system at the AGM shall be Tuesday, June 23, 2020.
- Remote e-voting mode will be disabled on Monday, June 29, 2020 (5:00 p.m.) i.e., remote e-voting will not be allowed beyond the said date and time.
- Members may note that the facility for voting will also be made available during the AGM and those members who will be present in the AGM through VC/OAVM facility and have not casted their vote in the Resolutions through remote e-voting and are otherwise not barred from doing so, will be eligible to vote through e-voting system at the AGM.
- The members who have cast their vote by remote e-voting prior to the AGM may also vote at the AGM but will not be entitled to cast their vote again.
- The voting rights of members shall be in proportion to the shareholding of the shareholder in the Company as on the cut-off date of Tuesday, June 23, 2020.
- Any person, who acquires shares of the Company and becomes member of the Company after dispatch of the notice and holds shares as of the cut-off date of Tuesday, June 23, 2020, may obtain the login ID and password by sending a request at evoting@india.com or to the Company Registrar & Transfer Agent. However, if you are already registered with NSDL for remote e-voting then you can use your existing user ID and password for casting your vote.
- A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date shall only be entitled to vote at the facility of remote e-voting or e-voting at the AGM.
- Members may contact Company Secretary at Welspun Enterprises Limited, Kamal City, Sarangapalli Road, Lower Parel, Mumbai - 400013, or email at corporate.secretary@welspun.com or call on +91 (022) 48036000 for any grievance(s) relating to remote e-voting between 10:00 a.m. and 6:00 p.m. on any working day.

Members may note that the Board of Directors at their meeting held on June 1, 2020 has recommended a final dividend of Rs. 2 per share. The final dividend, subject to the approval of members, will be paid on or after Tuesday, June 30, 2020, through various online transfer modes to the members who have updated their bank account details. For members who have not updated their bank account details, dividend warrants/demand drafts/cash cheques will be sent to the registered address upon the postal facility is available. To avoid delay in receiving the dividend, members are requested to update their complete bank details with their depositories (where shares are held in dematerialized mode) and with the Company's Registrar and Share Transfer Agent, Link Intime India Private Limited (where shares are held in physical mode) at linkintime@linkintime.com, along with the copy of the signed request letter mentioning the name, folio number, bank details, self-attested copy of the PAN card and cancelled cheque.
