Siam wants govt to notify CAFE-3 norms soon

DEEPAK PATEL
New Delhi, 16 April

The Society of Indian Automobile Manufacturers (SIAM) on Thursday endorsed the latest draft of corporate average fuel efficiency (CAFE)-3 norms and told the government that it should be notified quickly, as there is limited time available to implement it, *Business Standard* has learnt.

The view was conveyed by SIAM President Shailesh Chandra, during a meeting on Thursday between SIAM members and officials from the Ministries of Power, Road Transport and Highways, Heavy Industries and Petroleum and Natural Gas.

CAFE norms set a fleet-wide limit on the average carbon dioxide emissions, measured in grammes per kilometre (g/km), for all passenger vehicles (PVs) sold by a carmaker in a year. CAFE-2 is currently in force and CAFE-3 will come into effect starting April 2027 for a period of five years.

The consultation on CAFE-3 norms has been underway for the past couple of years, with the issue of special relief for sub-909 kg cars emerging as the primary sticking point. The Bureau of Energy Efficiency (BEE), in its April 10 draft shared with SIAM, did not provide any separate relief for such vehicles, but included a presentation through changes in the main mathematical formula, which is used to determine emission limits for each carmaker.

The meeting, chaired by Pankaj Agarwal, Secretary at the Ministry of Power, included a presentation by the BEE. The issue of a special exemption for small cars resurfaced, with three carmakers raising the issue of carve-out for sub-909 kg cars. This carve-out was part of the September 2025 draft of CAFE-3, but was removed in later versions after strong opposition from most other automakers.

Other manufacturers opposed them stating that concerns around small cars have already been addressed through changes to the main mathematical formula in the April 10 draft.

Renault group gears up for India expansion; 7 launches by 2030

French carmaker aims to make India one of its top 3 mkt; eyes 5% share in country

SHINE JACOB
Chennai 16 April

Renault group on Thursday said that the company aims to transform India into one of the top three markets for the company globally. As part of this road map, the French automaker will launch seven new vehicles and is targeting annual exports of 2 billion euros by 2030 in vehicles, research and development, and components.

The company is eyeing a 5 per cent market share in India, which has great ambition: make it one of Renault brand's top 3 markets worldwide. To achieve this, we are entering our largest product renewal cycle in India. We will introduce new vehicles, bringing our portfolio to seven models by 2030," said Francois Provost, chief executive officer (CEO), Renault group. He said that exporting from or to Europe is not part of the

« WE ARE ENTERING OUR LARGEST PRODUCT RENEWAL CYCLE IN INDIA »

Francis Provost, CEO, Renault group

company's India strategy, despite the India-European Union trade deal.

Four vehicles are in the line-up to reach a total of a seven-vehicle portfolio by 2030, including the Renault Duster unveiled in January 2026, which is already generating strong

enthusiasm among customers. As part of its 'futureE' announcements, the group also presented the Bridger Concept, which previews a new B-segment compact SUV, a true multi-energy vehicle including an electric version.

The seven vehicles will be based on two complementary platforms—Renault Group Entry Platform (RGEF) and Renault Global Modular Platform (RGMP)—deployed first in the Indian market and both designed with a multi-energy approach to offer internal combustion powertrains, including hybrids, and electric powertrains depending on needs.

"We have already launched the new Duster, and we are already seeing strong interest and enthusiasm from customers. We presented the new Bridger concept: a multi-energy vehicle, with best-in-class efficiency. Our goal is to begin

production in India in the second half of next year," he added. Provost expects India to contribute 40 per cent share of its total global volume, excluding the US, Europe and China.

Following the launch of 'futureE' on March 10, Renault group is now unveiling 'futureE India' aimed at establishing its 15,000-employee full-fledged operations as a leading hub.

In Chennai, the group has one of its largest engineering centres worldwide, bringing together 6,000 engineers and IT specialists in vehicle architecture, software, simulation, and vehicle lifecycle upgrades.

"Leveraging world-class engineering, competitive manufacturing, and a clear, ambitious product road map, India is poised to be a major driver of sustained value for Renault group," said Stéphane Debaisle, CEO, Renault group in India.

PEPSICO TRADEMARK DISPUTE Court fines Parle Agro ₹10 lakh

The Delhi High Court has imposed a ₹10 lakh penalty on fast moving consumer goods (FMCG) company Parle Agro for breaching its earlier directions requiring periodic disclosure of sales figures in an ongoing trademark dispute with PepsiCo.

The dispute between PepsiCo and Parle Agro is over the use of the tagline "For The Bold."

