BANKA BIO
CONSERVING YOUR FUTURE

Deliver sanitation and water solutions to our customers with integrity through our diversified team, ensuring stakeholder inclusiveness

Executive Summary: Banka Bio provides decentralized and onsite sanitation and wastewater treatment solutions through bio-toilet, fecal sludge treatment plants, packaged sewage treatment plants, and STP as a service.

Impact Value Prop: Banka Bio provides sustainable WaSH solutions, which provide onsite and off-grid treatment and infrastructure, for varied target beneficiaries, and thereby ensures access to toilet cabins and treatment of fecal waste on-the-spot, unlike alternate options such as pit latrines, septic tanks, and centralized sewage treatment.

Target Market: Our target market includes communities, schools, homes, transportation hubs such as trains and buses, institutions, offices, hotels, hospitals, healthcare facilities, and work sites including manufacturing facilities, factories, and mines.

SDGs

- 3 GOOD HEALTH AND WELL-BEING
- 5 GENDER EQUALITY
- 6 CLEAN WATER AND SANITATION

2023 Earned Revenue (USD\$): \$6,982,265
2023 Additional Revenue: \$36,145

Sanjay Banka, Executive Chairman

"We didn't have toilet facilities in our community earlier. With the help of Banka Bio and WaterAid, bio-toilets were installed; and now all family members in the community use these facilities, obviating the need to go out in the open, and not depend on external agency/infrastructure for waste treatment."
— Dukhni Devi from Madhubani district in Bihar (state)

Miller Center for Social Entrepreneurship (Santa Clara University, USA)

Impact Excellence Award 2024

Banka Bio is an inspiring legacy enterprise that has scaled by orders of magnitude, since its initial participation in 2015, in a Miller Center program, stayed engaged with Miller Center, and has shown outstanding impact in its work.

To quote: ***"We are what we repeatedly do. Excellence then, is not an act, but a habit."***

Thank You !
