Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015- Temporary Disruption in supply of Natural Gas to our Manufacturing Facilities due to Prevailing Geopolitical Situation and Measures initiated to ensure our Operational Continuity

Dear Sir / Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform that the ongoing geopolitical tensions in the West Asian region have resulted in a temporary disruption in the supply of industrial gases across India. The Company has received communications from Oil Marketing Companies (OMCs) regarding restrictions in the supply of Natural Gas due to a force majeure situation arising from the conflict and its impact on global fuel availability.

As a result of the above, the production activities at the Company's facilities have been impacted to some extent. The Natural gas available for certain heat treatment and annealing processes has been curtailed by the respective Natural Gas distribution companies, resulting in a temporary impact on the Company's production lines partially.

The management of the Company has undertaken immediate steps by enhancing the operationalisation of electric furnaces, wherever possible and using of alternative heating systems at its facilities to address the issue and ensure an uninterrupted flow of operations. However, certain portions of production have been impacted, with capacity affected by 35% since mid-March. The Company is actively working towards progressively restoring the affected production capacity through the continued deployment of alternate energy sources and is in close coordination with Natural gas distribution partners and relevant authorities to prevent any further disruption.

The management is closely monitoring the situation and is taking all necessary steps to mitigate the impact and shall endeavour to minimise any adverse effect on the overall financial performance of the Company to the extent possible. The Company will keep the exchanges duly informed of any further material developments as the situation evolves. BWIL, as always remains committed to maintain the highest standards of transparency and investor friendly as part of our ethos.

Kindly take the above information on record.

The above information is hosted on the website of the Company i.e. www.bansalwire.com

Thanking You,

For Bansal Wire Industries Limited

Sumit Gupta

Company Secretary and Compliance Officer