Justice Tushar Rao Gedela passed the order while dealing with an application by PepsiCo alleging non-compliance with the Court's September 18, 2023 directions regulating Parle Agro's use of the tagline "For The Bold" for its 'B Fizz' drink.

"The dispute between PepsiCo and Parle Agro is over the use of the tagline "For The Bold,"

"Justice Tushar Rao Gedela passed the order while dealing with an application by PepsiCo alleging non-compliance with the Court's September 18, 2023 directions regulating Parle Agro's use of the tagline "For The Bold" for its 'B Fizz' drink."

"Through this Court is not of the opinion that the non-submission of the certificate of sales revenue every two months effective from the time the use of the label containing 'For The Bold' commenced till date, is willful, but nonetheless, is a clear unambiguous and serious violation of the order of this Court. Neither an explanation nor an apology for the same is either tendered or is discernible from the contents of both the affidavits," the Court said.

Stressing that the sanctity of judicial orders must be preserved, the Court invited an explanation nor an apology for the same is either tendered or is discernible from the contents of both the affidavits," the Court said.

The matter is scheduled for further hearing on September 10.

Singapore Airlines CEO meets Tata Sons Chairman Chandra

Singapore Airlines CEO Goh Choon Phong held meetings with Tata Sons Chairman N Chandrababhan and other senior executives on Thursday. Both sides are believed to have detailed discussions on loss-making Air India.

Goh arrived at the Bombay House, the headquarters of the Tata group, on Thursday morning and left in the evening. Tata group acquired Air India from the Indian government in January 2022, and later Singapore Airlines purchased a 25.1 per cent stake in the airline.

Goh met Chandrababhan, who is also the Air India Chairman, and other senior executives, said a person familiar with the matter. Details about the meetings with the Tata group executives could not be immediately ascertained.

The meeting assumes significance against the backdrop of Air India facing multiple headwinds, including spiralling operating costs due to the airspace curbs in the wake of the West Asia conflict and the closure of Pakistan airspace for nearly a year now.

These curbs have forced the airline, which is in the midst of an ambitious transformation plan, to take longer routes for long-haul international flights, resulting in increased fuel burn and higher expenses.

Earlier this month, Air India announced that its CEO and MD Campbell Wilson will be stepping down, and the airline is looking for a new chief. P11

Vehicle purchases steady despite war: Ashok Leyland

DEEPAK PATEL
New Delhi, 16 April

Ashok Leyland on Thursday said customers had not postponed vehicle purchases despite uncertainty triggered by the West Asia conflict, with underlying economic activity continuing to support demand.

"So far, we have not seen any postponement of purchases," said Amandeep Singh, president of light commercial vehicles (LCVs), international operations, defence and power solutions at Ashok Leyland, during a press conference here.

Since the start of the conflict,

there has been no change in diesel prices at the pump, which remains a key factor for commercial vehicle (CV) operators, he said.

Singh said indicators such as e-way bills and goods and services tax (GST) collections remain stable, reflecting a steady economic activity.

E-way bills are electronic permits required for movement of goods, and are often used as a proxy for logistics demand.

At the same time, he flagged that the situation could evolve depending

on fuel price movements. "What remains to be seen now is whether fuel prices go up," he said, adding that demand momentum could continue if the broader economy remains stable.

Ashok Leyland on Thursday launched twin fuel variants of its popular LCVs—Dost and Dost-XL. These LCVs allow the switch between CNG and petrol, giving more flexibility and mileage.

Ashok Leyland's Dost range operates in the LCV goods carrier segment, which recorded domestic sales of 59,276 units in financial year 2025-26 (FY26), growing about 12.5 per cent year-on-year, according to

Siam data.

Ashok Leyland is the third largest player in this segment after Mahindra & Mahindra and Tata Motors.

Singh emphasised that fuel efficiency remains central to customer decisions. "Mileage has always been our number one focus," he said, noting that fuel costs account for 40-50 per cent of total operating costs for such vehicles.

On the impact of the West Asia conflict, the company said domestic operations have not been affected due to limited dependence on imports. However, exports are facing logistical challenges.

Singapore Airlines CEO meets Tata Sons Chairman Chandra

Singapore Airlines CEO Goh Choon Phong held meetings with Tata Sons Chairman N Chandrababhan and other senior executives on Thursday. Both sides are believed to have detailed discussions on loss-making Air India.

Goh arrived at the Bombay House, the headquarters of the Tata group, on Thursday morning and left in the evening. Tata group acquired Air India from the Indian government in January 2022, and later Singapore Airlines purchased a 25.1 per cent stake in the airline.

Goh met Chandrababhan, who is also the Air India Chairman, and other senior executives, said a person familiar with the matter. Details about the meetings with the Tata group executives could not be immediately ascertained.

The meeting assumes significance against the backdrop of Air India facing multiple headwinds, including spiralling operating costs due to the airspace curbs in the wake of the West Asia conflict and the closure of Pakistan airspace for nearly a year now.

These curbs have forced the airline, which is in the midst of an ambitious transformation plan, to take longer routes for long-haul international flights, resulting in increased fuel burn and higher expenses.

NOTICE TO SHAREHOLDERS FOR TRANSFER OF EQUITY SHARES TO INVESTOR EDUCATION & PROTECTION FUND (IEPF)

Notice is hereby given pursuant to the provisions of Section 124(b) of the Companies Act, 2013 read along with the Investor Education and Protection Fund Authority (Transfer and Return) Rules, 2013 (the "Rules") as amended, for transfer of equity shares of the Company in respect of which dividend has remained unpaid or undivided for seven consecutive years, to the IEPF set up by the Central Government.

Accordingly, individual communication has been sent to those Shareholders whose shares are liable to be transferred to IEPF under the said Rules at their latest available address. The Company has also uploaded the details of such Shareholders and shares due for transfer to IEPF on its website. Shareholders are requested to refer to the website www.basf.com to verify the details of the shares liable to be transferred to IEPF.

In view of the above, all such Shareholders are requested to make an application to the Company's Registrar & Share Transfer Agent (RTA) by 3rd August 2026 for claiming the dividend declared during the financial year 2019-2020 and onwards, so that their shares are not transferred to the IEPF. It may please be noted that if no claim application is received by the Company or the RTA along with the requisite valid documents, i.e., Investor Service Request Form ISRF - 1, Form ISR - 2 and Form No. 54/19 (Nomination Form), original cancelled cheque stating your name as the Account holder and other supporting documents, the Company will be compelled to transfer the underlying shares to the IEPF, without any further notice.

Further, as per the Circular dated November 3, 2021 and December 14, 2021 issued by Securities and Exchange Board of India, outstanding payments will be credited directly to the bank account if the folio is KYC compliant. The Investor Service Request Form is available at the website of our RTA at: website: https://www.mfuf.com. Investor Services & Resources Download -> KYC. Payment can be made to shareholders holding shares in physical form only if the folio is KYC compliant.

Kindly note that all the future benefits, dividends arising on such shares would be transferred to IEPF. The Shareholders are requested to note the above provisions and claim all unpaid dividends from time to time. It may be noted that as per present rules, the shares transferred to IEPF, including all benefits accruing on such shares, if any, can be claimed back from IEPF authority after following the procedure prescribed under the said Rules.

For any clarification on the matter, Shareholders may kindly contact the Company's RTA, MFUF (Formerly India Private Limited) (Formerly known as Link Intime India Private Limited) having their office at C-101, 1st floor, Embassy 247, Lal Bahadur Shastri Marg, Vikhroli (West), Mumbai - 400 083, Tel: +91-8120 811 8484 Email id: investor.helpdesk@nmpms.mfuf.com.

NOTICE

Second 100 days Campaign "Saksham Niveshak" (April 01, 2026 to July 09, 2026)

In continuation with the earlier campaign, the Investor Education and Protection Fund Authority (IEPPA) and Ministry of Corporate Affairs has initiated the Second 100-day campaign named "Saksham Niveshak" from April 01, 2026 to July 09, 2026. This initiative aims to proactively engage with shareholders and assist them in updating their KYC record, bank mandate, nominee and contact information for claiming their rightful entitlements, thereby avoiding the transfer of their shares and unclaimed dividends to the Investor Education and Protection Fund (IEPF). Shareholders are requested to update their KYC as follows:

- For shares held in demat form: Contact your Depository Participant.
- For shares held in physical form: Submit the applicable ISR forms along with supporting documents to the Registrar to an issue and Share Transfer Agent of the Company i.e. KFIN Technologies Limited (Unit: Chhabal Fertilisers and Chemicals Limited), having their office at Selenium Tower-B, Plot Nos. 31 & 32, Gachibowli, Financial District, Nanakramguda, Hyderabad - 500032 or at Corporate One, First Floor, 5, Commercial Centre, Jassola, New Delhi - 110 025. Forms are available on the website of the Company at <https://www.chambalfertilisers.com>.

Shareholders having any queries relating to above or unpaid/undivided dividend or KYC are requested to contact the RTA of the Company, i.e., KFIN Technologies Limited at elw@rd@kfin.tech or 91-46-6176222 or the Company at info@chambal.in / 91-11-41697900 for any assistance.
